

December 1, 1916.

Messrs. Morgan & Huckols,  
Hazard, Kentucky.

Gentlemen:

Referring to your communication to me of November 22, 1916, respecting claim of Green Baker, growing out of slide on First Creek, in Perry County, Ky., I herewith hand you copy of Mr. Donohue's letter to me of November 27, 1916, with copy of Mr. Williams' letter to Mr. Donohue of November 25, 1916, referred to in Mr. Donohue's letter. Please carefully note the contents of each of these enclosures and <sup>in</sup> any further dealings with Baker be governed by Mr. Donohue's advice as reinforced by the observations contained in Mr. Williams' letter to Mr. Donohue. It looks like we will have to have a tussle with Baker, sooner or later, and I presume it may as well come now.

Very truly yours,

encs.
