United States of America.

THIS SIDE IS FOR THE ADDRESS ONLY.

Mrs T. L. Smith
90. Adjutant T. L. Smith
Columbus Barracks,
Columbus,
Ohio

Dear ~~Pratt~~ ~~Bill~~ ~~Wm~~

Colahan has left
Brooklyn so you must
not send your cards
they left unexpectedly
before they thought they
should, so Aunt Moll
told me last night &
said how sorry they were
not to be able to see both
of you, & talk with you
before you left for Utica
last night - I would like
to stay with Ria & go to a
concert given at the hotel
for the benefit of something or
other. We both enjoyed the
concert immensely & I miss
dear little old Susan it is
the very sweetest thing that
I ever saw any place

Aug - 25th

My dearest guide, I have
just talked to Dr. Street
about our precious baby
the Dr. is from Detroit,
Michigan, and is a
most excellent doctor.
He offers as a suggestion
in connection with the
goats milk, and mixed
with it, a preparation
called "Bovisine", he
says it sustains the
strength so wonderfully
and makes the food

keepings - Dr. Street's last few
papers were a most fine
and his books - full of the
best food. I am sure he
glad to get you the
Mammot from your baby
one of the best of them
I ever saw or heard of
to eat - if you can't
be any more you can
repeat again - you have
the best of them

more digestible. He
says to ask Dr. Coffman
if he approves of it.
Before you take it.
That but only told
me that because he
was interested. Me,
me, if our babies could
only all be well, but
then I suppose there
would be something
else - Jessie has not
been well, just saying
about dear little
Lester I think, and I
was glad when she
recalled Dr. Busman's

medication for a little while,
I've got back to last home
on Saturday, and I pray
that I may find the
baby improved. The telephone
had a difficulty of service to
me, and then I came to
hospital show I got to it.
That I simply cannot have
one sample of oral. I would
have about 8 mg. minimum
if Jessie had her feet
then, for I am most in

POSTAL TELEGRAPH-CABLE COMPANY.

This Company transmits and delivers the within message subject to the following:
TERMS AND CONDITIONS.

To guard against mistakes or delays, the sender of a message should order it REPEATED; that is, telegraph back to the originating office for comparison. For this, one half the regular rate is charged in addition. It is agreed between the sender of the message written on the face hereof and the Postal Telegraph-Cable Company that said Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery of any UNREPEATED message, beyond the amount received for sending the same; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any REPEATED message beyond fifty times the sum received for sending the same, unless specially insured, nor in any case for delays arising from unavoidable interruption in the working of its lines, or for errors in cipher or obscure messages. And this Company is hereby made the agent of the sender, without liability, to forward any message over the lines of any other Company when necessary to reach its destination.

Correctness in the transmission of messages to any point on the lines of the Company can be INSURED by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

No responsibility regarding messages attaches to this Company until the same are presented and accepted at one of its transmitting offices; and if a message is sent to such office by one of this Company's messengers, he acts for that purpose as the agent of the sender.

Messages will be delivered free within the established free delivery limits of the terminal office. For delivery at a greater distance a special charge will be made to cover the cost of such delivery.

This Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the message is filed with the company for transmission.

This is an UNREPEATED Message and is delivered by request of the sender under the conditions named above. Errors can be guarded against only by repeating a message back to the sending station for comparison.

No employee of this Company is authorized to vary the foregoing.

WILLIAM H. BAKER,
V. P. and Gen'l Manager.

JOHN O. STEVENS,
