was in touch a little while - it was about a week from the time she came here till she started for Pittsburgh, but part of that time was spent at Goshen. I saw her at John's little visit with her. We dined and was invited to "a doings" there that same evening; but did not go to that. Did I tell you before? I've been over to "the house" two or three times. Yesterday I found the water had all dried off the tub bottoms, so I carried a few wash-pans full from the outside barrel which we have seen full each time I've been there.

Dear Sister Osa: —

His letter came today and ma now has a card in reply ready for the postman.

Today, also, Jas' card written at your place reached us. We are glad he went via Hakkane. He wasn't certain when he started for the city yesterday - it wasn't yesterday, though, was it? - whether his company would want him to go first to Muncie, or first to

Benton Harbor - in the latter case he thought he'd wait you later.

The paper and envelope I'm scrawling over are part of my this year's present of stationery. Charlie gave it to me.

O, we have some great "boardin'-house" experiences, Isa. Some time when I see you or have time and paper unlimited and imagine you have lots of time and patience, I'll spin a few yarns, par-

ticularly about "Isabella."

We have lunch to put up for two boys now - Charlie being one of them, and one of our boarders, who spends his day in the city, the other I don't mean the lunches have to be put up this afternoon - that I do in the morning but I must go down and make a couple of "turnovers."

All our roomers but two board here, and we have one boarder from outside.

With much love to yourself and Luther, and to Edith

Dear Bro. & Sister:

I will try to write -
a little to you this eve.

We are all about as well as usual.

I am sorry if Ora has worn
herself out - acting as nurse
and also as school "morn".

Let us know how you both are.

Yesterday day I went into the
city - to do a little grocery buying
and also to "take up" one of those
pretty little papers I signed out
at Mr. Smyth's last summer,
and as there was to be at 2.00

an inter-collegiate D.W.B.A meeting out at the Homans medical School I went on out to it. There was a girls an interesting programme, also a little informal "coffee" afterwards. I did not stay to the after business as I wanted to get back to the Fair in time to get some butter before closing hour.

Taking it all together I had a girls a time. It was so dull and foggy that I could not tell directions and I wandered around awhile and finally found myself at the cor. of Harrison and Fifth Ave. I had thought at Lincoln. I had been going North and

went instead of south and west. But when I got to that cor. of course I knew where I was and straightway started north on Fifth Ave. I walked out to Smyth's and then took a car for the College (W.M.S.).

I told the conductor that I wanted to get off at Lincoln because I knew I'd not recognize the name when he should call it off.

After a while I saw that we were passing Hospitals and such and so I said to the con.

"I want to be now and get off at Lincoln." "Oh," he said, "we've passed that about two

and so I found it to be. I was near

Dear Da (and Father): -

I wonder what
you people are doing
today. I am just now
engaged in making
blots - at least one
horrible one as you
see above. Just call
it a kiss, won't you?
and go ahead.

I presume if you
are both as well
as usual, that you
are now at League
meeting, and that

you, Luther, are in
charge of the same.

Osa, we didn't know
you had been clear
down again until
Luther wrote something
about its being only a
short time. I hope
you are still improv-
ing, and that your
mother is, also. Did
she have the grippe?

I don't believe I
and I don't know that
the others have written
you since Lou was
here, about her being
here. (That's a clumsy
sentence, but I think
you know what I

mean.) I want to
thank you, Osa, for
giving us warning
as you surmised
we'd just a little
rather know before-
hand when folks
are coming to
"stay all night".

Your letter of warning
came the day she
left here; after she
and I had started
for the city, I believe.

I was in to "the
Fair" yesterday, again,
and saw a great, strap-
ping fellow there
who I would have

thought was you, however, but for two facts; one was that, while his dimensions of breadth and thickness were like yours, that of height was like our lamented Captain Kinzmais, (he was a regular young giant) and the other that he presently began puffing at a cigar.

Heturah, as I think you know, is in duty bound to go to church every Sunday morning unless she is feeling badly enough to report herself sick. Did you know she was sick last Saturday and Sunday and not at all well the first of the week? She did a lot of work Saturday, but had to give up and quit before she was through. Sunday she spent in bed, mostly, Monday she crawled about and went to school. She has, the latter part of the

Dear Sister: -

We were
glad to get your card,
but sorry that Luther
has that eye trouble -
hope he is better now,
and that your health,
too, will improve as
warm weather comes.

It does seem, from a
human "point of view"
as if you two have

had more than your share of illness this winter; we have felt sorry for you and wished we could help you, if we haven't said much.

I am, as you can see, scrawling this in a great hurry, for it is nearly postman-time.

We are in our usual health, and are also as busy as usual; we didn't any of us realize, till your card came, that none of us wrote you a week ago last week's end. Of course Pa had Mr. Jencks here at that time, and they were going a "good deal" I was just sick, too, for a few days, & with the worst cold ~~we~~ ^{we} had in years, I think. The last remains of it still stay by me, but it doesn't trouble me much any more.

I was very sorry to learn of Lucy's illness, and hope you may be able to give a more favorable

report next time.

The venerable Orrington Lunt died a day or two ago, and, on account of his funeral, all departments of the university are closed today. I understand the academy "kids" were to attend en masse, and has gone now, on her wheel, to see some of the girls and find out.

I had a lovely ride yesterday afternoon and brought home a few "pussy willow".

I must say goodbye hoping you are both better. O, yes, ma wanted me to say we understand

As Luther and some of the other folks have written to you I will endeavor to answer your letter. How are all of your folks ^{they} do you keep well. Have your folks named your little sister yet. And if so what is her name. Katie likes to go to school very well. I like to live here in Evanston better than I thought I would at

first. Two weeks from yesterday as I have no more of
we will have our children's day interest to write this time

Dear Ora:

This is a lovely morning, tho' quite cool so much so that we made a fire in the grate. Yesterday we had a fire in the furnace. But the sun shines brightly this morning so I think it will warm up before night.

How are you getting along? Hope you will keep well while L. is gone. We have just now started to the City. We might have sent this letter by him so it would have reached you a little sooner but Alice and I both wanted to write some. She is using the only pen there is down stairs so I am using this stub of a pencil.

Mary and I attended the Wheaton Chapel services last night. Our regular

Pastor — Rev. Wilkinson
whom we esteem very
highly — did not preach
but we heard an excellent
sermon from Dr. Brown
one of the professors in the
"Bib" My kindest regards to
your father and Mother and
all the family and if you
meet any of our other

say we are well and
wish to be remembered to them.

How you must enjoy being

is some compensation in the

the country. May God bless

Ma came in with the report that it weighs thirteen pounds, with feathers off. Come - can't you?

There was a gentleman spent last Friday evening with us who resides in Chicago. His name is Frank Hart. He is a piano tuner, and quite a musician.

We are all well and hope you are enjoying life in all of its glory, and you may be with us.

Dear Son, Daughter & Grand-daughter:

Your card

of Tuesday found me at Montpelier, Vt., only a couple of hours before I started home, which I did at 7.35 Wed. morning. I found the folks all in fair health, and have so continued since. Of course you too noticed that C. has been growing, and we think looking so much like his brother that he gets called by your name quite often here at home. We have reason to trust that he has not been ensnared by either Tobaccos or Strong Drink. Indeed he seems to have been using only occasionally the Coffe that Uncle Sam supplies no less than 21 times per week.

Did I tell you in my last that for some time I have been taking

at Harry's Table Drink which is "not
drink at all," and with the exception
of two or three slight attacks of head-
ache - not severe, however - I have
had better health, I think, especially
along the line of my Kidneys, than
for a long time. - John & Henry S.
were with us for dinner to-day, and
were both quite well. At Church
this a.m. Bro. Wones gave us a
Temperance Sermon, and said some
very excellent things. To night a
Prohibition Meeting, or rather
a "Temperance Meeting" under
the auspices of the Epworth League.
I did not feel quite able to go myself
as I took a severe cold a night or two
ago, and am not yet over it, and
it causes me a good deal of headache.
So I guess you will excuse this
excuse for a letter.

Dear Friend:-

Your letter and presents
were received with pleasure
and the "rubbish" as you called
it was very welcome indeed.
a little bird must have told
you that I was out of
handkerchiefs and said I hoped
that some one would remember
me with one, and sure enough
I was quite fortunate as I
got three. I thank you so
much for mine and also
for the handsome Christmas
card, I am more than proud
of it because it came from

Chicago and you.
That wonderful city how I
would like to explore it to my
hearts content, how I wished
we lived there and could
live near you and we could
go sight seeing together.
Well Xmas has come and
gone and everything moves
on at the same old pace.
Mac has a weeks rest between
Christmas and New Year and
Harvey has a ~~two~~ week
vacation so between the two
and Arnold you know about
what I have to contend with.
Harvey is like the little girl
in the story-book he has
ate so much candy that he

-3-

is sick. I think it is sick
head-ache, I put him in
bed and told him to sleep
if he could.

Arnold was asleep when I
began writing but he is awake
now good and plenty and
in every thing he can get
into. I expect him and
Daphne would make a
team and horse to let.

I was sorry to hear of Daphne
having such a cough, I
hope that she is well of it
by this time.

We had quite a time with
Arnold last week, he took
sick so sudden on Monday

evening with a high fever
and cough and kept

getting so much worse that
at eight o'clock we sent for
the doctor. He said his fever
was a hundred and three, it
was a good start for lung
fever but we got it checked in
time, for three nights I never
got any sleep to amount to
anything only little cat naps
between medicine time.

He is so much better now but
I have to be very careful of
him. We were so worried
about him that we did not
count much on Xmas. but
enjoyed it better than expected.
I received a flannel skirt and

pocket book and easel from
Mac and hankie from the
girls and a vinegar-jug from
ma. Arnold received a silver
knife, fork and spoon, a plate
and china cup and saucer, a little
red sprinkling-can, a horn, a harp
and a sack of oranges and candy
from the boys up home.

Allie and children did not get
to come on account of the
children having such colds.

It is time I am closing and
get supper, I send you a
book-mark for a reminder
that I also thought of you
when I was thinking of others.

Dear Luther, Asa & Daphne (Sab. P.M.) -

If the weather is as hot in Chicago as in this part of Hoosierdom to-day and yesterday, you are having it about 90 I think, though I've seen no thermometer except one in the church just as I went in at 10.30. It registered 90 but as a large S. S. ^{had just closed its} session, the mercury was probable higher than it was elsewhere in the shade.

I have been thinking several times (and perhaps it would not be an exaggeration to modify "times" by the word "hundred") about Charlie's re-enlisting, and remaining so short a time either at home or elsewhere before returning to the Army. I am afraid in some way I may have been neglecting my duty in the case. He may think by "promotion" to gain a rank in the service by which to secure large pay, and thus be able to assist in home matters; or he may have become so attached to that kind of

(2.) a life, that common, every-day, "civil life" had become burdensome. Had I any thought that he contemplated going off again, and especially so soon, I might have adjusted my matters here so as to have been at home by the time he got there, and ^{at} least had the chance to see him before his leaving again.

Did he let you know that he had enlisted again before he left your house? If so, what reasons did he assign for so doing?

In the inclosed ^{number} copy of the Christian Companion you will see a copy of that clipping I sent you a month ago, with a little Introductory Note. The printer, as you see, made an omission of the phrase "of the gods" after "mills", in the quotation from Whittier, is it not? And should I not have written "exceedingly strong confirmation" instead of "exceeding strong confirmation"? But in Numbers 14-7, I find the translators of our Authorized Version of the Bible use "exceeding" as an adverb to modify "good" a similar case. And the same form also in Math. 26-38. ^{And finally, "exceeding fine" in my quotation, is another instance,} But I guess I ought to tell you that this hot weather is going pretty

and he has since
married another
woman who is yet
living. Their home
is at Arcadia

seems like a steady
man of good habits,

At the time he
married Miss S.

was "widely thought"
she was "proving her-
self away".
But it would be
true, and probably
you are right, and

to have an early chance

hard with me, and if it continue, I think
I shall find it prudent to go farther north
almost immediately. It began yesterday, ~~yesterday~~,
and I found it quite a task to look after
business at all. Did only half as much as the
day before, and put in considerably more time.
I have been intending to leave here to-mor-
row at 9.45 for N. Abash and spend a week
or longer there; but it is not impossible now—
unless this "hot wave" shall have passed by by
the time I reach W.—that I will go on home for
a little rest, and home-staying, and then go
up into Western Michigan or Eastern Wisconsin
or North-Eastern Illinois.— I want you to keep
this "Modern Jonah" article, and if it were in
as compact a form as it was before its republication,
I would request you to keep it when Cousin Webb
keeps it before mailing it to me, size in the Bible, at
the beginning of the 5th of the Minor Prophets.
While at Greentown—I mean Converse—I met
a gentleman whom I saw married by Bro. Webb,

[4.] At "Uncle Mike Whites," where, as you may have heard me tell, I made my home on my "first Circuit," near Morgantown, W. Va., about 80 or 90 miles nearly due south of Pittsburgh, as nearly as I now have the points of the compass in mind. The gentleman in question was "raised" by "Uncle Mike and Aunt Mary," as were a great many other orphan boys and girls, for they had no children of their own. And many if not most of the young or assistant ministers on that large Circuit were kindly and gratuitously cared for by these good old people who lived on a large hilly tract of - I don't know how many hundred acres of land. They lived about a mile away from a little village of some four or five houses and a store and P. O. - the latter called Maidsville. - The man above mentioned was quite "wild" at the time of his marriage. He had been away from Uncle Mike's then, I think, some three or four years. He married Julia Wade, who had also been cared for by Uncle and Aunt W. and was making her home there, I think, most if not all the time that I did. She has been dead. Mr. Stone

Dear L. & C.

I will just write you a short letter now,

Perhaps you do not know, there is to be a dollar "Excursion" along this line to Chicago a week from next Saturday - the 17th.

Hilce and Nellie H. are talking of taking advantage of it, and coming to your place and if they can get their tickets extended will go right on to Evanston Sat. night and stay there over Sunday so if you should have other company from here they will not be there to crowd you on Saturday night. If they do not get tickets extended they will return the same night. The excursionists can return either Saturday night or Sunday night.

C. H. Whittemore has promised to write a line to be presented to the general passenger Agt. in the City and thinks he will grant them an extension. We have written to your father about it L. for he is talking of soon coming

2 home and going further north to work so we think probably he will come home next week and also take advantage of the "Excursion" and see to getting the girls tickets extended for a few days. Of course we know you would do it - for them if you had the time, but

Your time is too uncertain

Cousin Wesley Wells' Parents are to be at the Evanston the 15th and may stay longer so I think likely if your father goes with the girls he will also go with them to Evanston on Sat. night. - But there is nothing very certain about the whole thing, yet I presume the girls will go if nothing unforeseen prevents.

Mary says if you are worried about the crowd coming just to solace yourself with the thought that there is and less than there would be if it was not such a busy time at the shop. Of the girls get their tickets extended I guess they will go right on to Sat. M^r. and have whether you have other Co^d or not and be at your place for the

Convene^{ment} ^{and} ^{Mother,}

We are well

Yours

John

P. S. I did not know I
was writing on two different
sheets till I went to fold it.

Now dear if the girls come
they are both "able bodied"
so just set them to work & you
sit down and boss them &
rest — if you can —

I do not believe I can
fill all this tonight for it is
now near 10 P. M.

so "Good Night &

Dear ones in the City:

I am really glad that you report the summer not so very warm there. We have not had so very much warm weather either, but a few days have been quite oppressive.

Will Smith's mother's funeral services were conducted at our church today by Revs. Wous and Cleaver. The latter is pastor of the U. B. Church. She was in her seventieth year. Had been down sick at her son's for about six weeks. It has been quite a pleasant day for the funeral. Not so very warm, but it is quite dusty.

We had a letter yesterday from your aunt Carrie, Luther, Harry though improving is still quite helpless. I think we wrote to you before about his having another stroke of paralysis. He is

almost more helpless than an infant

It is very hard on your Uncle Sammie. He has to help him so much. He gives him electrical treatment twice a day and bathes him frequently. Your Aunt Carrie says her own health is better. Did we tell you before that Harry is Married.

He was propped up in bed ~~and~~ while the ceremony was performed. Your Aunt speaks quite highly of his wife. She was an Ottawa girl.

It is not long since we heard from your Aunt Nancy. They were all well. The last letter of our father wrote he enclosed one from your uncle Jake and Aunt H. ^{Lis Palmito had been there on a visit.} They were also in their usual health. Not long ago we also heard from your Uncle John Swartz. He and your aunt Mahala were about as common and Marts wife was in better health. Hoping this will find you all as well as it leaves us I will close.

Dear Goites:-

No, we did not forget to mail the letter of news, now a week old, but when writing it she had forgotten that I had written just the day before, so when she received hers, she thought she'd keep this and let it ripen awhile. She sends love now, and begs to be excused from writing more. She has been "on the go" considerably to-day. Alice is at preseling berries now. We all, and Nellie, went over to Whiteman's a little while this evening to see

the Brumbaugh family.
Do you remember
Luther, the time they
were here and took a
meal several years ago?

Just Mr. & Mrs., that
time, but they had the
children along to-day.
They moved from Canfield
O. to Elkhart 4 or 5
yrs. ago.

I enclose some stuff
which I think is
your writing, Luther.
Please let me know
whether or not I'm right.
Did your folks get
out to-day? All I did
was this going over
to Whiteman as afores-
mentioned. It was a
little slow this morn-
ing in getting ready
for church, and the
last bell rung off
soon for me to then &

Dear Brother:

This is a nice ^{day} just cool enough to be pleasant. Last evening the Junior League gave an ice cream social on Paddy's cords lawn, mother and I went.

Hannie D. says they are going to get a library and they will call it the Sunday School and Junior League Library. I attended Sunday School this morning stayed to church. This evening I will attend League and probably will go to preaching. Horner Neibr leads the League service. On my birthday Nellie Heiman was here all day, in the evening

for supper Belle Stauffer and
Doy also Blare Whitteman were
here. Mother and Mary made ice
creams. I received for presents beside
my spectacles from Mary, a set of
gold dumbbell cuff buttons from
Belle, a tie from Nellie, a skirt
pattern from Whitteman, a sugar
towel from Mollie. I hope you
could attend church to day.

The other day a horse run
away with Mrs. Cosper and she
went to jump and bent her
self very badly, and I heard she
nearly broke her neck.

Dear ones in Chicago:

Mary wishes to be excused to you this evening and as Allie is not here tonight, having gone to stay with Nellie in the absence of her parents, I suppose what little I will write will be all you will get from us this time. We are all in about our usual health but I guess Mary tramped full enough for her good while in the City as she feels a little tired out since. but I think she is feeling some better than she did. She has been at the office every day.

Our W. C. I. U. Conv.

Convention meets here in our church on Wed. & Thurs. of this week. So it will be a busy week as we expect quite a number of delegates.

Our State Pres. Mrs McWhirter is to speak Wed. night

I wish you could be here
to hear her.

I do not know as I
have anything of interest
to write. We have not heard
from C. since his letter
from Nondulu. Of course
if you hear of him will let
us know. I went to the
Methodist Church near the
school-house this morn. to
announce our Convention
was at S.S. and preaching
there and enjoyed it - I
very much. George H.
is S.S. Supt. and seems
to make a good one.

His Bro. Frank was to
have preached but he was
sick. Some other minister
preached and the sermon
was very good. His text
was "Behold the Man."

But if you will accept
this in the place of a
letter I will close.
I hope to hear that Daphne
is better. Lovingly yours

Dear Son & Daughter: You will learn by this that I am pretty well except something of a cold, but after a good bath I intend to take before retiring, I guess it will be broken. - I received a letter from ma written on Friday, in which she hopes I can arrange to leave here a week or two sooner than I have been intending, and thought we might meet and visit a little together and with you at the same time, and attend to that "Deed" business there instead of at Nap-panee and if I needed to return here I could do so without going all the way home. Will finish in the morning, or sometime before mail.

P.S. - (Monday Morning)

10-9-1999.

A lovely morning, and it looks as though we may have a nice week. Last week was "Fair Week" here, and I had a slow time in order-taking. - only five, and it looks as though I may be about through here, at any rate, as the largest church organization and the one most able, financially, is in the midst of ^a church-enterprise, and the same is true of two others. But as I will likely see you soon I will be done.

Dear Laphne:

As you are now 2 years old, and will soon be a "young lady," your grandpa Swartz wants to write you a letter all for yourself: and I expect I ought to have been doing so for several months, but then grandpas as well as granddaughters don't always do just exactly as they ought, for we will sometimes forget. But I hope our little granddaughter will never forget to be kind and gentle to everybody, and never forget to love her pa and ma, and the good Lord most of all. - I expect that your grandma Swartz and grand

too,
pawill both call to make you a
little visit now in a little over
a week, and I expect we will find
you have been growing so fast that
we would hardly know you if we
should meet you away from home,
and by this time I expect you can
talk a good deal, and walk
a good to great deal faster than
when I last saw you.

I must not forget to tell you that
we heard lately from your little cousin,
John Yukens, who lives in Ohio,
and is almost as old as you are, but
am sorry to tell you that he cannot
talk any yet, but I hope he can
before very long. His grandma, who
is your papa's aunt, has been
unwell, and not able to work much,
but was better when she wrote about a
week ago. I hope you are well and that
I may hear from you when you get to

Dear L. D. and D. You will, I
know excuse a short letter.
We had kind of a busy Sunday
and seem to have been
busy ever since.

Attended S.S. at our church
and from there went to U. B. &
Quarterly-meeting. And
at night attended a song service in our church.
Alice washed yesterday &
I trotted round at the
other work. Today we
have ironed canned
some tomatoes and
put some corn to dry.
& just as I got ready to
clean myself up there
P.M. Uncle Henry S. drove up with
and Mary Dawson.
I supposed they had
come to spend the P.M.
but they only stayed
a hr. or so. It is now
after 4 o'clock. I wonder
if you are having the

some kind of weather
here we are here, if so
you have plenty of
rain. It rained
Sunday P.M. and
yesterday toward
evening and after
dark there was just
one thunder shower after
another. It is quite
warm yet so I do
not believe the rain is
entirely over.

The letter you forward to
Slice from Charlie I
took to Mr. Murray yesterday
or I might send it to
you as I think he
did not write to you
by the same boat. He
told Slice to let you
know he was well and
to thank you for papers
and Magazines you
sent. A late letter from
Kittie. She was well.
This leaves us well and
we will find you

While St. does not seem to think that we would run any great risk if we should take the precaution to be re-vaccinated if we have not been lately, I think it a good deal surer than likely that we will postpone our contemplated Logan & Putnam County visits until later on - perhaps till next Spring or Summer. - We trust you and Mr. Trux & are all well, and that we shall have the pleasure of seeing you all not later than Wednesday, or Thursday at latest, by dinner time. Nashua, Ind.

Dear Father, Osa, Mary & Daphne Tues. morn. 11-17-'03.

I have been pretty busy since coming home last Fri. even-
ing, and have "lots" of things to look after
yet before starting back to finish up matters
at Walkerton, but I will gladly take a
few minutes this morning to let you know
that I am much better of the severe cold
I took last week and think I can quite
safely return to W. about Thursday or latest
on Friday unless the weather becomes bitterly
cold and in case it does, I should not want to
be from home on account of you mother and
A. ^{as well as myself} until it should turn warmer again.

I don't know that I have yet written
to either of you that during the recent
past - beginning not even 2 weeks ago - your

father

has been unusually helped and encouraged in my "work" in both branches of it, indeed, though if I had time to write the particulars of some evangelistic services and anti-saloon efforts at W. and ^{also here, and to tell} an interview I had last evening with an ex-saloon man here who admitted to me that he is yet carrying on sales of something that is doing much harm, and that in a talk I am expecting to have with him yet this a.m. I am not without some reasonable hope of inducing him to enter upon some branch of useful commerce, you might conclude that I had almost if not totally abandoned the "secular" part of my business - selling "Scrolls" and am giving all my time and labor to spiritual and Temperance work. But I have by no means given up "Scroll work", and during the first week at W. I made a better

as to number of orders placed
record, than I had in any week for about
if not fully 2 years. And I am quite sure
~~that~~ where sincere, earnest Christian
people know that the person who comes
to them with so helpful and desira-
ble an article is spending in their
towns at least half or two thirds of
his time in an "honest and earn-
est effort to rid them of the
Saloon-curse, and is also doing
what he can to "stir up" a formal
church to active Christian-work, and
to rescue poor drunkards and
drunkard-makers from their sinful
ways, they will be far more likely
to patronize the one thus engaged
in their midst than others who pay
attention to nothing but mere money-
making. So if you folks should be-

gin to think that your father has gone "clear wild" on Temperance and other Christian-work, and is spending his time in evangelistic work without any "compensation" to enable him to procure good comfortable Lodging and good food and Rail-Road Fare, and in addition as much more as to "help out" in home-expenses, and old obligations, I hope you will not give yourselves anxiety over the matter very long nor very distressingly; for I wish to assure you, beyond a peradventure, that this "freak of fanaticism" (as I think some at Walkerton ^{consider it}, especially) some of the Saloon-Keepers there, and a few of the weak-kneed Church-Members, and even one prominent church-

worker,) will not control me very long if it really is a mere "whim of the imagination" leading you father into foolish extravagances and useless efforts v.s. the great, boastful "Goliath" of Alcohol or rather of its producers and vendors. For I believe fully that if I am now entering upon an important and needed form of evangelism, the Lord will so bless the effort that the ones engaged therein will not be allowed to suffer for either food, clothing or shelter, nor with annoying indebtedness. Hence, if within a few days of the time I return to W. there shall not be considerable increase in my "secular" work of scroll-selling - though in reality it is itself a religious and much-needed,

activity - ~~or unless~~⁶ the or unless, in some other way I am not sufficiently compensated to enable me to continue in this way of doing, without treating my family as & should not, and without any outlook for getting "square with the world" in the near future, I shall accept such lack of divine approval of what I now feel very sure to be the work laid out for me, as an indication that possibly I have made a mistake in commencing it a little too soon or not at the right place; and turn again from it at least for a little season, or to another place where such work may be more properly and successfully carried on.

But I see at now lacks but 40 or 45 minutes of the time of Mrs. Richmond's funeral Services and you mother and I wish to attend, and I want to take this to the P.O. first.

Lovingly, - Hattie,

Dear Son:

I am ^{not} ~~sure~~, L., but I owe you a personal letter, and I hope you will not think strange on noticing that this one is especially written for ~~it~~ you, while I think it will do no harm to neither Osa nor Mary if you think it best for them to join you in its perusal after you see what it contains.

I do not believe that you doubt either your mother's or father's earnest wishes that all their children shall, at all times and under all circumstances, be the best of Christian men and women. But when I look over the many instances in my own past life, since the days ^{and years} that have come under their observation, in which my example of imperfect living has not tallied with my high ideal

of a sincere and real Christian character,
I feel as tho it well becomes me to "make
confession" to my dear boys and girls of my
manifold mistakes and imperfections, not
to use a much stronger term to indicate
my faulty example. And I am very sure
that unless each one of my children, who
has lived to man and womanhood's
estate, has been able to make use of a very
large amount of that charity which "think-
eth no evil", and "endureth all things", they
must long since have been tempted, at least
on certain occasions, to question the gen-
uineness of my Christian life, notwithstanding
my official relation to the Church of my choice.
But I am thankful that even though so often
I have failed to measure up to what ^I have
believed to be the correct standard of every-day
life of a true disciple of our Master, yet very
often has the "manifested Himself" unto me

9.

so marvelously, that I have had joy unspeakable and full of glory". And these wonderful "spiritual uplifts" have been sufficient, even if there were no other proofs, that the favor and love of God are wholly unmerited, and to the penitent and trusting soul, come alone through the infinite grace and tender compassion of Him who is our "Refuge". While these "seasons of gladness" and exceeding joy are riot, I think, to be expected every day, and possibly, even every week, there is a blessed "inheritance" of "peace with God through our Lord Jesus Christ" that the true follower of our Savior may and should possess at all times, if he lives up to his privilege in the Gospel of Christ. And to the calm trust and daily heart surrender essential thereto, I am sure more attention should be given by all of us than is usually done. At least I feel that such should be the case with

me, and the frequency and intensity of the "uplifts" already mentioned would no doubt as a result be greatly increased.

I do not forget that you have on two or three occasions told me of some of the difficulties that arise at times in your mind as to some of the teachings of "orthodox theologians" on certain doctrinal points, and I think most of us would have more or less difficulty if we accept the "interpretation" that others give to the Scriptures rather than (or instead of) the Scriptures themselves. For it seems to me that when we concern ourselves with the plain, manifest teaching of the "Book of Books," we get a "world" of wisdom and helpfulness nowhere else obtainable. And the older & become, the richer and sweeter become its lessons and promises. — Yours ever, Father

Dear Mary and all:

Things do seem to get wonderfully in a tangle sometimes, but our kind "Father in Heaven" will straighten them all out in his own good time if we "trust and obey." For my part I scarcely knew this time how to answer yours and Kittie's last letters. I think the "Mary Thompson" scarcely deals fair with its nurses. You wouldn't want to get a certificate of time and good-conduct from there and finish somewhere else would you? Say at the Temperance Hospital or Battle Creek? This is only a suggestion. Kittie is very desirous for you to come out there, I think, tho

surely they will allow
you to pass the Ex's
and graduate this spring.
Of course you would
have to finish your
time afterward. Sorry
you did not keep the M.P.
I think we could do very well
without it. I am afraid
you are sewing too steady
and will not get the rest
you ought. Wish I had some
of your sewing here. I
am just now in the quilt
black business and Alice
is working me a cushion
top that she had aimed to
make for my birthday. Of course
when I spoke of whether
Luther knew I meant both
of them I am sure it is just
as well that they do. Of course
they are sorry as we all are.
But what else could be done?

Dear Sister:

Received a pleasant surprise yesterday in the form of a letter from you?

I am taking a five-day vacation (by request) this week. The Mennonites are still running, but I do not understand how they are going to keep it up much longer. They are trying to introduce the first mortgage gold bond plan but it does not seem to be looked upon with much favor by the creditors. I do not much like the

2.

idea of being out of work but, I guess I can stand it about as well as a host of men in this city who have families to support and have no work. There were over a hundred men laid off at the Lake Shore Shops a week ago, and seven hundred more to be, along the line, in a very short time; besides there are seven or more shops that are not running at all. Elkhart is certainly seeing "hard luck" this year.

Eulalie and I are boarding at Hough's, you remember Della True, don't you? She is our landlady. I do not

3.

like boarding any better than you, but it looked like it was the only thing to do so we did it. Lalie likes it because there is no work attached to it.

Did mamma tell you that Mr. Carpenter has gone to Spokane? He went in March, and his mother and her family went this morning. Yes, I am "a grass widow". Fred likes it real well out there, but I would like it better if I was along.

We were at home last Sunday. The old farm looks fine this spring. I was almost tempted to stay but I feel like I almost

7. had to work to make up
for what I have lost. Those
bank wreckers are in the
pen all right, but Elkhart
people are just as bad
off as if they were here.
We will get another 10%
dividend the first of July.
That will be the second
dividend.

Well, I must write to
Harley, so take good care
of yourself, and you might
try and write once in
a while, for it is most
awful dull here.

With love to all I

Wed. Night 6.14. '05.

Dear Osa:

Your good, kind letter came last week and I believe has not yet been answered. I wrote quite a long letter to Mary and she may report contents to you. It is all right if she does, but I was thinking if she did it would not be worth the while for me to write the same to you. Suffice it to say that I have been kind of dragging around since the "1st" but think now Alice is home and I am resting and taking some heart medicine and a little tonic I shall be my usual self in a few days. I have been quite comfortable

today and wiped dishes
and mended stockings
and did some other little
things. I was very restless
for a few nights, but
last night and the night-
before slept well.

Alice enjoyed her visit
very much but it seems
good to have her home
again. She came home
on the one o'clock train
Monday and has baked
and did a two week's
washing and got the
ironing nearly done.
I'm just finishing it.
I guess she is pretty
tired for I usually help
some. Perhaps I might
this time without doing
me any permanent
harm, but she did not

I want me to risk it so I
didn't. I am so glad
Keith is so good. It
gives you some chance
to have a little rest.

I'll warrant you can
always find enough to
do anyhow, but it does
not worry you as it
would if you had a
fretful baby. I shall
be — Isn't that a selfish
way to put it? I mean we
all shall be so glad
to see you and the
children and have
you to stay here with
us all you conveniently
can. Of course I
do not yet know just
what the calculations

of the other young
people are, little nor
Charlie hardly knew the
last they wrote K. thought
if she came she must
attend school most of
the time in Chicago.

And I hardly supposed
Mary would come till
she finished her "time"
unless she gave out.

But however it may
be we want you all together
some if all get here so
it can be so. You know
in the summer time
we can spread out
most anywhere and
we have plenty of quiet
and comforts. Your
father saw Pa about a
week ago and he seemed
to think you were coming
soon. The sooner the better.
If you do not get all the sewing
done you want to you can't do
it if here. I must stop

Some five or six days
