Dear Major

Your card rec<sup>d</sup>. The colt by "Carlisle" did not enter the 2:30 list - but won his race "in fine style" - making a record of 2:33 and a fraction. He is called Dr Livingstone. I had not forgotten my promise to send you the name of the colt and his record - but have been unable to find the paper that contained the account. I think it was in the Horseman and appeared some time in August or Sept.

I remembered the name of the colt - and John Bowen tells me that the record was 2:33 -

"Bell Archer" by René and Miss Cleveland (2:28) by Aytoun (Sons of King René) are in the list. Advance out of "Mist" is the sire of Swanock 3yr-old record 2:23 $\frac{1}{4}$ .

Are you leading the filly Interlude or handling her in any way? Will and I went out to look at her on Friday -
