Mr. Joseph D. Harkins,
 Prestonsburg, Ky

Dear Sir:

We are in receipt of your order of this A. M. for one barrel ten dozen pts Budweiser beer. We are very sorry to advise you our supply of budweiser was sold out last week and since we purchased this last shipment of Budweiser our friends Josselson brothers has secured the Agency on this brand in this section and the price he quotes us is retail prices and we have decided to discontinue handling it. However, we tried several of the whole sale houses here as well as Josselson brothers to get it for you, but they was in the same boat as our selves (out) and we have taken the liberty of substituting same with Wiedemann and have shipped you ten dozen which we trust will be satisfactory with you under the present circumstances.

Mr. Harkins we would be pleased to have you mail us a bill for the service rendered in my man Murphy's case and have the bill show just what the fine was (Advertiseing Old Charter) or you might add Old Charter Posters and show credit which he paid you, so that we may mail this bill to the Old Charter distillery and make them come across with dough, as Murphy tells me that it was all on account
