Josephine Simrall, A. B., Dean of Women.

- (1) Woman, Yesterday, Today and Tomorrow.
- (2) Woman and Reconstruction.
- (3) How Shall She Be Educated?
- (4) A Woman's Reason.

UNIVERSITY MEN IN NOTABLE PUBLICATIONS

The current issue of the *Plant World* contains a paper by Professor C. A. Shull, Head of the Department of Botany, University of Kentucky, entitled "Correlation of the Wind-Flow and Temperature With Evaporation." This paper is a statistical study of evaporation rates carried on thru three years from a class A evaporation station which Professor Shull operated in conjunction with the Weather Bureau of the Department of Agriculture.

The *American Journal of Sociology* will also publish in an early issue an article by Professor Harry Best, Professor of Sociology, on "How Far the Melting Pot is Melting in America," based upon Professor Best's studies while a social worker in New York

POINT SYSTEM ADOPTED IN STUDENT GOVERNMENT

The point system has been incorporated into the constitution of the Woman's Student Government Association of the University of Kentucky. This association is composed of all young women residing in the dormitories. The installation of the system is in accordance with the practice of other prominent Universities of the country, especially among women students. According to this scheme all college activities will be rated according to the amount of work required in their accomplishment, and a young woman is allowed to participate in them only up to a certain number of points.

The purpose of the system is mainly to disseminate college offices hitherto held by a few among as large a number of students as possible in order that they may obtain the executive training gained thereby, and also that the students may not be taxed by participating in these activities to the detriment of their collegiate work or beyond their strength.

ASSOCIATION OF DEANS MEETS AT U. OF K. IN 1922

The National Dean of Men's Association will meet at the University of Kentucky in 1922. The invitation was extended by Professor C. R. Melcher, Delegate to the Convention meeting at the University of Illinois February 20 and 21, to meet at Kentucky next year, but in consideration of the wishes of Professor Rien, of Iowa, a member of the executive committee of the Association, and who has been active in the organization, it was decided to hold the next meeting at the University of Iowa with the understanding that the Association will come to Kentucky the following year.

UNIVERSITY PROFESSOR INVENTS CARBURETOR

A carburetor, patented by Professor Charles H. Anderson, professor of the College of Engineering, University of Kentucky, is said to be a remarkable improvement in the development of the gas engine. This device is the result of two years' work in experimentation. It is stated that it will be given commercial exploitation the forthcoming spring with a number of Lexington people figuring in its manufacture. The carburetor is self-feeding and will do away with complicated vacuum feeding systems now much in use.

DOCTOR CORNELL MAKES NOTABLE DISCOVERY

The astonishing fact has been brought out by Doctor C. B. Cornell, Professor of Psychology of the University of Kentucky in his report upon the mental conditions of the inmates of the Kentucky State Reform School that only one of the male inmates is normal mentally. The rest of the boys, he states, are either week-minded or intellectually stunted.

Doctor Cornell has been making a psychological investigation of the inmates of the school for the past number of months, in which time he has subjected all of the students to mental tests. As a penal institute, Doctor Cornell states that the school is excellent. As a reformatory much is to be desired, namely, better physical, better mental supervision; better teachers and above all a vocational training school in which the inmates may learn a trade suitable to their future.

WOMEN'S LEAGUE IS PLANNED FOR UNIVERSITY

At a recent meeting of the women students of the University of Kentucky plans were set forth for the organization of a Woman's League for the purpose of bringing together all women students of the University, both those living in the dormitories and those living in town for mutual benefit and to stand behind any movement inaugurated at the University which shall promote women's welfare. The League will be permanently organized in March. Among its activities will be the bringing of women specialists to the University from time to time for the purpose of giving vocational talks to girls to aid them in the choosing their vocations. The League will also have supervision of the girl's rest room with the purpose of developing it into a center of social life among the women on the campus.

University Made Noble Contribution to the War

Statistics lately formulated at the University of Kentucky show that 1,028 University students and alumni served during the war in the military forces of the United States. This number does not include the 1,244 regular soldiers given technical training by the University, nor 855 men in the Students' Army Training Corps, which taken in the aggregate, would make the total number of men which the University has contributed to the country during the great war 3,167. The number of student and alumni army and navy officers includes, 2 colonels, 5 lieutenant colonels, 11 majors 59 captains, 116 first lieutenants, 189 second lieutenants, 24 lieutenants, whose grades were not stated. There were also 66 of non-commissioned officers, 64 sergeants, 54 corporals, and 544 privates. The present roll of those who made the great sacrifice includes 21 names.

DEAN OF WOMEN SPEAKS AT CLEVELAND MEETING.

Miss Josephine Simrall, Dean of Women, University of Kentucky, attended the annual meeting of the Deans of Women held at Cleveland February 23-25, in connection with the National Educational Association. Miss Simrall was on the program of the Association to speak on the subject of the Social Problem Among College Women.

UNIVERSITY PAPER ADDS A FEATURE SECTION

The "Kernel," weekly newspaper published by the students of the University of Kentucky, is planning to add a monthly feature section. In publishing the feature section the staff is acting upon the request of the English Department of the University, which hopes in this manner to stimulate interest in literary writing in the student body which shall lead in time to the institution of a monthly magazine.

MISS BECK WINS HONOR.

Miss Minna Beck, head of the Department of Arts and Designs at the University of Kentucky, has been honored by the acceptance of two of her paintings to be exhibited at the annual art exhibit held by the Philadelphia Water Color Exposition in Philadelphia, December 9 to 14.

UNIVERSITY TO BE HOSTS TO VISITING ORATORS

The first two weeks in March will mark a period of debate at the University of Kentucky. During that time the University will be the hosts of two associations, the Southern Oratorical Association and that of the Association of Kentucky Colleges.

March 1 the State oratorical contest will be held among Berea, Centre, Georgetown, Transylvania, Kentucky Wesleyan and the University of Kentucky. The winner of this contest will represent the State in an interstate contest held in April against the winners of the State contests of Ohio, Indiana, Illinois, Michigan, Wisconsin and Minnesota.

On March 7 the representatives of the Southern Oratorical Association, Virginia, North Carolina, Alabama, Johns Hopkins University and Vanderbilt will compete for the Southern Interstate Oratorical Championship. March 12 the University of Cincinnati will meet Kentucky in a contest between the orators of their respective Universities.

EXTENSION DIVISION DI- RECTOR IS MADE COLLABORATOR

The Director of University Extension, University of Kentucky, has been designated by the Bureau of Education at Washington upon the recommendation of State Superintendent of Public Instruction Colvin and Pres. F. L. McVey, of the University, special collaborator for Home Reading Courses of the State of Kentucky.

The Home Reading Course plan was launched by the Bureau of Education at Washington for the purpose of encouraging the adult citizens to read worth while books and to guide them in the choice of such books. Pamphlet of the courses in leaflet form and also registration blanks will be furnished by the Bureau of Education thru the State Collaborator. Upon the completion of the course certificates of completion will be signed by the Commissioner of Education; the State Superintendent of Education, and the president of the institution collaborating, or the State Collaborator.

Wildcats Seek Game With Virginia University

Negotiations are under way between the Athletic Committee of the University of Kentucky and the University of Virginia to reopen athletics relations in 1920 between these two institutions, and to arrange a date for the Wildcat eleven with that of Virginia.

If a game is scheduled, it will probably be as early in the season as October 2 or 9. The two universities were formerly opponents, but have not met in athletic contests for several years.

So far, the Wildcats have six games scheduled, as follows:

- October 16—Miami, at Miami.
- October 23—Sewanee, at Lexington.
- October 30—Vanderbilt, at Nashville.

- November 6—University of Cincinnati, at Lexington.
- November 13—Centre College, at Lexington.

- November 25—University of Tennessee, at Knoxville.

A game with Georgetown will probably be scheduled, either on October 2 or November 20.
