met on board the St James Mrs Simpson Governor
of the Hudson's Bay Company - Got much infor-
-mation about the north of Am^a He has experienced
cold 50 + 60 below zero - The higher north the
better the furs - They keep their northern regions
as a great preserve hunting alternately in different
places - They never overstock but just fill the
London market thereby keeping up the
price - They might throw into market many
more furs -
