BASEBALL OUTLOOK IMPROVED AS DIAMOND SEASON APPROACHES

Letter Men and Prospective Stars Fighting for Varsity Positions

SQUAD CUT TO FORTY

Coach Says Men Will Practice Here During Holidays

Under cloudless skies and a sun that would do credit to the day in June that Lowell spoke of, Coach Andy Gill is driving his baseball squad along with increasing momentum.

The squad was reduced to about forty men Friday in order to give a better opportunity to the men who had shown up best in the few days of practice. A further cut is expected in a few days.

Not a few of the freshmen have all the ear-marks of embryo stars and need only expert coaching and practice to develop. They and last year's men who did not make letters are scrambling for the positions left open by graduation.

All of the men were used by Coach Gill in a practice game Friday afternoon, which considering the short time that the men have been on the field, was fast and snappy.

All the men retained on the squad will stay over the Easter Holidays, and practice will begin at 2 p. m. on those days. This is the custom in colleges which have Easter vacations and Coach Gill said that this period would afford an opportunity for long practice hours which was impossible when the men were attending classes.

Rogers, Ridgeway, Gillespie and "Big Boy" Pribble are fighting it out for Heber's last year backstopping job. All are showing up well.

Cooper and Slomer are almost sure bets for a couple of games a week each. "Coop" has the same delivery for a slow curve and fast one that

CONTRACT FOR NEW DORMITORY OKED

Gibson Industrial Fellowship Awarded to E. M. Johnson, Senior.

Contracts for the erection of the new dormitory were approved by the executive committee of the board of trustees of the University of Kentucky at the committee's meeting Wednesday afternoon in President Frank L. McVey's office. The bonds of the three companies concerned in the construction work also were approved. The T. J. Jackson Lumber Company of Lexington has the general construction contract; the Allen Electric Company, Lexington, the electrical work, and H. Hetherington and Company, Louisville, the heating contract.

The committee also passed favorably on the proposition of the Interdepartmental Board of Social Hygiene of Washington, D. C., subsidizing the University for a department of public health and hygiene for the year 1921-1922. This department has been in operation this year and a new agreement will be signed to continue the work through next year also.

The secretary of the committee was authorized to have blank forms printed for the nomination and election of an alumni member of the board of trustees to succeed P. P. Johnston, Jr., whose term will expire January 1, 1922. These blanks will be sent out to the 2,200 alumni of the university about July 1. The nominations will be acted

MEMORIAL COMMITTEE TO RENEW ACTIVITIES

To Select a State Chairman to Succeed Late Edward W. Hines

Renewed activity of the Kentucky Memorial Building Campaign Committee is expected in the next few days with recommendations from the sub-committee on the nomination of a State Chairman to succeed Edward W. Hines who died several weeks ago. The sub-committee is composed of Dr. Frank L. McVey, chairman; Senator Thomas A. Combs and Charles N. Manning, all of Lexington.

One hundred and sixty-eight thousand dollars has been subscribed to the \$300,000 fund, of which \$100,000 is from Lexington and Fayette County. The city bond issue of \$75,000 and the county court's appropriation of \$25,000 were underwritten by 100 citizens and business firms of Lexington. The bond issue was held invalid recently by the Kentucky Court of Appeals, affirming the decision of the Fayette Circuit Court.

The Campaign Committee expects to be able to award the contract for building the memorial hall, which will be on the University campus, early in the summer. Actual construction may be begun in the fall.

DONALD DINNING IS TO BE NEW KERNEL EDITOR

Managing Editor of Tuesday Issue of Kernel To Be Editor-in-Chief

GRIFFIN MANAGING ED.

With the next issue of The Kernel, which will be that of April 5, the duties of Editor-in-Chief will be assumed by J. Donald Dinning who for the past year has held the position of Managing Editor of the Tuesday issue. The chief office of The Kernel staff has been made vacant by the resignation of Robt. J. Raible, who volunteered to share the coveted position by dividing the period of publication during the present semester.

Dinning has been a member of The Kernel staff since his entrance into the University three years ago, holding the positions of reporter and sporting editor during his Freshman year, sporting editor and associate editor during his second year, and managing editor during the present year. He is a member of Sigma Alpha Epsilon and Alpha Delta Sigma fraternities.

Gerald Griffin will assume the duties of managing editor of the Tuesday Kernel, the position made vacant by the promotion of Dinning.

Raible will devote the remainder of the year to preparing a Student Handbook of the University.

ALPHA ZETA TO PLEDGE AT DANCE

Alpha Zeta, the national honorary agricultural fraternity, will hold its spring pledge exercises at the annual dance, Friday evening, April 1, 1921, in the ballroom of the Lafayette Hotel. The pledges are chosen on a basis of scholarship, leadership, and personality. Only those men who have completed three semesters' work and whose grades place them in the upper two-fifths of their class are eligible.

The active chapter is composed of: H. G. Sellards, E. M. Johnson, C. U. Jett, J. H. Atkinson, H. J. Weil, O. K. Brown, D. Y. Dunn, R. E. Davis.

STROLLERS PAINTING "CRICHTON" SCENERY AS DATE APPROACHES

Professor Sax Directing Art Work on Scenes and Curtains For Annual Play

DATE MARCH 31, APRIL 1

Work On Costumes and Lighting Effects Is Rushed

Under the able direction of Professor Carol Sax, head of the Art Department, each day seven Strollers wield "wicked" brushes painting the scenery, needed for the production of "The Admirable Crichton," which will be given Thursday and Friday, March 31 and April 1 at the Lexington Opera House. The Strollers will, for the first time, this year own their own scenery a marked step in the progress of the organization. The scenery will be taken on the road to be used when the production is presented in Pineville and Middlesboro.

Barrie's play affords a rare opportunity for a reckless artistic "splurge" in scenic effects and costumes. The first and last acts take place in one of the magnificent reception rooms of Loam House, Mayfair, sumptuous, elegance, velvet hangings, ancestral portraits and all that sort of thing. The action of the second and third acts deals with the shipwrecked party and their island home, two years after they have reached the island. There is a romantic barbaric beauty to be achieved in these scenes; the stout-beamed hut with its decorations of skins, shells and odd bits of wreckage.

With such an order, even the most

JUNIOR INSPECTION TRIP BEGINS MARCH 29

Third Year Engineers To Visit Dayton Dam and Factories in Ohio

Fifty-five Junior Engineers from the Electric, Mechanical and Civil Engineering Departments will leave for their annual inspection trip March 29. The trip includes visits to factories in Cincinnati, Hamilton and Dayton, Ohio, where the engineers will inspect the manufacturing plants, the various systems they use, their machinery in operation and other interesting points in connection with their work.

One of the chief features of the trip will be the inspection of the new Dayton dam which is being built. After the destructive flood in 1913, work was begun on an enormous dam which would protect the city from other floods. The construction of the dam is of the finest type and will be of great interest to the University men.

Several clubs and organizations in these three cities are planning entertainment for the visitors while there and the trip will be, not only one of work and benefit but of pleasure. Professors W. A. Newman, Bigley Barnette, Singer and R. D. Hawkins will accompany the men on the tour.

SUKY CIRCLE LEADS CHAPEL EXERCISES

Students Outline Plan For Boosting Kentucky During Holidays

Chapel exercises will be conducted Tuesday by the Suky Circle, the boosters' club of the University. Herndon Evans will be in charge and speeches will be made by Dr. McVey, E. G. Gregg, Dillard Turner and Ryan Ringo. The purpose of the meeting is to give to the students who are going home for the Easter holidays a message to take to the prospective students of the university. This can be done by visiting the high schools in your home town, and interesting the students with affairs going on at the University. Most schools will be in session and at the beginning of prospective baseball seasons when every high school boy is looking forward to make a college or national team, and this interest can be stimulated toward the University of Kentucky if the Kentucky students will only advertise it at home. There is interest of some sort for every prospective student, and it is every student's duty to attend chapel Tuesday and get the message that the Suky Circle has for him to take home.

SENIOR STUDENT DIES AFTER BRIEF ILLNESS

Bernice Young Succumbs Following Heroic Fight For Life

IN STROLLER CAST

Bernice Mildred Young, Pineville, a Senior student of the University, died at the Good Samaritan hospital this morning at 8:20 a. m. from blood poisoning. She went to the hospital Saturday for an operation and though she made a heroic fight for her life, gradually declined to the end.

Bernice Young was one of the most prominent students in the University. She has been a member of the basketball team for two years, this year also serving as manager. She was in the cast of the Stroller play "Mice and Men" in 1918 and was to be in "The Admirable Crichton" cast this year. She was a member of the Kappa Delta sorority, an officer of the Mountain Club and active in other student organizations.

RHODES SCHOLARS SELECTED NEXT FALL

350 Pounds Annually Allowed Student Who Is Selected For Scholarship

Candidates for the Rhodes' Scholarship must make application on or before October 29, 1921, to Dr. J. J. Tigert, secretary of the Committee of Selection of Kentucky. This scholarship has recently been increased from three hundred to three hundred and fifty pounds a year, due to increased living expenses, and is tenable for three years during the course at Oxford University.

Other members of the Selection Committee are: President Frank L. McVey, chairman; Professor Charles A. Keith, Eastern Kentucky Normal, and Mr. Allen Barnett, Shelbyville.

Election will take place December 3, 1921, and the successful candidates will take up residence at Oxford in 1922.

To be eligible for this scholarship, the student must be between 19 and 25 years old, unmarried, and must have completed two years of college course. Men from other states in Kentucky institutions, are eligible for the Kentucky Scholarship, as well as for that of their own state. Further information may be secured from Dr. J. J. Tigert.

KENTUCKY TEAM WINS "IMMIGRATION" DEBATE FROM CINCINNATIANS

Johnson, Chism and Fielder Form Winning Wildcat Squad

BRILLIANT REBUTTALS

Banquet of Speakers Follow Contest

"Resolved, that Congress should limit immigration to ten per cent of the annual average of each ethnic group that entered the United States between January 1, 1910, to January 1, 1914, constitutionally granted," was the subject of a vigorously contested debate between the University of Kentucky and the University of Cincinnati, on Friday evening, March 18, 1921. The decision of the judges was made in favor of the affirmative, which was taken by the University of Kentucky. The representatives of the affirmative were, R. T. Johnson, W. Chism and L. C. Fielder. For the negative, J. W. Dalkall, H. E. Metzger, and H. G. Gardner presented such arguments for their side of the question that would have won the debate, had R. T. Johnson, of Kentucky, not come back at their remarks in his brilliant rebuttal.

President Frank L. McVey presided at the debate, and the judges were Dr. Benjamin J. Bush, pastor of Second Presbyterian Church, Lexington; Superintendent J. H. Risly, Owensboro, president of Kentucky Educational Association; T. B. Boyd, Lancaster, Kentucky Superintendent of Schools. The main speeches were 10 minutes with rebuttals of 5 minutes on both sides. The debate was under the direction of W. H. Mikesell. Music was furnished by the University band.

At the conclusion of the debate a dinner was given in the private dining room of the Phoenix Hotel for the teams, the judges and officials, and members of the faculty interested in

Continued on Page 4.

BUCHHEIT WANTS MEN TO TRY FOR TRACK SQUAD

Team Will Make Trips to Cincinnati, Nashville and Sewanee

Coach Bucheit is anxious that more men come out for track and urges all who ever thought they could run any kind of a race, throw a javelin, vault or jump a bar, or toss a weight, to grab an abbreviated shirt and less trousers and make his appearance on Stoll field at 3 p. m. daily. This is not a "Come Over to Macedonia and help us" plea, but seconds and thirds are going to count for a lot in the S. I. A. A. meets this year and Kentucky wants to carry off the honors.

A number of good trips are on schedule this year, including Cincinnati, Nashville and Sewanee. The Wildcats will be seen in action in seven meets this season. The first will be on April 9, when the Kentuckians engage the Volunteers at Nashville, Tennessee, at Lexington is next on the menu, April 16, followed by Miami, at Oxford, April 23rd. The Cincinnati Bearcats journey down to Lexington to meet our boys April 27th after which the 'Cats will have almost three weeks to prepare for the crucial S. I. A. A. meet at Sewanee on May 13 and 14. May 7th the Kentucky high schools will meet on Stoll Field for their annual track tournament. The Kentucky Intercollegiate Athletic Association will

THE KERNEL AND THE ALUMNI

It was the intention of the Kernel Staff not to publish this issue of the Kernel because of irregularities in the printing shop and because a delay in delivering the paper might cause a majority of the students not to receive their copy since they were leaving on Wednesday for the Easter vacation, but such an urgent request was made by the Alumni Secretary, that the Staff has put forth special efforts at the "eleventh hour" and the regular Tuesday edition is the result.

The Kernel is pleased to note the interest that is being demonstrated by the alumni in the newspaper of their Alma Mater, and whatever additional efforts were required to issue this number were gladly made, when it was known that the alumni would be disappointed at its non-appearance.

At present about 800 of the alumni have subscribed for the paper published at their Alma Mater, and it is hoped that that number will be increased to 1000 by the close of the present session.

It has been the one ambition of the Kernel to become the medium of communication between the Alumni and the student body of the University, and now for the first time, this ambition is on the verge of being realized. It has occurred to us to make this suggestion and we wish to hear from the Alumni, giving their views on the matter, namely:

We desire that the students in the University join hands with the students outside the University and make an effort to give the Kernel a wider circulation among the alumni. With increased circulation and a reasonable increase in the subscription price, it will be possible to have a larger edition than the present four pages twice a week.

The Kernel has always been more or less cramped financially in all movements toward getting out a more satisfactory journal. This condition can be met only by increased funds to meet expenses. It is constantly embarrassed by the fact that it cannot exploit sufficiently, notable activities that are taking place on the campus, nor carry messages that the University has for the state at large, as adequately as it would desire, until it shall have been put in possession of adequate funds.

The fact of the matter is, this paper believes that it should be given sufficient help to install a printing plant of its own and thereby give opportunity to some students to learn to operate linotype machines. In this connection we make bold to suggest to the Uni-

versity financial authorities that on account of the increased cost of publication, a readjustment of the University budget for the forthcoming year be so made as to increase the Kernel student fee by not less than fifty cents for the session.

This tangible expression of renewed interest on the part of the alumni, in their comrades in the University, gives us renewed hope and positive encouragement toward the achievement of greater things and we want to express our thanks and appreciation to the alumni for their manifest interest.

O—K—O

HOW ABOUT A LITTLE TENNIS?

Provisions have been made for the major college athletic sports to take advantage of the balmy spring weather by placing the athletic field in first class condition. This is as it should be. The major sports are entitled to first consideration and we are glad that the candidates for the varsity teams have been permitted to utilize the favorable weather, the field having been placed in order.

The candidates who are contesting for the varsity teams however, represent only a small portion of the student body. A large percentage of the University students do play a game of tennis, be it good, bad or mediocre. And this popular sport is the source of much pleasure and profit for hundreds of students who seek it as a wholesome means of recreation.

Since this is true, we call attention to the fact that no steps have been taken to place the tennis courts in order, making possible the opening of this favorite pastime. Since we realize that it is quite possible that the matter has not been overlooked but that failure to do so has resulted from the fact that the Superintendent of Grounds has been too busy to give this matter attention, we trust that this will not be taken as a captious criticism and that the tennis courts will be ready for use in the immediate future.

STROLLERS PAINT SCENERY Continued From Page 1

practical Senior Ag or literal "Math Special" can appreciate how the Art Department is reveling in its paints, pots and dyes. Mr. Sax, who supervised the production of many plays when in charge of the Vagabond Theatre, Baltimore, has designed the plans for the sets. He has been assisted in the work by Herndon Evans, Ed. Gans, James Molloy, John Burke, Tom Young, Tom Finnell and Ed. Gregg.

Eleanor Morse, student assistant in the Art Department, is in charge of costumes. She is assisted by Mamie Woods.

Soft loosely-flowing tea gowns are necessary for the lazy Ladies Mary, Agatha, and Catherine in the first act. The forlorn appearance all must make after the shipwreck, and the dashing costumes, even more barbaric and picturesque than the scenery, which are evolved after two years on the island—all these will be designed and created out of two or three yards of Georgette, a few skins of wild animals and other interesting fabrics before March 31.

The unusually difficult lighting effects will be operated by James Molloy who may make the trips with the cast. He is now experimenting with "dimmers," and "Red-backs," etc., learning to be "the fast-growing darkness" and "a fine summer evening." William Williams is working with pebbles and pieces of tin that he may furnish the off-stage effects—"the wash of the surf" and "the dull boom of the sea," as the script demands.

And of course, every evening the cast rehearses, hammering on each line, working up to standard Sir James has set for them in his play. And, the future audience which will, as always, include the entire University, as the time draws near, becomes more and more thrilled over the biggest event of the college year.

BASEBALL OUTLOOK IMPROVES Continued From Page 1.

fools the best of them. "Bud" has a world of stuff this year and is expected to better his excellent record of last year. Captain Brown is getting his batting eye adjusted for another four hundred average and Gregg is grabbing them hot at the initial sack. "Ed" did not make a letter last year but is growing strong this season.

The coach is especially enthused over the wealth of young outfield blood from which to pick the gardeners to replace Muth and Sauer, who are ineligible this year. Last year a pitcher played in the outfield but this will probably not be necessary this season.

The diamond has been groomed and the outfield rolled and with the aid of summer weather like Old Sol has given us the past few days, old Kentucky has an excellent chance to be on top when the Southern baseball scramble of 1921 comes to an end about the 10th of June.

Sociable Alligators Amble Through Halls

If you happen to see two husky young alligators frolicking about the Science Building corridors, don't draw any hasty conclusions. Kentucky is not the native habitat of these rough skinned reptiles, but they were born less than a year ago in sunny Florida, and were sent to the Zoology Department by Mrs. D. W. Stansell.

They have taken up abode in the reptile cage in the Zoology laboratory, with a corpulent rattlesnake for roommate. Being of jovial disposition, they occasionally leave their comfortable quarters and like Mary's renowned lamb, mingle with the students.

Frogs are their favorite food, but lacking these, they make determined

REGISTRAR GATHERING MATERIAL FOR BOOK

Questionnaires Concerning World War Sent to Kentucky Alumni

Material for a publication to be called, "The University of Kentucky's Part in the World War" is requested in a questionnaire sent out by Registrar E. L. Gillis to alumni of the University. This will be supplemented with the war record of undergraduates and former students.

A bulletin was published by the University during the war giving some statistics on its representatives with the fighting and allied forces. The Registrar will endeavor to make this publication complete with stories of special achievements of the alumni.

Members of the faculty and alumni ranked high with the army and naval forces, several of them receiving rapid promotion. The Y. M. C. A. and Red Cross also drew on the University for workers as did the Liberty Loan drives and other similar movements.

The alumni have been requested to fill out the questionnaires promptly and return to the Registrar or the Alumni Secretary.

PINEVILLE IS READY FOR STROLLER VISIT

The Strollers have received a letter from a prominent alumnus at Pineville who says everything is "set" for a big day and a bigger night in Pineville for the Strollers when they arrive on April 8. He says that the people of Pineville want the University band to come with the Strollers and have actually pledged part of the additional expense for it by private subscription.

The letter outlines the entertainment which awaits the Strollers thus tersely: arrive 6:30 a. m., breakfast 10 a. m., band concert in front of hotel; visit to high school; auto trip through mines; back for lunch; probably impromptu reception for Stroller girls by women of Pineville, followed by college songs and yells; show; dance; bed. After lunch the following day we will drive the whole company to Middlesboro in autos.

"We are going to make this the biggest day the University has ever had outside of Lexington."

STROLLERS PREPARE SCENERY FOR TRIP

Letters were written by Mr. Herndon Evans, stage manager of Strollers, to the Opera House at Pineville and to the Superintendent of Schools at Middlesboro, for specific dimensions and appointments of the stages of the Pineville Opera House and the Middlesboro High School Auditorium. He intends making, with the assistance of the Art Department, and the College of Engineering, such scenic lighting and other physical effects as may be necessary to supplement the stage equipment of the "Admirable Crichton."

PERCY McKAYE TO LECTURE

Students and faculty of the University are invited to attend a lecture which will be given Friday, April 1, at 3:30 in Chapel on Community Drama and Pageantry by one of the ablest authorities on this subject in the country, Mr. Percy McKaye, of Columbus, Ohio.

Immediately following the lecture the English Club of the University will serve tea to Mr. McKaye and his friends.

She—I wish you'd look the other way.

This famous painter met his death Because he couldn't draw his breath.—Puppet.

Military News

By Katherine Conroy

With arrangements completed, preliminary try-outs finished, and the firing team chosen, the inter-collegiate shooting match between cadets of the 5th Corps Area, took place at 3 o'clock Monday afternoon, March 21, in the Armory. The team was composed of the ten men who, during tryouts, had shown up and made better scores than the others in competition with them. The men chosen for the team are: M. A. Trusty, L. H. Buckner, L. R. Burroughs, F. Heath, C. M. Sanders, G. W. Baumgarten, F. A. C. Thompson, C. V. Ginocchio, V. L. Perry, C. W. Pirtle, with E. Fitch, C. Anderson, B. C. Erd as substitutes. All of the men showed up well in tryouts and the University division is expected to put up a good fight against other teams. Reports from other teams have not come in yet and it will probably be several days before the scores will be announced.

The summer camp at Camp Knox, for the training of men for the service will open Thursday June 16 and all men wishing to take training there during the summer are requested to report at Camp Knox on that day. The arrangements and plans of the camp for the students are far in advance of anything it has done in former years. It is arranged for the camp to last six weeks, during that time giving thorough instruction in military tactics, field work, artillery firing and a general course in other subjects.

Under the present plan Wednesday and Saturday afternoons will be granted as holidays; Wednesday to be used in playing games and indulging in any out-door sports and Saturdays will be given for week-end leave or excursions which may extend over Sunday.

The camp is fully equipped this year with a reading room, tennis courts, swimming pools, dancing pavilion, ball diamonds, and other things which will furnish amusement. It will be splendid training in field artillery, which the department here is not able to furnish on account of lack of equipment. It will also bring the boys into closer relationship with the Universities and schools of the Middle West states. Besides this, the training will be of great physical benefit and will prepare and keep the students in better trim for his work in the class room, in athletics and other enterprises, generally. Advanced course men may take the course on a salary of \$1.00 per day in addition to all expenses paid and the basic course men get their expenses paid.

About twelve men have already filed application for entrance to the camp and doubtless many more will take advantage of this splendid opportunity.

After an absence of four years spent at college, a certain young man went back to his old home town to make it famous. The first four people he met, didn't remember him and the next four didn't know he had been away.

HEALTH HINTS

The Dental Clinic will begin examining the men on Wednesday, March 16, at 3:30 p. m. Every student of the University is expected to be examined, and records of each man will be kept by the Department of Hygiene. The students will be encouraged to correct defects in their teeth. Notices will be sent when to report, and everyone is expected to report promptly.

Owing to the recent mild weather the Dispensary calls have been fewer. This is on account of the diminishing of colds among the students.

The Department of Hygiene will arrange for special talks to the men of the University, at chapel hour, after Easter vacation. Visiting prominent speakers will also give speeches, besides the members of the Department. The exact days on which these talks will come have not been decided.

TO JESSIE

(With profound apologies to E. A. Poe and Professor Farquhar.)
Jessie, thy column sounds to me,
Like those long-stale remarks of yore,
That made the soldiers shout with glee,
Who Rome's Imperial Eagle bore,
To Britain's hostile shore.

To modern works too wont to roam,
Thy jests that did the classics grace
Have thru thy column brought us home,
To the hoary jokes of Greece,
And the grander ones of Rome.

Yea, on this brilliant Kernel staff,
Are others, too, a witty band,
Who every week to it do hand
Old tales which made the Patriarchs laugh
In the Holy Land.

—J. J.

THE PROCUSTEAN BED

THE PRESS-AGENT'S DREAM
"Beginning next week at the Hen Alley Theatre is the most stupendous, soul-stirring, heart-gripping picture that is the good fortune of Lexingtonians to witness. The theme of this gripping spectacle is the injustice of the law courts. A mother's love, a crook's revenge, and a working-girl's honor form the crux of the nerve-wracking triple triangle. Do not fail to see Tedda Beara in 'As Little As the Law Allows.' Just before the beginning of the picture John McMacmack will sing that touching old lullaby, 'Keep the Vampires Earning.' The love theme of the picture, played by the symphony orchestra of fifty, is 'We're Tenting To-Night on the Old Vamp-Ground.'"

"Is this the hosiery department?" said the voice over the phone.
"Yes," replied the weary saleslady.
"Have you any flesh-colored stockings in stock?" asked the voice.
"Yes," replied the weary saleslady.
"Whaddy ya want—pink, yellow, or black?"—Store Chat.

"I dare say Jack is forging ahead rapidly since he left college."
"Yes, but there have been several checks in his career!"
—Cornell Widow.

Dues to the Alumni Association, \$2 a year, include subscription to The Kernel and the Alumni Directory. Address Herbert Graham, Sec'y-Treas., University of Kentucky, Lexington

Class of '00
Leon K. Frankel is an architect and engineer of the Frankel-Curtis Company, Lexington, Ky.

Mrs. James Walter Haydon, formerly Miss Lula May Cox, is living at Deatsville, Ky.

Class of 01
P. L. Kaufman, is a contracting engineer for the Strauss Bascule Bridge Company, Chicago.

Class of '02
T. J. Barr, class secretary, is superintendent of the Kentucky Block Cannel Coal Company, at Cannel City.

DEAN COOPER TO VISIT ALUMNI CLUB OF N. Y.

Head of Kentucky College of Agriculture to Meet Old Grads April 8

Dean Thomas Cooper, of the College of Agriculture and director of the Experiment Station, has been invited to speak to the New York Alumni Club at its spring meeting and dinner. April 8 has been fixed as the tentative date with the approval of Dean Cooper. This is expected to be one of the largest gatherings of alumni and former students of the University ever held off the campus. The New York club has a membership of approximately 100, which will be increased in the membership drive now being carried on.

It is likely that the Philadelphia Alumni Club will call a special meeting in honor of Dean Cooper's visit. A meeting of the Washington Alumni probably will be held when Dean Cooper reaches that city. This is a part of the general plan of the Alumni Association and of the alumni clubs to have distinguished members of the faculty visit them and speak on educational subjects.

President Emeritus, James K. Patterson will celebrate his eighty-eighth birthday, Saturday, March 26. He will spend the day quietly because of the state of his health, but he hopes to be able to receive a few of his friends. An invitation has been extended to all graduates and former students of the University to visit the Alumni Office in the Administration Building when they return to the campus.

The following class secretaries have requested the Alumni Secretary to announce that members of their respective classes should communicate with them at the address given.

1920—Grover Creech, Pineville, Ky.
1919—Charles E. Planck, the Free Press, Detroit, Mich.

1918—Prof. Russell A. Hunt, University of Arkansas, Fayetteville, Ark.
1917—Frank Crum, Portsmouth/Solvay Coke Co., Edgarton, W. Va.

1916—Lecoq H. Nelson, Department of Agriculture, Raleigh, N. C.; Miss Elsie B. Heller, 1109 Virginia Railway and Power Building, Richmond, Va.
1915—Lieut. Clyde P. Taylor, 40th Infantry, Camp Sherman, Ohio.

1914—Robert C. Dabney, 185 Perkins St., Akron, Ohio.

1913—Miss Mabel Pollitt, University of Kentucky, Lexington.

1912—J. Ray Duncan, Johns-Manville Co., 500 W. 112th St., New York City.

1911—Mrs. R. C. Wilson, 329 Forty-sixth St., Newport, News, Va.

1910—Prof. D. V. Terrell, University of Kentucky, Lexington.

1908—J. Frank Batalle, University Book Store, Lexington, Ky.

1907—Louis E. Hillenmeyer, Georgetown Pike, Lexington, Ky.

1906—Miss Anna Wallis, 326 Aylesford Place, Lexington, Ky.

1905—Harry Edwards, R. R. No. 9, Lexington, Ky.; Howard P. Ingels, 14 Wall Street, New York City.

1904—W. E. Freeman, 7200 Monticello, Homewood Branch, Pittsburgh, Pa.; Carroll H. Gullion, 4-One Box Makers, 105 Hudson street, New York City.

1903—Miss Marguerite McLaughlin, University of Kentucky, Lexington.

1902—T. J. Barr, Cannel City, Ky.

1900—L. K. Frankel, Lexington, Ky.

Class of '03
Mrs. Nell Whitfield Duerson is living at Mt. Sterling, Ky.

Class of '04
Howard K. Bell is a consulting civil engineer at Lexington, Ky.
John Craig Shelby is an attorney in Lexington, Ky.

Class of '05
Fayette Johnston is a farmer and tobacco warehouseman at Lexington, Kentucky.

Class of '07
David C. Estill is farming near Frankfort, Ky.
Elijah Laytham Rees is Associate Professor of Mathematics at the University of Kentucky.

Class of '11
B. T. Monahan is a contractor at Akron, Ohio.

Class of '14
William C. Almstedt is an engineer with the Bowling Green (Ky.) Quarries Company.

Class of '16
Mrs. R. T. W. Hill, formerly Miss Kitty Mitchell, is living at Majugga, Province of Cam., Cuba.
Alfred D. Bosley is teaching at Wakefield, Mich.

Class of '20
Edward Everett Elsey is a construction engineer for the Keystone Construction Company, Lexington, Ky.

ALUMNUS BELIEVES IN DR. McVEY'S POLICIES

The Kernel has received the following letter from Howard P. Ingles, New York City, an alumnus of the Engineering College which is here published over the blushing protests of the hustling secretary of the Alumni Association and The Kernel staff:

"Editor Kernel:
"At the last monthly luncheon of the New York Alumni, held on March third at the Bankers Club, the Honorable Secretary of our Alumni Association was the guest of honor.

"There were thirty-four men present and we were all very favorably impressed with Herbert Graham. He gave us a very clear picture of the general policies as laid down by Doctor McVey and also the plans for stimulating interest in the University.

"It was the unanimous opinion of those present that The Kernel is doing a great deal towards bringing the alumni together. We want to congratulate you and your associates on the good work you are doing and express to you our best wishes and fullest endorsement.

"Very sincerely yours,
HOWARD P. INGLES."

ALUMNI CLUB VISITED BY SECRETARY GRAHAM

New York, Philadelphia, Washington and Other Clubs Thriving

McVEY APPRECIATED

The New York Club, visited recently by the Alumni Secretary, Herbert Graham, is one of the most enthusiastic organizations of former students and graduates that has been formed. A luncheon called on short notice in honor of the Secretary's visit was attended by thirty-four men. The spring dinner and dance for which the tentative date is April 8 is expected to surpass this by far in attendance and general enthusiasm.

In the fore at the Bankers Club, where the alumni in the metropolis met, were Rufus Weaver, Irvine Lyle and Major "Pup" Gullion of the old gang, and "Dick" Ellis, Howard Ingels was there and surrounding him an air that gave away his secret—Howard P., Jr., who is two months old. Reuben Taylor, the busy secretary-treasurer of the club, was praised for his efforts in bringing the crowd together. A formal motion was passed expressing appreciation for the friendly interest of President McVey, as expressed in a letter to the club. The Alumni Secretary was directed to convey in person an expression of the club's good will and willingness to stand behind the President in his program for the University.

The Philadelphia club recently reorganized with Berkeley Hedges, president; George C. Lewis, vice-president, and C. L. Templin, secretary-treasurer, has a broad program of activity planned. Frequent meetings are held by the Executive Council to outline the club's work and promote its welfare. A "Big Brother" plan for looking after alumni moving into the Philadelphia territory was adopted at the meeting in the Engineers' Club, attended by the Alumni Secretary.

This club holds a record for percent age of attendance. Among the leaders are Frank Daugherty, Thornton Lewis and Miss Aubyn Chinn, who is general superintendent of the Hester Price Company, at Berwyn, Pa. None of the least active of those present was Harry "Gum B." Bassett.

An organization of former students and graduates in Washington and vicinity will be undertaken in the next few days by Philip M. Riefkin, Walter G. Campbell and Major Walter C. Gullion. The Kentucky delegation in Congress expressed a deep interest in affairs of the University and a willingness to cooperate so far as possible in movements among the alumni for adding strength to the institution.

No Time for a Loaf.—Some time ago, when a local corps was reviewed by Sir Ian Hamilton, one officer was mounted on a horse that had previously distinguished itself in a bakery business. Somebody recognized the horse, and shouted, "Baker!" The horse promptly stopped dead, and nothing could urge it on.

In Selecting a University—

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

The Government needs trained men and women; college training will bring the result.

TRIANGLE INITIATES STUDENTS AND DEAN

Eight Pledges Taken in Engineering Fraternity Saturday Afternoon

Dean F. Paul Anderson and eight pledges, chosen from the three hundred and fifty students of the College of Engineering, were formally initiated into Triangle Engineering Fraternity Saturday afternoon.

Dean Anderson became the second honorary member of Kentucky chapter. Professor D. V. Terrell, head of civil engineering, whose efforts availed much in obtaining a chapter of Triangle at the University is a charter honorary member.

Those placed on the roll of active membership at the Saturday initiation were: E. R. Snyder, '22; Howard Glenn, '22; J. B. Slater, '23; D. J. Farmer, '23; D. M. Ramsey, '23; T. H. Oliver, '23; S. E. Flick, '23; and J. R. Kelly, '22.

After the initiation the members went to the private dining room of the Lafayette hotel, where a banquet was given in honor of the new members.

BUCHHEIT WANTS TRACK MEN
Continued from Page 1

hold its annual meet at Georgetown May 21.

Centre is said to have an excellent track team this year and the Wildcats will go their limits to pull ahead of her athletes at Sewanee and Georgetown. Centre has track men who especially excel in the pole vault, high jump and half mile. It will take about five feet ten to beat Mountjoy of Centre in the high jump, and Kentucky men have not done much better than five feet six.

For the first time a two-mile race will be an event in all the meets in which Kentucky will participate, and there is an excellent chance for someone to do his bit in this event. At the present time the track squad is so small that there are not enough men to compete in all events with chances for all places. This is why Coach Buchheit is so anxious to have some more men come out.

Neal Knight, captain of last year's track team, was graduated last June and "Red" Davidson, popular weight man, and Pribble, shot-putter, are not eligible. Downing, javelin thrower, was also given his degree last year.

Warren Clare, able captain of this year's team, is holder of the S. I. A. A. hurdle records and can be counted upon to contribute his share of the points. Thornton, half-miler; Snider, quarter-miler; Hayden, javelin and discus thrower; Boyd, discus and relay man; Dorman and Wilhelm, high jumpers and Cameron, pole-vaulter, are letter men who are out. Porter ran a good mile in the Louisville meet and will probably be entered in the two-mile run. Funkhouser and Nantz, both sprinters, are making the best showings of the new men.

The table was decorated in the colors of the fraternity, old rose and gray.

F. W. Creedle, presided as toastmaster, and responses were made by the following: E. T. Cross, who told some of the proceedings of the recent national convention, and also told of the strength of the national fraternity; Professor Terrell who congratulated the fraternity on its progress at the University of Kentucky, and assured the students of the profound interest of the faculty; S. M. Spears, who welcomed the new members, and J. B. Slater, D. J. Farmer and S. E. Flick, who responded with an assurance of loyal support from every new member.

The program was very fittingly closed with a speech by Dean Anderson. He brought out very forcefully

the value of such an organization as the Triangle in the development of Kentucky as an engineering college second to none in America.

ANDERSON SPEAKS TO RAFINESQUE CLUB

The Rafinesque Club will hold its regular meeting Wednesday evening, March 23, at White Hall. Mr. W. A. Anderson will speak to the club on "Beverage Plants." A social hour will follow at which refreshments in the form of some beverage will be served. At present the club is having a picture of Charles Darwin framed, to hang upon the wall of the botany lecture room.

PAYNE ADDRESSED MATH. CLUB

Mr. W. E. Payne spoke to the Mathematics' Club Wednesday afternoon. His talk was a review of one of Leibnitz's Mathematical works.

DR. HOLMES WRITES ON DISEASED INSECTS

An interesting paper on "Insects and Animals that Carry Disease," by Dr. P. K. Holmes, head of the Department of Hygiene of the University, has been published by the Extension Department. Doctor Holmes says that we must get rid of mosquitos before we can get rid of malaria. He says that the only cure for malaria is quinine which actually kills the malaria organisms. The paper has been released for publication and a copy will be sent upon request.

RIDGEWAY RECEIVES GIFT FROM GOETHALS SOCIETY

Sam Ridgeway, Sophomore Engineer and one of the members of the squad winning the Basketball Championship of South, was presented with a handsome gift by the Goethals Sophomore Engineering Society, of which he is president, at the fourth hour last Monday. The present, a thoroughly equipped leather traveling case, was presented to Ridgeway in a speech made by Allen Cammack, as an expression of gratitude for the part that he played in bringing such honor and distinction to the University of Kentucky, and the Engineering Society.

SCHUMANN-HEINK AND N. Y. PHILHARMONIC SOON

Lexington to Hear Last Numbers of Artist Series April 2 and 4

The next number of the Artist Concert Series to come to Lexington will be the Schumann-Heink concert on Saturday night, April 2 and the last of the season will be New York Philharmonic Orchestra on Monday, April 4. Both will be given at Woodland Auditorium. The greatest contralto and the greatest orchestra in the world are booked for Lexington. No student can afford to miss them. For those who have Artist Concert series tickets, the anticipation is so enthralling that those who have not, should buy individual tickets in time to enjoy the anticipation.

Schumann-Heink, the world's greatest contralto is a marvel of singing power. Heart, soul, mind and voice are developed in artist's powerful accomplishment. The great singer has kept her voice unimpaired after forty years of constant singing. Her range is as great as ever, her upper notes clear and free and of incredible sweetness and her chest tones are full and organic.

New York Philharmonic, an organization of the highest salaried musicians, is coming under the leadership of that distinguished conductor, Josef Stransky and with Frease-Green as soloist. Stransky is an American by choice. His life work is the conducting of the greatest orchestra in the world and he lives for it. Frease-Green has a wonderful soprano voice and sings without effort with such success that her concerts are all thrilling triumphs. Seats for the Schumann-Heink and New York Philharmonic orchestra concerts are now on sale and may be reserved by writing or telephoning Lexington College of Music.

DEAN BOYD PUBLISHES SCHOLARSHIP REPORT

Dean P. P. Boyd sets forth the following facts about University of Kentucky in his interesting article, "Extra-curricula Activities and Scholarship."

Twenty-seven per cent of the Seniors (last year) made a standing of 2.2 or more for two years.

Five and nine-tenths per cent of the Seniors made a standing of 2.7 or more for two years.

Last year: Six per cent of the Freshmen made a standing of 2.2 or more for last semester.

Six per cent of the Sophomores made a standing of 2.2 or more for last semester.

Fifteen and eight-tenths per cent of the Juniors made a standing of 2.2 or more for last semester.

Thirty-two per cent of the Seniors made a standing of 2.2 or more for last semester.

The following averages were obtained from confidential student reports:

Average time per recitation spent in preparation in Spanish, 2.1 hours.

Average time per recitation spent in preparation in Economics, 2.1 hours.

Average total time spent in college work per week, 52.1 hours.

Average time spent in social and other recreation (not athletics) per week, 9.1 hours.

Average time in reading not required by instructors per week, 3.8 hours.

Dean Boyd states that outside activities have a valuable place in one's education, but should not be allowed to monopolize time and interest from more essential phases of college work. He suggests a credit basis for extra-curricula work, limiting the number of "activity units." The system inaugurated by the Student Government Association of Kentucky is used as an illustration of the benefits to be derived from limiting the number of outside activities for any one student. Dean Boyd faces this problem with a mind open to the best solution.

KEEP OFF THE GRASS

TAU BETA PI PLEDGE AT ANNUAL DANCE

Davis, Owens, Spears, Benson and Riley Are Honor Men Pledged

Tau Beta Pi, honorary engineering fraternity, entertained with its annual dance at the Phoenix Hotel, Friday evening, March 18. During the evening the following men members of the Junior Class were pledged: W. B. Davis, J. W. Owens, S. M. Spears, G. W. Benson, and T. M. Riley.

The members of the active chapter are: R. E. Deatry, F. H. Shaw, F. D. Weatherholt, B. L. Hines, R. N. O'Hara, E. L. Bauch, E. O. Schultz, F. W. Luker, E. Zukerman, H. L. Thompson, W. D. Thompson, and J. W. Crenshaw.

The chaperones of the evening were: President and Mrs. F. L. McVey, Dean and Mrs. F. Paul Anderson, Dean and Mrs. C. R. Meicher, Dean and Mrs. P. P. Boyd, Dean and Mrs. Thomas Cooper, Judge and Mrs. W. T. Lafferty, Dean and Mrs. W. D. Funkhouser, Mrs. C. J. Smith and Miss Josephine Simrall.

UNIVERSITY STUDENTS TO HEAR CALL-CURCI

University of Kentucky students who remain in Lexington through the spring vacation will take advantage of the opportunity to hear Amelia Galli Curci, who will appear in concert at Woodland Auditorium, Thursday night, March 24.

There is no more popular singer before the public today than Galli Curci. The rare quality of her voice, the beauty of tone, the seemingly unlimited range and the power of control she has displayed have placed her in the foremost rank of singers, first among coloratura artists and the great popular choice of concert artists.

Seats are now on sale at Ben All box office and will continue on sale until Thursday night. Any who have reserved seats are urged to call at the box office for them as soon as possible.

CLASS OF '24 ENTERTAINS WITH ANNUAL DANCE IN ARMORY

The Freshman Class of the University of Kentucky entertained with a dance, from 3:30 until 5, Saturday afternoon, March 19, at Buell Armory. Montague's Orchestra furnished the music and refreshments were served. The Armory was decorated in the class colors of green and white.

CONTRACT FOR DORM OKHD

Continued From Page 1

on at the regular September meeting of the board and the election will take place at the December meeting.

Leave of absence for one year was granted to Professor E. L. Rees, of the general routine appointments were made. department of mathematics, and Miss Marietta Wilson was appointed as instructor in the home economics department; Miss Mary Miller, as field agent in foods, and B. E. Barringer, of Cornell University, was appointed assistant professor of agriculture. The latter's work will be to carry on the provisions of the Smith-Hughes project at Picadome School.

The Gibson Industrial Fellowship was awarded to E. M. Johnson, a Senior in the College of Agriculture.

A resolution was adopted making provisions for the establishment of an art museum at the university which for the present will be just a room in connection with the art department, although it is hoped to enlarge the museum later. The collection will start with the four Duginac paintings, which were left by the late Mr. Duginac, of Cincinnati, to be given some Kentucky institution providing that that school made provision for an art museum.

The members of the executive committee present for the meeting were Judge Richard Stoll, Lexington; Robert G. Gordon, Louisville; P. P. Johnson, Jr., Lexington, and Judge Rainey T. Wells, Frankfort. Senator Richard P. Ernst is the other member of the committee, but was unable to be present.

RESOLUTIONS

RESOLVED—WHEREAS Almighty God in His infinite wisdom and mercy has taken from us by the hand of death and called into His own our beloved classmate and friend, Bernice Mildred Young, that the Senior class of the University of Kentucky has lost an earnest and faithful member, and its members a true and loyal friend.

RESOLVED, that the Senior class wishes to express the deepest and most sincere sympathy to her relatives and to all who love her.

RESOLVED, that a copy of these resolutions be sent to her family, and that these resolutions be published in The Kernel and other suitable publications.

Committee—
DILLIARD TURNER, chairman
HARRY FARMER
GEORGE ZERFOSS.

VARIED PROGRAM AT AG. MEETING

At the meeting of the Ag Society Monday evening, March 14, the following program was rendered:

"Purposes of the Ag. Society, D. Y. Dunn; "Why I am Taking Agriculture," Mary Hanson Peterson; "The Ideal Beef Cattle Farm," George Gregory; "What I Would Do Should I Go Through College Again," Mr. Melvin.

The society meets once every two weeks, the members taking part in the program. The largest number that has attended the Ag. Society for some time was present at the last meeting, twenty-five new members being enrolled.

All Agricultural students are urged to attend the next meeting, the date of which will be announced later.

CHIS ENTERTAIN NEW PATRONESSES

Lambda Alpha Chapter of Chi Omega entertained with a tea Friday afternoon in honor of their new patronesses, Mrs. James Combs, Mrs. Paul Justice and Mrs. A. S. J. Tucker. The other patronesses, Mrs. E. F. Farquhar, Mrs. Shelby Harblson, Mrs. Edward West and Mrs. Eugenia Young assisted the active chapter in receiving their new guest.
