Dear friend
Charles Lanni has four months
back pay due him. He made
application for the same, but his
claim was rejected on account
of him having been reported
absent without leave. It has been my
understanding that his case was disposed
of the same as that of Wash, Mowal.

If so your sworn statement to
that effect will enable him to get
his pay less the amount of the stoppage.
He has employed Lafallete
and Green Lawyers of this place
to attend to it for him.

Write me about this, and call
and see me about it when
you are next in the city.
