Gentlemen: - We received your copy on Monday afternoon. It did not reach here sooner because sent by Adams Express; the United States runs on the line of the Cincinnati Southern. We will commence setting it up today, and will likely send you some proofs Friday or Saturday. If the paper ordered and the lithographs for insertion come in promptly we should have your catalogue done by

about from next Saturday. Do you want the cover exactly like the old one? We have the enclosed in stock. The design is something new, and, I think, pretty.

Yours truly,  
A. D. Spatewood, Manager.
