EXECUTIVE COMMITTEE—1961-62

Dr. Harry C. Denham, President, Maysville, Kentucky
 Mr. B. A. Shively, Vice-President and Treasurer, UK, Lexington
 Miss Helen G. King, Director of Alumni Affairs, 522 Sayre Ave., Lexington
 Mr. L. Berkley Davis, Immediate Past-President, 22 Stone Creek Park, Owensboro
 Mrs. Hampton C. Adams, Old Keen Place, Versailles Pike, Lexington
 Mr. James B. Allen, Moundale Avenue, Winchester
 Dr. Ralph J. Angelucci, 3217 Tates Creek Pike, Lexington
 Mr. William R. Black, 300 North 38th St., Paducah
 Mr. Smith D. Broadbent, Jr., Cadiz
 Mr. C. C. Clarke, 1203 South Green St., Glasgow
 Mr. Richard E. Cooper, Myrtlewood-Stanford Rd., Somerset
 Dr. Glenn U. Dorroh, 301 Clinton Rd., Lexington
 Mr. William Gant, 1643 Sherwood Drive, Owensboro
 Mr. George W. Griffin, Jr., First & Main Streets, London
 Mr. Robert H. Hillenmeyer, 1554 Meadowthorpe Drive, Lexington
 Mr. Guy A. Huguelet, Jr., 1469 Lakewood Dr., Lexington
 Miss Marguerite McLaughlin, 226 East Maxwell St., Lexington
 Mrs. Jane Irvin Morris, 1553 Leestown Rd., Lexington

Dr. O. B. Murphy, 743 West Cooper Dr., Lexington
 Mr. J. Paul Nickell, 302 Hart Rd., Lexington
 Mr. McKay Reed, Jr., 1925 Spring Dr., Louisville
 Mr. William H. Townsend, First National Bank Bldg., Lexington
 Mr. J. Stephen Watkins, 446 East High St., Lexington
 Mr. R. G. Wells, Jr., Pikeville, Ky.

APPOINTEE MEMBERS

Mr. Hilary J. Boone, 320 Holliday Rd., Lexington
 Mr. William D. Calvert, Maysville
 Mr. R. R. Dawson, Bloomfield
 Dr. George Estill, 209 East Second St., Maysville
 Mr. Herndon J. Evans, The Lexington Herald, Lexington
 Mr. Gilbert Kingsbury, 210 Edgewood Rd., Ft. Mitchell
 Mr. Samuel Manly, III, 1009 Ky. Home Life Bldg., Louisville
 Mr. Clay Maupin, University of Kentucky, Lexington
 Mr. Newton W. Neel, City Engineer's Office, Henderson
 Mr. James A. Sutherland, Bloomfield

Executive Committee meets second Monday night of each month, September through May, 6:30 p.m., Carnahan House, unless otherwise specified.

LETTERS

Dear Miss King:

The enclosed check in the amount of \$200 for my part of the Kentucky Veterans Bonus I have endorsed over to the Kentucky Alumni Fund. Please record it as my contribution.

Sincerely yours,

WILLIAM D. McDOUGLE
 Monticello, Indiana

GRADS, MARK YOUR CALENDAR NOW FOR 1962 REUNIONS!

ALUMNI DAY—SATURDAY June 1962

50th Anniversary Reunion—Class 1912

40th Anniversary Reunion—Class 1922

25th Anniversary Reunion—Class 1937

Further information will be mailed after January 1.

THE KENTUCKY ALUMNUS

A UNIVERSITY IS A PLACE; IT IS A SPIRIT . . . IV

Not long ago, the University of Kentucky was invited to become a member of the new Council of Graduate Schools which includes the best-known institutions in the country. This places the University in the "major leagues" of schools with reputations for quality, according to its Graduate School dean, Dr. A. D. Kirwan.

Another measure of the regard in which the academic program of the University is now held was the description of the school by the Cincinnati Enquirer recently as "the Ivy League school of the South."

These are only two instances which indicate that the University of Kentucky has gone past the "crossroads," a position it occupied for many years, and is now at least a junior member on this country's list of great educational institutions.

What does all this mean to the alumnus of the University and to Kentucky citizens in general? It means that the University is and will be a school with which they are proud to be associated. It means that their sons and daughters can attend an institution of national reputation without leaving the state, as many of the state's brightest students have done in years past. It means greater contributions by the University staff to the economy and culture of Kentucky, areas in which they have already provided immeasurable benefits.

What can the alumnus do to help his school in this direction?

This year the University is asking for a considerably increased budget to support its programs. This budget and how it will be used are explained in other stories in this magazine. Alumni of the University are invited to learn more about the budget proposal and to help explain it to the other leaders in their communities, especially the legislators who will make the final decision on it. An understanding of the University's functions and the way the new budget would affect them mean much to the future of quality higher education in Kentucky.

DR. HARRY C. DENHAM, president of the University of Kentucky Alumni Association—shown above in front of Memorial Hall—is one of the many alumni who are actively supporting the University of Kentucky in its efforts to provide a greater program of quality education and increased service to Kentuckians.

A MOMENT IN HISTORY

There comes a time in the lives of men and institutions, when a bold, brave approach to the problems facing individuals and organizations is a moral and ethical responsibility.

The University of Kentucky administration and the Board of Trustees have faced this decision and will present to the Governor and the 1962 Legislature a realistic view of the University's future in the budget request for the biennium.

A brief presentation of this budget request is published in this issue of the KENTUCKY ALUMNUS, so that alumni of this institution and their friends may be acquainted with the needs, the size, the state-wide responsibilities, the complex nature and the character of this comprehensive University.

It is incumbent upon every man and woman in Kentucky to see that their legislators, their neighbors and their fellow-citizens be acquainted with the breadth and scope of their great University, and that this message be told and re-told until the University of Kentucky receives the state assistance which it needs and which the public demands.

Read this issue of your ALUMNUS with interest and with care and then carry the story of the University's needs and future, as outlined briefly in her budget request, to every willing ear within the range of your voice.

Only through the combined, militant efforts of all of her people will Kentucky develop the state-wide support for her University which she needs and deserves.

Consideration of Budget

The University of Kentucky will ask the General Assembly to appropriate \$24,374,458 to finance its program during the first half of the 1962-64 biennium and \$22,647 for the second half.

UK President Frank G. Dickey, who termed the request large but realistic, said the University will seek the biggest appropriation in its history "partly because the task to be performed is the largest and partly because the task must be executed at a time when costs in all categories stand at record levels."

An appropriation of at least \$23 million for 1962-63 and \$27 million for 1963-64 is an absolute necessity, Dickey said, if the University is to keep operating without loss of ground during the coming biennium.

The other portion of the request, totaling \$2,927,000 for the two years, is necessary if the University is to improve its standard of educational operation and provide additional services to the people of the Commonwealth, Dr. Dickey added.

A major part of the increased request, Dr. Dickey explained, is necessary because increased costs have resulted from additional enrollments, the activation of the Medical Center and the University Hospital, salary increases for present personnel, and the addition of a limited number of staff members to take care of added enrollment. Preliminary figures indicate the on-campus freshman enrollment for the 1962 fall term will be 20 per cent above the previous year.

The Medical Center section of the request alone amounts to \$6,659,293 for 1962-63 and \$8,318,930 for 1963-64 compared with the \$3,507,000 necessary for its operation during 1961-62.

The University's role has been expanded and the scope of operation increased through the opening of the Medical Center, the beginning of the geological projects, construction of academic buildings, and the adding of centers at three points in the state, Dr. Dickey said. If the University were operating on the same scale as it was 10 years ago, only a \$10.5 million increase would be necessary.

UK's total budget request for the biennium amounts to \$47,000,000, or an increase of \$916,105.

"Such a request can be understood only in relation to the mission, the scope, and the size of the University's operation," Dr. Dickey said.

The UK President pointed out:

1. In many professional programs—pharmacy, medicine, dentistry, engineering, architecture, law, geology, and others—the University of Kentucky has the only state-assisted programs in the Commonwealth.

Budget Request for 1962-64 Biennium

2. In the field of graduate study, the University of Kentucky is the only institution of state-assisted character which offers any graduate degrees in fields other than education. It is also the only state-assisted institution offering degrees at the doctoral level.

3. The enrollment of the full-time students at the University of Kentucky is more than double that of the nearest institution in size.

4. The research activities of the University are of such importance to the economy of the state that additional support is deserved and required.

5. The service activities of the University, through its various bureaus and extension programs, require support not connected with other institutions.

"For too many years Kentucky has lagged behind the rest of the nation in the rate of educational progress. Kentucky must move forward in a major way if we are to close the gap which now exists between us and the states which have increased their budgets for higher education in legislative sessions this year," Dr. Dickey said.

A bold approach such as UK's request is needed, the administrator said, if the University of Kentucky is to play its rightful role in the destiny of the state and the welfare of its people.

tion is needed for expanded research in all areas, particularly forestry and animal husbandry.

Agriculture Extension Service—Salaries need to be increased to keep pace with the national average.

Geological Projects—Additional personnel are needed to carry out the intensive geological mapping program of the state.

Debt Service for Academic Buildings—Appropriations to be used to liquidate and service \$8 million bond issue being used to finance the construction of the Chemistry-Physics Building and Library Addition. The remainder of the appropriation would be used to liquidate and service a \$5 million bond issue for the construction of a College of Commerce Building and additions for Engineering, Education and Law. Without the full appropriation, the last part of the construction program cannot move forward.

Retirement plan—To be used to set up a sound retirement system for University personnel if necessary legislation is passed. Both University personnel and the state would contribute under the proposed plan.

Buildings	368,700	1,339,648	1,097,088
Retention Plan		750,000	900,000
	\$15,441,960	\$24,374,458	\$28,541,647

REASONS FOR DIVISIONAL INCREASES

Division of Colleges—Salaries need to be brought in line with the national average and additional personnel must be employed to take care of an expected 10 per cent enrollment increase each year of the biennium. Part of the increased appropriation will be used for equipment and supplies.

Medical Center—University Hospital and the College of Dentistry will be activated. Faculties must be expanded to take care of four College of Medicine classes, four College of Nursing classes, and two College of Dentistry classes. Request includes appropriation for state-wide dental services and Nursing Service care for students.

Agricultural Experiment Station—Salaries need to be brought up to the national average. Part of the appropriation

A MOMENT IN HISTORY

There comes a time in the lives of men and institutions, when a bold, brave approach to the problems facing individuals and organizations is a moral and ethical responsibility.

The University of Kentucky administration and the Board of Trustees have faced this decision and will present to the Governor and the 1962 Legislature a realistic view of the University's future in the budget request for the biennium.

A brief presentation of this budget request is published in this issue of the KENTUCKY ALUMNUS, so that alumni of this institution and their friends may be acquainted with the needs, the size, the state-wide responsibilities, the complex nature and the character of this comprehensive University.

It is incumbent upon every man and woman in Kentucky to see that their legislators, their neighbors and their fellow-citizens be acquainted with the breadth and scope of their great University, and that this message be told and re-told until the University of Kentucky receives the state assistance which it needs and which the public demands.

Read this issue of your ALUMNUS with interest and with care and then carry the story of the University's needs and future, as outlined briefly in her budget request, to every willing ear within the range of your voice.

Only through the combined, militant efforts of all of her people will Kentucky develop the state-wide support for her University which she needs and deserves.

Consideration of Budget

The University of Kentucky will ask the General Assembly to appropriate \$24,374,458 to finance its program during the first half of the 1962-64 biennium and \$23,647 for the second half.

UK President Frank G. Dickey, who termed the request large but realistic, said the University will seek the biggest appropriation in its history "partly because the task to be performed is the largest and partly because the task must be executed at a time when costs in all categories stand at record levels."

An appropriation of at least \$23 million for 1962-63 and \$27 million for 1963-64 is an absolute necessity, Dickey said, if the University is to keep operating on a level of ground during the coming biennium.

The other portion of the request, totaling \$2,647 for the two years, is necessary if the University is to improve its standard of educational operation and provide additional services to the people of the Commonwealth, Dr. Dickey added.

A major part of the increased request, Dr. Dickey explained, is necessary because increased costs are caused by additional enrollments, the activation of the Medical Center and the University Hospital, salary increases for present personnel, and the addition of a limited number of staff members to take care of added enrollment. Preliminary figures indicate the on-campus freshman enrollment for the 1962 fall term will be 20 per cent above last year.

The Medical Center section of the request alone amounts to \$6,659,293 for 1962-63 and \$8,318,930 for 1963-64, compared with the \$3,507,000 necessary for its operation during 1961-62.

The University's role has been expanded and the scope of operation increased through the opening of the Medical Center, the beginning of the geological projects, the construction of academic buildings, and the adding of centers at three points in the state, Dr. Dickey said. If the University were operating on the same scale as it was 20 years ago, only a \$10.5 million increase would be necessary.

UK's total budget request for the biennium amounts to \$24,374,458 and \$23,647,000, respectively.

"Such a request can be understood only in relation to the mission, the scope, and the size of the University's operation," Dr. Dickey said.

The UK President pointed out:

1. In many professional programs—pharmacy, dentistry, engineering, architecture, law, agriculture, and others—the University of Kentucky has the largest state-assisted programs in the Commonwealth.

Budget Request for 1962-64 Biennium

2. In the field of graduate study, the University of Kentucky is the only institution of state-assisted character which offers any graduate degrees in fields other than education. It is also the only state-assisted institution offering degrees at the doctoral level.

3. The enrollment of the full-time students at the University of Kentucky is more than double that of the next largest institution in size.

4. The research activities of the University are of such importance to the economy of the state that additional support is deserved and required.

5. The service activities of the University, through its various bureaus and extension programs, require support connected with other institutions.

"For too many years Kentucky has lagged behind the rest of the nation in the rate of educational progress. Kentucky must move forward in a major way if we are to close the gap which now exists between us and also keep pace with the states which have increased their budgets for higher education in legislative sessions this year," Dr. Dickey said.

A bold approach such as UK's request is needed, the administrator said, if the University of Kentucky is to play its rightful role in the destiny of the state and the welfare of its people.

tion is needed for expanded research in all areas, particularly forestry and animal husbandry.

Agriculture Extension Service—Salaries need to be increased to keep pace with the national average.

Geological Projects—Additional personnel are needed to carry out the intensive geological mapping program of the state.

Debt Service for Academic Buildings—Appropriations to be used to liquidate and service \$8 million bond issue being used to finance the construction of the Chemistry-Physics Building and Library Addition. The remainder of the appropriation would be used to liquidate and service a \$5 million bond issue for the construction of a College of Commerce Building and additions for Engineering, Education and Law. Without the full appropriation, the last part of the construction program cannot move forward.

Retirement plan—To be used to set up a sound retirement system for University personnel if necessary legislation is passed. Both University personnel and the state would contribute under the proposed plan.

THE KEN

University Affairs

Enrollment at UK for the 1961 fall term is 10,624, an increase of 466 over the same period last year. The most significant increase was in the freshmen studying on the main campus. Up 21 per cent over the 1960 freshman crop, the 1961 class totals 1,968, an increase of 343 over last year. The 10,624 figure includes only students on campus, those enrolled in two-year centers, and those attending extension and evening courses for college credit.

UK language classes have shown a 30 per cent increase this year. Bulk of the increase was attributed to upperclassman interest in foreign languages. However, 15 per cent more freshmen are enrolled in foreign language courses this year.

A total of 398 women students pledged to sororities this year and fraternities reported 184 upperclassmen pledging. Fraternities operate on the deferred rush system.

UK needs more money for scholars' salaries and research equipment to maintain and improve its graduate training program according to Graduate School Dean A. D. Kirwan. UK's conclusion in the recently formed Council of Graduate Schools has put it in the "major leagues" as far as prestige is concerned, Dr. Kirwan told faculty members at a two-day conference held at Spindletop Hall this fall. At least \$1 million a year is needed for salaries and staff additions, and another \$2 million for research equipment in the sciences and engineering.

Breaking ground for a \$2 million addition to the University of Kentucky library are, from left, Robert Hillenmeyer and J. Stephen Watkins, members of the UK Board of Trustees. William H. Townsend, Lexington historian, and Dr. H. L. Donovan, President Emeritus, look on.

Dr. Stephen F. Dachi, a native of Budapest, Hungary, has been appointed chairman of the department of oral diagnosis in the College of Dentistry, and Daniel G. Diehl of Allentown, Pa., former assistant superintendent of dental laboratories at the University of Pennsylvania, will be supervisor of the dental laboratories.

Change of work status has been granted to two faculty members with a total of 65 years service. They are Dr. Leonard E. Meece, professor of education, and Blaine W. Schick, assistant professor of romance languages.

"The New Freedom in American Literature" by the late Professor Grant C. Knight, formerly of the UK English faculty, has been published by his widow, Mrs. Grant C. Knight. The volume was edited and an introduction written by Dr. Scott C. Osborn of Mississippi State College who received his Ph.D. degree at UK. The work is the uncompleted manuscript of the final volume of a trilogy on American literature from 1890-1920 which Prof. Knight wrote before his death in 1956.

"The Hustler", first novel of a former UK English instructor Walter Tevis, has been filmed by 20th Century Fox. Mr. Tevis completed both his B.A. and M.A. degrees at UK. During his student years, he worked his way through college by racking billiard balls in a South Limestone pool hall and gained a first hand knowledge of the art of billiards and personalities who inhabit the halls. He has had several short stories published in national magazines. Mr. Tevis is presently on the faculty of Southern Connecticut State College. He took many of his creative writing courses here under A. B. Guthrie, then instructor of creative writing. Guthrie received the Pulitzer Prize for Fiction in 1950 for his book "The Big Sky".

Two members of the UK music staff, Miss Phyllis Jenness, voice teacher and Howard Karp, piano teacher, have returned after a year's study at the Vienna, Austria Academy of Music.

Thirty-eight members of the University faculty and staff have been called to active duty with the 100th Army Division and have been assigned to Fort Chaffee, Arkansas.

An educational television network to blanket Kentucky is in the planning stage. Harry King Lowman, speaker of the Ky. House of Representatives and co-chairman of the Advisory Committee on Educational Television, explained the proposed network in the current issue of Review of Government published by the Bureau of Government Research at UK. The network would be composed of channels at Ashland, Pikeville, Morehead, Hazard, Covington, Somerset, Bowling Green, Madisonville, Murray, Louisville, and Lexington. A bill to establish the network will be introduced in the 1962 General Assembly.

The UK Alumni Association has started a four-year program to publish a directory of all graduates and former students. This will be released in 1965 as a part of the University's centennial observance. The current alumni mailing list contains 30,000 names covering all of the 50 states and several foreign countries. The Centennial Directory will be cross-indexed and copies will be placed in the cornerstone of the new Alumni House soon to be constructed adjacent to the University campus.

A summer orientation and advising program for incoming freshmen was held at UK. Students and their parents were invited to attend one of the day-long programs in order to become better acquainted with the University.

A total of 2,970 persons attended the 69th annual meeting of the American Society for Engineering Education held the last week in June at UK. It was the largest group meeting ever held on the campus in Lexington. Visitors came from more than 400 other universities, colleges, industries, etc. Equipment developed at the University and used in the selection of pilots for the American Mercury Man in Space Project was on exhibit. The medical engineering exhibit consisted of test setups, equipment, and instrumentation developed by the laboratory in cooperation with the Aerospace Medical Division of the Air Force Systems Command and other agencies.

Some 130 colleges and university housemothers from all over the country attended the two-weeks training school in June for members of the profession held at the University of Kentucky. Dr. Doris M. Sewell, dean of women, conducted the event which featured lectures, talks and discussions by more than 30 qualified persons in the field of guidance and counseling.

Dean R. E. Shaver of the College of Engineering and Dr. R. S. Matlock, head of the Department of Mining and Metallurgy, have announced that financial assistance is available through the University for qualified students interested in mining engineering. Money is available in the form of scholarships and loans.

Dr. R. Dudley Johnson, was appointed dean of University of Kentucky Extended Programs in May by the Board of Trustees. He served as associate dean since 1958 and has been in charge of administration and development of affiliated centers. He holds a Master's and a Doctor's degree from the University.

About The Alumni

1900-1920

KARL P. ZERFOSS, '16, Chicago, who retired in 1958 after 28 years on the faculty at George Williams College, has served for the past three years on the staff of the Social Welfare Department, Church Federation of Greater Chicago.

JULIUS WOLF, '16, Chicago, an engineer with Materials Source Corporation, Chicago, is one of the city's top amateur photographers.

EDWARD S. DABNEY, '20, Lexington, Chairman of the Board, First Security National Bank & Trust Company, has been named to membership on the National Council of the National Planning Association. A member of the Alumni Century Club, Mr. Dabney is Vice-President of the Limestone Gas Company and the Ashland Oil Refining Company.

EGER V. MURPHREE, '20, Summit, New Jersey, currently president of the Esso Research and Engineering Co., has been granted his 34th patent by the U.S. Patent Office. The patent is for a process for increasing the recovery of oil from shale and other oil-bearing solids by a new method of heat treatment. Widely regarded as one of the nation's top administrators of research activity, he is equally noted for his participation in government, educational, scientific and petroleum industry projects. A member of the Alumni Century Club, Mr. Murphree was named by President Eisenhower as special assistant to the Secretary of Defense in 1956 and coordinated the nation's guided missile effort. He holds honorary doctorates from the University and the Polytechnical Institute of Brooklyn.

DEATHS

JAMES H. NAGEL, '01, Paducah, April 8.

MRS. ALBERT A. KRIEGER (Eugenia McCulloch, '06) at her home in Louisville in September.

DR. MEINARD J. HERL, '04, of Louisville, in June.

CLARENCE S. BENNETT, '09, of Portland, Oregon on April 15th.

1921-1930

VIRGIL L. COUCH, '30, Director, Industry Office, Office of Civil and Defense Mobilization, Battle Creek, Mich., received the National Institute for Disaster Mobilization National Award for Outstanding and Distinguished Leadership and service at the annual meeting of the organization in Washington this past July.

JOHN P. LAIR, '29, Cynthiana, has been sworn in as circuit judge of the 18th district embracing Harrison, Pendleton, Nicholas and Robertson counties. Judge Lair has practiced law at Cynthiana since he graduated from the University except in 1942-43 when he was a special agent for the FBI.

MRS. HENRY A. HARPER (Ida Kenney Risque, '25), Midway, has been appointed Dean of Residence at Midway Junior College.

BIRTHS

TO:

Mr. and Mrs. WAYMAN H. THOMAS-SON, '29, Cleveland, Ohio, a daughter, Lindsay Lee, on August 31.

DEATHS

J. FRANKLIN BAUGH, '22, Harlan, Ky., on September 12 in Harlan. A member of the Alumni Century Club, Mr. Baugh was associated with the National Electric Coal Company for 30 years and formerly played football at UK. Survivors include his wife, Mrs. Grace Baugh, two daughters, Mrs. Jean Brewster, Lexington and Mrs. James Cartmell, Richmond; two sons, C. R. Baugh, Richmond and J. Franklin Baugh, Jr., a Baptist missionary in East Pakistan, and several brothers and sisters.

CARL F. STITH, '24, Falmouth, at his home on September 1. Survivors include his wife, Mrs. Kyra Waldron Stith; three stepsons, Edward L. Fossett, Frankfort; Billy Fossett, Fulton; James Fossett, Falmouth, and a sister, Mrs. Hoyt Best, Falmouth.

DR. JOSEPH R. WHITMER, '22, Bowling Green, in August.

LT. GENERAL JOHN A. DABNEY, '26, Deputy Assistant Secretary of Defense for Disarmament and Military Affairs, retired September 30 after a distinguished career in the military services. He and Mrs. Dabney are residing in Columbia, South Carolina.

JAMES SIDNEY CAUDEL, '23, Owingsville, on September 30 at the Veterans Hospital, Louisville. A native of Menifee County, he was a retired major with 38 years service in the U.S. Army. Survivors include his wife, a son, and two daughters.

CHARLES L. GOFF, '27, Hawesville, a member of the UK Extension Dept. since 1927, of a heart attack, in April. Survivors include his wife, Mrs. Derl Cress Goff and two sons.

MARY L. LYONS, '23, Lexington, of a heart attack on August 31.

C. KYLE TIECHE, '32, has been elected President of the Clinchfield Coal Company, Dante, Virginia.

1931-1940

MRS. ANN EVERSON TORSTRICK, '39, Louisville, has been promoted to administrative assistant in the Department of Instruction at the Jefferson County Board of Education.

CHARLES ZIMMER, '36, Lexington, has been named chief corporation counsel for the City of Lexington. He served as chief military defense counsel in the famous court martial of Col. John C. Nickerson, Jr.

EDWARD L. ANGUS, '61, Quantico, Va., is one of nine students designated as National Defense Graduate Fellows at Pennsylvania State University under the National Defense Education Act of 1958. Purpose of the fellowships is to encourage students to prepare for college and university teaching and to strengthen and extend facilities for graduate training of college and university teachers.

RICHARD POTTER, '58, Bowling Green, has accepted a position as pharmacist at Shugart & Hunt Drug Store, Franklin, Ky.

PHILIP A. PHAR, '61, Lexington, has been named assistant extension animal husbandman at West Virginia University, Morgantown, W. Va.

LT. JOHN F. FRENCH, JR., '61, has completed the four-week chemical-biological-radiological officer course at The U. S. Army Chemical Corps School, Fort McClellan, Ala.

MARRIAGES

Carolyn Kimmel, Lexington and PERRY FORREST HILL, '52, Central City, June 15, in Shawneetown, Ill.

SALLY ELLEN ORR, '56, Charleston, W. Va. and Bobby Gene Rogers, St. Albans, West Virginia, August, in Clarksburg.

LUCY WARD, '54, formerly of Georgetown, and Dr. Willard Stanley Kahn, of New York City, August, in Lexington.

JO ANN WOODS, '61, Lexington and

JOHN R. COOK, Jr., '49, has been appointed city manager of Lexington. He is a graduate of the College of Law.

GREGORY WORTH MANTEL, '61, of Pittsfield, Mass., October, in Lexington.

Lois Katherine Murphy, Lexington, and FREDERICK ARNOLD STRACHE, '59, Paducah, August, in Lexington.

SUE ELLEN HORN, '60, and RALPH W. ESTES, '60, both of Louisville, April 16, in Louisville.

MARY ELIZABETH JESSE, '61, Somerset, and Henry Richard Vinson, Jr., August, in Somerset.

ELAINE LONG, '61, and RICHARD MOUNTJOY, III, '61, both of Lexington, July 30, in Lexington.

CAROLYN NETHERY, '58, formerly of Mt. Eden, and Louis Fitzgerald, Dayton, Ohio, in August.

Nell Pedigo Vaughn, Franklin, and ROBERT KENDALL BROADBENT, '61, Cadiz, August 20, in Franklin.

LESSLEY KAY DECKER, '60, and WILLIAM WHARTON WILES, '59, both of Owensboro, August, in Owensboro.

Marilyn Ann Morris, Frankfort, and JOHN LEWIS HAMPTON, JR., '59, Evarts, August, in Frankfort.

NANCY ANN BARNETT, '61, of Somerset and MARSHALL ALLEN DAWSON, JR., '60, of Versailles, August 5, in Somerset.

BARBARA LOUISE BEDFORD, '60, and James Douglas Mundell, Jr., both of Lexington, August, in Lexington.

GERI L. DENBO, '61, Lexington, has been awarded a Rotary Foundation Fellowship for advanced study abroad during the 1961-62 school year. She will study biochemistry and genetics at the University of Munich, Germany. The Rotary Club of Lexington sponsored her application for fellowship. These grants promote international understanding, one of the principal Rotary objectives.

MARGARET ESTHER LEUPOLD, '58, Zanesville, Ohio, and **MELVIN DOUGLAS DICKINSON, '59,** Trenton, Ohio, August, in Zanesville.

BETTY JO SHOTTON, '61, and **FREDERICK ELDEN HAAS, JR., '61,** of Louisville, August 19, in Newport.

CAROL WICKLIFFE BOARD, '61, and **JAMES JOSEPH MCGURK, JR.,** former student, both of Lexington, August, in Lexington.

ROBERTA MOSELY, '56, and **CARL THEODORE FISCHER, JR., '55,** both of Louisville, September, in Louisville.

Sandra Susan Tattershall, So. Ft. Mitchell, and **MERRITT SINGLETON DIETZ, JR., '61,** Lexington, September, in Cincinnati.

Patricia Temple Dickey, Lexington, and **MARVIN RAY SELKE, '61,** of Laurens, Iowa, September 7, in Lexington.

JUDITH LEMONS, '60, Amarillo, Texas, and **TEDDY GARTH WOOD,**

'60, Owensboro, Ky, September, in Lexington.

NANCY HATFIELD, '58, Charleston, W. Va. and James Logan Cramer, Boston, Mass., June 17.

DR. KENNETH HATFIELD, '55, Charleston, W. Va. and Jane Ivery, Rochester, N. Y., June 26, in Ann Arbor, Michigan.

MARY JANE DENTON, '60, Owingsville, and Edsel E. McCoun, Jackson, July, in Owingsville.

BARBARA JOYCE LAKE, '55, Winchester, and **GRAYDON OLIVER HAMBRIK, JR., '57,** Lexington, September, in Lexington.

Avel Frances Powell and **JULIUS CAMILIUS FISTER, JR., '61,** both of Lexington, September, in Lexington.

Margaret Isabel Price, Williamson, W. Va. and **PHILIP ARTHUR PHAR,** Morgantown, W. Va., September, in Williamson.

ELIZABETH ELLIOTT PEARCE, '59, Lexington, and **LT. KENNETH BERKLEY WORSTER, '59,** Long Beach, Calif., September, in Lexington.

Gloria Martin, Union, Mo. and **ROBERT LEWIS TWADDELL, '60,** Lexington, August 26, in Union.

BIRTHS

TO:

JAMES G. BLANKENSHIP, '58, and Mrs. Blankenship, of Tyler, Texas, a son, James G. Blankenship, April 17.

RICHARD E. VIMONT, '58, and Mrs. Vimont (Mary Louise Salyer), of Lexington, a son, in September.

LOWELL C. FRAZIER, '60, and **MARIE BROYLES FRAZIER, '60,** of Ft. Worth, Texas, a daughter, June 28.

Corporate Alumni Can Help UK

Aetna Life Insurance Company has introduced a program of Aid to Higher Education. The program is centered around a plan of matching and incentive corporate payments in an effort to encourage individual giving and provide significant financial support to institutions of higher learning. To encourage increased broad support by alumni, the company will supplement the matching grant to an institution by 25% if the institution certifies that at least 50% of its alumni made direct financial contributions to the institution during its preceding fiscal year. Approximately 115 companies and corporations throughout the country have aid-to-education plans. Is your firm one of them?

EDWARD J. BRUMFIELD, '45, native of Nicholasville, has been named admissions officer at Auburn University, Auburn, Ala. He formerly served as dean of students at Lynchburg College.

ROBERT P. BORDEN, '49, has been named Minneapolis Manager of Vickers Inc. Hydraulic Division.

NOMINATE YOUR CANDIDATE NOW

FOR THE DISTINGUISHED SERVICE AWARD

This past June at the reunion banquet the UK Alumni Association presented the first Distinguished Service Awards to three outstanding alumni, Secretary of the Army Elvis J. Stahr, Mr. Virgil L. Couch, Director, Industry Office, Office of Civil and Defense Mobilization, and Mr. Louis Hillenmeyer, Sr., Lexington civic leader. These awards will be an annual affair and members of the University Alumni Association are asked to nominate persons for awards in the following categories:

- 1) Alumni who have distinguished themselves in any field.
- 2) Any other person who has made an outstanding contribution in any way to the betterment of the University.

Nominations must be in by January 1, 1962. A committee of five persons will make the selections from nominations. The committee will be composed of the president or vice president of the University, president of the Alumni Association, Director of Alumni Affairs, chairman of the Alumni Achievement Award Committee and an alumnus or alumna appointed by the president of the Alumni Association.

The ballot is printed on this page and you are requested to fill it out in detail and return it to the Director of Alumni Affairs, Room 124, SUB, University of Kentucky, Lexington, by January 1, 1962.

Please do not fail to offer supporting evidence for your nomination.

NOMINATION BLANK FOR ALUMNI SERVICE AWARD

1.
(Alumnus) (Class)

3.
(Address)

2.
(City and State)

1.
(Citizen of Kentucky or elsewhere)

2.
(Address)

3.
(City and State)

Supporting materials on the contributions of these individuals and their special achievements should accompany this nomination blank. If you wish to nominate more than one in either category please follow the above outline on a separate sheet of paper.

Read the story on this page for details. This is your opportunity to recognize the contributions of your fellow-alumni and interested citizens.

Sport News

1961-62 Outlook— Kentucky Basketball

By **KEN KUHN**, Sports Editor

The best way to characterize Kentucky's cage prospects for 1962 is to say "the Wildcats will be hurting and a wounded Wildcat can be dangerous to deal with."

Four starters graduated from the 1961 outfit which wound up with a 19-9 overall record that stamped them as the worst in Baron Adolph Rupp's 31-year dynasty at the Blue Grass school. On the face of things, this might seem somewhat of a blessing in disguise if you figure the replacements are bound to do better. But the team record is deceiving, the losses more severe than mere numbers indicate and the replacements (other than one hot shot prospect) are not in the terrific category by any means.

In the four departing bodies, Kentucky lost class, scoring punch, height, rebounding strength and defensive skill that almost pulled the Wildcats out of early season doldrums and into the NCAA finals. Despite the poor record, UK wound up its season in contention for the national title. Winning 11 of their last 12 games, including an SEC playoff for the tourney berth, the Wildcats surged to the regional finals of the NCAA before being eliminated by Ohio State.

The four graduating starters were primarily responsible. Between them, they accounted for an average of 47 points and 27 rebounds a game last season that the '62 forces will be hard pressed to make up. Three-time All-Conference forward-guard Bill Lickert was the team's leading scorer with a

16-point average and adjudged in an AP poll as the league's best defensive man. Roger Newman, a 6-4 forward who closed out his first and only varsity season with a 31-point performance against Ohio State, wound up as the second best scorer (14.1) and best rebounder (26.5). Ned Jennings, 6-9 center, leaves a big gap in both rebounding and scoring. And "Little Man" Dick Parsons, 5-9 team captain, will be missed for his defensive and leadership qualities.

The lone returning starter, 6-1 guard Larry Pursiful, is a fine basketball player and will lend much steady influence to an otherwise young and inexperienced club. He started every game last season and wound up as the team's third best scorer with a 13.4 average.

Help also can be expected from the ranks of '61 reserves, particularly 6-4 forward Carroll Burchett, of whom there are six in number. And a certain degree of assistance may be forthcoming from among a group of five holdouts. None of the red-shirts, however, appear ready to step into a starting role.

This brings the experts around to the yearling graduates and it is from this bunch that much of Kentucky's success in the coming season will have to come.

Hottest of the hot-shot prospects is sensational Cotton Nash, a 6-5 scoring and rebounding whiz regarded as the Southeastern's top freshman last year. The widely-sought, much-heralded youngster set seven new individual school freshman records in the course of a terrific first collegiate campaign—many of them marks established by some of the 21 All-Americans produced at Kentucky.

The Bayou Bomber from Lake Charles, La., fits into the 1962 picture in important fashion. Just what he will play remains the only question mark. Although he played mostly at guard as a freshman, his size and the lack of size in the remainder of the lineup almost makes it mandatory to station him along the front line either forward or in the pivot. There is little doubt in the mind of Coach Rupp or others who have seen him operate that he can do an exceptional job wherever he is stationed.

Coach Rupp is on record pinpointing Nash as potentially one of the greatest Kentucky has ever produced and has hinted at a revision of the UK offense which rarely has centered around one man. He declares that Nash should be the country's best sophomore next season.

Besides Nash, two other freshman grads appear as strong possibilities to break into the starting lineup. They are 6-4 forward Ted Deeken and guard Tommy Harper, both of whom have proven ability to hit the ball regularly.

Kentucky's biggest problem is, aside from obvious inexperience stemming from the return of only one starter and three other lettermen, appears to be the lack of really big men in the lineup.

There's Nash, of course, at 6-5, a well balanced height through the top of the prospective starting unit.

The strong point, aside from the proven coaching genius of Baron Rupp and the big things expected of him, may turn out to be the balling height. While the really big man is missing, the overall height average 6-3½ in contrast to last season's range from 6-9 down to 5-9
