

with the former year of 293.49  
arising I presume from the largeness  
of the remittances this year

I should like to have the  
papers regarding the Maxwell fund  
and shall grant a receipt for  
the money in the terms you  
desire when I get it and shall  
either remit the amount or  
advise you respecting it according  
as it is made or paid in the  
way you suggest.

I shall deliver your  
message to the young Minister  
next week when we expect  
him with his sister

In addition to my  
duties as Town Supervisor the  
Lord Decr. has lately made  
me a J.P. - I made my  
debut in that character in  
a crowded Court on Monday  
last and as touched the nation  
by a display of my knowledge  
of Law! When made the Minister

packed up this information was  
the enquiry of perfect law you  
& their clients.

I have had to act as Rector  
of the Academy for the last  
fortnight in consequence of the  
absence of the Principal - Added  
to these occupations the supplying  
for the last time to the  
the pulpit of a sick friend  
and sorry if I have any right  
to object to Pleuralism -

I have omitted a project  
for a Savings Bank to be laid  
before a public Meeting on  
Monday next

I rejoice to hear that  
the rumor as to Rochester is  
turning out true - Be careful  
not to overwork yourself.

With affectionate regards  
to your family Circle in which  
Elizabeth visits I remain

My dear William  
Yours affectionately  
Robt Cunningham  
We forward you letter to Alfred  
who is now at Myon -
