

Minutes of the Meeting of the Board of Trustees of the University of Kentucky, June 3, 1952.

Pursuant to adjournment of the meeting of the Board of Trustees on April 25, the members of the Board met in the President's Office at 10:10 a.m., Tuesday, June 3, 1952. The following members were present: Guy A. Huguelet, Mrs. Paul G. Blazer, Dr. W. M. Coffee, J. C. Everett, Herndon J. Evans, Harper Gatton, Ben S. Adams, H. D. Palmore, Paul M. Basham and George M. Cheek. Absent: Governor Lawrence W. Wetherby, R. P. Hobson, J. Woodford Howard, Carl Dempewolfe and Wendell P. Butler. President H. L. Donovan and Secretary Frank D. Peterson met with the Board.

A. Approval of Minutes.

The minutes of the Board of Trustees of April 25, and the minutes of the Executive Committee of May 17, 1952, were approved as published.

B. R. P. Hobson Appointed Member of Kentucky Research Foundation.

President Donovan reported that the term for which Mr. R. P. Hobson was appointed as a member of the Board of Directors of the Kentucky Research Foundation had expired and it was necessary for the Board to elect one of its members to fill the vacancy: Whereupon a motion was made, seconded and carried to elect Mr. R. P. Hobson a member of the Board of Trustees of the Kentucky Research Foundation.

C. Payment of Social Security Contribution for Vocational Education Employees.

The Comptroller reported, on April 27, 1951, the State of Kentucky entered into an agreement with the Federal Security Administrator for social security coverage of all employees of the State. Employee and employer social security contributions have been collected and paid to the Department of Economic Security as agent for the Federal Security Administrator.

The salaries of staff members of the Departments of Agricultural Education, Home Economics Education, Trades and Industry and Distributive Education in the College of Education at the University are paid from funds appropriated by the State to the Department of Education, Division of Vocational Education, Frankfort, Ky., and matched by Federal Vocational Education funds. Employer contributions to the Social Security program were taken from these funds from January 1, 1951, for a considerable period of time.

Exception to the payment of employer contributions for O.A.S.I. from Federal vocational education funds has been taken as a result of a Federal audit conducted by Mr. Gerald Lang, representing the Federal department. The State Department of Education, Division of Vocational Education, Frankfort, Ky., has made demand upon the University for reclaim of social security contribution on salaries paid to employees working in the departments above referred to in the College of Education at the University of Kentucky.

President Donovan explained the employment of personnel in the College of Education is due to a cooperative agreement with the Department of Education, Division of Vocational Education, and the College of Education. The travelling expenses of these staff members are paid by the University on a reimbursement basis.

The dilemma faced by the University, these staff members' salaries and expenses are paid entirely from State and Federal funds received through the State Department of Education, Frankfort, Kentucky. They are working at the University as an integral part of the staff of the College of Education. The agreement with the Federal Security Administrator for social security coverage includes all employees of the State. Employer contribution to social security coverage per agreement has to be paid. The auditor representing the Federal Division of Vocational Education takes the position that employer contribution towards social security cannot be paid from Federal funds.

Members of the Board discussed the problem at length. Upon motion duly made, seconded and carried, they took the question under consideration and directed the Comptroller to request an opinion of the Attorney General.

D. T. V. A. Master Contract.

President Donovan submitted a master contract between University of Kentucky and Tennessee Valley Authority. He explained that the primary purpose of the master contract is to permit the University from time to time to make cooperative agreements with the TVA.

Contract TV-13411A

MASTER CONTRACT
Between
UNIVERSITY OF KENTUCKY
and
TENNESSEE VALLEY AUTHORITY

BACKGROUND:

The Tennessee Valley Authority Act of 1933, which created TVA, assigned it extensive Government properties and facilities and

conferred upon it broad responsibilities for the development of the natural resources of the Tennessee Valley region. The presence of state and local agencies with functions related to many aspects of resource development in the Tennessee Valley region led TVA to adopt the policy of relying to the maximum extent feasible upon these existing agencies in discharging resource development responsibilities. This policy was expressed initially in agreements between TVA and seven land-grant colleges in the Valley states providing for fertilizer research studies; then in a Memorandum of Understanding among these land-grant colleges, TVA and the USDA, providing for the coordination of regional agricultural research, extension, land-use planning and educational activities; and finally, in the execution of individual contracts between TVA and the same land-grant colleges providing for the conduct of jointly-planned agricultural programs in the Tennessee Valley region. The University of Kentucky and TVA subsequently entered into cooperative arrangements in other activities of mutual interest.

The Memorandum of Understanding and Contract TV-1537 between TVA and University of Kentucky, executed pursuant to said Memorandum, have ceased to be an adequate basis for the scope of cooperative activities in which University of Kentucky and TVA are engaged. It therefore is deemed advisable to rescind Contract TV-1537 and to reiterate the principles of cooperation which guide the relationships between TVA and University of Kentucky in this new agreement which extends the scope of the Master Contract to include nonagricultural as well as agricultural activities.

PRINCIPLES OF COOPERATION:

The parties believe that with respect to programs in which federal, state and local agencies possess substantial mutuality of interest, harmony of objectives, and analogy of responsibilities their activities should be mutually planned and projected. Furthermore, with respect to those activities for which the state and local agencies already have, or with reasonable federal assistance can acquire, organizations, facilities and personnel adequate for effective performance, the federal agency concerned should not establish duplicating organizations and facilities but should rely upon existing state and local agencies to the fullest practicable extent consistent with the effective discharge of its own statutory responsibilities. The parties further believe that the state and local agencies concerned should make their organizations, facilities and personnel available for such activities, should effectively carry out those activities, and should contribute toward the support of the work to the extent that their objectives are advanced thereby.

Master contracts embodying the same principles of cooperation and administration as stated herein are being entered into between TVA and other Valley colleges and universities. In order to secure maximum benefits from these contracts and to insure coordination of programs developed pursuant to them, meetings of the Presidents of the colleges and universities with the TVA Board should be arranged at least annually to consider programs and activities under the Master Contracts.

TVA as a regional federal agency and the University of Kentucky as a state agency propose to be guided by the above principle in their cooperative activities.

SCOPE OF THIS AGREEMENT:

This agreement shall be the basis for cooperation between the parties with respect to all activities which will advance the purpose of the TVA Act of 1933, as heretofore or hereafter amended, and in which the parties have substantial mutuality of interest, harmony of objectives, and analogy of responsibilities. This agreement shall not be construed as precluding either party from establishing cooperative relationships with other agencies or organizations.

PROJECT AGREEMENTS AND WORK PLANS AND BUDGETS:

Projects may be originated by either party and may cover activities which are the primary function or responsibility of more than one college, department or segment of the University and more than one division of TVA. Each cooperative project developed by the parties under this agreement shall be covered by a project agreement which shall state in general the purposes to be served by the project, the methods which will be followed in carrying it out, the duration, the personnel and facilities to be used, and such other matters as the parties may deem necessary or advisable.

Each project agreement shall be supplemented periodically by annual work plans and budgets covering specific plans for the project, the contribution each party will make toward carrying out the project, and such other information as the parties may deem necessary or advisable. Estimates of costs and fiscal procedures to be followed shall be included in project agreements or in work plans and budgets or both.

Project agreements will be executed by the President of the University and by the General Manager of TVA. Work plans and budgets will be executed for the University by the head of the college, department or unit having primary responsibility for the work covered and by the President of the University and for TVA by the director of the division primarily concerned.

DURATION:

This agreement shall become effective upon final execution and shall continue in effect until terminated by either party upon thirty (30) days' written notice to the other. Termination of this agreement shall have the effect of terminating all project agreements, work plans and budgets executed pursuant to this agreement unless the parties shall agree otherwise; provided, that such termination shall not affect the liability of either party to the other for the performance of obligations accrued prior to such termination; provided, further, that if this agreement shall be terminated by TVA as of a date other than June 30 of any year, TVA shall reimburse University for its expenditures under any project agreement executed hereunder from the date of termination to the succeeding June 30 to the extent such expenditures result from firm obligations and commitments entered into by the University pursuant to such project agreement.

TERMINATION OF MASTER CONTRACT:

The contract between the parties designated Contract TV-1537 effective July 1, 1935, developed pursuant to the Memorandum of Understanding, is hereby terminated.

EXISTING AGREEMENTS:

Except as hereinabove stated, this agreement shall not be regarded as affecting existing project agreements, work plans, budgets, or any other cooperative agreements between the parties which are currently in effect; however, all such agreements shall henceforth be regarded as representing an expression of the principles of this agreement.

TENNESSEE VALLEY AUTHORITY

ATTEST:

By _____
General Manager

Assistant Secretary

Date _____

UNIVERSITY OF KENTUCKY

ATTEST:

By _____
President

Date _____

It was further explained that the contract would give the administration of the University authority to enter into project agreements and eliminate delay in approval of these small agreements.

President Donovan stated that he did not think there was anything in the master contract to which the University might object, and recommended its approval.

Upon motion duly made, seconded and carried, the master contract between the University of Kentucky and the Tennessee Valley Authority contract No. TV-13411A was authorized executed on behalf of the University by the President and attested by the Secretary.

E. Lease of Blue Grass Ordnance Land.

President Donovan submitted a lease agreement between the Agricultural Experiment Station and the Blue Grass Ordnance Military Reservation Depot whereby the Experiment Station leases from the Blue Grass Ordnance Depot 89 acres of land for experimental work. The lease is for a period of five years March 1, 1952, ending February 28, 1957, for a consideration of \$1.00 per annum. He stated that Dean Welch recommended acceptance of the lease and that there was nothing in the lease to which the University would have cause to object. He recommended its approval.

Members of the Board discussed the desirability of additional land for experimental purposes. Upon motion duly made, seconded and carried, the Director of the Experiment Station was authorized to sign the lease on behalf of the Station, and the Secretary was authorized to attest the authorization of the lease.

F. Retirement--Mr. Ralph Kenney.

President Donovan stated that he had requested Dean Frank J. Welch to be present to answer any questions which members of the Board might have relative to the Experiment Station and the controversy which has arisen in the Extension Agronomy Department. President Donovan recalled the basis of the controversy in the Extension Agronomy Department and read the following letter from Dean Welch:

June 3, 1952

President H. L. Donovan
University of Kentucky

Dear President Donovan:

I am recommending that Mr. Ralph Kenney be relieved of all official duties as Field Agent in the Extension Agronomy Department as of July 1 next and that he be placed on a retirement basis.

As you probably know, Mr. Kenney is under Civil Service retirement as an employee of the Kentucky Agricultural Extension Service and the University of Kentucky has no obligations to him in terms of retirement pay. In view of Mr. Kenney's long years of service in the Extension Department, I am, however, recommending that we make up the difference between his Civil Service retirement and whatever amount that will be required to make his retirement pay \$2400 a year. This will mean that the University will have to provide approximately \$1100 of the retirement compensation.

Unfortunately Mr. Kenney has apparently been identified with the dissension and unrest in the Agronomy Department over a period of some time. No department can contribute efficiently and effectively to our over-all agricultural and institutional program without cooperation and coordination of the activities of all members of the department.

After careful deliberation and appraisal of all the factors involved and after counseling with my administrative associates, I believe it to be to the best interest of the program of work in the Agronomy Department and for the Agricultural Division as a whole to ask for Mr. Kenney's retirement as indicated above.

This recommendation is not based on Mr. Kenney's recommendation or failure to recommend any particular plant or agronomic practice per se nor with the slightest intention of wanting to punish him in any way. All focal points of discord in the department, however, must be removed and we must have a constructive, aggressive, harmonious and cooperative program in the important areas of soils and crops if our agricultural teaching, research and extension activities are to be of maximum service to the farm people of Kentucky.

Sincerely yours,

(Signed) Frank J. Welch
Dean and Director.

A general discussion followed, participated in by President Donovan, Dean Welch and members of the Board.

Upon motion duly made, seconded and carried, the recommendation of Dean Welch, concurred in by President Donovan, for the retirement of Professor Harold Kenney in accordance with the letter copied above, was approved. The Board resolved as follows:

"The Board of Trustees wishes the record to show that it views with concern and disfavor the recent misinformation that certain members of the agricultural staff have been instrumental in circulating. Such tactics and procedures can in no wise serve the best interests of the University.

"The Board is further taking recognition of its previous approval of a shift in the assignment and responsibilities of a member of the Agronomy staff and is hereby authorizing and directing the President to follow through on this approval by the Board. Any failure to cooperate with the administrative officials with reference to assignment of new duties and responsibilities should be dealt with promptly.

"We, the Board members, are concerned that whatever is necessary to be done to eliminate friction and disharmony in the Agronomy Department should be done with as little delay as possible and that efforts be directed towards the building of a constructive program in this important field of service to Kentucky agriculture."

G. Budget Increased.

President Donovan stated that he found it necessary to recommend an increase of \$1,200.00 to the budget of the Department of Modern Foreign Languages and Literatures for the year 1952-53. This increase is necessary to provide teaching of the Russian language during the first and second semesters and it will be necessary to employ a part-time instructor in the department.

Upon motion duly made, seconded and carried, the sum of \$1,200.00 was appropriated to the Department of Modern Foreign Languages and Literatures for the academic year 1952-53.

H. Music and Radio Scholarships.

President Donovan stated, it had been customary for several years to allow certain students working at the radio station WBKY fee scholarships, and recommended that 16 grants-in-aid for students who lend their talents to the work of the radio station be granted for each of the two semesters of the academic school

year 1952-53, and a like number for the summer term of 1953.

President Donovan also stated that it had been customary to give grants-in-aid to 40 students in the Department of Music. These are work scholarships and are awarded by the head of the department. A list of students to whom the grants are to be made is filed with the Comptroller's Office prior to the registration of each semester and summer term.

The President recommended that the fee scholarships in the Radio Station and Department of Music be granted, and upon motion duly made, seconded and carried, the Board concurred in the recommendation of the President.

I. Sorority and Fraternity Housing.

President Donovan made a statement relative to establishment of sorority and fraternity rows. He recalled that the University had financed two new sorority houses, and reported there is considerable interest in constructing fraternity house facilities to house student members of these organizations. Mr. Guy Huguelet, Vice Chairman of the Board, related that he had been importuned by various persons interested in housing facilities for sororities and fraternities. A general discussion of the desirability of University assistance in providing dormitory facilities followed. It was the consensus of the Board that fraternity row should be established on land south of Cooperstown and east of the proposed new men's dormitory.

Upon motion duly made, seconded and carried, the administration was requested to take affirmative action in establishing fraternity row, make a plot plan of streets and utilities necessary and, so far as possible, coordinate plans for houses. The Comptroller was directed to request authority from the State Building and Property Commission to arrange for the construction of fraternity houses on fraternity row and, if feasible, to make application to the Federal Government for a loan of the necessary funds.

J. Gifts.

From: Solvay Process Division of the
Allied Chemical and Dye Corporation--\$500.00.

President Donovan reported receipt of check for \$500.00 from Solvay Process Division of the Allied Chemical and Dye Corporation. He stated that this gift is in continuation of support for studies that the Experiment Station is making on nutrition of forage grasses, and recommended that it be accepted.

Upon motion duly made, seconded and carried, the gift of \$500.00 from the Solvay Process Division of the Allied Chemical and Dye Corporation was ordered accepted, and President Donovan was requested to write a letter of appreciation to the donors.

From: A. T. Ferrell & Company, Saginaw, Michigan--a Clipper Scalper with regular grass hopper and seven screens.

President Donovan reported receipt by the Experiment Station of a gift from A. T. Ferrell & Company, of Saginaw, Michigan, of a #1297-1 Clipper Scalper with regular grass hopper and seven screens. He stated that this equipment is valued at \$464.00 and should prove a most helpful addition to the Experiment Station's stock of equipment from the standpoint of students and farmer visitors. He recommended acceptance of the gift.

Upon motion duly made, seconded and carried, the gift of a #1297-1 Clipper Scalper with regular grass hopper and seven screens by A. T. Ferrell & Company, Saginaw, Michigan, was ordered accepted, and President Donovan was requested to thank the Company for its generous donation.

From: Lexington Council of Jewish Women--\$100.00.

President Donovan read a letter from Dean M. M. White, stating that he was in receipt of a check for \$100.00 from the Lexington Council of Jewish Women, to be used for the purpose of furthering the University's work in the Speech and Hearing Clinic. He stated further that such donations as this make it possible for more public school teachers to be admitted to the summer school program, and recommended that the gift be accepted.

Upon motion duly made, seconded and carried, the gift of \$100.00 from the Lexington Council of Jewish Women was ordered accepted, and President Donovan was requested to thank this organization for its kindness.

K. Dr. Irwin T. Sanders--Distinguished Professor of Sociology.

President Donovan stated that he was recommending appointment of Dr. Irwin T. Sanders as Distinguished Professor of Sociology. He read a letter of recommendation from Dean M. M. White, College of Arts and Sciences, and reviewed a list of publications, professional societies, et cetera, of Doctor Sanders.

May 20, 1952

President H. L. Donovan
University of Kentucky
Administration Building

My dear President Donovan:

I recommend the appointment of Dr. Irwin T. Sanders as Distinguished Professor of Sociology. Dr. Sanders is one of the outstanding faculty members of the College of Arts and Sciences.

1. First of all, he is a teacher. He has the patience, ability, and imagination to interest his students in working upon a high level in the classroom. He is a past master in securing and guiding discussion in his classes.

2. Dr. Sanders is a scholar. So often in the field of Social Sciences, a professor spends his research time in reviewing books or in reviewing reviews or writing destructive criticisms of other people's work. Dr. Sanders has original ideas, and is constantly making original contributions to the field of Sociology. As evidence for these statements, I cite three examples: He was one of the original organizers of the course "Societies Around the World." This course has been widely acclaimed by other Departments of Anthropology, Geography, and Sociology. He began the Bureau of Community Service which emphasizes community development. He organized the Social Research Consultation Service within the Department of Sociology. He was granted \$750.00 in 1950 by the American Philosophical Society to describe the major changes occurring in the Rural Balkans from Turkish times to the present with an attempt to formulate principles underlying these changes.

3. Dr. Sanders has made and continues to make a real contribution to the community of Lexington. A list of the campus and community organizations in which he has taken an active part is appended.

Finally, it was largely due to Dr. Sanders' efforts that the Department of Sociology and the Department of Rural Sociology were combined. Out of loyalty to the University, Dr. Sanders has repeatedly refused offers from other universities. It is with distinct pleasure that I recommend to you his appointment as a Distinguished Professor.

Respectfully yours,

(Signed) M. M. White
Dean.

RECORD OF IRWIN T. SANDERS

DIRECTOR OF BUREAU OF COMMUNITY SERVICE - PROFESSOR OF SOCIOLOGY

Place of Birth: Millersburg, Kentucky

Date of birth: January 17, 1909.

Education: Washington and Lee University, A. B., 1929
Cornell University, Ph.D., 1938

Teaching Experience: American College, Sofia, Bulgaria (Dean),
1929-32, 1934-37
Alabama College (Associate Professor), 1938-40
University of Kentucky, 1940--

Professional Experience other than Teaching (since 1943)

Social Scientist, Bureau of Agricultural Economics, United States Department of Agriculture, June through September, 1943. (Salary at rate of \$4400). Type of work: To prepare Handbook on Community Organization.

Senior Social Science Analyst, Office of Foreign Agricultural Relations, United States Department of Agriculture, September through December, 1943. (Salary at rate of \$5200 per year). Type of work: To prepare Military Manuals dealing with rural life of Balkan countries for War Department.

Consultant (Social Science Analyst), Extension Service, United States Department of Agriculture, June through September, 1944. Type of work: As secretary to arrange for a conference on contribution of extension methods and techniques to the rehabilitation of war-torn countries; also to analyze case histories of extension work.

Agricultural Attache, American Embassy, Belgrade, Yugoslavia, March, 1945 - February, 1946. (Salary \$6000 plus about \$2500 in prerequisites).

Distinguished Professor of the College of Arts and Sciences for the year 1949.

.....

Upon motion duly made, seconded and carried, the Board concurred in the recommendation of the President, and Dr. Irwin T. Sanders was appointed Distinguished Professor of Sociology at the University of Kentucky.

L. Change-of-Work--Miss Anna Wallis.

President Donovan reported that Miss Anna Wallis had been in the service of the University since August 8, 1907, and will attain the age of 70 on February 1, 1953. Change-of-work status for Miss Wallis was recommended, effective July 1, 1952. Miss Wallis has been employed in the University long enough to be entitled to 50% of her salary at the age of 65 years.

Upon motion duly made, seconded and carried, Miss Anna Wallis was placed on change-of-work status at an annual salary of \$960.00, effective July 1, 1952.

M. Change-of-Work--Miss Jane J. Nichols.

President Donovan recommended change-of-work status for Miss Jane J. Nichols. He stated that Miss Nichols had been employed at the University since August, 1924, and will on September 1, 1952, reach the age of 66. He stated further that Miss Nichols has requested change of work and, under the policy of the University, her request may be granted. He recommended, therefore, that Miss Nichols be given a change-of-work status, and her salary fixed at 48% of her salary at the age of 65.

Upon motion duly made, seconded and carried, Miss Jane J. Nichols was given change-of-work status at a salary of \$1,302 annually, effective September 1, 1952.

N. Change-of-Work--Mr. Clarence Flynn.

President Donovan reported that Mr. Clarence Flynn was born April 11, 1878, and began employment at the University November, 1924. He recommended change of work, effective July 1, 1952, salary to be based upon his salary at the age of 65.

Upon motion duly made, seconded and carried, Mr. Clarence Flynn was given change-of-work assignment as of July 1, 1952, at a salary of \$752.00 annually.

O. Change-of-Work--Professor E. A. Bureau.

Professor E. A. Bureau reached his 65th birthday June, 1951, and has requested change-of-work status as of July 1, 1952, on account of his health. Professor Bureau has been connected with the University for a period of 34 years and is entitled to receive 54% of his annual salary as of June, 1951.

Upon motion duly made, seconded and carried, Professor E. A. Bureau was placed on change-of-work status, effective July 1, 1952, at a salary of \$3,804.00.

P. Change-of-Work Assignment--W. S. Webb.

President Donovan stated that Professor W. S. Webb has heretofore been given change-of-work status. His special assignment was not made at that time.

President Donovan recommended that Professor Webb be given special assignment of "Research in the Pre-history of the Southeastern United States."

Upon motion duly made, seconded and carried, the Board concurred in the recommendation of the President.

Q. Outside Work for Dr. Graham B. Dimmick.

President Donovan recommended that Dr. Graham B. Dimmick be permitted to do consultation work with the Division of Hospitals and Mental Hygiene. He explained that Doctor Dimmick's duties in the consultation work would not require over four hours per week, and that he would receive \$25.00 per visit. There is no one else available for this particular kind of work and the work required will not interfere with Doctor Dimmick's present duties in the Department of Psychology.

Upon motion duly made, seconded and carried, permission was given to Doctor Dimmick to do outside consultation work.

R. Report on Change-of-Work Status Personnel.

President Donovan made a report to the Board on work done by those individuals heretofore given change-of-work assignment.

Upon motion duly made, seconded and carried, the report on work performed by personnel on change-of-work status was noted and the President was requested to file the report.

S. Resignation--William C. Johnstone.

President Donovan stated that he had received from Dean Welch the resignation of Mr. William C. Johnstone as Field Agent in Agronomy, effective June 30, 1952.

Upon motion duly made, seconded and carried, the Board reluctantly and with regret accepted the resignation of Mr. William C. Johnstone as Field Agent in Agronomy and authorized the Dean and Director of the Experiment Station to write Mr. Johnstone a letter of appreciation for the services rendered by Mr. Johnstone to the University and the State during his tenure with the Extension Service.

T. The University Faculty to Study the Athletic Situation.

President Donovan brought to the attention of the Board a resolution of the University Faculty calling for a study to be made by a committee of eleven members elected by the University Faculty on the situation as to athletics in the University.

Upon motion duly made, seconded and carried (J. C. Everett voting 'no'), the Board of Trustees acknowledged receipt of the following faculty resolution, with amendments adopted by the University Faculty on May 12, 1952.

"Whereas we the members of the University Faculty share with others a deep concern about the widely publicized athletic situation in our University;

"And whereas it is our belief that the University Faculty should assume its full share of responsibility by participating actively in the efforts to clarify the issues and formulate the governing principles which should guide our athletic policies in the future;

"Therefore be it resolved that a committee of eleven members (five of them to be the members of the present athletics committee of the College of Arts and Sciences) be elected by this Faculty and that this committee report its conclusions and recommendations back to this Faculty;

"And be it resolved that this committee be elected at this meeting from those members of the University staff who are eligible for membership in this Faculty;

"Finally, be it resolved that the Chairman of this Faculty present these resolutions, with the action of this body to the Board of Trustees at its next meeting for its sanction.

"Amendments:

1. That the committee shall include representatives from each of the colleges.
2. That the present Chairman of the Arts and Sciences Committee be authorized to call the new committee together for organization and election of a permanent chairman.
3. That the Committee be authorized to elect alternates, when necessary, to serve during the summer."

Since the Faculty had requested action on the above resolution by the Board of Trustees, this Board requested the Faculty to include in its study of athletics at the University of Kentucky the following:

1. A historical report on athletics at the University from the time intercollegiate athletics were first initiated.
2. An evaluation of athletics at the University as they have affected the educational program of the institution.
3. A comparison of the athletic program with the athletic programs of other universities of our quality and character with the view of ascertaining whether the University of Kentucky has over-emphasized its athletic program.

U. Appointments and Other Staff Changes.

President Donovan submitted staff appointments, reappointments, salary adjustments, leaves of absence, resignations, promotions and other staff changes requested by deans and heads of departments.

College of Arts and Sciences

Maintenance and OperationsResignation

Glenmore Moberly, Foreman-Mechanic, effective May 16, 1952.

On motion duly made, seconded and carried, on President Donovan's recommendation, the above appointments, reappointments, salary adjustments, leaves of absence, resignations, promotions and other staff changes were concurred in and record ordered made in the minutes.

V. Recess for Luncheon.

At 12:50 p.m. the Board recessed for luncheon, which was served at the Student Union, where they were joined by the Athletics Board of Control and the President of the Alumni Association.

W. Joint Meeting.

At 1:35 p.m., the members of the Board of Trustees and the Athletics Board of Control, and the President of the Alumni Association discussed at length matters pertaining to athletics at the University. No action was taken.

X. Adjournment.

Upon motion duly made, seconded and carried, the Board adjourned at 3:35 p.m.

Frank D. Peterson, Secretary
Board of Trustees and Executive
Committee.
