

Kentucky Trotting Horse Breeders' Association.

Annual Meeting
Always in October.

Lexington, Ky., November 9, 1896.

Dear Sir:

I enclose herein blanks for the second payment in Kentucky's Futurity for foals of 1896. Bear in mind that a payment of \$10 is due on each foal December 1, and that there will be no other payment until the year of the race.

Our futurity stakes have done much towards increasing the earning capacity of the trotter, and it is a well-known fact that colts well engaged command much better prices than those without engagements.

Your entries appear below, and I trust you will think it good business policy to continue the engagements December 1st.

Yours truly,

B. C. McDowell

Secretary.
