Motion defeated.
- C. Consideration of change in the implementation date as passed in action on March 21, 1977. (Circulated under date of April 26, 1977.)  
Motion passed.

\*Absence explained

- D. Consideration of the proposal to establish Centers for Graduate Study and the proposal to establish a Center for Graduate Study in toxicology. (Circulated under date of April 26, 1977.)  
Motion passed.

II. Memorial Resolution:

Mischa Harry Fayer

III. Senate Council Activities and Informational Items

- A. Word of thanks from Professor Wilson to Senate Committee Chairmen  
B. Senate Elections  
C. Retirement Dinner - Appreciation  
D. Commencement - Sunday, May 8, 4:00 p.m.  
E. Presentation of "Mint Edition" of the University Senate Rules to Professor David Kao and Ms. Celinda Todd

Chairman Wilson presented the following Memorial Resolution on the death of Mischa Harry Fayer. Professor Wilson directed the Resolution be made a part of these minutes and that copies be provided to the members of the immediate family. Following Professor Wilson's presentation of the Resolution, the Senators were asked to stand for a moment of silence in tribute and respect to Professor Fayer.

Memorial Resolution

MISCHA HARRY FAYER

Dr. Mischa H. Fayer, Professor of Russian, died on April 14, 1977 after a long illness. Dr. Fayer joined the faculty of the College of Arts and Sciences in 1967 as Chairman of the Department of Slavic and Oriental Languages and served in that capacity until his retirement in 1972.

Dr. Fayer was born in New York City in 1902, but spent the years 1904-1924 in Russia. He received a diploma from Beletskaya Gimnaziya in 1923; an A.B. in 1924; an M.A. in 1926 from the University of Minnesota; and a Ph.D. from Columbia University in 1945. The title of his dissertation was "Gide, Freedom and Dostoevsky." Gide was quoted as saying that this dissertation was "the best work ever written about him."

His teaching career included positions held at State Teacher's College, Dickinson, North Dakota (1929-1942); Fullerton Junior College (1938-1939); Michigan State College 1942-1943; and Middlebury College (1943-1967). At Middlebury he served as Head of the Russian Department, Director of the Russian School and Director of the Institute of Soviet Studies. Upon his retirement from Middlebury College, he came to the University of Kentucky. In 1969, Middlebury College awarded him an Honorary Doctor of Letters (Lit.D.).

Among Dr. Fayer's credits may be numbered his pioneering efforts in the area of total immersion language instruction, and his authorship of one of the first textbooks of Russian for American students, Basic Russian, I and II, (Pitman, 1959 and 1961).

Chairman Wilson summarized the Senate Council activities and informational items as follows:

1. Professor Wilson thanked all Senate Chairmen who worked so diligently through the year. Their reports will be circulated to all members of the Senate.
2. The elections to the Senate have been completed. Senators will indicate their committee selection on the preference form which will be received this week. Every member of the Senate is required to serve on a committee. The deadline is May 16, and Professor Wilson urged that senate members return their requests promptly so that the names of Committee members and Chairmen can be sent to the President. The full list of committees is published in August.
3. Professor Wilson thanked Professor Charles Atcher for the elegant, beautifully organized and very well attended Retirement Dinner at the Lafayette Club. Special thanks were also given Cindy Todd for her invaluable assistance. The names of the twelve retirees are: James W. Archdeacon, Medicine; Jesse B. Brooks, Agriculture; Joseph G. Duncan, Agriculture; Ellwood H. Hammaker, Arts and Sciences; Mark M. Luckens, Pharmacy; Vernon A. Musselman, Education; Jessie Ringo, Home Economics; Paul Stapf, Arts and Sciences; Roy E. Swift, Engineering; Sara M. Thomas, Education; Charles Talbert, Arts and Sciences; and Raymond W. Wild, Communications. The thanks and very best wishes of the Senate were extended to this group who now become professors emeriti of the University of Kentucky.
4. Professor Wilson called to the Senate's attention Commencement Exercises, Sunday, May 8, at 4:00 p.m. She said that she wanted to impress upon the Senators that it meant a lot to students to have faculty there. It is a commitment that professors should make, and that her wish was that as many as could would be at Commencement.
5. Professor Wilson thanked Dr. David Kao and Ms. Celinda Todd, who worked so diligently on the computerization of the Senate Rules, for the Senate and the Senate Council and presented both with a "Mint Edition" of the Senate Rules signed by President Singletary.

Professor Oberst made a motion to waive the ten-day circulation rule in order to consider the next items on the agenda.

Motion was seconded.

The waiver of the rule was approved.

Professor Wilson recognized Professor Paul Oberst. On behalf of the Senate Council Professor Oberst presented a motion to revise the Admissions Procedures in the College of Law, Section IV, 2.2, 2.21 University Senate Rules. This was circulated to members of the University Senate under date of April 26, 1977, and reads as follows:

2.21 College of Law: In addition to the general requirements for admission to the University, an applicant for admission to the College of Law must meet the following requirements:

1. The applicant must have a bachelor's degree from an accredited institution.
2. The applicant, unless blind, must have taken the Law School Admissions Test.
3. The applicant must have registered with the Law School Data Assembly Service and furnished the necessary transcripts such registration requires.

The College of Law Admissions Committee considers and makes recommendations to the Dean on an applicant's undergraduate grade record, the Law School Admission Test score, the writing ability score, and other factors indicative of the applicant's aptitude for law study. The Committee examines with particular care the grade average for the most recent semesters of undergraduate study, recommendations of faculty, the nature and difficulty of course work attempted in pre-law study, undergraduate extracurricular activities, and work experience. The Committee also considers post-baccalaureate experiences where such experiences, in the Committee's determination, indicate a development of aptitude for the study of law. The Committee will review the file of an applicant to determine whether personal, academic, professional, or intellectual circumstances tend to discount low academic or LSAT scores and give evidence of both the capability and motivation to do successful law school work. The Committee may also consider factors which bear on the provision of adequate legal services to all segments of Kentucky.

Under regulations issued by the Kentucky Council on Higher Education, no more than 10% of the total number of students in the College of Law may be non-residents of Kentucky.

Statement of Admissions for Application to Transfer - - Applicants for transfer from a law school should present a 2.7 average on at least 25 hours of law school work at a school accredited by the American Bar Association or the Association of American Law Schools. The Admissions Committee will consider and recommend to the Dean the applicant's law school record as well as all factors the Committee considers in an application for the entering class.

The floor was opened for discussion and questions.

Professor Weil said that his recollection of the meeting that he attended was that the committee discussed the admissions procedures in the context of whether or not the College of Law was obeying the rules which are presently in the Senate Rules.

Professor Wilson stated that Professor Weil was out of order. The Law School Admissions proposal was sent to the Senate Council by Professor James Kemp, Chairman, with the approval of the Committee on Admissions and Academic Standards.

The motion to approve the new Admissions Procedures in the College of Law passed.

Professor Wilson recognized Professor Paul Oberst. Professor Oberst presented a motion to rescind the University Senate's previous action on the withdrawal policy without comment from the Senate Council. This was circulated to members of the University Senate under date of April 26, 1977, and reads as follows:

"That the Senate Council place on the floor of the Senate at the May 2 meeting a motion to rescind the "W" policy."

Background:

On March 21, 1977 the University Senate amended the Withdrawal proposal as submitted by the Senate Committee on Admissions and Academic Standards from an eight week last date to withdraw without a grade to the first quarter of the semester (approx. 22 days). The amended version passed the Senate after considerable debate.

Since that time Student Government has gathered 5,000 signatures of students opposing this new policy, and has requested the Senate Council to place a motion to rescind on the floor of the Senate.

Note: If the motion to rescind does not receive two-thirds vote, the motion to delay the implementation date of the March 21 approved rule will be considered.

The floor was opened for discussion and questions.

Student Senator McLaughlin said that he supported the proposal to rescind the recently passed withdrawal policy. He stated that he was for the original proposal for an eightweek withdrawal date, but that the amendment changing the withdrawal to four weeks changed the factors which gave the original proposal student support.

Student Senator Wahner said that education was a two-way thing, and it was only fair to give a student as much time as needed to learn and make up his mind whether he is being educated.

Professor Lienhard said that he thought Mr. Wahner was not talking about the educational value of the course, but the grade in the course. He said that the whole discussion seemed to be grade point oriented.

Professor Ivey asked how many people in the Court Room had given the first exam during the first quarter of the semester. He said his impression was that the faculty give two exams plus the final.

Professor Kemp said that the Committee was not working against students but tried to draw up a proposal that was equitable and gave a true picture of the situation. Further, the old rule was not enforced as written, and that if it were, students would not be amenable to rescission of the "W" rule as passed.

Professor Schriels said that the way the "W" was being enforced bordered on the absurd. He said that probably 25 per cent of the faculty thought there was a "WP." The Registrar's Office ignores the "WP" and "WF" and simply records the "W."

Professor Reedy asked if the Senate intended to advise the academic units that if the motion to rescind passed, the rule would be enforced to the letter. If rescinded, is the Senate saying that the problem no longer exists?

Professor Wilson said that the Committee on Admissions and Academic Standards' original report proposed an eight week last date to withdraw with a grade, and it was amended on the floor of the Senate. This amendment has caused the disagreements and problems. In response to Professor Reedy's question on enforcement, Professor Wilson stated that the Senate passes the rules, and the administration implements them.

Professor Longyear said that sometimes it was impossible to enforce the rules. Students drop, but the professor never gets a drop slip.

Professor Jewell asked if the Senate Council was recommending the rescission.

Professor Wilson said that it was on the floor because the Senate Council felt that with 5,000 petitions and the unhappiness of the students it should be brought up, but there was no recommendation from the Senate Council.

In response to a question from Professor Hargreaves, Dean Ockerman stated that there were no such grades as "WP" or "WF."

Professor Janecek said that four weeks was enough time to judge the academic merit of the course. The grade then becomes the issue.

Student Senator Benson presented Professor Wilson with a list of 5,000 signatures from students petitioning the rescission of the withdrawal policy. He said that the original proposal was acceptable and met with the approval of the students, but the amended proposal was not.

Professor Gabbard said that he was very much opposed to the motion to rescind. He felt that a month was long enough to make a decision. The issue was whether a student was in the class to learn the material and to perform.

Professor Adelstein pointed out that the present rule penalizes the student. He was in favor of the motion to rescind.

Professor Kao said that it was difficult for the faculty member to give a "W" or "E." Most faculty members give a "W", wishing to serve the student. He suggested dropping with a grade for three weeks and dropping after the midterm with a "W." He was in favor of the rescission.

Student Senator Wade said there were no facts or figures, but that the difference was in philosophy. He urged the Senate to send the proposal back to the committee.

Professor Weil made a study of the withdrawal policy of major universities. Our present policy is uniform with other universities.

Student Senator Blankenship said that neither the old policy nor the new policy is satisfactory and needed further consideration.

Professor Germain said that it seemed it would be a good idea to send it back to the committee because of the added wisdom from the meeting.

Professor Silberstein said that 5,000 names were a minority. He asked Dr. Ockerman how many drop-adds were processed in an academic year.

Dean Ockerman said that in the Fall Semester 1976 there were 7,350 "W" grades given. With the "E" category it would make it around 8,000 drops. The cost would run from \$5.00 to \$10.00 per transaction.

Student Senator Tichenor said that the students in Allied Health, Law, Medicine, etc. have a set curriculum, and that the value for them was passing the courses. To cut down the time for dropping those courses was putting pressure on them.

Professor Oberst suggested that it would be very wise to reconsider the question and send it back to the committee for another proposal.

Professor Jaros moved the previous question.

Motion carried.

The vote in favor of rescinding the rule which passed on March 21, 1977, was 47.

The vote opposed was 55.

Motion was defeated.

The Senate defeated the motion to rescind the previous action on the withdrawal policy by a roll call vote of 59 to 47. The results of the roll call vote follow:

Professor Oberst made a motion that the implementation date of the "W" policy be changed from Fall 1977 to Spring, 1978. The change in the implementation date is requested for the following reasons:

1. Most printed schedules, bulletins, etc. list the former withdrawal policy and date. Students should be officially informed of the new policy through the schedules and bulletins which will be printed for the Spring semester. More time and a correct withdrawal date in the printed material should allow for adequate communication to students of the official change.
2. Some Colleges schedule comprehensive examinations for multi-sectioned courses with an eye to the official withdrawal date. These exams have already been scheduled and the dates published for Fall, 1977, based upon the former withdrawal date.

Professor Eastwood said that the new policy was an improvement over the old policy, but he would like to delay the implementation date.

Professor Silberstein said that he saw no reason to change the implementation date since there are many ways a student can be informed of the new rule.

Motion was made and passed to terminate debate.

The vote on delaying the implementation date passed with a hand count of 50 to 36.

Professor Wilson recognized Professor Paul Oberst. On behalf of the Senate Council Professor Oberst presented a motion for discussion and action on the proposal to establish Centers for Graduate Study. This was circulated to members of the University Senate under date of April 26, 1977, and reads as follows:

The University Senate Council, the Senate Committee on Academic Organization and Structure and the Graduate Council recommend approval of the following proposal to be forwarded to the Administration:

Proposal: That the University of Kentucky establish an educational (academic) unit called "Graduate Center for \_\_\_\_\_" located administratively in the Graduate School. The Center shall be associated exclusively with graduate programs, thus having the responsibility of administering graduate programs with their attendant research. It shall have a director who will be the Director of Graduate Studies for the graduate programs and whose administrative rank will be the equivalent of that of a department chairman or director of an institute. The director shall be a member of one of the academic departments participating in the program of the Center. The director shall be responsible to the Dean of the Graduate School on all matters pertaining to the administration of the Center's program and make recommendations to the dean on staff and other program needs. The director shall rely upon the advice of the faculty participating in the Center.

In addition to the director, the faculty of the Center shall consist of those persons who (a) hold joint appointments with the Center and at least one of the departments affiliated with the Center's programs or (b) hold regular appointments in the Center. Joint appointments will be made by the Dean of the Graduate School upon recommendation by the director accompanied by a letter of support from the dean of the college where the faculty member holds the principal appointment. Regular appointments to the Center will be processed through standard University procedures. Faculty may be appointed to the Center in the Adjunct Series. The professorial rank of a faculty member with a joint appointment in the Center shall be the same as the rank held in the department where the principal appointment is held. Faculty advancement is the responsibility of the department chairman in consultation with the Director of the Center. Faculty salaries for joint appointees shall be funded by the various colleges where the original professorial rank is held.

The Center faculty shall have jurisdiction, with the approval of the Dean of the Graduate School and the President, over matters concerning internal policies of the Center insofar as they do not conflict with other programs, rules of the Graduate Faculty, or the rules of the University Senate. It has primary responsibility of the development of policies on academic requirements, courses of study, scheduling of classes (insofar as they do not conflict with classes of participating departments) and graduate and research programs.

In addition, the Center shall offer courses with program identification and, where appropriate, the courses shall be cross-listed with the participating departmental course offerings.

The Center faculty may conduct sponsored research through the Center.

The approval of the Graduate Faculty, the University Senate, and the Board of Trustees is required for the establishment of each "Graduate Center." It is recommended that the Center be approved for a five-year period with a review required to determine continuation.

The floor was opened for discussion and questions.

Dr. Bosomworth said that he would like to suggest but not request that the language contain the suggestion that the Graduate Dean consider a mechanism for improving communication and liaison between the concerned departments and the Deans who are contributing faculty members to this particular activity. Perhaps by a coordinating committee to the Dean, the Graduate Dean, or the Program Director this could be done.

The vote to establish Centers for Graduate Study passed.

Professor Wilson recognized Professor Paul Oberst. On behalf of the Senate Council Professor Oberst presented a proposal to establish a Center for Graduate Study in Toxicology. This was circulated to members of the University Senate under date of April 26, 1977, and reads as follows:

The University Senate Council, the Senate Committee on Academic Organization and Structure and the Graduate Council and Graduate Faculty recommend approval of the following proposal to be forwarded to the Administration: Establishment of a "Graduate Center for Toxicology."

Motion carried.

Professor Wilson said that the Chairmen of Committees were going to be asked to pay particular attention to the time when students could come to meetings.

The revised University Calendar for 1977-78 is being circulated for your information.

The Chairman declared the meeting adjourned at 4:30 p.m.

UNIVERSITY SENATE COUNCIL  
10 ADMINISTRATION BUILDING

April 26, 1977

TO THE UNIVERSITY SENATE:

The University Senate will meet in called session at 3:00 p. m.  
on Monday, May 2, 1977 in the Court Room of the Law Building.

AGENDA:

- 1) Approval of the Minutes of the April 11 meeting.
- 2) Memorial Resolution
- 3) Information Items and a Summary of Senate Council Activities.
- 4) Action Items:
  - a) Consideration of a proposal to revise the Admissions Procedures in the College of Law, Section IV, 2.2, 2.21 Senate Rules. (Circulated under date of April 26, 1977.)
  - b) Consideration of a motion to rescind the University Senate's previous action on the withdrawal policy and/or consideration of change in the implementation date. (Circulated under date of April 26, 1977.)
  - c) Discussion and action on the proposal to establish Centers for Graduate Study and the proposal to establish a Center for Graduate Study in Toxicology. (Circulated under date of April 26, 1977.)

*Elbert W. Ockerman*  
Elbert W. Ockerman  
Secretary

NOTE: There will be a request to waive the 10-day circulation rule in order to consider the items on this agenda. The meeting date was moved ahead one week because the regularly scheduled Senate meeting would have followed the close of the Spring Semester.

FROM: University Senate Council

RE: AGENDA ITEMS: University Senate Meeting, May 2, 1977. Consideration of a motion to rescind the University Senate's previous action on the withdrawal policy and/or consideration of a change in the implementation date.

Motion:

"That the Senate Council place on the floor of the Senate at the May 2 meeting a motion to rescind the "W" policy."

Background:

On March 21, 1977 the University Senate amended the Withdrawal proposal as submitted by the Senate Committee on Admissions and Academic Standards from an eight week last date to withdraw without a grade to the first quarter of the semester (approx. 22 days). The amended version passed the Senate after considerable debate [see attached].

Since that time Student Government has gathered 5,000 signatures of students opposing this new policy, and has requested the Senate Council to place a motion to rescind on the floor of the Senate.

Note: If the motion to rescind does not receive two-thirds vote the motion to delay the implementation date of the March 21st approved rule will be considered (see following).

\*\*\*

Motion:

"That the implementation date of the "W" policy be changed from Fall, 1977 to Spring, 1978."

Page 2  
Agenda Item: May 2, 1977  
April 26, 1977

Background:

The change in the implementation date is requested for the following stated reasons:

- 1) Most printed schedules, bulletins, etc. list the former withdrawal policy and date. Students should be officially informed of the new policy through the schedules and bulletins which will be printed for the Spring semester. More time and a correct withdrawal date in the printed material should allow for adequate communication to students of the official change. *8/11/77*
  
- 2) Some Colleges schedule comprehensive examinations for multi-sectioned courses with an eye to the official withdrawal date. These exams have already been scheduled and the dates published for Fall, 1977, based upon the former withdrawal date. *Har 2*

Attachment-1

Rule As Approved by the University Senate on March 21, 1977:  
(Implementation Date: Fall, 1977)

Section V, 1.8

Grades for Students Who Withdraw or are Dropped:

Any student may withdraw from any class within the first quarter of the semester, summer session, or other course unit. In order to withdraw the student must submit a completed withdrawal form to his or her dean by the end of the first quarter of the semester. The dean shall report the withdrawal to the Registrar.

The name of any student withdrawing during this period shall be deleted from the class roll, and no grade or record of enrollment shall appear on the student's transcript.

A student may withdraw from a class during the last three quarters of a course only upon petition certifying urgent reasons related to extended illness or equivalent <sup>2</sup> distress. Such petition must be approved by the student's advisor, by the <sup>3</sup> dean of the student's college, and by the <sup>1</sup> instructor in the course. The instructor must assign an appropriate grade (see 1.3 this Section), or a grade of P may be assigned by the University Appeals Board (See Section VI, 5.11 (2)).

April 26, 1977

TO: Members, University Senate

FROM: University Senate Council

RE: AGENDA ITEM: University Senate Meeting, May 2, 1977. Proposal to establish an educational (academic) unit: Center for Graduate Study, and specifically to discuss and recommend the establishment for a Graduate Center in Toxicology.

The University Senate Council, the Senate Committee on Academic Organization and Structure and the Graduate Council recommend approval of the following proposal to be forwarded to the Administration:

Proposal: That the University of Kentucky establish an educational (academic) unit called "Graduate Center for \_\_\_\_\_" located administratively in the Graduate School. The Center shall be associated exclusively with graduate programs, thus having the responsibility of administering graduate programs with their attendant research. It shall have a director who will be the Director of Graduate Studies for the graduate programs and whose administrative rank will be the equivalent of that of a department chairman or director of an institute. The director shall be a member of one of the academic departments participating in the program of the Center. The director shall be responsible to the Dean of the Graduate School on all matters pertaining to the administration of the Center's program and make recommendations to the dean on staff and other program needs. The director shall rely upon the advice of the faculty participating in the Center.

In addition to the director, the faculty of the Center shall consist of those persons who (a) hold joint appointments with the Center and at least one of the departments affiliated with the Center's programs or (b) hold regular appointments in the Center. Joint appointments will be made by the Dean of the Graduate School upon recommendation by the director accompanied by a letter of support from the dean of the college where the faculty member holds the principal appointment. Regular appointments to the Center will be processed through standard University procedures. Faculty may be appointed to the Center in the Adjunct Series. The professorial rank of a faculty member with a joint appointment in the Center shall be the same as the rank held in the department where the principal appointment is held. Faculty advancement is the responsibility of the department chairman in consultation with the Director of the Center. Faculty salaries

Page 2

Agenda Item: Graduate Center

for joint appointees shall be funded by the various colleges where the original professorial rank is held.

The Center faculty shall have jurisdiction, with the approval of the Dean of the Graduate School and the President, over matters concerning internal policies of the Center insofar as they do not conflict with other programs, rules of the Graduate Faculty, or the rules of the University Senate. It has primary responsibility of the development of policies on academic requirements, courses of study, scheduling of classes (insofar as they do not conflict with classes of participating departments) and graduate and research programs.

In addition, the Center shall offer courses with program identification and, where appropriate, the courses shall be cross-listed with the participating departmental course offerings.

The Center faculty may conduct sponsored research through the Center.

The approval of the Graduate Faculty, the University Senate, and the Board of Trustees is required for the establishment of each "Graduate Center." It is recommended that the Center be approved for a five-year period with a review required to determine continuation.

\*\*\*

The University Senate Council, the Senate Committee on Academic Organization and Structure and the Graduate Council and Graduate Faculty recommend approval of the following proposal to be forwarded to the Administration: Establishment of a "Graduate Center for Toxicology."

Background:

The Ph.D. program in Toxicology was approved by the University in 1969. This program involves faculty from the Colleges of Agriculture, Arts and Sciences, Medicine, and Pharmacy. Support for the program has come mainly from research contracts of the faculty with added support from some of the participating departments and a small amount from the Graduate School.

The program has sought support for its students through training grants and other types of extramural funding. Its current structure has been a deterrent to receiving funds.

Page 3  
Agenda Item: Graduate Center  
April 26, 1977

A well established interdisciplinary program in Toxicology currently exists at the University of Kentucky. There are a total of 13 faculty members from 8 different departments participating in the program. They have 15 graduate students and offer graduate courses with the TOX prefix. The program is administered by its Director of Graduate Studies who is a faculty member in the College of Agriculture. The program should benefit from the increased coordination and leadership that is possible under the Graduate Center academic structure. The new structure will also be helpful in obtaining funds from the Federal Government to support graduate training and research.

The Faculty of the Toxicology Program met and adopted unanimously the proposal to establish a Graduate Center for Toxicology on December 8, 1975. The proposed Center was approved by the Graduate Council on November 9, 1976 and was subsequently approved by the Graduate Faculty, the Senate Committee on Academic Organization and Structure and the Senate Council.

TO: Members, University Senate

FROM: University Senate Council

RE: AGENDA ITEM: University Senate Meeting, Monday,  
May 2, 1977. Proposal to revise the Admissions Pro-  
cedures in the College of Law, Section IV, 2.2, 2.21  
University Senate Rules.

The proposed change in the Admissions Policy of the College of Law was approved by the Law School faculty on December 2, 1976. The Committee of Admissions and Academic Standards reviewed the proposed changes and recommended these changes to the Senate Council.

The Senate Council recommends to the Senate the following revisions in the University Senate Rules (Section IV, 2.2, 2.21) concerning the Law School Admissions Policy:

Proposed:

- 2.21 College of Law: In addition to the general requirements for admission to the University, an applicant for admission to the College of Law must meet the following requirements:
1. The applicant must have a bachelor's degree from an accredited institution.
  2. The applicant, unless blind, must have taken the Law School Admissions Test.
  3. The applicant must have registered with the Law School Data Assembly Service and furnished the necessary transcripts such registration requires.

The College of Law Admissions Committee considers and makes recommendations to the dean on an applicant's undergraduate grade record, the Law School Admission Test score, the writing ability score, and other factors indicative of the applicant's aptitude

for law study. The Committee examines with particular care the grade average for the most recent semesters of undergraduate study, recommendations of faculty, the nature and difficulty of course work attempted in pre-law study, undergraduate extracurricular activities, and work experience. The Committee also considers post-baccalaureate experiences where such experiences, in the Committee's determination, indicate a development of aptitude for the study of law. The Committee will review the file of an applicant to determine whether personal, academic, professional, or intellectual circumstances tend to discount low academic or LSAT scores and give evidence of both the capability and motivation to do successful law school work. The Committee may also consider factors which bear on the provision of adequate legal services to all segments of Kentucky

Under regulations issued by the Kentucky Council on Higher Education, no more than 10% of the total number of students in the College of Law may be non-residents of Kentucky.

Statement of Admissions for Application to Transfer -- Applicants for transfer from a law school should present a 2.7 average on at least 25 hours of law school work at a school accredited by the American Bar Association or the Association of American Law Schools. The Admissions Committee will consider and recommend to the Dean the applicant's law school record as well as all factors the Committee considers in an application for an entering class.

\*\*\*

Present Policy:

- 2.21 College of Law: In addition to the general requirements for admission to the University, an applicant for admission to the College of Law must meet the following requirements:
- (1) The applicant must have received a bachelor's degree from an accredited institution.
  - (2) The applicant must have taken the Law School Admission Test.
  - (3) The applicant must have achieved a prelaw grade point average on all college work attempted and a Law School Admission Test score which are satisfactory to the Admissions Committee of the College of Law faculty, as reflected by Committee approval of his application.

The Admissions Committee considers the prelaw grade record, the LSAT score, the academic improvement shown in the prelaw grade record and the applicant's aptitude for law study. For the entering class in the fall of 1971, the Committee would expect to approve the admission of applicants

who have at least a prelaw cumulative average of 2.9 on a 4.0 scale and an LSAT score of at least 575. The Committee ordinarily denies admission if the cumulative grade point average is less than 2.5 and the LSAT score is less than 500. Between these levels the Committee evaluates each application carefully and fully, giving special consideration where the upper division work in undergraduate study has shown a marked improvement. Any applicant who believes his application presents a special case for consideration by the Committee may request a Committee decision on it.

An applicant without a bachelor's degree who seeks admission from a combined-degree program which will entitle him to the bachelor's degree before he completes requirements for the J. D. degree, will be considered for admission provided he began prelaw study in such a recognized combined-degree program on or before the Spring Semester 1971 and provided that there would be special hardship in expecting completion of the bachelor's degree before enrollment in the College of Law.

An applicant who has been previously enrolled in another law school will be admitted only if he is in good standing in a law school which is a member of the Association of American Law Schools, if he meets the requirements for beginning students at the College of Law of the University of Kentucky, and if he has made an academic average in Law which, had it been made in the College of Law of the University of Kentucky, would entitle him to continue his studies here. Only credits earned with a grade of C or higher will be accepted.

\*\*\*

Background: The proposed revisions in the Law School admissions policy is meant to guide the Admissions Committee and to give information to prospective applicants. The new guidelines made it clear that the Admissions Committee will consider all admission files, as approved by the faculty of the College of Law on December 2, 1976.

present

The second paragraph of the rule reflects admissions guidelines for the Fall of 1971. The College no longer uses cutoff scores on either the upper or lower end, but evaluates each application on its merits.

The third paragraph of the present policy is being deleted because the College of Law no longer conducts a combined-degree program.

Concerning transfer applications to the College of Law, the faculty has recognized in its revised policy statement that the American Bar Association is the HEW-approved accrediting agency for law schools, and thus has included ABA-approved schools in its list of schools from which the College will accept transfer applications. The 2.7 grade-point average mentioned in the revised policy is a guideline to the Admissions Committee.
