Dear Sir:-

Write me just what to do about having witnesses summoned
in the railroad cases. We have had no witnesses looked
up in the Moses Ison case and I know of only one in the H.C.
Boatright case, and as I was informed by Mr. McDowell, while
down there, there was no person whose duty it was to investigate
this matter, and I could not learn while down there,
what they expected to pay witnesses per day.

I talked to Mr. Jouett and Mr. McDowell, and they could
only say what they did when they had the matter in charge.

Yours truly,

D. D. Fields
