Dear Auntie.

Just came in to find your letter. I don't know what I would do if I did not get a note from you daily. I am not living at home. You know I never thought I would be writing to my girl daily. I have seen many husbands do it but I always thought I could never do it. Yet it is the easiest thing in the world. Never wonder they do have a way of getting a fellows heart and hold on too. Guess I am getting more instead of letters - or put it another way I am getting more under your influence each month. Will write today for if I am going to Charles tomorrow P.M. & will not get back until late.

Worked on the car for an hour tightening bolts greasing etc.

Our girls find I may one day be "it's so"
