Notes: Microbiology graduate students moved from Arts & Sciences to Medicine, Fall 1992.

Master's students in Agricultural Education and Home Economics Education moved to College of Education, Fall 1992.

Graduate School numbers included in the UK University System total.

*Communication Disorders was moved to the Medical Center in Fall 1991 figures.

(1) Students entering a doctoral program without a master's will be counted as master's students, according to CHE guidelines, until they have enough hours to quality as doctoral candidates.

(2) CHE House Staff numbers may differ from actual Medical Sector House Staff database numbers due to CHE reporting cutoff dates.

Source: Council on Higher Education Enrollment Tape, Fall 1990, 1991, and 1992.

1990	11,629	6,341	4,956	78.2	2,545	51.4
1991	12,236	6,868	5,499	80.1	2,836	51.6
1992	12,461	6,960	5,265	75.6	2,567	48.8

** The University selective admission standards became effective for the entering Fall 1984 class.

*** From Summer 1974 through August 1988, the University used Enter-ACT; accepting as an application for admission any student who listed UK as first choice on the ACT score report. During 1989, a more conventional approach was adopted, requiring each student to complete an application for admission.

Notes: University System includes Lexington Campus, Medical Center, and Research & Graduate Studies.

Differences in numbers of entering freshmen in ACT, admissions, and Council on Higher Education data are due to the fact that ACTs may not be available for all entering students if they do not release Social Security information.

These Council on Higher Education figures are based on last day to add a class figures and are official university data.

Includes all colleges except Medicine. Salaries of 12-month faculty have been adjusted in this table to a 9-month basis (adjustment multiplier is 9/11, or .8182). Total compensation includes fringe benefits which consists of FICA, retirement, life insurance, guaranteed disability income protection, Workman's Compensation Tax, and medical plan. Benefits by rank are estimated by AAUP based upon institutional IPEDS submission.

Includes Lexington Campus and Medical Center and other University faculty except College of Medicine faculty. Excludes community college faculty.

¹ These, and all other statistics, unless otherwise noted, include the following campus libraries: Agriculture, Architecture, Art, Biological Science, Chemistry/Physics, Education, Engineering, Geological Sciences, King (Main), Law, Mathematical Sciences, Medical Center, and Music. Excludes government documents.

2 Sizable reductions reflect change in Association of Research Libraries reporting practice that excluded government publications from these categories.

Suzable reductions reflect change in Association of Research Libraries reporting practice that excluded government publications from these categories.

Purchases and gifts.

As of 1990-91, the Association of Research Libraries stipulated that cataloged government publications be included in collections statistics. This accounts for significant increases in Current Serial Subscriptions, Total Microforms, and Net Volumes Added categories.

Over 200,000 volumes were added via a retrospective conversion of 1976-89 government documents.

Total Materials expenditures includes additional unitemized categories, e.g. nonprint materials, bibliographic support (OCLC charges, security strips, etc.) and database search charges.

Scalaries and wages for all staff categories.

Current expenses (allocated funds and grants, gifts, and income).

Reduction reflects several factors: completion of LS2000 system implementation expenditures in 86/87 (hardware and software), shift of copy service from library to campus duplicating services, and decrease

in grants and gifts. Grand total is sum of Total Materials, Personnel, and Additional Operating.

Notes: (1) Includes these departments: Reference, Circulation, Director's Office, Extension Services, Business Library.

Total attendance is sum of count from each library site. King attendance includes Business, Social Work, Periodicals, Government Publications, and Maps--all of which are housed in King Library South.

Medical Center Library's attendance counting device was broken for approximately 2 months in 1990-91.

King Database searches includes: Business, Extension Services, and Reference Department.

As of 1991/92, the library system redefined "database searching" to encompass all reference assistance provided through extensive use of online or CD

ROM electronic resources. This resulted in including numerous additional transactions in this category, many of which were formerly not counted or lumped into general reference. Combined with King.

University of Tennessee	75	70	1,914,674	46,101	22,972	258	\$9.1
University of Virginia	28	33	3,266,649	93,717	25,365	340	\$15.2
Virginia Polytechnic Institute	82	85	1,754,830	54,735	16,265	230	\$9.1

Based on an index developed by the Association of Research Libraries to measure the relative size of university libraries. The index takes into account the number of volumes held, number of volumes added during the previous fiscal year, number of current serials, total expenditures, and size of staff. It does not measure a library's services, the quality of its collections, or its success in meeting the needs of users.

Institutions are asked to report figures for their main campuses only, unless a branch campus is indicated.

West Virginia University library information not available.
