Your favor of 28 at hand and find  
that Nos 5 and 16 are sold, and in your  
catalogue I find that No 16 is a Chiffon  
which you price at 600<sup>00</sup>. She is rather  
short bred for that amount. Now  
Mr. W. C. McDowell I don't want to find  
fault with your prices or dictate to you  
But horses are sold at Bureau sales very  
low, and well bred at that in your first  
letter you also gave me Nos. 19, and 32, will  
you please give me the price on them  
But as I said before horses are cheap so  
make the price to suit the times and think  
how much they would bring at a sale  
Besides the Exp of shipping and the trouble  
to me you sell on the farm and get  
your money and I take all the chances
