Dictator is by Hambletonian 10 and has 7 daughters that produced 2:30 performers. His dam is by American Star and he is a full brother to Dexter, 2:17. His service fee is \$500.

Triton is by Princeps and out of mare by Hambletonian 10. Princeps is the sire of 6 with records better than 2:20, and 22 better than 2:30.

Belmont is by Abdallah 15 (sire of Goldsmith Maid, 2:14) with 33 in the 2:30 list.

Dictator has but few entire sons and the blood represented in Volcano must be appreciated by all good horsemen in the West, for there is not another Dictator horse in Nebraska. There cannot be a craze or fashion started in horse breeding that can rob the blood which courses through Volcano's veins of its greatness or value. It is the blood of the great star performers and world-renowned campaigners.

Volcano will make the season at Genoa, Nance County, Neb., on James Atkins' Rancho. To insure \$25, payable when mare is known to be in foal, to
