Minutes of the University Senate, April 24, 1969 (Cont'd.)

Dean Cochran asked the members of the Senate and members of the Public Relations press and public press who were present to check with the Graduate School for an accurate count of the number of candidates for graduate degrees before releasing any figures.

Dr. Plucknett made a motion that the Senate waive the announced agenda and that the next item of business to be considered by the Senate be a proposed change in the Student Code, to be presented by Student Senator Sheryl Snyder. The Senate approved this motion.

Senator Snyder stated that the proposal he had to make was the proposal that was endorsed unanimously on the evening of April 23rd by an ad hoc committee of 1,000 students and other members of the University community; that he would read the statement, make the proper motion and request the permission of the Senate that Mr. Guy Mendes be allowed to speak to the motion.

Following is the statement read by Mr. Snyder:

Under the terms of the present Student Code, the University Appeals Board and the Acting Vice President for Student Affairs have suspended several students who were arrested in recent off-campus drug raids. If the civil authorities do not see fit to detain these students as constituting a "clear and present danger" to the community, it is absurd for the University to regard them as such. In order to prevent a recurrence of this incident, and to clarify the issues relating to the rights of students arrested for offenses, we submit the following to replace the three concluding paragraphs of Title II, Part C (pp. 15-16) of the Student Code:

The University shall not seek to concern itself with any student's relationships with civil authorities. The only exception shall be, that if requested to do so by the student or compelled by law, the University may divulge information pertinent to a criminal case. The Student Code is designed to protect students from punishment by both civil and University officials for the same offenses whether they occur on or off campus, and therefore no sanctions shall be imposed by University authorities in these cases where students are officially charged with an offense by civil authorities.

Considering especially the nearness of final exams we demand that those students unjustly suspended be immediately reinstated, and we will not be satisfied with anything less than their reinstatement, as well as the adoption of the above revisions.

Mr. Snyder then moved that the University Senate recommend to the Board of Trustees that the three concluding paragraphs under Title II, Part C, of the document, Non-academic Relationships between Students and the University, be deleted and the one paragraph which he read and which is contained in the above statement be substituted in their place. The motion was seconded.

The Senate then approved a motion to permit Mr. Mendes to speak to the Senators. Mr. Mendes read the concluding three paragraphs under Title II, Part C, of the document, Non-academic Relationships between Students and the University, which are as follows:

The Committee, while firmly committed to the concept that the University should exercise its disciplinary powers only after careful deliberation by a duly constituted body, also realized that there may be occasions when a student's misconduct raises the spectre of serious threat to the community of scholars under circumstances which might well create a prejudice against the student in any contemporaneous legal proceeding should the J-Board be convened. Accordingly, in order to protect both the student and the community of scholars, the Committee believes certain temporary disciplinary powers should be conferred upon the Vice President for Student Affairs. The Committee therefore recommends the following statement as to such power:

In the event that a student has been accused of an offense against the University and/or against the city, state or federal government, the nature of which may present a clear and present danger of serious physical or mental harm to the student or to any other member of the University community or to University property, the Vice President for Student Affairs, after consultation with the University Appeals Board, may impose such temporary sanctions on the student as are reasonably necessary to protect the student, the University community and/or University property from such danger.

Such temporary sanctions may exist and be enforced only until such time as final disposition has been made of the case by the appropriate University judicial or administrative entity or, in the event the offense is not one subject to University disciplinary procedures, until the student's trial by the properly-constituted authorities has been completed.

and made the following additional statements:

The issue we are concerning ourselves with is not one of student values but one of basic student rights. The series of events began with an editorial in the Kentucky Kernel in Tuesday's edition which took issue with the suspension of four University students and with the clear and present danger clause in the Student Code. Tuesday night the campus chapter of the Young Democrats supported that editorial. Last night 1,000 students and several faculty members met in the Student Center in ad hoc meeting and drew up the proposal which we are presenting to you today. The Graduate Student Association and the Haggin Hall Council also met last night and both voted to support the proposal and the action today. Over 1,000 to 1,200 students are gathered outside now waiting for action on your part. Let me point out that these students are working through the proper channels. The suspension of the four students we believe should not have occurred and the section of the Student Code under which that sanction was meted out should be deleted from the Code. On page 9 of the Code it is stated that the University shall not punish students for violation of state, local, or federal

laws; then on pages 15 and 16 it is given the power to protect students from the "clear and present danger". That idea of protection, in itself is a myth. It would take a ring of policemen around this campus to keep off campus any student who had been suspended. The only time a student actually loses is the class time which he is being kept out of. He is free to roam about campus at any other time. Suspension may prejudice a criminal case in a court downtown. It is also an assumption of a student's guilt before it has been proved, not to mention the cost of such a suspension which is tantamount to a fine of \$1500 including tuition, room and board, etc., and not to mention class time he has lost. By deleting the final three paragraphs we are doing two things: we are ridding the University of the "clear and present danger" clause and are leaving restrictions and sanctions to the prerogative of the local courts; and if a University and student infraction occurs at the same time we are leaving the responsibility of the case to the downtown officials. By revoking this and then by the Board of Trustees passing this they are declining to take action where action is clearly preempted by the local authorities. In fact, Governor Nunn will be showing confidence in the authorities responsible for law enforcement and judicial processes in this state. Thank you.

Lengthy discussions ensued and students requesting permission to speak to the Senate were permitted to do so by the Senate.

Dr. Paul Street made a motion to refer the proposal to the University Senate Advisory Committee on Student Affairs, the Committee which presented the present Code to the Senate in 1967. The motion was seconded. Motion was then made to vote on whether or not to vote on the motion to refer. By the required two-thirds vote the Senate voted to vote on the motion to refer. By a vote of 89 to 58 the Senate then approved the motion to refer the proposal to the University Senate Advisory Committee on Student Affairs.

Dr. Plucknett made a motion that the Senate Advisory Committee on Student Affairs be directed to return with a report for action by the University Senate within one week. The Senate approved this motion.

Dr. Bohannon presented a motion that the Senate pass a resolution that if the President of the University sees fit, the Senate is in favor of the reinstatement of the four students until such time as the civil authorities take their action. The motion was seconded. Following further discussions the motion failed.

Dr. Plucknett made a motion that the Secretary of the Senate ascertain what classes the four students are registered in and that he be authorized by the Senate to write the instructor of these classes strongly recommending that if the students were passing at the time they were suspended, the instructor give them an I for the course. The Senate approved this motion by a vote of 70 to 55.

At 5:50 a motion was made to adjourn. The motion was defeated by the Senate.

Minutes of the University Senate, April 24, 1969 (Cont'd.)

Motion was made to reconsider Dr. Bohannon's motion that had been voted on and defeated earlier. Question was then called of the presence of a quorum. A count revealed the presence of a quorum. The Senate then defeated the motion to reconsider Dr. Bohannon's motion by a vote of 72 to 44.

At 5:55 p.m. the Senate approved a motion to recess and to reconvene at 7:00 p.m., Monday night, April 28th, in the Court Room of the Law Building to continue consideration of business on the agenda.

The Senate reconvened at 7:00 p.m., April 28th, in the Court Room of the Law Building. Chairman Ogletree presided. Members absent: Charles Auvenshine, Gifford Blyton*, Frederick J. Bollum, Eugene B. Bradley, Herbert Bruce, David B. Clark, Clifford J. Cremers, Louis D. Dubilier, W. G. Duncan, Fred Edmonds*, Eugene B. Gallagher*, Meryle Hutchison, Robert D. Jacobs, Mary F. The Chairman recognized Dr. Michael Adelstein, the Chairman of the University Senate Advisory Committee on Student Affairs that had been directed by the Senate at its meeting of April 24th to return with a report for action by the University Senate within one week. Dr. Adelstein addressed the Senate and followed his statements with a motion. The motion was seconded. His statements and the motion are as follows:

*Absence explained

I think I'll beg your indulgence for just a moment. It is not often a member of the faculty is able to talk before such a distinguished group. The speech is not to be a long one, but I would like to say a few introductory words. I'd like to start by reading a statement, which the Regents of the University of Michigan, my alma mater, made on February 21, 1969, to this effect. "There is little distinction today in being just another campus on which violent confrontations have taken place. There is great distinction in being the campus on which tensions have been met on all sides by rational discussion, by understanding, by compassion, by accomodation." I think we are here tonight to engage in rational discussion, understanding, compassion, and accommodation. There is no denying the fact that we are here tonight under pressure, and yet I would submit to you that it is not the pressure which we found ourselves under Thursday afternoon of being confronted with something that had not been discussed and deliberated upon by any of our committees. My committee, at that time, voted that the Student Resolution be sent to committee. This was our recommendation. We realized the problem was very intricate and very difficult, that it needed a good deal of discussion. I would personally feel that if the Senate had acted on Thursday, when it last met, they would have acted under pressure, and perhaps might have acted unwisely. I feel that since that time many members of the Senate and the University community have had time to engage in a meaningful dialogue concerning the issues which my committee will introduce tonight.

I would like to point out that the issues being raised here are issues that were not raised really as a result of this incident, but have been raised previous to it. Actually the issue was raised this fall and during the winter, both by a member or members of the faculty, and also by members of the Office of Student Affairs. This issue was also studied by an AAUP committee that submitted an amendment which was to be discussed on Thursday, April 24th, but in view of the action of the Senate on that date, Dr. Patterson did not introduce it.

Following the charge to this committee last Thursday, this committee, which had already met to discuss this issue from 1-3:00 p.m. before that meeting, returned, or at least some of its members did--Dick Hanau, Ellwood Hammaker, and Tom Olszewsky-- to meet with students Thursday night and to continue discussion of the problems. Friday afternoon the committee met at 4:00 p.m. in the Grand Ballroom with what some newspapers termed 1,000 students, and spent two hours in a meaningful dialogue with them.

Most of the committee returned that evening and continued listening to students and what they had to say; some of us remained there until almost 1:00 that night. The committee met formally at 9:30 Saturday morning and stayed in formal session until 1:30, spending four hours in going over this matter. Following that, three members of the committee: the Chairman, Dick Hanau, and

Tom Olszewsky, met that evening for two hours to continue working on a draft. Following that, members of the committee met at 2:00 Sunday afternoon, with the Senate Council and spent two hours with the Senate Council revising a draft. Following that, at 5:00 on Sunday, the committee met with five members of the student committee for another hour and revised the recommendations that you have before you.

At a minimum, over 90 man hours of work have gone into the document before you--the maximum would be difficult to compute--but I mention this to assure you that it has been very carefully studied, a great deal of time has been spent on the 20 or 25 sentences which have been submitted to you and I do not feel that a normal committee, operating during the semester as committees operate, meeting for one or two hours an afternoon every two or three weeks, would have spent more time or perhaps even as much time on this document. I state this because we will be accused of doing things in haste. I think there has been haste, but I think there has been a great deal of deliberation and a great deal of dialogue, both within the committee and with other individuals. So with that an as introduction I would like to move now to the first motion.

I move that the Student Code be amended by substituting the following section for the last two paragraphs on page 15, and the first paragraph on page 16 of the published copy of the Student Code entitled "Non-academic Relationships Between Students and the University":

D. Safety Precautions

The Committee realizes that there may be occasions when a student's presence constitutes a serious threat to the University community. The Committee believes, therefore, that the Vice President for Student Affairs and the University Appeals Board should be given the power to take certain safety precautions. The Committee recommends that the following procedure be followed in such situations:

In the event that the Vice President for Student Affairs has reasonable cause to believe that a student's presence will probably result in injury to himself, others, or University property if he is not immediately restricted, the Vice President may take such precautionary actions for a maximum of 48 hours as he considers necessary to protect members of the University community or its property, including total exclusion from University property. Upon taking such action, the Vice President shall notify the University Appeals Board. This Board is empowered to change or to extend the action of the Vice President, but the Board shall not prohibit the student from attending class, using the library, or fulfilling any other responsibility that it may deem necessary for his academic work.

Such temporary precautions shall be enforced only for such time as the conditions requiring them exist.

Accordingly, the circumstances shall be reviewed by the Board prior to every semester and in addition, promptly after an appeal in writing from the student involved.

The Chairman reminded the Senate that any favorable action it might take would be a recommending action only which must be forwarded to the President and, through him, to the Board of Trustees, and that it would not become official until the Board had acted.

Following lengthy discussion recommendation was made and seconded that the second paragraph of Dr. Adelstein's motion be amended by inserting in the last sentence immediately preceding the word "but" the following phrase:

except in the case of an adjudged likelihood of injury,

Following approval by the Senate of a motion to bring the proposed amendment to a vote, the Senate disapproved the recommendation.

The Senate returned to further discussion of the original motion.

Dr. Stuart Forth, Acting Vice President for Student Affairs, then addressed the Senate. He stated that he had also read the alumni magazine from which Dr. Adelstein had quoted and that while he had noted the point mentioned, he had noted another point which confirmed him in his belief that the University of Kentucky had done the things urged in that magazine, to wit: examined the structure and operations of the University, involved students and faculty in a participatory role in the decision-making, and formulated procedures ensuring due process. He stated further that in spite of the great amount of time that had been spent on the proposal being considered at this meeting, he felt the Senate was acting under pressure, and suggested that the events of the preceding Friday were a clear indication that pressure was felt. He pointed out that the discussion on the floor of the Senate had changed from the protection of the total university community to the point on penalty for individual violators, and that he was not so concerned with the punishment of the few as he was with the protection of the many.

Dr. Forth stated further that he felt the response of the Senate and of the faculty and student body to the whole incident of the temporary suspension of the four students had been a fairly emotional one. He reported that in talking to some faculty, he had found that none of them knew what temporary suspension meant and since it was germane, he felt it should be pointed out to the Senate precisely what it is. He then read the following statement of the meaning of "temporary suspension" as he understood it and as he had confirmed with the Associate Registrar:

1. The student is denied access to University property.
2. Nothing on this action is sent to the Registrar's Office and the temporary sanction of suspension is not a part of the student's permanent transcript.
3. The Dean of Students does not notify the individual professors who are teaching the student involved.

3. a. Each student is told to notify his individual instructors of his status.
4. A professor, when so notified, may:
 - a. Give any letter grade he wants to within the regulations of his individual department or College.
 - b. Give the grade of "W" if he so desires and the rules of his department and College permit.
 - c. Give the grade of "I".
5. These things being so, the student may make up grade by complying with the requirements the professor may establish to indicate that course work has been completed -- e.g., he may complete the work when he is returned to full student status, may take the final later if applicable, or even, for all of me, may take the final off campus if the professor desires to give it that way.

Dr. Forth emphasized that the student does not lose the time that he has spent in school to the time of suspension; that temporary suspension is strictly a suspension of activity, and he did not feel, personally, that the penalty, of no more severity than this, needed to have provoked the amount of agitation and distress that it did.

Motion was then made by Dr. Street to amend the original motion by striking the second paragraph and substituting the following new paragraph:

It shall be the duty of the Office of Vice President of Student Affairs to protect the security of the University Community toward maintenance of an atmosphere supportive of scholarly endeavors by excluding from it, if and to the degree he may deem advisable, any student who is under indictment for misdemeanor, felony, or crime. Conversely, however, it shall be his duty to limit such exclusion or make any other arrangements possible to reduce insofar as possible the damages to the student to the end that, beyond consideration of the security of the University Community, double jeopardy of the student may be as completely removed as possible. He shall, at his discretion, use the counsel of the Student Appeals Board in making such decisions.

The Senate approved a motion to bring the proposed amendment of Dr. Street to a vote. The Senate then defeated the amendment as presented.

Professor Williamson, Chairman of the Board of Appeals, stated that he would like to respond to some of the statements that had been made from the floor on the amendment.

First of all, with respect to Dr. Patterson's statement regarding bail, I don't say that this applies to the individuals that caused the problems we have today, but I think everyone is entitled to bail by our Constitution and by Article XVI of the Kentucky Constitution, the only exceptions being people who are charged with capital crimes; and I think the release of people who make bail by the authorities in the civil community does not necessarily mean that they have had any finding of whether or not they presented danger.

Second, with respect to the presumption of innocence, I would say that no one was tried in these hearings. Everyone assumes that the students who appeared before the Appeals Board were tried and found guilty. This is far from what happened. There was no finding of whether they were guilty or innocent, as everyone else seems to have decided. We did not reach that point. We simply reviewed the decision made by the Vice President for Student Affairs on the facts as they were presented to us.

With respect to double jeopardy, the Appeals Board had before it the definition of temporary suspension, which Dr. Forth has read to the Senate this evening. This temporary suspension does not constitute a punishment. It may indirectly result in loss of some freedom from restriction and, referring again to Professor Patterson's discussion on bail, certainly the man who can't make bail and is found innocent is being imposed upon, but I don't believe that you will find any record any place that that person has been punished. By the same token, certainly some students will lose some privileges in class, but I don't believe the intent of the action of the Appeals Board or of the Vice President for Student Affairs, in any of these cases, was to be punishment.

With respect to Dr. Gordon's statement, I will say that the Board was acting under the provisions of the Student Code as it now appears, and if you will read this carefully, the very thing that was sought to be avoided in this case has happened. The Student Code says this action is to be taken under circumstances which might well create a prejudice against the student in any contemporaneous legal proceeding should the J-Board be convened, and the action taken is to protect both the student and the rest of the University community rather than have a J-Board hearing or any other disciplinary hearing of the University which could later be used against these individuals in local court. The opposite result has happened. Their plight has been magnified by all the commotion and emotion that has been raised about their suspension and I have had lawyers from downtown tell me that the cases have been prejudiced by all the talk against them, and that had these voices not been raised, it is likely their cases in the civil courts would not have been so harmed.

I would like to say that if the decisions which have been made were wrong, they were not made out of any bad feeling on the part of the Board; they were made, if they were wrong, because the Code is wrong. If the Code should be changed,

then perhaps we should have Professor Adelstein's amendment. I don't think that the amendment which has been proposed is going to hurt the Administration. I don't think it is going to hurt the Administration as much as it is going to hurt the students themselves and I don't think the students understand this. Having attended their mass meeting on Wednesday evening and having listened to the unanimous vote of the students for something that would hurt them even worse, I think, than the amendment which has been proposed by this Committee, I would vote for this amendment because of their conduct Wednesday evening and in spite of the demonstrations that we had on Friday, and which I understand we may have this evening. I think if the Code is wrong, it should be changed, but I think the very purpose and spirit with which this Code was enforced in these cases has been destroyed by the conduct of the rest of the University community and by the townspeople as well.

Dr. Evans presented an amendment to strike the following words from the last sentence in the second paragraph of the original motion.

but the Board shall not prohibit the student from attending class, using the library, or fulfilling any other responsibility that it may deem necessary for his academic work.

The Senate approved a motion to vote on this amendment. The Senate then voted against the amendment by a count of 68 to 56.

Motion was made and approved to bring the original amendment as presented by Dr. Adelstein, to a vote. The Senators then approved Dr. Adelstein's original motion to amend the Student Code by a count of 94 to 39.

The Chair recognized Dr. Adelstein who recommended the adoption of the following sentences to be inserted following the fifth sentence in the last paragraph on page 13 of the Student Code:

In addition, there shall be three student alternates and three faculty alternates, who shall be selected on the same basis and with the same requirements as the regular members. All members of the Appeals Board and their alternates shall be expected to meet within 48 hours' notice.

This motion was seconded. Dr. Adelstein then stated that he wished to mention that one or two members of the Committee had suggested that perhaps 48 hours was too short a period, and, as a sort of minority report, they would like to see it extended to 72 hours; that the majority on the Committee, however, felt that in this weighing between the right of the student, who would be totally excluded from University property, and the pressure this would place upon faculty members to assemble quickly, it felt it would rather see the students' rights conform to only 48 hours.

Following discussion, motion was made and seconded that the last sentence be struck from the proposed amendment. The Senate defeated this motion.

The Senate approved a motion to bring Dr. Adelstein's recommendation to a vote. The Senate then approved his recommendation as presented.

The Chair recognized Dr. Adelstein who recommended deletion of the following sentence from the last paragraph on page 13 of the Student Code:

The Vice President for Student Affairs will be an ex officio member of the Appeals Board.

The Senate approved the deletion of this sentence as presented.

Dr. Adelstein was again recognized and he presented a motion to add the following additional sentence to the end of Offense No. 10 at the top of page 9 of the Student Code:

However, a student shall not be subject to disciplinary action under this offense in cases where charges against him are being brought in local, state, or federal court.

Following discussion, motion was made and approved to vote on the amendment as presented by Dr. Adelstein. The Senate then approved the motion by a count of 86 to 43.

Offense No. 10 with the inclusion of this sentence, now reads:

10) Any misuse by a student of his position as a student, or of his right to use University property, to commit, or induce another student to commit a serious violation of local, state or federal laws. However, a student shall not be subject to disciplinary action under this offense in cases where charges against him are being brought in local, state, or federal court.

Dr. Plucknett presented the following motion which was approved by the Senate.

In light of this clarification of the meaning of "temporary suspension" which has been presented by the Vice President for Student Affairs, I move that this body rescind the action taken at its meeting of April 24, 1969, relative to informing the instructors of the suspended students of the possibility of assigning "I" grades, and instead direct the Secretary of the Senate to ascertain the instructors of the suspended students and send to them a copy of this document, prepared by the Vice President for Student Affairs, to apprise them of the options open in determining the student's grade.

The Chair recognized Dr. Adelstein who presented the following Resolution to the Senate for its consideration. Dr. Adelstein stated that he was presenting the Resolution as an individual Senator but with the approval of the Senate Advisory Committee on Student Affairs:

The previous action of the Senate should in no way be interpreted as criticism of President Kirwan, Vice President Forth, and members of the University Appeals Board, all of

whom acted in good faith to implement the existing provisions of the Student Code.

However, since that time, several conditions have changed: a large group of students, acting in an orderly and responsible manner, has pointed out injustices in the Code; many faculty members have agreed that these injustices did exist; and the Senate tonight has just voted to eliminate these injustices. Therefore, the Senate goes on record as requesting the Administration to reconsider the restrictions prohibiting the four suspended students from attending classes and taking final examinations.

The Resolution was seconded. Following discussion the Senate voted by a count of 71 to 58 to table the Resolution.

Professor Williamson asked that it be noted that as Chairman of the Appeals Board he did not vote on the motion to table the Resolution.

Dr. Plucknett presented a motion that the Senate adopt the following procedures in considering the Revised Governing Regulations, and the Senate approved the motion:

1. that this meeting be recessed until 4:00 p.m., Tuesday, May 6th, at which time it shall reconvene for consideration of the proposed revised document;
2. that if necessary the Senate recess at 5:30 to reconvene at 7:30 that evening; again recess at 9:30 to reconvene the next day at 4:00 p.m., etc., until final action is taken on the document;
3. that the document be considered in the largest segments possible, e.g., the document as a whole, if no objection; however, if this is not acceptable, then consideration of the major subdivisions be attempted, etc.;
4. that any proposed amendments shall be in writing and in the hands of the Chairman of the Senate Council prior to the convening time, namely, 4:00 p.m., May 6, and
5. that no amendments from the floor be accepted, except amendments to amendments.

The Senate recessed at 9:30 p.m. to reconvene at 4:00 p.m., Tuesday, May 6, 1969, in the Court Room of the Law Building.

The Senate reconvened at 4:00 p.m., May 6, 1969, in the Court Room of the Law Building. Chairman Ogletree presided. Members absent: Lyle N. Back*, Harry V. Barnard, Norman F. Billups*, Harold R. Binkley*, Ben W. Black, Frederick J. Bollum, Wallace N. Briggs, Herbert Bruce*, Virgil L. Christian, Jr., Carl B. Cone*, Robert L. Cosgriff*, Emmett R. Costich, M. Ward Crowe*, Robert J. Swintosky*, Wallace Bryan.

The Senate approved the requests of Jerry Buckman and Al Sharp of the Graduate Student Association to attend the meeting.

The Chairman pointed out to the Senators that they could only recommend amendments to the proposed Governing Regulations which would move, by way of the Joint Faculty-Board Committee on Governing Regulations, to the Board of Trustees. He reported further that the Joint Faculty-Board Committee had submitted the Report to the Board of Trustees, which would also possibly recommend amendments, and that the recommended amendments from both the Board and the Senate would then go to the Joint Faculty-Board Committee for resolution in some manner yet to be determined, and finally submitted to the Board of Trustees for final action.

Motion was made and seconded to accept the entire Report.

Motion was made and seconded to recommend that the first sentence at the top of page 19 of Section IV be changed to read as follows:

In addition, there shall be five voting student members of the Senate: the President of Student Government, two members elected by the Legislative branch of Student Government, the President of the University Student Advisory Council, and the President of the Graduate Student Association.

Following discussion, amendment to the above amendment was presented as follows:

In addition, there shall be twelve voting student members of the Senate consisting of the President of Student Government, ten members elected by the Legislative Branch of Student Government, and the President of the Graduate Student Association.

The amendment to the amendment was defeated. The Senate then approved the original amendment by a vote of 53 to 46.

Question was called of the presence of a quorum. A count indicated the lack of a quorum. The Senate then approved a motion that the Senate adjourn and reconvene as a Committee of the Whole. Dr. Ogletree was appointed as Chairman of the Committee of the Whole and the meeting reconvened with all actions taken by the Committee of the Whole having no validity until ratification of those actions by the Senate.

By a vote of 58 to 30 the Committee of the Whole defeated an amendment to add the following sentence to the amended sentence at the top of page 19 of Section IV:

In the event that any one of these students is unable to attend a Senate meeting, he may designate an alternate by notifying the Registrar in writing at least 24 hours before the meeting.

The Committee of the Whole defeated an amendment to change the fourth paragraph under Section V, page 22, to read as follows:

The Dean of the CC System shall be ex officio chairman (or President) of the Senate of the CC System. The Chairman of the CC Council shall serve as presiding officer of the Senate for all meetings, except as he may delegate this function.

The Committee of the Whole defeated an amendment to include the words "or Programs" after the word "Institutes" in the second line under Section A, arabic 1, on page 27.

By a vote of 35 to 33 the Committee of the Whole approved the deletion of the following:

delete the last sentence in the second paragraph on page 32 which reads as follows:

Copies of minutes of college faculty meetings, after approval by the faculty, shall be filed with the Secretary of the Senate.

delete the second paragraph on page 34 which reads as follows:

Copies of the minutes of meetings of a School faculty shall be filed, after approval by the faculty, with the Secretary of the Faculty of the College of which the School is an administrative unit.

delete the last sentence in the second paragraph on page 35, which reads as follows:

Minutes of departmental faculty meetings shall be filed, after approval by the faculty, with the secretary (secretaries) of the School and/or College of which the department is a member.

The Committee of the Whole approved the addition of the following sentence after line 5 on page 33:

Any such differences in standards must be approved by the University Senate.

The Committee of the Whole approved the insertion of the following two phrases as indicated:

in line 7 on page 35 insert the phrase "within the department" between the words "used" and "in".

in line 11 on page 35 insert the phrase "on the departmental level" between the words "used" and "in".

The Committee of the Whole recessed at 5:30 p.m. to reconvene again at 7:30 p.m.

The Senate reconvened at 7:30 p.m. in the Court Room of the Law Building. Chairman Ogletree presided. Members absent: Charles Auvenshine, Lyle N. Back*, Harry V. Barnard, Norman F. Billups*, Harold R. Binkley*, Ben W. Black, Frederick J. Bollum, Eugene B. Bradley, Wallace N. Briggs, Herbert Bruce*, W. Merle Carter, Virgil L. Christian, Jr., David B. Clark, Carl B. Swintosky*, Wallace Bryan, Sheryl Snyder.

The Senate ratified all actions which had been taken while it was operating as a Committee of the Whole.

By a vote of 30 to 27 the Senate defeated a recommendation to change line 12 on page 34 to read "and of all department members having the rank of assistant professor, associate professor, or professor who are members of the . . ." so that the sentence would read:

The faculty of a department shall consist of a chairman and of all department members having the rank of assistant professor, associate professor, or professor who are members of the faculty of the School and/or College of which it is a member.

The Senate approved a recommendation to delete the phrase "with the department chairman" from line 6 on page 35.

The Senate approved a recommendation to add the words "or program" after the word "institute" in the first line of the first paragraph on page 36.

The Senate defeated a recommendation to delete item 9. at the bottom of page 37 and replace it with the following:

9. Student Participation

The University of Kentucky takes pride in its effective use of students in the development of educational policy. In developing and rewriting the rules of procedure in educational units of the University, the faculty should continue to seek to provide for participation of students in the development of educational policies.

By a vote of 43 to 19 the Senate defeated a recommendation to delete the phrase "other functions" from line 3 of the first paragraph on page 38.

The Senate approved a recommendation to insert the word "Legal" between the words "University" and "Counsel" in the sixth line from the bottom of page 41.

The Senate defeated a recommendation to include the word "discipline" in line 4 on page 43.

The Senate defeated a recommendation that everything be deleted in the first paragraph on page 44 beginning with the word "including" in line 8 to the end of the paragraph.

Recommendation was made that no reference be made to the development of a residential college system as contained in lines 9 and 10 of the first paragraph on page 44. The Senate defeated this recommendation.

The Senate approved a recommendation to insert the following sentence before "He shall be . . ." in line 13 on page 46:

He shall review the performance evaluations, made by the department chairman, of members of his college.

The Senate approved a recommendation to insert the phrase "salaries, salary changes," following the word "on" in line 14, page 46.

The Senate approved a recommendation to insert the phrase "salaries, salary changes," following the word "department," in line 9 on page 48.

The Senate approved a recommendation to insert the word "major" between the words "the" and "administrative" in line 9 on page 49.

The Senate approved a recommendation to remove the last sentence from page 49.

The Senate approved a recommendation to change item 4, on page 55 to "4. Terms of Chairmen" and to add the subhead "a) Terms of Department Chairmen".

The Senate approved a recommendation to add the following subhead following line 7 on page 56:

b) Terms of Interdisciplinary Instructional Programs

and to add the following sentence under this subhead b)

Insofar as applicable, the rules for the appointment and reappointment of a departmental chairman shall also apply to the appointment and reappointment of a chairman of an interdisciplinary instructional program.

The Senate approved changing the word "interest" in line 4, page 50, to "interested".

The Senate approved a recommendation that the first sentence at the top of page 52 be amended to read:

The committee will provide the opportunity for representative administrative, faculty and student groups to meet with prospective presidential candidates.

The Senate approved a recommendation to add the following sentence to the last paragraph at the bottom of page 53.

The faculty of an educational unit shall participate in a formal manner in the selection of a search committee for their chief administrative officer.

In the last line at the bottom of page 60 move the parenthesis following the word "year" to follow the word "less".

Recommendation was made to amend the number of months in line 8, page 61, from "six" to "three". The Senate defeated this motion.

On page 62, line 7, the word "advisory" should be corrected to "advisor".

By a vote of 34 to 29 the Senate approved a recommendation to change the word "should" to "shall" and the word "or" to "and" in line 11, page 62.

Minutes of the University Senate, April 24, 1969 (Cont'd.)

The word "if" preceding the word "higher" in line 15 on page 63 should be changed to "is".

The Senate approved a recommendation to insert the word "however," between the words "later," and "he" in line 18, page 63.

The Senate approved a recommendation to delete the phrase "and the scale of reimbursement" from the second line on page 66, to add the word "and" at the end of the first line, and to place a period after the word "assignment" in the second line.

The Senate approved a recommendation to delete the last sentence on page 69.

The Senate approved a recommendation to insert the following phrase following the word "University" in line 5 under section 5, subhead (a) on page 69:

or shall be eligible after three years for a semester's sabbatical leave of absence at one-half pay.

The Senate approved a recommendation to insert the following phrase after the word "salary" in line 4 of the third paragraph under section 5 (a) on page 69:

or shall be eligible after three years for a semester's sabbatical leave of absence at one-half pay.

The Senate approved a recommendation that the last paragraph at the bottom of page 75 which is continued to the top of page 76, be deleted, and the following paragraph be substituted:

Group I employees who had reached the age of fifty-six prior to July 1, 1964, had the choice of retaining the benefits of the "Change of Assignment" plan or participating in the TIAA-CREF plan. The University provides supplemental retirement income for those participating in the TIAA-CREF program who were age forty or older prior to July 1, 1964, and who were eligible to participate in the Group I plan on July 1, 1964.

The Senate approved a recommendation to add an asterisk after the word "Fund" in line 13, page 75, which would refer to the following footnote to be added to the bottom of the page:

*As adopted April 7, 1964, and modified by subsequent amendment.

Recommendation was made that Section XI on page 77 be amended by modifying subsection A, adding a new subsection B, and re-lettering all subsequent subsections. The proposed modification of subsection A and the proposed new subsection B follow:

A. UNIVERSITY OF KENTUCKY STUDENT GOVERNMENT

The University of Kentucky Student Government is recognized by the Board of Trustees and the University Senate as the official

undergraduate student body authority in University affairs, in order to insure a maximum of self-government and to create mutual respect and liaison between undergraduate students and graduate and professional students, faculty and administration. It shall provide for and render services to the undergraduate students, faculty and administration of the University, and shall represent undergraduate student opinion to the faculty, the graduate and professional students, the administration and the Board of Trustees. It may have responsibilities delegated to it by the Office of the Vice President for Student Affairs and/or the University Senate.

The President of the University of Kentucky Student Government shall be considered to be the President of the Undergraduate Student Body of the University specified in KRS 164.130.

The University of Kentucky Student Government shall be representative of the undergraduate student body of the University System of the University of Kentucky. It is authorized to develop rules for its composition and procedure. Copies of the rules shall be supplied to all members of the undergraduate student body of the University System, to the Secretary of the University Senate, to the Vice President for Student Affairs, to the President of the University and to the Secretary of the Board of Trustees.

The Board of Trustees also authorizes the development of student governments for the Community College System and/or individual community colleges.

B. UNIVERSITY OF KENTUCKY GRADUATE STUDENT ASSOCIATION

The University of Kentucky Graduate Student Association is recognized by the Board of Trustees and the University Senate as the official graduate and professional student body authority in University affairs, in order to insure a maximum of self-government and to create mutual respect and liaison between graduate and professional students and undergraduate students, faculty and administration. It shall provide for and render services to the graduate and professional students, faculty and administration of the University, and shall represent graduate and professional student opinion to the faculty, administration and Board of Trustees. It may have responsibilities delegated to it by the Office of the Vice President for Student Affairs and/or the University Senate.

The President of the University of Kentucky Graduate Student Association shall be considered to be the President of the Graduate and Professional Student Body of the University.

The University of Kentucky Graduate Student Association shall be representative of the graduate and professional student body of the University System of the University of Kentucky. It is authorized to develop rules for its composition and procedures. Copies of the rules shall be supplied to all members of the graduate and professional study body of the University System, to the Secretary of the University Senate, to the Vice President for Student Affairs, to the President of the University and to the Secretary of the Board of Trustees.

In connection with this recommendation the Chairman called attention to the following statement from Dr. Weaver who was unable to be present, and asked that the Senators read it:

This opinion is written on the basis of my understanding that an amendment is to be proposed that would make a graduate student organization an official body of the University comparable to Student Government. In my opinion this would be equivalent to setting up more than one faculty Senate on the basis that the interests of different divisions of the University are diverse. The Student Government is, and I believe must be, the voice of the student body, undergraduate, graduate, and professional. On this basis the President of Student Government has been made the student member of the Board of Trustees. The Student Government has been made the official body, operating on a set of rules instead of a constitution, to which functions may be assigned by the Senate and the Office of Student Affairs. It is the student organization whose recommendations the President is specifically designated to take to the Board of Trustees upon request. The student body may be expected to participate in the affairs of the University to the extent that the Student Government is a reliable, representative body. If it is not now such a body every effort should be made to make it so.

A graduate student organization may serve many useful functions operating with the Graduate School and within the framework of Student Government.

Following discussion the Senate voted to table the amendment.

At 9:30, the designated hour for recess, the Chairman asked the Senators if they wished to proceed or to recess to 4:00 p.m. the following day. The Senate voted to continue and the meeting resumed.

In the third line of footnote 6 on page 79 the word "to" should be changed to "by".

The Senate approved a recommendation to add the following sentences to the end of footnote 6 on page 79:

Any additional rules and regulations of the University Senate and administration must be consistent with that document. Amendments to that document are made by the Board of Trustees after consultation with the University Senate, the administration, and the University of Kentucky Student Government.

The Senate approved a recommendation to change the word "control" to "supervision" in the first line of the first paragraph under arabic 3, on page 84.

A recommendation that the remainder of the paragraph, beginning with the sentence "In addition, . . ." in line 6 on page 82, be eliminated, and the following substituted, was approved by the Senate, subject to approval of the past actions of the Senate by the Board of Trustees:

As a safety precaution, in the event that the Vice President for Student Affairs has reasonable cause to believe that a

student's presence will probably result in injury to himself, others or University property if he is not immediately restricted, the Vice President may take such precautionary actions for a maximum of 48 hours as he considers necessary to protect members of the University community or its property, including total exclusion from University property. Upon taking such action, the Vice President shall notify the University Appeals Board. This Board is empowered to change or to extend the action of the Vice President, but the Board shall not prohibit the student from attending class, using the library, or fulfilling any other responsibility that it may deem necessary for his academic work.

Such temporary precautions shall be enforced only for such time as the conditions requiring them exist. Accordingly, the circumstances shall be reviewed by the Board prior to every semester, and in addition, promptly after an appeal in writing from the student involved.

The Senate approved a recommendation to delete "different major parties" from the sixth line of the third paragraph under XII. E. on page 87 so that the relevant part of that paragraph now reads ". . . with invitations extended to the candidates on an equal basis."

The Senate approved a recommendation to delete the last sentence on page 88 and to substitute the following:

The action of any individual in operating or parking his vehicle on the property of the University shall be deemed to constitute his acceptance of the authority of the University to develop and enforce regulations for the control of motor traffic vehicle traffic and parking on University property. However, by such action he shall not be deemed to have waived his right to challenge any regulation or the administration of any regulation as being arbitrary and unreasonable and beyond the lawful authority of the University.

The Senate approved a recommendation to add the word "Normally," immediately preceding "Official recommendations . . ." in line 4 under subsection H on page 90, to add the word "However," as the first word in the second paragraph under subsection H on page 90, and to replace the period with a comma after the word "faculty" in the second line of the second paragraph under subsection H, page 90, and add the following phrase:

nor shall it prevent members of the faculty from communicating directly with any administrative officer or member of the Board of Trustees when they feel that this is in the best interests of the University, or when they have a grievance against an intermediate administrative officer.

A recommendation was presented to add a Section I following the second paragraph under subsection H on page 90, as follows:

I. Redress of Grievances

All faculty members having grievances regarding their conditions of employment, termination of employment, or compensation and changes in compensation, shall have the

right to appeal decisions of an administrative officer to the next higher administrative officer, up to the Executive Vice President. Appeals from his decisions shall be made to the faculty Committee on Tenure and Privilege, which shall then make a recommendation for final decision to the President.

An amendment was presented to amend the proposed amendment to read as follows:

I. Redress of Grievances

All faculty members having grievance regarding their conditions of employment, termination of employment, or compensation and changes in compensation, shall have the right to appeal decisions of an administrative officer to the next higher administrative officer, up to the President.

The Senate disapproved this recommended change in the original amendment.

A recommendation was then made to amend the amendment to refer appeals from the Executive Vice President to a committee of the Senate. The Senate approved this amendment to the amendment.

The Senate then approved the original amendment as amended which reads as follows:

I. Redress of Grievances

All faculty members having grievances regarding their conditions of employment, termination of employment, or compensation and changes in compensation, shall have the right to appeal decisions of an administrative officer to the next higher administrative officer, up to the Executive Vice President. Appeals from his decisions shall be made to a faculty committee of the Senate which shall then make a recommendation for final decision to the President.

The entire Report, as amended, was approved by the Senate.

Motion was made and approved that in the event the Board of Trustees acts, making it necessary or advisable for the Senate to meet this summer, a call to the Senate be made and if the meeting is forced to adjourn because of a call for a quorum which is not met, the Senate Council then be empowered to act on behalf of the Senate.

By acclamation, the Senate approved a motion to extend its deep appreciation to Dr. Weaver for the efforts expended in the revision of the Report and to the joint Faculty-Board Committee who prepared the Report.

The Chairman thanked the Senate on a job well done.

The meeting adjourned at 10:22 p.m.

CODE OF STUDENT CONDUCT:
RULES, PROCEDURES AND RESPONSIBILITIES

Introduction

The University is empowered by Kentucky Law K. R. S. 164.200 to establish a disciplinary system to govern the campus. The statute provides:

“The Board of Trustees may establish proper regulations for the governance of the University and the physical training, military or otherwise, of the students. It may authorize the suspension and dismissal of students for neglect or violation of the regulations, or for other conduct prejudicial to the character and welfare of the University.”

By this publication of the rules governing student conduct, the University recognizes that students have both legal and moral rights to know the circumstances and manner in which this disciplinary power will be exercised and advises students that disciplinary rules will be enforced.

In order to devise such rules, the University must first assess the general relation of a contemporary University and its students. Today's student is at the University as a member of a community of scholars seeking to acquire and communicate knowledge, and so long as his conduct in and out of the classroom does not impinge on the rights of other such scholars the University should not exercise its powers to either condemn or condone. The concern of the University is to provide protection of, and facilities for, those who seek knowledge.

There are five separate areas of student-University contact:

1. the student as a citizen of the campus community;
2. the student as a tenant;
3. the student as a member of a student organization;
4. the student as an employee;
5. the student as a customer for goods and services.

Only in the first of these areas can the University appropriately apply its distinctive disciplinary punishments, such as suspension and expulsion, although it can employ analogous measures against student organizations and thereby indirectly affect the student himself.

As an employer or retailer, however, the University has the same rights and privileges as any other person or organization in the same capacity. In these two areas, the University must apply only those powers which any employer or retailer enjoys in his relationship to his employees or customers, though this may include such regulations as limiting employment to those students in good standing with the University as to both academic and disciplinary matters.

While it is true that as a landlord the University is also acting in a normal business enterprise, the relationship thus established is one designed solely for students to assist them in their scholarly endeavors. As such it directly affects the environment in which the student operates. Therefore, attention has been devoted to establishing procedures in this area as well as in the two primary areas involving the student-University relationship.

Accordingly, the material which follows encompasses the first three categories, where the University has a role in regulating student conduct, and each is sub-divided to include the three basic divisions of any disciplinary system:

- a. the offenses which call for disciplinary proceedings;
- b. the proceedings themselves;
- c. the punishment which may be imposed for the offense.

Statements of student rights and financial responsibility are also included.

This Code does not cover decisions of the faculty of a professional school as to character, moral or ethical, required of a student for purposes of awarding a degree or certificate, or for continuation as a candidate for such degree or certificate. Therefore, such decisions are not subject to review within the procedures established herein.

ARTICLE I—THE UNIVERSITY JUDICIAL SYSTEM

Section

1.1 *Authority of the President of the University*

Under the provisions of K.R.S. 164.200 the Board of Trustees is responsible for student discipline. The Board hereby delegates this responsibility to the President of the University.

1.2 *The Academic Offenses*

There are two specific offenses against the academic community, plagiarism and cheating.

Section

1.21 *Plagiarism*

All academic work, written or otherwise, submitted by a student to his instructor or other academic supervisor, is expected to be the result of his own thought, research, or self-expression. In any case in which a student feels unsure about a question of plagiarism involving his work, he is obliged to consult his instructor on the matter before submitting it.

1.211 When a student submits work purporting to be his own, but which in any way borrows ideas, organization, wording or anything else from another source without appropriate acknowledgement of that fact, the student is guilty of plagiarism.

1.212 Plagiarism includes reproducing someone else's work, whether it be a published article, chapter of a book, a paper from a friend or some file, or whatever. Plagiarism also includes the practice of employing or allowing another person to alter or revise the work which a student submits as his own, whoever that other person may be. Students may discuss assignments among themselves or with an instructor or tutor, but when the actual work is done it must be done by the student, and the student alone.

1.213 When a student's assignment involves research in outside sources of information, he must carefully acknowledge exactly what, where and how he has employed them. If he uses the words of someone else, he must put quotation marks around the passage in question and add an appropriate indication of its origin. Making simple changes while leaving the organization, content, and phraseology intact is plagiaristic. However, nothing in these rules shall apply to those ideas which are so generally and freely circulated as to be part of the public domain.

1.22 *Cheating*

Cheating is defined by its general usage and is sufficiently well understood as such. To avoid creating loopholes for the ingenious, a more explicit definition is not attempted and the final determination of what might constitute cheating is left to the judicial agencies.

1.3 *Other Offenses*

Offenses as defined below are punishable disciplinary offenses. As used in the specified offenses, University property is defined

as all real property owned, or leased to, and operated exclusively by the University and all such property leased to or operated by non-student organizations which are under the control and regulation of the Board of Trustees of the University of Kentucky.

- a. Interference with, or coercive action against, any registered organization or any individual on property owned or operated by the University, including but not limited to disruption of classes or meetings, or prevention of ingress to and egress from buildings.

An action interferes, disrupts, or is coercive if it impedes University operations or interferes with the rights of others, causes damage to property, threatens violence against any person or takes place on premises where students are not authorized to be.

In the event a student engages in a disruptive or coercive act, including participation in a disruptive or coercive demonstration, the penalty will be expulsion or suspension or, upon finding that substantial mitigating circumstances exist, undated suspension.

- b. Lifting, taking, or acquiring possession of, without permission, any academic material (tests, information, research papers, notes, books, periodicals, etc.) from a member of the University faculty or staff or any comparable violation of academic security;
- c. Abusive, obscene, drunken, violent or excessively noisy misbehavior in the classroom or in or on University property at any time;
- d. Stealing any item of tangible or intangible personal property from the University or from a member of the University faculty, staff or student body;
- e. Malicious or otherwise unwarranted defacing, disfiguring, damaging or destruction of property belonging to the University or to a member of the University community.
- f. The threat of, or commission of, physical violence against any member of the University community or any person present on University property except while engaged in authorized sports activities.

Section

- g. Knowingly passing a worthless check or money order in payment of any financial obligation to the University or to a member of the University community acting in an official capacity;
- h. Any violation of University rules regarding the operation and parking of motorized vehicles;
- i. Any violation of University rules regarding the use of University property;
- j. Hazing of any kind;
- k. Any misuse by a student of his position as a student, or his right to use University property, to commit, or to induce another student to commit, a violation of local, state or federal laws;
- l. Falsifying, altering, or forging any official University records or documents, or employing official University documents or records for purposes of misrepresentation.

1.4 *University Policy on the Student and Local Authorities*

The University does not desire to be a policing authority for the activities of the student outside the University community nor a sentencing authority for violations of state or local law. However, the preservation of an academic atmosphere conducive to the student's learning and maturing process may require that on occasion the University impose sanctions upon an individual for the protection and well-being of the total academic community.

- 1.41 The University cannot undertake to act as a collection agency for landlords, retail stores, etc., nor to impose disciplinary punishment for a student's misconduct outside the campus community unless that misconduct falls within the specified punishable offenses or is so serious as to be covered by the provisions of Section 1.55.
- 1.42 The University may report violations by students of state or local law to the appropriate officials.
- 1.43 The University cannot accept remand of students charged or convicted of violations of state or local law for the purpose of imposing disciplinary punishment. However, a University representative may accept court appointment of probation of a

Section

student to his care and impose such requirements as he sees fit. If such student violates these requirements, he must be returned to court for such further proceedings as the court shall determine, but not for University disciplinary punishment.

- 1.44 A student charged with a violation of federal, state or local law may request assistance from the Dean of Students Office. After receipt of the student's request and a review of the charge(s) and circumstances surrounding the incident, a member of the Dean of Students staff may be made available to counsel and assist the student.

1.5 *The Procedures*

1.51 *The Role of the Office of the Dean of Students*

- 1.511 When the Dean, after investigation into an alleged violation of the disciplinary rules, believes a student has committed a disciplinary offense, he shall counsel with such student and may outline proposed disciplinary punishment and/or counseling. In cases where personal or public property has been stolen, defaced, disfigured, damaged or destroyed, the disciplinary action and/or counseling shall include an appropriate monetary reimbursement for compensatory damages.

- 1.512 If the student is not willing to accept the course of conduct outlined by the Dean, or if the student so desires at any time after notification of alleged involvement in a disciplinary offense, the Dean shall forward the reports and evidence concerning the case to the University Judicial Board for action. The Dean is thereafter concerned with keeping the records of the University Judicial Board and Appeals Board and in aiding the student to comply with any punishment decreed by either Board.

- 1.513 Within the rights of the student at the University of Kentucky, the Vice President for Student Affairs may contact the parents, or other persons as he deems appropriate, in matters of discipline.

1.52 *The University Judicial Board*

There shall be a University Judicial Board, hereinafter referred to as the U. J-Board, with appellate jurisdiction over the decisions of any Residence Judicial Board and original jurisdiction

Section

over cases involving alleged violations by students of the stated University disciplinary offenses.

1.521 *Authority*

- a. The U. J-Board shall receive appeals by accused students from decisions of any Residence J-Board pursuant to Section 2.4 of this document, and shall have the authority to reverse the decision of the Residence J-Board regarding the student's guilt or to mitigate, but not to increase, the punishment imposed by the Residence J-Board.
- b. The U. J-Board shall have the sole authority to determine the issue of guilt in those cases referred to it pursuant to 1.512. It shall have the sole authority to impose punishment short of actual suspension or expulsion upon any student found guilty of a violation of University disciplinary rules. If the U. J-Board believes that actual suspension or expulsion is the appropriate remedy, it shall recommend such action to the President of the University.

1.522 *Composition*

The U. J-Board shall consist of seventeen persons: seven graduate or professional students, five male undergraduate students, and five female undergraduate students.

- a. When the accused is a graduate or professional student, the Board shall be composed only of its graduate or professional members.
- b. When the accused is an undergraduate student, the Board shall be composed of all the undergraduate members with at least two members of each sex present, except that the accused student may request, prior to his or her hearing, a board composed only of the members of his or her sex.
- c. In any proceeding of the graduate board or the full undergraduate board, at least five members of the appropriate board must be present to hear the case. Any decision of the U. J-Board must be by majority of the members of the board sitting on the case.

1.523 *Eligibility Requirements*

- a. A graduate or professional member of the U. J-Board shall be a full-time student enrolled in the Colleges of Dentistry,

Section

Law, Medicine or in the Graduate School, who has been in residence at least one semester and is in good standing within his or her appropriate school or college.

- b. An undergraduate member of the U. J-Board shall be a full-time, undergraduate student, other than a freshman, who has had at least one year of residence on the Lexington campus and has at least a 2.5 cumulative average.

1.524 *The Appointment Process*

The Senate Advisory Committee on Student Affairs shall screen all applications for membership and forward those approved to the President of the Student Body who, with the advice and approval of the Vice President for Student Affairs, shall make the final appointment of the members of the U. J-Board.

1.525 *Terms of Office*

- a. All graduate or professional members and three of the male and three of the female undergraduate members shall be appointed for one-year terms and shall be subject to re-appointment. The remaining undergraduate members shall be appointed for two-year terms on a staggered basis.
- b. Three unexcused absences in any one semester shall constitute automatic dismissal from the U. J-Board. The U. J-Board acting as a unit may make such additional regulations regarding absences as it may deem appropriate. All requests for excused absences shall be made to the Vice President for Student Affairs, whose decision shall be final.

1.53 *The University Appeals Board*

There shall be a University Appeals Board with appellate jurisdiction over all decisions of the University Judicial Board and over decisions of any faculty members on matters of University academic offenses.

1.531 *Jurisdiction in Cases of Disciplinary Offenses*

- a. Within 30 days after receipt of the decision of the U. J-Board, any accused student may appeal in writing to the Vice President for Student Affairs for review by the Appeals Board of the U. J-Board's finding of guilt or for review of the nature or severity of the punishment imposed or recom-

Section

mended by the U. J-Board. The Vice President shall forward the appeal to the Chairman of the Appeals Board for appropriate action.

- b. If the President of the University in his official capacity believes that the punishment imposed by the U. J-Board was inadequate for the offense committed, he may request a review thereof by the Appeals Board. Such a request shall be directed to the Chairman of the Appeals Board within 30 days of the decision by the U. J-Board.

1.532 *Disposition of Cases of Disciplinary Offenses*

- a. If the student appeals on the issue of fact regarding commission of the offense, the Appeals Board shall review the evidence and its decision shall be final.
- b. If the student appeals on the issue of the nature or severity of the punishment, or if the President requests a review of the punishment, the Appeals Board shall recommend what it believes to be the appropriate punishment to the President, who shall set the punishment. When the student is appealing on the issue of the punishment, the Appeals Board may not recommend a more severe punishment than that imposed by the U. J-Board, but when the President requests a review the Appeals Board shall recommend any punishment it believes appropriate to the offense.
- c. Any decision and/or recommendation by the Appeals Board must be by a majority of those members sitting on the case.

1.533 *Appeal on the Issue of Guilt in an Academic Offense*

The Appeals Board shall hear and resolve all appeals from any student of a decision of a faculty member that the student has cheated or plagiarized in any examination or paper given by or submitted to the faculty member.

- a. The Appeals Board may agree or disagree with the instructor as to the fact of the alleged violation and the Board shall be the final determinant on this issue of fact.
- b. The student's appeal must be filed in writing with the Chairman of the Appeals Board within 30 days after the student has been notified of the action taken by the instructor.

Section

1.534 *Appeal on the Issue of Punishment in an Academic Offense*

- a. Once the fact has been determined that cheating or plagiarism has occurred, the faculty member may impose any punishment up to and including the awarding of an E grade on the test or paper on which the cheating or plagiarism occurred and such punishment is not subject to appeal.
- b. If the instructor imposes punishment greater than an E grade on the test or paper involved, the student shall have the right to appeal in writing to the Chairman of the department in which the offense occurred within 30 days after the student has been notified of the action taken by the instructor. The Department Chairman may in his discretion recommend a review by the Appeals Board of the punishment imposed. If the Board agrees with the faculty member, its decision shall be final. If the Board believes the punishment is too severe, the Board shall set the punishment unless such punishment involves the changing of a grade. In such case the Board shall recommend to the Department Chairman the grade it deems appropriate. The Department Chairman shall then consult with the faculty member concerning the appropriate disposition of the case.
- c. In any case where the punishment proposed by the instructor is suspension or expulsion of the student, the case shall be automatically referred to the Appeals Board for review. If the Board concurs with the faculty member, it shall recommend to the President of the University for his approval and implementation that the punishment of suspension or expulsion be imposed. If the Board does not agree that such punishment should be imposed, it shall return its decision and its recommendation of appropriate punishment to the Department Chairman who shall consult with the faculty member as to the appropriate punishment.

1.535 *Composition of the University Appeals Board*

The University Appeals Board shall consist of nine members, three full-time students and six faculty members. In addition, there shall be three student alternates and three faculty alternates, who shall be selected on the same basis and with the same requirements as the regular members. All members of

Section

the Appeals Board and/or their alternates shall be expected to meet within 48 hours notice.

a. *The Student Members*

The students will be a graduate or professional student, a male undergraduate and a female undergraduate. The undergraduates must be seniors with at least a 2.5 overall average and the graduate or professional student must have been in residence at least one year and in good standing in his or her school or college. They will be selected by the President of the University by such methods and procedures as he shall deem appropriate. Their appointments shall be for one-year terms.

b. *The Faculty Members*

The faculty members shall be appointed to staggered three-year terms by the President of the University upon the recommendation of the University Senate Council. The Chairman shall be chosen from among the faculty members by like procedure.

c. *Other Procedural Rules*

A quorum for the conduct of business will be seven members, not less than five of whom are faculty members.

1.54 *Summer Sessions*

If sufficient members of any board will be present during the summer session, it will continue to function. If not, the Board has the authority to delegate its duties by the creation of a special board. Any member of the Board who is present will automatically be a member of such a special board.

1.55 *Emergency Circumstances*

In the event that the Vice President for Student Affairs has reasonable cause to believe that a student's presence may result in injury to himself, others, or University property, or in the event that he has been charged with a crime so serious as to threaten the welfare of the University community, the Vice President may impose such temporary sanctions as he considers necessary to protect members of the University community or its property, including exclusion from University prop-

Section

erty. Upon taking such action, the Vice President shall notify the University Appeals Board. The student may appeal the Vice President's decision to the University Appeals Board, in writing, within 30 days. The Board shall consider the student's academic needs to attend class, use the library, and fulfill his other academic responsibilities in making its recommendation. This Board may recommend to the President of the University changes or extensions of the Vice President's action. The President then shall determine the sanctions to be imposed.

Such temporary sanctions shall be enforced only for such time as the conditions requiring them exist. Accordingly, the circumstances shall be reviewed by the Board whenever there are indications that they have changed and upon an appeal in writing from the student involved.

1.56 *Honor Codes*

1.561 Where any school or college has established, or shall establish, an Honor Code or comparable system which is governed by the students with approval by and/or appeal to the faculty of such school or college, the procedures outlined above shall not govern the following offenses to the extent that they are included as offenses subject to the Honor Code and committed by a student subject to such system:

- a. The academic offenses
- b. Disciplinary offense number 1.3 (b), to the extent that it is committed within the school or college subject to such system
- c. Disciplinary offense number 1.3 (c) as it pertains to the classroom

1.562 Such Codes may include as offenses such other actions as are deemed appropriate but cannot cover the offenses described in this report except as stated above.

1.563 The punishment meted out to a student governed by such a system shall be as designated thereby except that actual suspension or expulsion shall be imposed only with the recommendation of the Dean of the school or college and upon the approval of the President of the University.

Section

1.564 The procedures of all such Honor Code systems must conform to the statement of student rights herein contain as Article 3.

1.565 The establishment of such an Honor Code shall include approval by majority vote of the students to be covered and by the faculty involved. Such codes are subject to review for fairness and clarity by the Senate Advisory Committee on Student Affairs upon request of the Vice President for Student Affairs.

1.6 *The Punishments*

1.61 *Punishments for Disciplinary Offenses*

Only the following punishments may be given to a student found guilty of a commission of a University disciplinary offense. In cases where personal or public property has been stolen, defaced, disfigured, damaged or destroyed the disciplinary action shall also include an appropriate monetary reimbursement for compensatory damages.

1.611 *Expulsion:*

permanent forced withdrawal from the University. [see 1.521 (b); 1.531 (b); 1.532 (b)]

1.612 *Actual Suspension:*

forced withdrawal from the University for a specified period of time. [see 1.521 (b); 1.531 (b); 1.532 (b)]

1.613 *Undated Suspension:*

same as actual suspension except that the student is permitted to remain on campus provided he follows stated conditions imposed with the punishment.

1.614 *Disciplinary Probation:*

placing of the student under such social and behavioral restrictions as the J-Board shall establish and publish after consultation with the Vice President for Student Affairs.

1.615 *Reprimand:*

an admonition which can include a reasonable requirement for additional academic or nonacademic labor in keeping with the offense committed.

Section

1.62 *Punishments for Academic Offenses*

Only the following punishments may be given to a student found guilty of a commission of a University academic offense.

1.621 *Expulsion.* [see 1.534(c); 1.563]

1.622 *Actual Suspension.* [see 1.524(c); 1.563]

1.623 *Undated Suspension.*

1.624 *Forced withdrawal from the course* and/or department in which the offense occurred, either with or without credit for the course.

1.625 *Any grade for the course* in which the offending paper or exam was submitted.

1.626 *Any grade on the paper or exam* in which the offense occurred.

ARTICLE II—THE RESIDENCE HALLS JUDICIAL SYSTEM

Section

2.1 *The Offenses*

The University is empowered to promulgate the rules of conduct for those students who use or dwell within University housing, which includes all buildings owned, or leased to, and operated exclusively by the University as student residences.

2.11 The Residence Halls Government shall be given legislative authority to establish, upon approval of the Vice President for Student Affairs, additional rules regarding conduct within their respective jurisdictions.

2.12 All such rules promulgated by either the University or the Residence Halls Government shall be prominently posted in the University buildings to which they apply.

2.2 *The Procedures*

2.21 *Residence Halls Governments*

There shall be a Residence Hall Government for each comprehensive geographical housing unit as designated by the Vice President for Student Affairs. Representatives to the Residence

Section

Hall Governments shall be elected in accordance with present regulations affecting elections of existing Residence Hall Governments.

2.22 *Resident Advisors*

Each housing unit shall have a resident advisor appointed by the Vice President for Student Affairs. This advisor shall have the duty to counsel and advise students having disciplinary problems affecting that student's relationship with the University as a landlord. He shall investigate any complaint of violation of the rules to determine the facts regarding such alleged violation. Such advisor shall have no authority to impose disciplinary punishment upon the student but, after counseling with the student, may suggest that the student accept certain voluntary disciplinary punishment or counseling and, if the student agrees to accept such punishment or counseling, the resident advisor shall see that the student carries out his agreement.

If the advisor and the student cannot agree on the appropriate punishment or counseling, or if, at any time, the student so requests, the resident advisor shall then present the results of his investigation of the facts to the Residence Judicial Board.

2.23 *The Residence Judicial Boards*

2.231 *Jurisdiction*

There shall be a Residence Judicial Board for each housing unit which shall have jurisdiction over all cases involving alleged violations of the applicable rules occurring within its respective housing unit. The Residence J-Board shall be responsible for determining the guilt or innocence of the accused and shall have the primary authority for imposing punishment if it determines that the student has committed a violation. Notice of the punishment determined shall be communicated to the resident advisor for implementation.

2.232 *Composition*

- a. Each Residence Judicial Board shall be composed of at least five and not more than nine residents of the respective housing unit, selected by the Resident Advisor upon a recommendation of the Residence Hall Government of that

Section

unit. The Residence Hall Government shall make its recommendations representative of the individual halls within the housing unit.

- b. All members of the Residence Judicial Boards shall be full-time students. Except where the housing unit is composed primarily of freshmen, they shall have been students at the University for at least one year, resident in a residence unit for at least a semester, and shall be a member of a class other than freshman.

2.3 *The Punishment*

The Residence Judicial Boards may impose any appropriate punishment up to and including dismissal from the housing unit, e.g., social probation, reprimand, fines, etc.

- 2.31 However, the Residence Judicial Boards may not impose disciplinary punishment on a University-wide basis, e.g., expulsion, suspension, or disciplinary probation.

- 2.32 Each Residence Judicial Board shall define a system of possible punishments for violations of the rules promulgated by the University and the corresponding Residence Hall Government.

2.4 *Right of Appeal*

Within 30 days after receipt of the decision of the Residence J-Board, any accused student may appeal in writing to the Vice President for Student Affairs for review by the U. J-Board of the Residence J-Board's finding of guilt or for review of the nature or severity of the punishment imposed or recommended. The Vice President shall forward the appeal to the appropriate chairman of the U. J-Board for action.

ARTICLE III—RIGHTS OF THE ACCUSED

In all proceedings of the U. K. Judicial System, the accused student shall be guaranteed the rights hereinafter enumerated.

Section

- 3.1 All students shall be guaranteed a fair hearing in all proceedings of all judicial agencies.

Section

- 3.2 No student shall be compelled to give testimony which might tend to incriminate him, and his refusal to do so shall not be considered evidence of his guilt.
- 3.3 The accused student shall be informed in writing of the reasons for his appearance before any judicial agency with sufficient particularity and in sufficient time to insure opportunity to prepare for the hearing.
- 3.4 The accused shall be entitled to receive upon request a copy of all rules and procedures governing the judicial agency within 24 hours prior to his appearance before the agency.
- 3.5 The accused student shall enjoy the right to hear and question the witnesses against him and to present witnesses in his own favor.
- 3.6 The accused shall enjoy the right to have the assistance of an advisor of his choice.
- 3.7 Only impartial members of the judicial agency shall sit in judgement of any case.
- 3.8 The accused shall have access to a permanent verbal or written transcript of every hearing of every judicial agency.

ARTICLE IV—THE UNIVERSITY AS A SUPERVISOR OF
STUDENT ORGANIZATIONS

Section

4.1 *The Offenses*

A student organization may not retain registration or may be subject to some lesser punishment if it is guilty of the following:

4.11 Hazing

4.12 Disorderly conduct

4.13 Interference with activities of the University, of any other registered organization, or of any individual; except that peaceful picketing will be permitted so long as it does not directly inhibit the carrying out of an activity on University property. An organization intending to picket shall inform the Dean of Students and Director of Safety and Security as to time and place.

Section

- 4.14 Poor academic performance by the membership of a social or specialty organization or social misconduct by any organization.
- 4.15 Discrimination against any person due to race, color, sex or religious affiliation or belief, except when the express and legitimate purposes of the organization require limitation as to sex and religion.
- 4.16 Enrolling as an official member or electing or retaining as an officer or committee chairman any student on academic probation.
- 4.17 Being organized for an illegal or immoral purpose.
- 4.2 *The Punishment*
The supervision of student organizations shall rest with the Vice President for Student Affairs.
- 4.21 *Registration*
Any organization which wishes to use the University of Kentucky name or University property or to solicit thereon, and any organization whose voting membership is limited solely to students or students and faculty or staff, must complete the registration form available in the office of the Vice President for Student Affairs.
- 4.211 Any organization whose voting members and whose officers are limited to students, faculty and staff of the University, is automatically entitled to registration so long as it completes the required application form and abides by the rules set forth above.
- 4.212 Any other organization is required to secure the necessary registration but is not automatically entitled to registration. Its registration is at the discretion of the Vice President for Student Affairs and may depend on additional criteria he may prescribe. Such criteria shall be established and published by the Vice President and made uniform for all similar organizations. The Vice President may limit its registration, with its concomitant permission, to a fixed period of time, the length to be determined at his discretion.
- 4.22 *Types of Organizations*
The University recognizes the following types of student organizations:

Section

1. Social sororities and fraternities
2. Honors and Leadership organizations and recognition societies
3. Departmental organizations and professional fraternities
4. Political organizations
5. Government organizations
6. Specialty groups (religious, athletic, military, etc.)

4.23 *Advisors*

- 4.231 Each such organization must comply with the following requirements for advisors upon submission of an application for registration:
- a. Every *social fraternity or sorority* shall have a University advisor, who shall be appointed by the Vice President for Student Affairs, and shall elect at least one faculty representative.
 - b. Every *honors, leadership, or recognition society* is required to have a faculty representative.
 - c. Every *departmental organization and professional fraternity* shall have a faculty consultant. If no such faculty member is available for the departmental organization, then upon approval of the department, the Vice President for Student Affairs may waive this requirement for a period not to exceed five years.
 - d. Every *political organization* shall have a University advisor elected by the membership or, failing that, appointed by the Office of the Vice President for Student Affairs as well as a faculty representative.
 - e. Every *government organization* shall have a University advisor appointed by the Office of the Vice President for Student Affairs. Such organizations shall also have a faculty representative.
 - f. Every *specialty organization* shall have a sponsor, who must be approved by the Office of the Vice President for Student Affairs. Such organizations shall also have a faculty representative.
- 4.232 The definition and scope of the various advisors required above is as follows:

Section

- a. *University Advisor:*
a member of the staff of the Office of the Vice President for Student Affairs or any administrative office under his jurisdiction whose duty shall be to counsel and advise the organization and its officers as to their powers and responsibilities. However, he shall have no authority to prohibit any proposed action by a political organization.
- b. *Faculty Representative:*
a member of the tenured faculty of the University whose sole function is to make himself available to meet with members of the organization at their regular meetings or at a special meeting called for that purpose. He can use this opportunity to breach the wall between faculty and students and discuss matters of interest in a more informal atmosphere.
- c. *Faculty Consultant:*
a member of the tenured faculty of the University connected with or interested in the organization, who shall offer support and advice to the officers in carrying out the purposes of the organization.
- d. *Sponsor:*
a responsible adult interested in the purposes of the organization who shall give guidance and counsel to the officers in carrying out the purposes of the organization.

4.3 *The Punishment*

Student organizations are creatures of the University and without legal status. Accordingly, no specific procedures for adjudicating the commission of any of the offenses have been established other than that the Vice President for Student Affairs may impose punishment up to and including refusal or cancellation of registration.

4.4 *Right of Appeal*

Within 30 days of receipt of notice that the Vice President has refused or cancelled the registration of an organization whose voting membership is limited to students, faculty, or staff of the University, the officers or proponents of such organization shall be given the right to appeal, in writing, to the President via the Appeals Board. The President's decision, after receipt of the recommendation of the Appeals Board, shall be final.

ARTICLE V—STATEMENT OF FINANCIAL DELINQUENCY

The University expects the student to be financially responsible and not be delinquent in his financial obligations to the University, or to any Department or Division of it. Such obligations shall not include fines and penalties assessed against the student by other than University officers.

Financial obligations that are not met within 10 days after the date due shall be reported in writing to the proper office. Obligations to any Division or Department of the University shall be reported to the office designated by the Vice President for Business Affairs and Treasurer.

The appropriate business office shall notify the student of the financial obligation. If the student does not settle the obligation by the date designated on the notice, he shall be considered delinquent, and that office shall notify the Registrar.

After the Registrar has been notified that a student is delinquent, he shall not allow the student to register, or to transfer credits or certify him for graduation, until he has been notified in writing by the appropriate business office that the obligation has been settled.
