

Dear Brother Hunters Hill Feb. 9. 1860

I seams to be hard matter to satisfy
Jessey Winn about having a good right to
the land He says ^{Power Attorney} that is right as far as your inter-
est as one magistrate is sufficient to convey your
interest But says you must have your wife exam-
ined before two magistrates. and as soon as you do
this he will come forward and make the first payment
on the land. I send you the deeds one for Jessey Winn
and the other is for William he bought the ~~lot~~ lot
of land that belonged to Brother Durrett He wishes
for his to go through the same signature as you
do with Jessey Winns. I wish you to have them
fixed as soon as possible and return them to me. and
lets see if that will ease his guts. I dont believe
he knows what he wants He is the most Presise man
that ever did live. he thinks he knows more than
he really does know I am told he didnt sleep
