Mr. Thomas Price,

310 Magee Bldg.,

Pittsburg, Pa.

Dear Sir:-

Your letter of June 27 is at hand and noted.

I am now able to be at the office for a short while during the course of the day, and have considered the different letters written me relative to the coal proposition. If you will refer to my letter to you of May 14, 1918, you will find that the points about which you have later asked are fully covered therein.

Very truly yours,

JDH.
