My Saus =

I know you must be down right
prewaked with me about writing But
you have no idea how busy I have
been. Johns come down Tuesday ~~Monday~~
after noon and still had time last
night. I cooked and served them
a lovely dinner at noon yesterday
But didn't get the dishes washed
until 2:30, Then I fried a chicken
and scaloped potatoes for my part
of supper last night and we were
all to gather except Poppe. and for
some kind of a misunderstanding they
did not come. We all had a very
good time to gather.

Johns spent last night with Ubes
and are going to town to day spending
to night with Uncle Henry Poppe &
to Marrow night with Judys and
are home early Friday morning.
