Dear Carolyn:

I was glad to get your note. I was thinking about the possibility of getting together in August. How is Saturday 10th for you? It looks like the best day for me so far-- and it is the earliest available one. Let me know if that is all right, and I will expect to meet you and Bob etc at the gate around 11.30, as usual.

I am in the midst of getting shots, working on visas and so on. The Bangkok meeting is definite and also another one in Darjeeling planned for October, so I will leave earlier than I expected.

Does the library have a book by Clifford Geertz, the Religions of Indonesia? If so, I'd be grateful for a look at it, I need to do this as I am going to our monastery there.

Eager to hear about your European trip!

Best always,

Tom.
