My dear Major *Dear Sir:* Sir Jy.

Your favor

received and noted. Try and get Mr. Anglin to
go to the convention tell him he
ought to go as a member of
our spin board.

I wish you would write Stone
and get his views as to voluntin,
and insist on his going to Chicago.
Couldnt you run down there,
and talk to him? you might
do a great deal of good. Also
write John Green he just must
go. tell him where we will stop.
We will want every man possible.
I think the Regulars fellows will try to
heck the convention on us -
