New York, Nov 8th 1866.

My dear Doctor.

Genl. Moore has been on town for a day or two past enjoying himself & having a very good time with one of his old Boston lady friends. He tells me that you are staying in the South. I have 2 or 3 objections to take charge of which I am very glad to hear, he also tells me that you never received a letter I wrote you in answer to mine from you. I wrote you immediately on receipt of your letter, telling you I had received some all right very much obliged to you for your kindness. Moore tells me he thinks of returning to the South to go in business there, but I am established as a broker but my little business doing but making a fortune which I hope you will do. Let me hear how you are getting on and all the news of interest in your part of the Country, do you see any good opening for business? W^m Mathews.
