Dec 17, 1883

Dear Mr McDowell

Mr Binton I went
to New Haven Saturday afternoon
& returned this morning.
He learned there that Henry was
ill with typhoid pneumonia,
and your letter of the 10th inst
received on my return to my
office relieves me very much
as you say the indications are more
favorable & the crisis probably passed.
It was well that you took Henry
home. It is said that another
senior in Danfee has typhoid
fever - developed yesterday.
Will seemed so well & was
so anxious to finish his
examination that we concluded
