

Elliot's Deposition

1843

I entered a farm and found
Val Crawford with my brother
we also made the salt mill
my brother - in - law made the
salt mill & I attended the
farm in 1844 we broke gang
up the farm & salt mill
I then made with Crawford
for part of the crop

"I can not say that I distinctly
recalled the boundary
that Val Crawford did
claim"

at the time I lived with old
man Crawford he gave me
the privilege of putting my stock
"on range"

He claimed Cave Hollow
Wolf Hollow
Mopple Hollow
Hutton Hollow
as well as I can recollect
neither I or any one else had
any stock out in any
of these hollows

I took some horses out there
& see Crawford went with
me to Cave Hollow to
show us where there was
water -

I don't think old man Crawford
sent see, we asked him
to go with us - (my brother
in law & I) -
