Dear friends at-home

We intend to load  
our sheep for home today. Amis  
hopes to be at home by the middle  
of next week. I wish it was so  
I could take the flyer for Berrett  
but will have to put up with it I  
suppose. I want to get out of this  
country for I have not been free from  
a cold since I struck Chicago  
we looked the Fishery building  
over yesterday and the Electric  
building. To much of it for  
the common sense of Mrs. Dan  
not-compute to take it all in  
to much work about it for now  
if Geo goes up with the ladies Monday  
he may drive Barnum up as yet this  
shaved
