EXPLANATION OF THIS MAP AND THEIR DERIVATIONS

PREFACE

The publication herewith presented, an index to the probate cases filed in Williamson County, Texas, is No. 246 of the Texas series of counties. The publication is intended to meet the requirements of day-to-day usage by the officials of the county, attorneys, businessmen, and other citizens who have occasion to consult probate case records for the proper conduct of their affairs. The publication may be used by historians and genealogists to obtain references to unpublished source material.

The names of the deceased persons, minors, and other principals are arranged alphabetically, with reference to the filing date of the case and the case number. The following numbers were not used as case numbers: 25, 30, 31, 33, 36-39, 42, 44, 45, 47, 55, 56, 86, 105, 325, 427, 568-667, 768-777, 1149, 2064.

In Williamson County, the probate case papers are in the custody of the county clerk and are filed in his office on the east and south walls in 160 steel file drawers. Cases numbered from 1-3730 as indexed herein are filed in 154 steel file drawers in case number numerical order. Cases with numbers preceded by letters of the alphabet are filed in alphabetical order according to the surname of the principal in 6 file drawers. The papers filed in each probate case are in a separate numbered jacket.

Since the transfer of territory from one county to another has affected probate jurisdiction and has determined the county in which the probate case should have been filed, a map and table of territorial changes are included herein. Notations concerning present location and availability of records pertinent to Williamson County follow:

Bastrop County, Bastrop, all records extant.

Bell County, Belton, all records extant.

Milam County, Cameron, records destroyed by fire 1874.
