

Louisville Apr. 20th 1847

My Dear Sir

You will find enclosed a copy of the proceedings of a Bar Meeting which I am directed to forward to you and your family as a testimonial of the high respect in which your lamented son was held by his professional brethren -

Believing that the only relief for the agony of a father's or a mother's heart in such a case is that which Nature affords, I will ^{not} add any thing in the way of consolation -

Please accept the assurance of my warmest sympathy and believe me

Most truly yours
Garnett Duncan

Hon. H. Clay
