- N.Y. monument at Gettysburg

STUDIO OF

CASPAR BUBERL,

SCULPTOR,

No. 444 West Sixteenth Street,

New York, Feb. 15 1892

To Maj. Gen. Joseph B. Carr

Troy N. Y.

Dear Sir

You remember undoubtedly the position I got you on the second day of the circular Basrelief for the N. Y. State Monument to be erected at Gettysburg. In your case I should have beside the photos you sent me also a strict profil, it is so uncertain to find out from a full face photo how a man may look from the side, therefore if you have not got one yet please get one made and if it is only a tin type it may do, also one of your earlier days which you may have I should be pleased to see, everything will be returned to you in good shape.

Very Respectfully  
C. Buberl
