Dr. Elbert W. Ockerman, Secretary
University Senate
Lexington, Kentucky 40506

Dear Dr. Ockerman:

Thank you for sending The Resolutions on the death of Dr. Falkenstine that were heard at the meeting of The University Senate on February 10, 1969. Carol Sue (age 9), Jim Jr. (age 15) and I appreciate so very much the expression of deep sympathy from the Senators.

My husband had a deep pride in working for The University of Kentucky and there was never enough time to do all the things he wanted to do. I sensed this, and now, after reading over these Resolutions, I know that others sensed this, too.

Sincerely,

Mrs. James C. Falkenstine

On behalf of the College of Business and Economics, Professor William W. Ecton read Resolutions on the death of Dr. Donald L. Richard, former associate professor of Accounting, and directed that the Resolutions be incorporated in the minutes of the Senate and that copies be transmitted to his family. The Senators stood for a moment of silence in tribute to Dr. Richard and in acceptance of the Resolutions.

*Absence excused

Dr. Donald L. Richard, associate professor of Accounting, born October 17, 1922, at Gibsonburg, Ohio, died of coronary complications on Saturday, February 15, 1969.

Husband of Eloise Richard and father of four, Don will be remembered by all with whom he came into contact for his sincerity, unselfishness, dedication, professional ability, and humility.

After serving as an officer in the U.S. Air Force during World War II, Don was graduated from Bowling Green State University in 1946, received his Masters Degree from the University of Maryland in 1952, his Ph.D. from American University in 1959, and his certificate as a CPA from the District of Columbia in 1950. He was employed by Owens-Illinois Glass Company as an accountant from 1947 to 1950, at which time he chose to devote his time and talents to education. He taught at the University of Maryland from 1950 to 1954, following which he served as an instructor, assistant and associate professor of Accounting at the University of Missouri until the fall of 1966, when he came to the University of Kentucky. Don brought with him academic experience which proved invaluable in the total review and revision of the undergraduate program in accounting, the development and implementation of the masters program, and in the creation of courses suitable for a major area in the College's DBA program.

Don's contributions to the Department, the College, and to the University in these, and many other respects, emphasize the extent of the loss the University community has suffered. His efforts with and for his students were unstinting and tireless, and were considered both by his students and colleagues as outstanding.

Don was a frequent contributor to the profession of accountancy, as evidenced by his publications record over the years, his membership and active participation in the programs of the National Association of Accountants, American Accounting Association, American Institute of Certified Public Accountants, and the Kentucky Society of Certified Public Accountants.

His work with his church, Beaumont Presbyterian, as Treasurer, is but one example of Don's desire to serve the community.

Be it resolved, therefore, that the University of Kentucky acknowledge the contributions of Dr. Donald L. Richard, and the loss we have suffered by incorporating this resolution in the minutes of the University Senate, and by transmitting copies thereof to his family.

Dean William L. Matthews, Jr. presented the proposed Law calendar for the 1971 summer and fall terms and the 1972 spring and summer terms which had been prepared within the framework of guidelines set down by the University Senate for the College of Law and which had been circulated to the faculty under date of February 7, 1969. Dr. Nicholas Pisacano, Chairman of the University Senate Advisory Committee on Intercollegiate Athletics, presented football Coach John Ray who spoke briefly to the Senate. Coach Ray indicated his pleasure at being a member of the University staff. He stated that he felt athletics and academics were very compatible; that he did not subscribe to exploitation of young men for their football ability; that he felt an obligation both to the young man and to his parents to be sure that he got his education and came out of the University better off for having played football for the University; that he is very much in accord with the academic program of the University and is not here to lower the standards but rather that he wants his men to be treated by the faculty just as any other student - not to be looked down on or to be accorded any special privileges.

He invited the faculty to be guests, free of charge, at the spring game to be held on April 26th at 8:00 p.m. in the Stadium. He stated that the only thing needed to enter the Stadium would be the Faculty Identification Card. He also reported that practice would be held from March 24th to April 26th and scrimmages would be held on Wednesday and Saturday afternoons at which both faculty and students would be welcome; that he felt more interest in the program would accrue if the faculty and students knew the program and how they handled young men.

Lastly, he stated that they hoped to give the University a football team of which it could be proud, both on and off the field. Coach Ray was given an ovation following his remarks.

Dr. Michael Adelstein, Chairman of the University Senate Advisory Committee on Student Affairs, assumed the chair to present two additional student disciplinary offenses to be added to the ten previously approved by the Senate and the Board of Trustees in the document known as the Student Code, and further, to present a modified version of the proposed Student Bill of Rights which had been circulated to the faculty under date of February 12th. These two additional disciplinary offenses and the modified Student Bill of Rights had been handed to the Senators as they entered the meeting.

On behalf of the Committee Dr. Adelstein moved that Disciplinary Offense 11. be approved by the Senate and forwarded to the President for presentation to the Board of Trustees for incorporation into the Student Code. Following extended discussion the Senate approved the motion as presented, which reads as follows:

Minutes of the University Senate, March 10, 1969 (Cont'd)

11. Interference with any registered organization or any individual on property owned or operated by the University, or interference with the activities of the University, including but not limited to disruption of classes or meetings, or prevention of ingress to and egress from buildings.

Dr. Adelstein next recommended that Disciplinary Offense 12. be approved by the Senate and forwarded to the President for presentation to the Board of Trustees for incorporation into the Student Code. The Senate approved this recommendation which reads as follows:

12. Falsifying, altering, or forging any official University records or documents, or employing official University documents or records for purposes of misrepresentation.

Dr. Adelstein then recommended to the Senate that the modified Student Bill of Rights be discussed in this meeting but not voted upon, and further, that if discussion were not completed in this meeting, the Senate convene at 4:00 p.m., Monday, March 24, 1969, in the Court Room of the Law Building, to continue discussion. This recommendation was approved by the Senate.

Dr. Adelstein introduced to the Senate the members of the Advisory Committee on Student Affairs and gave a brief background of the Student Bill of Rights. Sections A and B of Article I, Right of Admission and Access, were discussed at length. At 5:30, following the exodus of a number of Senators, motion was made to adjourn but before it could be acted upon a motion was made from the floor that the Senate direct the Chairman of the Senate Council to request President Kirwan to maintain parking regulations unchanged until an opportunity had been made for an open hearing. The Senator indicated he was making this motion in response to the change in the parking permit system which had been circulated by Mr. Dempsey of Safety and Security. Following a second to this motion an additional motion was made to table the motion. A majority of the Senators voted not to table the motion. Question was then raised of the presence of a quorum for the conduct of business. A count showed lack of a quorum and the Senate adjourned at 5:33 p.m. to meet next at 4:00 p.m., Monday, March 24, 1969.
