H. C. Mc Dowell Dear Sir

As the season is about over please write and tell me all you know about the producing sons & daughters of King Rene & Dictator. I gave Arabesque a record of  $2,29\frac{3}{4}$  and he has the following in the list Arabesque 5yr  $2,26\frac{1}{2}$  Anasene  $2,28\frac{1}{4}$  Anarant  $2,28\frac{3}{4}$  and Gorone  $2,28\frac{1}{4}$  is credited to him and from his information is correct. I think Arabesque stands first in the producing sons of King Rene. I had another 3 year old by Arabesque that I drove a mile in  $2,34\frac{1}{4}$  fast  $\frac{1}{4}$  in 35 seconds and I could have easily put him in the list but I sold him for a good price and his new owners will enter him in some good stakes. I think Arabesque will put 5 or 6 in the list next season and the three now in will surely go in  $2,20\frac{1}{2}$  hours and they are all good race horses.
