PREFACE

The present check list of Missouri imprints, 1808 to 1850 inclusive, is intended to serve for checking and amplification by workers of the Historical Records Survey and by librarians disposed to cooperate with the Survey in its American Imprints Inventory.

The majority of the titles were recorded personally by the undersigned during the past ten years and have been placed at the disposal of the Historical Records Survey. Additional titles have been derived from early returns on the American Imprints Inventory from libraries throughout the country.

A list of Missouri imprints through 1830 running to 60 titles was published by the undersigned in the American Book Collector for February, March, and April, 1932 (v. 1, nos. 2-4) and, because copies of this magazine were out of print, was mimeographed privately early in the present year. This list has been added to continuously.

Imprints of the years 1831 to 1850 inclusive were held in manuscript form on catalogue cards, with the intention of extending the terminal date limit of the list to 1850 and of eventually publishing a reasonably satisfactory bibliography of early issues of the Missouri press.

Titles and various items of information have, over a period of years, been contributed by numerous librarians. Among the Missourians who were specially helpful are Messrs. Floyd C. Shoemaker and Roy T. King of the State Historical Society of Missouri, Dr. Arthur E. Bostwick and Miss Katherine Moody of the St. Louis Public Library, Miss Stella Drumm of the Missouri Historical Society, Mr. William R. Gifford of

the Mercantile Library of St. Louis, Rev. Henry H. Regnet of St. Louis University, and Mr. Adolph Vollmer of Shelbina. The distinguished collector, the late Robert M. Snyder of Kansas City, was deeply interested in the present list, and placed his Missouri imprints freely at my disposal for examination on the occasion of several visits to his home. His collection is now in the library of the University of Kansas City.

Among the librarians of institutions outside of Missouri who have contributed largely to the compilation of the present list are Mr. Valta Parma, curator of the rare book room of the Library of Congress, Mr. L. Nelson Nichols of the New York Public Library, Miss Annie A. Nurns of the Wisconsin Historical Society, Mr. Willard O. Waters of the Henry E. Huntington Library, Mr. C. C. Hunt of the Iowa Masonic Library, Professor Eldon R. James of the Harvard Law School Library, and Miss Muriel Davis of the Massachusetts Grand Lodge Library. And all others who furnished information during the period of compilation may be assured their cooperation is sincerely appreciated.

The only other effort in the field of Missouri bibliography which is known to me is represented by an informal list of approximately 254 imprints earlier than 1851 compiled by William Clark Ereckenridge and Francis Asbury Simpson, and published in 1932 in a volume in memory of the former by James M. Ereckenridge. The imprints therein recorded have been taken into account in the compilation of the present check list.

As will appear from the numbering, the list here presented records a total of 694 imprints, of which 120 appeared from 1808 through 1830, and 574 during the years 1831 to 1850 inclusive.

Although this list of Missouri imprints is the most comprehensive yet issued, experience with the imprints of other states justifies the expectation that many additional titles will be found and recorded. Librarians, bibliographers, and historians into whose hands the list may come are earnestly requested to check it against Missouri titles in the collections under their care and report to the Historical Records Survey such new titles as they may turn up. We shall also be glad to record additional locations of titles already listed.

Notes of additional titles or locations can be most conveniently addressed to the undersigned at 950 Michigan Avenue, Evanston, Illinois.

It should clearly be understood that the following list is not offered as a finished bibliography of Missouri imprints. It may better be regarded as an interim report offering a first contribution toward a future bibliography of such imprints.

Minor bibliographical details are lacking from the descriptions of some of the titles, but to have waited until every last detail was supplied would have unduly delayed the issue of this check list, and would therefore have delayed further additions to it.

In spite, however, of these qualifications, it is believed this list, pending the publication of a definitive bibliography of issues of the Missouri press, may provide Missouri historians with a useful record of local historical material and of the locations in which the many rare titles can be found.

The undersigned desires to express appreciation to Dr. Luther H. Evans, National Director of the Historical Records Survey of the Works Progress Administration, for encouragement and support during

the compilation of this list and to numerous members of his staff for competent and appreciated assistance. Mrs. Clara Fishman, bibliographical assistant, was specially helpful in putting the list into shape for mimeographing.
