Once-Beaten Net Cats To Meet Loop-Leading Vols Tomorrow

Tilt At Knoxville Expected To Draw Record Crowd

Kentucky and Tennessee are at it again. The South's two best hardwood rivals clash tomorrow night at Knoxville in a game which not only headlines the conference card but will also grab a major portion of the nation's hoop spotlight.

KENTUCKY'S RUPP... will leave Tennessee's hook...

Staker, Ken Englund, Adain Back, and Bruce Hoelcher. After the most strenuous week of practice since the current net season began, the Ruppmen will enter Saturday night's battle with only one drawback as far as physical fitness is concerned. But it will be a handicap that may have plenty of significance.

This will leave Mel Brewer with the herculean task of stopping Tennessee's sensational sophomore center, Dick Mehen. Mehen is the Vols' leading scorer, having a total of 47 field goals for the season. What ever relief "Brew" gets will come from Ed Anderson, who did a good job while replacing Brewer in the Xavier fracas.

The Ruppmen will be after Brewer and a large measure of it will be in the Coach Johnny Maurer's camp. Early last season the Cats were trounced 32-23 by the Vols when they visited Knoxville, and in the conference tourney finals last year at Louisville, the Volunteers copped a 36-33 decision for the year.

Dr. J. Huntley Dupre, professor of history, who led the forum last week, will be a member of the panel. Newcomers to the program will be Dr. Niel Plummer, head of the journalism department, and John Ed Pearce, journalism senior.

The weekly forum, known as "The Week's War News in Review," is designed to acquaint students with the political, economic, and military aspects of the war, so that they may converse more intelligently upon the subject.

15 months as battalion commander with the 20th Infantry, 3rd division. He engaged in the Champagne-Marne defense, and the Alsace-Marne, Oise-Marne, St. Mihiel, and Meuse-Argonne offensives. He was decorated at the close of the war with the Distinguished Service cross, the French Legion of Honor medal, the French Croix de Guerre, the Italian war cross and the Purple Heart. The latter, he explained, was first presented by George Washington to soldiers in his Continental army. Obsolete for many years, the use of the medal was revived during the war.

Col. Paschal was stationed with the Memphis high school ROTC from 1919 to 1920. He was first presented the Purple Heart at Ft. Benning, Ga., for four years before going to Ft. Sam Houston, and was also on the general staff of the War Department for four years.

Col. Paschal was stationed with the Memphis high school ROTC from 1919 to 1920. He was first presented the Purple Heart at Ft. Benning, Ga., for four years before going to Ft. Sam Houston, and was also on the general staff of the War Department for four years.

Col. Paschal was stationed with the Memphis high school ROTC from 1919 to 1920. He was first presented the Purple Heart at Ft. Benning, Ga., for four years before going to Ft. Sam Houston, and was also on the general staff of the War Department for four years.

Dispensary Head Points Out Dangers Of Open Gas Heaters

The death by monoxide poisoning of three students at Louisville State university this week has brought a warning to University of Kentucky students.

Dr. S. Chambers, director of the dispensary, had pointed out the dangers of improper operation of open gas heaters, and warns students never to leave a stove burning while they sleep.

The LSU students were found dead in their room, in which a gas stove had been lighted. Three similar deaths have occurred in Lexington in recent weeks.

SECOND FORUM SET FOR TODAY

The second of the series of war events sponsored by Dean Sarah B. Holmes never to least a defense committee will be held at 4 p. m. today in the Music room of the Union building, with Dr. J. B. Shannon, acting head of the political science department, directing the discussion.

Dr. J. Huntley Dupre, professor of history, who led the forum last week, will be a member of the panel. Newcomers to the program will be Dr. Niel Plummer, head of the journalism department, and John Ed Pearce, journalism senior.

The weekly forum, known as "The Week's War News in Review," is designed to acquaint students with the political, economic, and military aspects of the war, so that they may converse more intelligently upon the subject.

Women's Defense Plan To Start Next Semester

Convocation, Forum, Stamp Sale Are Scheduled

University women will inaugurate an all-out effort to plan for the campus next semester in an effort to make it possible for all students to take part in the National Defense program. Dean Sarah B. Holmes, chairman of the Women in Defense committee, announced yesterday.

The first major event will be an all-campus convocation sponsored by the Panhellenic council. The meeting to be held on February 9 or 6 will feature Mrs. Mary Breckenridge, founder and director of the Frontier Nursing service, as speaker. The meeting is designed to act as a grand opening of the campus defense program.

The subject of Mrs. Breckenridge's address will be "The American Woman and her responsibility." She will also be speaking at the convocation, emphasizing that there will be an effort to make the student body "stamp conscious."

Dr. Downing said yesterday that he would be able to accommodate 150 persons besides his regular class attendance. Astronomical problems associated with eclipses, and their causes, frequency, and appearance will be explained at the lecture. Dr. Downing will also deal with some historical material associated with the subject.

Freshman Cornetist Will Be Soloist At Musicale Sunday

Raymond Wetzel, arts and sciences freshman from Parkersburg, W. Va., will appear as cornet soloist with the University concert band on the Sunday afternoon musicale program at 4 o'clock in Memorial Hall.

Wetzel will play Helman Bell's "Napoli" and "The Lost Chord" by Arthur Sullivan, accompanied by the band. The first number is a brilliant technical piece and the second somewhat in the nature of a tone poem.

A graduate of Parkersburg, W. Va., high school, Wetzel is one of a number of outstanding musicians which that school has contributed to the University music department.

YEARLY BUDGET OF \$1,543,000 PASSES SENATE

Field House Fund Rapped By Senator As 'Repugnant'

The University budget, as approved by the legislative council and passed by the House, passed the Senate yesterday on a vote of 37 to 0. This gives the University an increased appropriation of \$366,000 for the next two years.

A total of \$1,543,000 was allotted to the University for 1942-43, and a like amount for the following year. Of this amount, \$200,000 a year will be set aside for "capital outlay," which will be used for a field house and other building materials for the next two years.

The main increases in the budget were in the appropriations for divisional colleges, which includes ordinary expenses for all colleges except the agricultural college, and in the funds for repairs to buildings and agricultural extension.

The bill now goes to Governor Keen Johnson for signature. It is the first bill approved by both chambers since the 1942 session began last week.

The chief speech made against the adoption of the measure was by Senator O. F. Hume, Madison county Republican, who said that it was "repugnant to the wishes of the people" to increase any expenditures except for war efforts.

Republican Floor Leader Ray B. Moss of Bell county and Senator Paul M. Busham, Madison county Republican, defended the bill as the "best that could be drawn" and urged its passage.

The bill passed the House Monday by a vote of 90 to 4.

on side in the Union building, it was announced, and each student who buys a stamp will be given a book in which to save the stamps. When the book is complete, it will be turned in for a defense bond.

The Student Union Forum committee, Dean Holmes said, has discontinued their "Let's Talk About It" series. The purpose of this new series is to keep students informed on the political, economic, and military aspects of the war.

MANAGER IS CHAIRMAN OF THE GROUP. An educational campaign is being planned, Dean Holmes explained, for the purpose of educating women in the conservation of natural resources and the elimination of waste. In connection with this, the federal government is seeking women to sign pledges swearing to conserve resources. These pledges, Dean Holmes said, will be distributed on campus early in the next semester.

In order to train women for definite jobs in defense work, classes will be organized to teach nursing, recreational directing, and secretarial work, Dean Holmes said. However, at present these classes have not been scheduled. Courses which are now available include a Home Nursing class which will meet each Monday from 7 to 9 p. m. at the Good Samaritan hospital.

A course in First Aid for beginners will be held at the hospital from 4 to 6 p. m. Thursdays. There will also be classes for teaching women how to make surgical dressings at the parish house of Christ church.

including a patriotic group. The complete program is as follows: I. Mainly Vem - A Main Topic. The Good Old Way. The Main Point. Street Water in the Common. The Roman Empire. The Roman Empire. The Roman Empire.

Patrons: G. iv. The Harpists We Watch. W. Gordon Beach, USN. The Harpists We Watch.

Legislature To Request Credits For Draftees In Less Than 12 Weeks

Annual Gay Nineties Ball To Be Given Tomorrow

Thompson's Band, New Quintet Will Furnish Music

First costume dance of the current school year will be held from 9 to 12 p. m. tomorrow in the Union building ballroom when Lamp and Cross stages its annual Gay Nineties ball.

Though costumes are not necessary for admission, persons attending are urged to don dress of the pre-1910 period to compete in a "best costume" contest. It was announced by members of the honorary.

J. is in charge of arrangements for tomorrow night's Gay Nineties ball. Other members are: Bill Ames, Arthur Sanders, president; Bronston Redmon, first vice-president; Stanley Perkins, James St. J. is in charge of arrangements for tomorrow night's Gay Nineties ball.

At the Union building information desk, or at the door tomorrow night. Other members are: Bill Ames, Arthur Sanders, president; Bronston Redmon, first vice-president; Stanley Perkins, James St. J. is in charge of arrangements for tomorrow night's Gay Nineties ball.

AMENDMENT SUBMITTED. The proposed SCA constitutional amendment was submitted in revised form to Dean Henry Hill by the amending committee this week. The committee has returned the proposals with its criticism and suggestions for improvement.

Wenner-Cren Censure Not To Affect Air Lab

The state department's blacklisting of Axel Wenner-Cren, Swedish industrialist who gave the University its \$150,000 aeronautical research laboratory in 1940, will have no effect on the operation of the laboratory, it was announced by President Herman L. Donovan.

"The laboratory is run independently of Wenner-Cren or any of his organizations," Dr. Donovan said. "The laboratory is run independently of Wenner-Cren or any of his organizations," Dr. Donovan said.

PERU, MEXICO LISTED. Wenner-Cren's name was listed on the state department's order of economic warfare to territories outside the western hemisphere. The list extends this form of economic warfare to territories outside the western hemisphere.

Wenner-Cren first appeared in the war news shortly after the outbreak of hostilities in 1939 when his yacht rescued some of the survivors from the torpedoed British vessel Athenia. His name has been mentioned later in connection with peace proposals.

Downing To Discuss Eclipses In Open Class This Morning

"Eclipses of the Sun and Moon" will be the subject of the lecture when Dr. H. H. Downing, professor of mathematics and astronomy, opens the doors of 111 McVey hall, on his Mathematics and Astronomy 51A course at the fourth hour.

Dr. Downing said yesterday that he would be able to accommodate 150 persons besides his regular class attendance. Astronomical problems associated with eclipses, and their causes, frequency, and appearance will be explained at the lecture. Dr. Downing will also deal with some historical material associated with the subject.

Having received his B. C. B. degree from the University in 1928, Downing

College Man Should Advance In Army, Colonel Paschal Says

Collegian Has Better Chance, Military Head Adds

"All other things being equal, the college graduate should advance more quickly in the army than the non-college man," Col. Paul C. Paschal said yesterday in an interview with The Kernel.

NEW COLONEL PASCHAL... likes college men as officers.

collegian combines with his education other qualities of personality, initiative, and leadership, he will not make a first class officer.

Col. Paschal, who has been named to succeed Col. Howard Donnelly as head of the university military department, has been in army service since 1919, when he entered West Point.

During World War I he served with the 20th Infantry, 3rd division. He engaged in the Champagne-Marne defense, and the Alsace-Marne, Oise-Marne, St. Mihiel, and Meuse-Argonne offensives. He was decorated at the close of the war with the Distinguished Service cross, the French Legion of Honor medal, the French Croix de Guerre, the Italian war cross and the Purple Heart.

Col. Paschal was stationed with the Memphis high school ROTC from 1919 to 1920. He was first presented the Purple Heart at Ft. Benning, Ga., for four years before going to Ft. Sam Houston, and was also on the general staff of the War Department for four years.

Not That He's Lecherous--But Where Are The Petty Girls?

The Question Is: Is It Mr. Peak Who Clips Them?

By JIM WOODBRIDGE
Kernel News Editor

"PETTY GIRL"...

it out," he whispered, with a hand over his mouth.

"Mr. Peak?" I asked. "Isn't he the acting director of the Union and also the YMCA secretary?"

"Yeah, and he's the guy who tore the nekkid women out. 'He did?' But they should have been quite amusing!"

So I went to Mr. Peak's office and asked him what he thought of my article. He said he thought it was a good one, but that it should have been a little longer.

Cartoons, because you can read and you can see the humorous situations and pictures and, respectively, the cartoons.

And I'd been having a fine time looking over newspapers for their funny and magazine for their cartoons, until recently when I was pursuing a popular men's magazine over in the Union building's copy room.

It's cover proclaimed a certain "Petty Girl Supplement." Good, I must. Must be a million laughs.

But when I turned to the index page—the page wasn't there, I told the student behind the build-

Doors And Howard Mooney

I really don't believe it myself, of course, because college students know that such things are not possible—but just the same, there is something about the story of Howard Mooney that just can't be tossed off as apocryphal.

There are even a few graduate students and old workers around the University who will swear up and down that it's true. They don't like to talk about it usually, because, as I said, college students scoff at such things. But one of these winter nights, if you buy them a beer or two to loosen their tongues a bit, they will tell you the story . . .

Howard Mooney was spotted as a remarkable boy before he ever came to the University as a freshman—that was back in 1931. The story of his high school record—passing three grades in one year, for instance, and doing independent work on the theory of infinite numbers in his junior and senior years—was already well known by educators in Kentucky, and several studies had been made of him for educational journals.

It didn't surprise the psychology department much when the results of the entrance tests were tabulated and it was learned that Howard had made the highest grades in the history of the tests.

It wasn't long before he was noticed around the campus, too. It might have been his thin face, or his long white hands, or his sparkling eyes—but whatever it was, it made people notice him.

Through all his freshman year, things went just as expected. Howard made three standings both semesters and was doing outstanding work on everything he touched. His campus was buzzing about this brilliant young student.

And then, along about Thanksgiving holidays of his sophomore year, people began to notice a change. At first, no one thought much about it—just a nervous way he had about him, a continual glancing around . . .

Before long, though, the habit became positively obvious, and Howard began to do other things that people liked to talk about while they were eating a sandwich after the library had closed. He would suddenly glance around and walk away from a crowd of people without saying anything; he had been found sitting on the library steps staring into the distance; he would wander about the campus for hours at a time, apparently unaware of anyone around him.

Before long, also, his class work began to fall off. Professors would call on him and he would seem to be miles away; he never studied anymore; most of his time he just wandered or sat and stared.

The psychology department, of course, talked to him and gave him some tests. I think, though, but he wouldn't talk to them. They finally said he had some sort of neurosis or hysteria, or something like that—I never did know the difference—but they couldn't do anything about it because they really didn't know what was wrong.

I guess the only person who really knew what was the matter was Harry Montgomery, Howard's roommate—you know, that quiet boy with the thick glasses. Harry never says much about it any more, because people are always laughing at him for his story.

Because, you see, as Harry finally told me after it was too late—Howard had trouble with doors. Yes, I knew you'd laugh—I did myself the first time I heard it.

From the very first day Howard had trouble with doors. They seemed to hold some sort of grudge against him; they acted as if they were working against him. They never were exactly right.

When Howard would come out of the library for instance, where one of the double doors is always locked, he invariably would take the wrong side. He would try to memorize which ones they were locked, but as sure as he pushed hard to open one it would be the other one that was open. The Union doors always opened out when he thought they opened in, and they opened in when he thought they opened out. He would always push when he should have pulled; pull when he should have pushed.

At first this didn't bother Howard much, and he just passed off as a coincidence. But it kept up. All through his freshman year and the first part of his sophomore year every door he tried was the same way. Soon he began to realize that this was much more than just coincidence, there was something working here that was more than just chance.

And then, on that night in January, 1932, according to Harry Montgomery, Howard started him by saying suddenly, "I'm going to the library. I'll be back in a few minutes." Final exams were coming up, and he knew he was falling every course. "I'll be back in a few minutes," he said.

Harry was glad to see these signs

All That Meat And No Potatoes

Wise . . . and otherwise

Best wishes item: This week the ROTC staff's Captain Johnstone was reading his classes a postcard he had just received from a friend. It contained the usual comments and closed with the traditional "having a fine time; wish you were here."

The postmark: Schofield Barracks, Hawaii.

With a bit of trepidation, we offer this addition to the fast-growing selection of Jap Slogans:

Nullify
The Samurai
Adolf Hitler's generals apparently are faced with two alternatives:
Stick with Der Fuhrer
Or get stuck
Or, to put it more bluntly:
Be a buddy—
Or he a body

The corny character who sits in front of us says he hopes Coach Rupp does not return from Knoxville a Blue Baron.

You may have thought we were kidding about sending in any items suitable for this column. If you did, you were kidding yourself. Our address, for the uninitiated, is Wise and Otherwise, care of The Kernel.

Hooey Pollui

We are glad that we are missed; and in the light of the interest you have expressed, we shall try to struggle along without our ace snooper, Lys Wallace, Lys, incidentally, now rests peacefully in the hospital at Hopkinton away from this last mad rush before exams.

What with the war and boys leaving school like flies, weddings and engagements are the order of the day. In fact, there is little to do except to publish a list.

Middle-sisters during the holidays—Tri Del, Mary Ray and SAE Bryce McEwen . . . Scott Nall and his home town gal, Jane Ann Sney and remember Tri Del Prezy Weaker? She's an army wife now. Phi Del, Jennie Marlowe and Kappa Cisie Allen surprised 'em all too.

An have you noticed the third finger-left hand diamonds float-rug around since the holidays? Middle-alisters during the holidays—Tri Del, Mary Ray and SAE Bryce McEwen . . . Scott Nall and his home town gal, Jane Ann Sney and remember Tri Del Prezy Weaker? She's an army wife now. Phi Del, Jennie Marlowe and Kappa Cisie Allen surprised 'em all too.

Where've we heard this one before item: The Kentuckian sent that \$2500 to \$5000 spent in improving Stoll field in the past two years. An added \$250 would make the semester entrance fee total \$1750. The Kernel said.

SAME OLD STORY
Where've we heard this one before item: The Kentuckian sent that \$2500 to \$5000 spent in improving Stoll field in the past two years. An added \$250 would make the semester entrance fee total \$1750. The Kernel said.

DARK OUTLOOK
The Kernel hates to tell the truth, a sports story said, "but here goes," continuing with an analysis of the basketball outlook, declaring things looked very bad, with only one week until the opening game with Centre. "The team hasn't a single man tall enough for a center," The Kernel declared. "That is a crude way to put it, but it is the honest-to-stuff."

the other. Cautionly they watch their charges going through the various plays.

When McBrayer eyes a mistake at his end of the floor, time is called and the mistake is ironed out. The same holds true for the Rupp-patrolled sector.

Last season when Coach Rupp was hospitalized with the flu, Mac was called on to handle the team on a southern swing. The opening night he almost had a heart attack, players inform us, Kentucky 51, Vanderbilt 50.

The next game was almost a duplication of the opening night. The Cats engaged the Crimson Tide and a lean 39-38 decision in Kentucky's favor was the result. Here Mac paused and said: "This has to stop, fellows. I can't stand another night like this."

So Georgia Tech, the foe that particular night, was annihilated by a comparatively large score.

Oddly enough, McBrayer faces his old coach Saturday night when the Kentuckians invade Knoxville for an engagement with the Tennessee Vols. Johnny Mauer, Tennessee's bespectacled coach was McBrayer's mentor when Mac was All-Southern here at the University in 1929.

Although they are the hottest of rivals on the court, McBrayer and Mauer are the warmest of friends off the hardwood. Mac has the highest respect for Mauer and his ability as a coach.

Colleges Feel Pinch Of War-Time

ON THE COLLEGE FRONT By JIMMY HURT

Colleges and college organizations all over the nation are already feeling the pinch of war-time, and most of them realize the need for action. Many colleges and universities are adjusting their curricula to add defense courses, and organizations are going "all out" for economy.

TRADE DANCES FOR DEFENSE BONDS
Four fraternities of Emory University gave up their annual formal to meet the pleas of the Interfraternity Council for wartime sacrifice. Only one fraternity is expected to do away completely with their dance. The remainder are to give sport dances.

Although others didn't abandon their traditional dances, they did agree to cut costs to a minimum. All of the fraternities will invest all money over expenditures in defense savings bonds.

TWO PAPERS DECREASE IN SIZE
The Ring-tum Pol of Washington and Lee University has already encountered hardships of wartime operation. Accelerating the adoption of a tabloid-size publication, The Ring-tum Pol gives the following explanation:

The situation in brass-tack language is this: The life of any newspaper depends upon advertising. It costs money to print a newspaper. And most of the bills are paid out of advertising receipts.

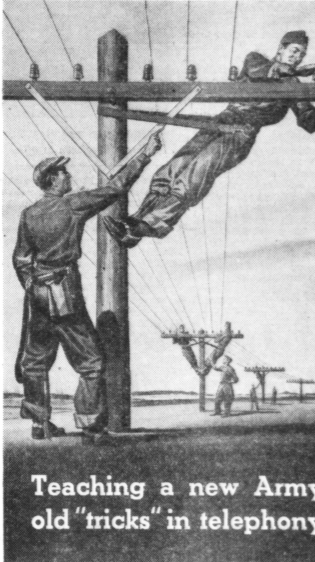

Periods of uncertainty such as that which this nation is currently experiencing bring reductions in advertising receipts because manufacturers and merchants place advertisements.

Can I Quote You On That
By SIS MILWARD
Question: "Assuming that the Allies win, what should be done with Adolf Hitler and Mussolini?"

Roberta Parker, A&S sophomore—"Get rid of them the easiest and quickest way possible."
Dawson Hawkins, A&S sophomore—"They ought to be strung up. Let them hang and rot."
David Mahanes, Commerce sophomore—"Drown them. I suppose."
Margaret Brown, Education senior—"What do you usually do with rats?"

Elizabeth Wigginton, Ag senior—"Let someone dispose of them. I don't want the job."
Edward Bowen, Commerce senior—"I don't think they should be sent to hell immediately but they should be tortured in the slowest way possible by methods devised by their own Gestapo."

Joe Massie, Commerce graduate—"I'd put Hitler in Greendale and Mussolini in the ring with Joe Louis."
Arthur Walsh, Commerce senior—"Put them on a desert island, take everything away from them and let them starve to death."

Teaching a new Army old "tricks" in telephony

The telephone plays a vital role in army communications. So the Bell System is helping to school Signal Corps men in practically every phase of telephone construction, operation and maintenance.

This training job is but a small part of the tremendous task Bell System people are doing in this national crisis. They're setting up telephone systems for new camps, bases and factories—handling an enormous volume of calls needed to coordinate the Nation's war effort.

Throughout the country, Bell System people are wholeheartedly cooperating in the drive for victory. To men and women of their high caliber, there is real satisfaction in a difficult job well done.

Nazi Citizen Exists For State, Open Class Paper Declares

"Nazi subjects attribute the greatest value to their totalitarian state to the fact that every citizen exists for the state; they see themselves as functional parts of a great machine which operates not for the individual but for the common good."

Thus John Morse Kelly, arts and sciences junior from Lexington, contrasted the relative purposes and merits of democracy and national socialism in a report to Dr. J. Huntley Dupre's open class Wednesday in Fraze hall.

TO UNDERSTAND APPEAL

"In order to understand fully the appeal of National Socialism to the German people, citizens of a democratic state must realize the political attitudes engendered in the subjects of a government whose only

attempt at democratic organization was a failure," Kelly said. He defined the new political theory of Nazism as the result of a crisis—the answer to a social dilemma.

The basic appeal of Hitler's philosophy rests on its principal of national brotherhood united under a single leader, Kelly said. This unity, he pointed out, the Nazis would achieve by abolition of privilege and authority, and by complete subordination of the individual.

Kelly quoted as typifying the attitude of the German nationals toward their government and one German citizen who was attracted to the Nazi ideology because of his belief in its practicality and immediate necessity. Also he said, "We were told that we must strive and sacrifice; that the end of our striving must be a greater Germany."

The principle of leadership was reported to be of importance in the ultimate achievement of national brotherhood; submission to a leader acting for what the people were told was the common good would weld the nation into a powerful unit, eliminate injustice and internal strife. Propaganda made it clear to the nation that throughout history the various agencies of the German Reich have been poorly coordinated in the absence of grim, all embracing leadership.

The essential values of democracy, Kelly stated, lie in the existence of the state for the service of its citizens, whereas the Nazis renounce personal aggrandizement in an implicit effort to forward the motives of the national state.

PI MU EPSILON TO INDUCT THREE

Latimer Will Speak At Dinner In Union

Ellen Roper, Hopkinsville, and Marlon Pirkey, Lexington; junior arts and sciences mathematics majors; and Dwight Hooper, Jacksonville, Illinois, senior engineering student; will be initiated into Pi Mu Epsilon, national mathematics fraternity, at the society's banquet tomorrow.

Dr. Clairborne Latimer, professor of mathematics, will speak on "The Present Shortage in Mathematical Training" at the banquet, which will begin at 6:30 p. m. in the football room in the Union building.

The pledge of the fraternity will be administered to the three new members by John D. Rommel, secretary of the organization.

Dean Paul P. Boyd, dean of the arts and sciences college, will give the welcome address, which will be answered by Miss Roper. Dr. Flora LeSourd, president of the chapter, will preside.

Arrangements for the meeting are being made by J. C. Eaves and Dr. Sallie Pence.

Following the dinner and the speeches, a social hour will be held, it was announced.

TOLENO TO SPEAK ON MISSIONARIES

Students Interested To Have Interviews

The traveling secretary of the Student Volunteer movement, Helen M. Toleno, will be on campus to meet students interested in missionary work from Sunday until Tuesday.

Miss Toleno will address meetings sponsored by the YMCA on the missionary enterprise and will talk with individual students. Those interested in having interviews Monday and Tuesday with Miss Toleno will be able to make appointments through the YMCA office, Ann Morrow. YMCA secretary, announced yesterday.

Sunday Miss Toleno will meet with the First Methodist church Sunday school at 9:45 a. m.; the Calvary Baptist church young people at 6:30 p. m.; and the Westminster Presbyterian church at 8 p. m.

The Student Volunteer movement has a two year purpose; helping Jesus develop a commitment on the part of individual students to life service in the foreign missionary field. The part of the greater number who must remain at home, an interest which will result in increasing support.

Night Courses In Defense Slated For Townspeople

To Sponsor Plan Education Office Of Eight Classes

Sponsored by the United States Office of Education, eight special evening defense courses in engineering, radio, science, office and industrial management, and mathematics are being developed by the College of Engineering, the Commerce college and the mathematics department beginning January 26.

Each of the courses has been limited to a maximum enrollment of 20 and a minimum of 10. Prof. D. V. Terrell, co-ordinator of the University's defense training courses, said yesterday. University students are not eligible, he added.

The tuition courses include elementary engineering, mathematics, cost accounting, office management, industrial management, advanced engineering mathematics, metallurgy of iron and steel, industrial safety engineering, and fundamentals of radio.

RADIO-TRAINED MEN

Recent correspondence from the federal government has indicated that the present shortage of men with radio training will be needed, Professor Terrell stated. Estimates of the army need alone total about 6,000 officers and 10,000 enlisted men, besides several thousand civilian employees of professional grade.

The mathematics, accounting, management, and metallurgy courses will meet from 7:30 to 9:30 p. m. twice a week for 12 weeks. Meetings of the safety engineering class will be held from 7 to 10 p. m. each Tuesday and Thursday for 10 weeks. The fundamentals of radio course will meet from 7 to 10 p. m. each Monday, Wednesday, and Friday for 16 weeks.

Prerequisites for all the courses include at least a high school education. Applicants interested in enrolling in any of the courses should file their application immediately with Professor Terrell. Each class will be closed as soon as the maximum enrollment of 20 has been reached.

OFF USE TO GOVERNMENT

Professor Terrell remarked that though definite jobs would not be promised to students completing the various courses, it is hoped that the information they receive will make them of use to the government in defense work.

Instructors in the various courses include Dr. H. H. Downing, professor of mathematics; Prof. W. E. Beak, assistant professor of accounting; Prof. J. A. Lawrence, head of the business education department; Dr. L. H. Carter, professor of economics; Dr. C. G. Latimer, professor of mathematics; Dr. P. T. McQuire, assistant professor of physical metallurgy; Prof. E. B. Ferris, associate professor of engineering; Prof. E. A. Bureau, professor of electrical engineering; Prof. Brinkley Barnett, associate professor of electrical engineering; Prof. M. C. Brown, assistant professor of mathematics; and G. A. Langston.

Sigma Nus Plan Party For Kappas

The members of Kappa Kappa Gamma will be the guests of the Sigma Nus at a "Keep 'em Plying" party at the fraternity house tonight at 8 o'clock.

Novel invitations in the form of airplanes and other military designs have been issued to the Kappas. Gus Petro, social chairman, is in charge of the plans for the party. Chaperons will be Mrs. Walter Drury and Mrs. George Newman, housemothers of the fraternity and sorority, respectively.

Chi Omega's Informal Dance To Be Held Tonight At House

The actives and pledges of Lambda Alpha of Chi Omega will entertain with an informal house dance tonight from 7:30 to 10:30 o'clock.

Music for dancing will be furnished by Dave Mahanes and his orchestra. During the intermission punch and cookies will be served.

Hilda McClaran, social chairman, is in charge of arrangements for the dance, and Mrs. Bessie Bryson, house mother, will be chaperone. Dates of the members are Jodie Wade, Bob Herbert, Prazer Roberts, Kendrick Anderson, Bill Daniels, Nelson Woolcott, Owen Cox, Buford Short, Jack Short, Jack Thomas, Melvin Samms, George Dodson, Milton Rice, Tommy Walker, J. C. Cook, Bob Piaga, John McKinstry, Foster Ockerman, Russell Jones, Don Galloway, David Collins, Al Pettus, Ronnie Allen, Buddy Brown, John Dallava, Dick Sawyer, Jack Jackson, Jack Prewitt, Tommy McKinstry, Earl Haddock, Bill Walker, Waller Equires, Buddy Reed, Jack Boston, Bill Simpson, Riley Bennett, Ben Johnson, Dick Waller and Ray Ware.

HILDA McCLARAN . . . is the Chi Omega social chairman in charge of the dance that the sorority will give tonight at the chapter house

HAHN APPLIES FOR LEAVE FOR DURATION

Physics Professor To Work At Avon If Board Approves

Dr. T. M. Hahn, associate professor of physics, has applied for a military leave of absence for the duration of the emergency to serve as physicist at the Avon signal corps supply depot.

The leave of absence has been approved by President Herman L. Donovan, and goes to the Board of Trustees for final approval tomorrow.

Dr. Hahn has been teaching at the University since 1923, when he was a student assistant. He was made an assistant professor in 1933. He obtained his B. S. degree from the University in 1924 and his M. S. in 1925. In 1933 he received his Ph. D. from the University of Chicago.

Dr. Hahn is a member of the American Physical society, Phi Beta Kappa, Sigma Xi, Sigma Pi, Sigma, and Pi Mu Epsilon.

He has had articles published in the Journal of the Kentucky Academy of Science, Review of Scientific Instruments and Physical Review, and has been mentioned in the publication, America's Young Men.

To Honor SAEs

Members of Sigma Alpha Epsilon who are entering the service will be honored at a "Soleties dance" to be given from 8 to 11 p. m. today at the chapter house.

PHI BETA PLANS INITIATION OF SIX

Kappa chapter of Phi Beta, honorary music and dramatics society, will entertain with a formal dinner at 6 p. m. tonight in the Thoroughbred room of the Phoenix hotel.

The guests of honor will be Dotti Brock, Helen Lipscomb, Jeanne Lancaster, Sara Revell Estill, Anita Rees, and Tribby McWehan, who will be initiated into the sorority by a formal ceremony preceding the banquet.

The tables will be decorated in purple and gold, the sorority colors. During the evening the new initiates will present a program of their original compositions. Phi Beta Alumnae club members and patrons, as well as members of the active chapter, are joining in honoring the new members of the organization. Margaret Cohen will be in charge of refreshments.

Charlotta Sale, Phi Beta president, will preside at the banquet. Other officers are Margaret Cohen, secretary; Jody di Giacomo, vice-president; and Janet Painter, treasurer.

INTRAMURALS ARE DECREASED BEFORE EXAMS
Basketball Entries For Next Semester Are Submitted

DUKE UNIVERSITY SCHOOL OF NURSING
DURIHAM, N. C.
The Diploma of Graduate Nurse is awarded after three years. Qualified students are eligible for the degree of B. S. in Nursing after an additional year of hospital and university work.
The entrance requirements are intelligence, character, and one year of college work.
The annual tuition of \$100.00 covers the cost of maintenance and uniforms. Because of the urgent need for nurses, the next class will be admitted July 5 instead of September 30, as previously announced.
Catalogues, application forms, and information about requirements may be obtained from the Dean.

Approach of final examinations has caused a decrease in activity in intramural athletic leagues, but as soon as the second semester is expected to reach normal again. The start of play in the intramural basketball leagues will highlight activity during the first part of the second semester.
Entries in the net leagues are coming in steadily, although the deadline for entrants is several days away, January 20. All entries received so far have been in the fraternity division, with no independents sending in teams. However, indications point to a total of 12 to 15 outfits planning to enter this league.
Meanwhile, the handball tournament is still in progress. Results of competition in the second round of the handball doubles are due by January 22. Those who have advanced into the quarter-finals are Kuracheck and Spicer, Hillemeier and Sebastian, Eisey and Wright and Thompson and Kinnaird.

CAT-VOL GAME
(Continued from Page One)

loop championship. Later in the regular season Kentucky triumphed rather handsily, 37-28, over the Vols when they came to Lexington. A glance at the Vols record for the first part of this season will give some indication of what the Wildcats can expect in the Volunteer encounter. To date they have racked up eight victories against one defeat. Wins were at the expense of Tennessee Poly, Lincoln Memorial, Austin-Peay, Union college, Xavier, Long Island university, Alabama, and Mississippi.

The only comparison between the teams can be drawn from the Xavier fray. Tennessee whipped the Musketeers, 46-36, while the Cats had a close call to win by a lone point.

The high spot in the Tennessee campaign thus far was their Sugar Bowl success, a narrow 36-33 win which broke a 24 game winning streak for Long Island's Blackbirds.

Both teams will be minus two all-conference performers who played big parts in leading these two teams to the conference finals last year. For the Vols, Frank Thomas, center, and Gilbert Huffman, guard, will be missing. For the Cats, Huber and Farnsley will be absent.

RESERVES ARE WEAK
In Bernie and Dick Mehen, Mike Ballistaris, Bunzy O'Neil, and Paul Herman the Vols have only two top flight performers. They are letterman Doc Clark and sophomore Ted Cook. Otherwise, the squad is composed of men who have not quite reached top form.

Following the Tennessee game, the Cats will leave Sunday afternoon for a two-day stand in Georgia, where they will meet Georgia and Georgia Tech.

The probable starting lineups:
Kentucky: S. Spauld, F. Brewer, G. Baker, O. Staker.
Tennessee: B. Mehen, R. Mehen, B. Ballistaris, O'Neil.

Bill McCubbin, former University football player and assistant football coach, has been appointed cadet squadron commander in the Air Corps replacement training center, Kelly field, Texas.

"COLONEL OF THE WEEK"

Ermal Allen
This week's "Colonel of the Week" goes to Ermal Allen. Allen of the steady nerves won his place as "Colonel" by stepping up to the foul line and, with only three seconds play left, coolly dropping in the two points that gave the Wildcats a 40-39 victory over Xavier's battling Musketeers.

KERNEL SPORTS

Sporting Way
—BY JOHNNY CARRICO

Dawn breaks on 1942 conference competition for the Wildcats tomorrow night and the breaking will probably resound with a loud noise that will resemble more than the crack of doom. For the Baron has been prepping his boys with the idea that it will be a rough, hard game and that any frail sisters had better throw in the towel before making the hegira to Knoxville.

Pre-game notices have warned Rupp that the "hooting" gallery will have no mercy and that Kentucky is definitely *persona non grata* in the Knoxville gym. But it's not the jacks who are putting the creases into the brow of the Baron. Prime worry on the Rupp mind now is the *fratres* Mehen. Together Dick and Bernie have totalled 82 field goals and have been practically the Vol team on offense. With Jim King out with an injured ankle, the burden of stopping Dick rests with Mel Brewer and Ed Lanfer.

GRIDDERS JOIN UNCLE SAM'S TEAMS

Spring football practice will begin next month and it may be a lonesome affair if Kentucky football players continue to leave school at the present rate. The Wildcat schedule will call for a game somewhere in northern Luzon in order to collect the far-flung host of Wildcat enlistments.

Bob Oenbrink, reserve tackle who saw action in several games last year, has signed with the Navy and will report very soon. He's taking Jimmy Taylor, senior football manager, with him to the Chicago training station.

Bill Kincer, sophomore fullback, has pledged allegiance to the Marines and will leave shortly. This hits the lettered Abner Kirwan where it hurts. Kincer was one of the best fullbacks on last season's Mildcats. This leaves the scholarly one with Bob Herbert, who had an off-season; Ben Kessinger, an untried Z-clubber; and Al Specius, another of the five-year boys.

BEELER, SCHLEGEL WILL BE COMMISSIONED

Other gridders expected to get the call are Bob Beeler, a guard, and George Schlegel, a tackle. Both boys will receive their commissions in June and Uncle Sammy (not the Tapper) will see that they soon become a part of the "Modern Design."

Arch Colvin, another guard, and one who showed well in the past season, will probably not be with us when the leaves begin to fall in September. Tommy Zinn is another doubtful starter for 1942.

Two freshmen, both good-looking prospects, were lost when Nick Zelenick and Leo Yarusit decided that education wasn't the coming thing. Yarusit performed at guard and Mr. Kirwan could have used him to advantage in the coming campaign.

With more than a small part of his players departing this campus, it would not be too surprising to see Kirwan join the armed forces. In a column in the Courier-Journal, Kirwan was reported to have been approached on the subject of becoming an athletic officer.

Joe Shepherd, assistant freshman coach, has already received notice to report for his first of two physical examinations and probably will be the first of the Wildcat coaching staff to go.

UK SWIMMERS RESUME WORK AFTER LAY-OFF

Improvement Seen In All Classes, Hillemeier Says

After three weeks lay-off the UK swimming team resumed practice last week at the YWCA pool. Student captain-coach Henry Hillemeier announced that the Catfish have shown considerable improvement in many events although they have been working under the handicap of not having a pool close to the university.

Keplar, MacFarland, Neal, and captain Hillemeier have improved in several free-style events, while Don Hillemeier and Bob Meyer are struggling for the position of top man in the backstroke. McTiernan and Hank, breaststroke swimmers, are also improving. Because of the lack of diving facilities at the Y pool, Paul Gregory's journeys to Richmond to practice diving at Eastern State Teachers college.

The "Pool-less Wonder" have been unfortunate to have had two meets, those with Berea and Eastern, cancelled already this season.
