

Minutes of the Meeting of the Executive Committee of the Board of Trustees of the University of Kentucky, Monday, March 10, 1975.

The following members of the Executive Committee of the Board of Trustees of the University of Kentucky met on Monday, March 10, 1975 at 2:00 p.m. (EDT) in the Board Room on the 18th floor of the Patterson Office Tower on the University campus with the following members answering the call of the roll: Mr. William B. Sturgill, Chairman, Mr. Richard E. Cooper and Mr. George Griffin. Absent from the meeting were Mr. William R. Black and Mr. Albert G. Clay. Dr. Paul Sears, Assistant Secretary of the Board was present in an ex officio capacity. Members of the University Administration present included President Otis A. Singletary; Vice Presidents Lewis W. Cochran, Robert Zumwinkle, Stanley Wall, Peter P. Bosomworth, Lawrence E. Forgy, Jr. and Raymond R. Hornback; Dr. Donald B. Clapp, Executive Assistant to the President, and Mr. John Darsie, Legal Counsel. Representatives of the various news media were in attendance.

A. Meeting Opened

Mr. Sturgill, Chairman of the Executive Committee, called the meeting to order at 2:00 p.m. The invocation was pronounced by Dr. Sears. Following the roll call and the report of the secretary that a quorum was present, Mr. Sturgill declared the meeting officially open for the conduct of business at 2:04 p.m.

B. Minutes Approved

Mr. Sturgill asked if there were any additions or corrections to the Minutes of the January 27, 1975 meeting of the Executive Committee of the Board of Trustees. There being none, on motion by Mr. Cooper and seconded by Mr. Griffin, the reading of the Minutes of the January 27, 1975 meeting of the Executive Committee of the Board of Trustees was dispensed with and the Minutes were approved as published.

C. The President's Report to the Trustees (PR 1)

President Singletary discussed various items in his monthly report to the Trustees and recommended its acceptance. Without objection, Mr. Sturgill accepted the report and ordered it filed.

D. Recommendations of the President (PR 2)

Noting that PR 2 was in the early distribution of agenda items and, therefore, members had had an opportunity to examine the recommendations contained therein, President Singletary recommended approval of PR 2 as a whole.

The Chairman asked if there were any questions and, there being none, on motion by Professor Sears, seconded by Mr. Griffin, and passed without dissent PR 2 was approved as a whole and ordered made an official part of the Minutes of the meeting. (See PR 2 at the end of the Minutes.)

E. Appointment of Dean, College of Dentistry (PR 3A)

President Singletary indicated that PR 3 was made up of four parts, each of which he would like to take up individually since these recommendations had not been mailed to the members prior to the meeting.

PR 3A recommended that Dr. Merrill W. Packer be named Dean of the College of Dentistry and Professor (with tenure), in the Department of Community Dentistry, effective March 1, 1975. Dr. Singletary said that the recommendation was made with the enthusiastic endorsement of the Search Committee appointed to screen candidates for a replacement for Dr. Bohannon and he, personally, felt the University was fortunate in securing the services of a man as eminently well qualified for the position as Dr. Packer.

The Chairman called for a motion to approve the appointment of Dr. Merrill W. Packer as Dean of the College of Dentistry and Professor (with tenure), in the Department of Community Dentistry, effective March 1, 1975. The motion was made by Mr. Cooper, seconded by Professor Sears and passed without dissent.

Dr. Bosomworth introduced Dr. Packer and gave a brief resumé of Dr. Packer's qualifications for the job. Dr. Packer, who was a former member of the faculty of the College of Dentistry, was welcomed back to the University by Mr. Sturgill on behalf of the members of the Executive Committee.

Before taking up the next item on the agenda, President Singletary read the following resolution passed by the Executive Board of the Blue Grass Dental Society and accepted by the membership at the February meeting of the Society:

RESOLVED, that the Blue Grass Dental Society, in whose confines the University of Kentucky, College of Dentistry is located, recognizing the contributions made by the faculty and students of that institution in improving the dental health of the citizens of the Commonwealth of Kentucky, is gratified to learn that the results of a national poll of 1,181 deans from eighteen different types of professional schools conducted by two sociologists from Columbia University and published in "Change", a magazine devoted to higher learning, ranked the University of Kentucky College of Dentistry third nationally, and be it further

RESOLVED, that the Blue Grass Dental Society hereby gratefully acknowledges the leadership in dentistry, locally, state-wide, and nationally contributed by the University of Kentucky, College of Dentistry and its faculty, and be it further

RESOLVED, that the officers and members of the Blue Grass Dental Society, acknowledging the excellent relations they enjoy with the administrative officers and faculty of the University of Kentucky, College of Dentistry, look forward with pleasure to an era of continuing accord while working together toward our mutual goal of steady improvement in the dental health of the people of the Commonwealth of Kentucky.

F. Appointment of Special Assistant to the President (PR 3B)

President Singletary reminded the members of the Executive Committee that certain areas which had been under Dr. Morris had not yet been assigned to anyone. The areas involved are the Tobacco and Health Research Institute, Institute for Mining and Minerals Research, and the Computer Center. All three of these areas require a person not only with technical skills but with enough stature to deal with the political aspects at both the state and national level. Such a person is Dr. Robert M. Drake, former Dean of the College of Engineering here and presently Vice President for Research & Development

with Combustion Engineering, Inc., and President Singletary said he felt most fortunate that Dr. Drake had agreed to return to the University as Special Assistant to the President and he recommended approval of his appointment.

Mr. Sturgill said that there was a recommendation before the Executive Committee that Dr. Robert M. Drake be appointed as Special Assistant to the President of the University effective not later than May 1, 1975 and that the President be authorized to set his remuneration and to determine retirement contributions in an amount not to exceed the aggregate of the employer and employee contributions provided for Group I employees and called for a motion. Professor Sears so moved. His motion was seconded by Mr. Griffin and without dissent it was approved. (See PR 3B at the end of the Minutes.)

G. Appointment of Acting Dean, College of Engineering (PR 3C)

Explaining that it was extremely important that Dean Funk be relieved temporarily of his responsibilities as Dean of the College of Engineering in order that he might devote full-time to the Directorship of the Institute of Mining and Minerals Research, President Singletary said that an advisory committee was appointed to recommend on the appointment of an Acting Dean. This committee recommended to the President that Dr. Roger Eichhorn be named Acting Dean of the College of Engineering and he so recommended to the Board.

On motion by Mr. Griffin, seconded by Mr. Cooper, with all present voting aye, Dr. Roger Eichhorn, Professor of Mechanical Engineering, was appointed Acting Dean of the College of Engineering effective April 1, 1975.

President Singletary introduced Dr. Eichhorn and commented that he had worked very closely with him while he was serving as Chairman of the Privilege and Tenure Committee and that he considered him to be not only an excellent professor and a good administrator but also a man who had a devotion and dedication to the total institution that would make him an effective and capable leader of the College of Engineering during Dean Funk's leave from the Deanship. (See PR 3C at the end of the Minutes.)

H. Electrical System Conversion and University Hospital Renovation (PR 3D)

President Singletary said that renovation and construction projects in excess of \$100,000 must be submitted to the Council on Public Higher Education

for approval before their submission to the Executive Department for Finance and Administration. Projects must be approved by the Board of Trustees prior to their submission to the Council on Public Higher Education. He then recommended that the Executive Committee approve for submission to the Council on Public Higher Education the following renovation and construction projects: (1) Phase II of the Conversion of the Electrical System from 4 KV to 12 KV (estimated cost - \$860,000), and (2) correction of safety deficiencies, equipment installation and renovation in the University Hospital (estimated cost \$736,598).

On motion by Mr. Griffin, seconded by Mr. Cooper and passed it was so ordered. (See PR 3D at the end of the Minutes.)

I. William B. Sturgill Award Established (PR 4)

President Singletary said that the Sang Award for Outstanding Contributions to Graduate Education, which was established by Philip D. and Elsie O. Sang in 1966, had become one of the most prestigious awards on the University campus. When Mr. Sturgill learned that Mr. Sang had indicated that he did not wish to continue the award, he agreed to underwrite it. Since the Board of Trustees had established the Sang Award, President Singletary said it was necessary to have approval of the Board to establish the new award and he recommended that it be named the William B. Sturgill Award for Outstanding Contributions to Graduate Education.

Mr. Cooper moved that the Executive Committee of the Board of Trustees approve the establishment of the William B. Sturgill Award for Outstanding Contributions to Graduate Education, to be awarded annually; and that appreciation be expressed to Mr. Sturgill for making the award possible. His motion was seconded by Mr. Griffin and passed.

Professor Sears said he would like to speak on behalf of the University Faculty and express appreciation to Mr. Sturgill for his willingness to fund this award. (See PR 4 at the end of the Minutes.)

J. Doctoral Program in Health, Physical Education and Recreation (PR 5)

President Singletary said that the proposal for a Ph. D. program in Health, Physical Education and Recreation has been approved by the Graduate Faculty and by the University Senate Council. The proposal requires the approval of the Council on Public Higher Education pursuant to its statutory

authority to approve all new graduate and professional programs. The Board of Trustees is being asked to authorize the submission of the program to the Council on Public Higher Education, with final action by the Board of Trustees to follow a favorable response by the Council on Public Higher Education.

On motion by Professor Sears, seconded by Mr. Cooper and passed, authorization was given for the submission to the Council on Public Higher Education of a Ph. D. program in Health, Physical Education and Recreation. (See PR 5 at the end of the Minutes.)

K. Budget Revisions for 1974-75 (PR 6)

Noting that the revisions in the 1974-75 budget recommended in PR 6 were of a routine nature, President Singletary recommended approval of PR 6 as submitted.

On motion by Mr. Griffin, seconded by Professor Sears, and passed, it was so ordered. (See PR 6 at the end of the Minutes.)

L. Interim Financial Report (FCR 1)

Mr. Griffin, representing the Chairman of the Finance Committee who was absent from the meeting, moved that the Financial Report for the seven months period ending January 31, 1975 be accepted. His motion was seconded by Professor Sears and, without dissent, it was passed and so ordered. (See FCR 1 at the end of the Minutes.)

M. Acceptance of Audit of Spindletop Hall, Inc. (FCR 2)

At Mr. Griffin's request, Mr. Forgy explained that in accordance with the agreement between Spindletop Hall and the University of Kentucky it is required that Spindletop Hall, Inc. submit to the University of Kentucky Board of Trustees an audited financial record on an annual basis. He continued that the financial statement submitted as a part of FCR 2 had been prepared by the firm of Coopers and Lybrand and recommended its acceptance.

Mr. Griffin so moved. His motion was seconded by Professor Sears and passed. (See FCR 2 at the end of the Minutes.)

N. Authorization for Incineration of Paid Bonds and Coupons (FCR 3)

Under statute it is required that the Board of Trustees authorize the incineration of paid bonds and coupons returned from Paying Agents. Mr. Forgy noted that the schedule attached to FCR 3 listed the University of Kentucky Revenue Bonds and Coupons returned from Paying Agents for the period beginning July 1, 1973 and ending December 31, 1974. He recommended approval of the authorization as stated in FCR 3.

Mr. Griffin so moved, his motion was seconded by Professor Sears, and without dissent it was approved and so ordered. (See FCR 3 at the end of the Minutes.)

O. Quarterly Report of Investments (ICR 1)

Without discussion, on motion by Mr. Griffin, seconded by Mr. Cooper and all present voting aye, the Quarterly Report of Investments submitted as ICR 1 was accepted and ordered made a matter of record. (See ICR 1 at the end of the Minutes.)

P. Resolutions Committee Appointed

Mr. Sturgill appointed Mr. James A. Sutherland, Mr. William R. Black, and Professor Sears as a committee to draft resolutions expressing the appreciation of the Board of Trustees for Mrs. Lucile T. Blazer and Mr. Eugene Goss, whose terms on the Board have expired. He instructed the Secretary to notify these individuals of their appointment to the committee and to request the resolutions to be ready for the next meeting of the Board, scheduled for April 1, 1975.

Q. Meeting Adjourned

After determining that there was no further business to come before the meeting, without objection, the Chairman declared the meeting adjourned at 2:28 p. m.

Respectfully submitted,

Paul G. Sears, Assistant Secretary
Board of Trustees

(PRS 2, 3A, 3B, 3C, 3D, 4, 5, 6, FCRs 1, 2, 3, & ICR 1, which follow are official parts of the Minutes of the meeting.)

RECOMMENDATIONS OF THE PRESIDENT

I. Patent Assignment

Recommendation: That authorization be given to the proper officials of the University of Kentucky Board of Trustees to execute an assignment on behalf of the Board of Trustees to The University of Kentucky Research Foundation of the following application for Letters Patent of the United States and the invention represented thereby: James Thomas Schrodtt and Ottfried Johannes Hahn, Serial No. 504,434 filed September 9, 1974.

Background: James Thomas Schrodtt and Ottfried Johannes Hahn have invented a process for the High Temperature Desulfurization of Combustible Gases Derived from Coal (Gas Purifier). They have assigned their rights to the invention to the University. In accord with usual practice, it is recommended that the University assign the patent to The University of Kentucky Research Foundation.

II. Patent Assignment

Recommendation: That authorization be given to the proper officials of the University of Kentucky Board of Trustees to execute an assignment on behalf of the Board of Trustees to The University of Kentucky Research Foundation of the following application for Letters Patent of the United States and the invention represented thereby: Vijay K. Dhir, George F. Crewe and Uri Gat, serial no. 511,445 filed October 2, 1974.

Background: Vijay K. Dhir, George F. Crewe and Uri Gat have invented a process for Alkaline Solution Decaking Treatment of Bituminous Coal. They have assigned their rights to the invention to the University. In accord with usual practice, it is recommended that the University assign the patent to The University of Kentucky Research Foundation.

III. Report on Gifts and/or Grants (See Attachment)

Recommendation: that the report on gifts and/or grants covering the period from October 1, 1974 through December 31, 1974 be accepted and made a matter of record.

Background: The attached report represents the gifts and/or grants accepted by the President on behalf of the Board of Trustees for the three months' period ending September 30, 1974, in accordance with the policy adopted by the Board of Trustees on November 19, 1965. Acknowledgment of gifts and/or grants has been made to all donors by the President on behalf of the Board.

IV. Appointments and/or Other Staff Changes

Recommendation: (1) that approval be given to the appointments and/or other changes which require Board action; and (2) that the report relative to appointments and/or changes already approved by the administration be accepted.

Background: The following recommended appointments and/or other staff changes require approval by the Board of Trustees in accordance with Part VIII-B of the Governing Regulations of the University. These recommendations are transmitted to the Board by the appropriate vice president through the President and have his concurrence.

Under the Governing Regulations the authority to make certain appointments and/or other staff changes is delegated to the President or other administrators who are required to report their actions to the Board. This report follows the recommendations requiring Board approval.

APPOINTMENT OF DEAN, COLLEGE OF DENTISTRY.

Recommendation: that Merrill W. Packer, D.D.S., M.S.D., be named Dean, College of Dentistry and Professor (with tenure), Department of Community Dentistry, effective March 1, 1975.

Background: Following the resignation of Harry M. Bohannon, D.M.D., M.S.D., as dean of the College of Dentistry, a duly constituted search committee was appointed by the President to assist in the selection of his successor. Following consideration of both internal and external candidates, Dr. Packer's appointment was enthusiastically recommended.

Dr. Packer, a native of Utah and former faculty member and Assistant Dean for Planning, Development, and Evaluation of the University of Kentucky College of Dentistry, is presently Acting Director, Division of Dental Health in the Health Resources Administration, National Institutes of Health. He received his undergraduate education at Utah State University and both his D.D.S. and M.S.D. degrees from the University of Minnesota. After completion of his graduate training, Dr. Packer engaged in the private practice of dentistry for four years. In his profession, Dr. Packer has gained national recognition in the arenas of both academic and public affairs. He has served as Associate Professor and Head of the Department of Periodontics and as Director of Continuing Education, College of Dentistry, University of Alberta, Edmonton, Alberta, Canada; as Deputy Director, Division of Dental Health, Bureau of Health Manpower Education, National Institutes of Health; and as consultant to the American Dental Association's Council on Dental Education, Curriculum Committee, and the Council on Dental Health.

Dr. Packer has lectured extensively and his published works span a variety of areas, including clinical periodontics, basic laboratory research, oral hygiene, evaluation of dental educators, and the flexible curriculum of the University of Kentucky College of Dentistry. His professional affiliations include membership in the International Association for Dental Research, the American Academy of Periodontology, the American Association of Dental Schools, and the American Dental Association.

APPOINTMENT OF SPECIAL ASSISTANT TO THE PRESIDENT

Recommendation: that Professor Robert M. Drake be appointed Special Assistant to the President of the University effective not later than May 1, 1975 and that the President be authorized to set his remuneration and to determine retirement contributions in an amount not to exceed the aggregate of the employer and employee contributions provided for Group I employees.

Background: Professor Drake came to the University of Kentucky in 1964 as a professor in the College of Engineering. He was named Chairman of the Department of Mechanical Engineering in July 1966 and Dean of the College of Engineering in September 1966. In 1968 he was also named Director of the Office of Research and Engineering Services.

In 1971 Professor Drake was granted a leave of absence to assume the position of Vice President for Research and Development with Combustion Engineering, Inc. At the end of his year's leave, he resigned as Dean of the College of Engineering but requested that he remain on leave without pay in his professorial rank on a year to year basis. His request was acceded to and he has remained on leave of absence until the present time.

When Dr. Alvin L. Morris resigned to accept a position in Washington, certain areas under his supervision were left without a liaison person between them and the President. Dr. Singletary felt that Dr. Drake was the ideal person to fill this role and he has agreed to return to the University. As Special Assistant to the President, he will serve as the President's liaison and provide administrative supervision for the Tobacco and Health Research Institute, the Institute for Mining and Minerals Research, the Computer Center, and such other assignments as the President may deem necessary from time to time.

APPOINTMENT OF ACTING DEAN,
COLLEGE OF ENGINEERING

Recommendation: That Dr. Roger Eichhorn, Professor of Mechanical Engineering, be appointed Acting Dean of the College of Engineering, effective April 1, 1975.

Background: Since the establishment of the Institute of Mining and Minerals Research, Dr. James Funk has served as Director of the Institute in addition to his duties as Dean of the College of Engineering. The expansion and rapid development of Institute programs has required increasing amounts of his time, and Dean Funk recently requested that he be relieved of his duties as Dean for a time so that he could devote full time to the direction of Institute programs. In accordance with University regulations, an advisory committee was appointed to recommend on the appointment of an Acting Dean and the appointment of Dr. Eichhorn was recommended by the committee.

ELECTRICAL SYSTEM CONVERSION AND UNIVERSITY HOSPITAL RENOVATION

Recommendation: that the Board of Trustees approve for submission to the Council on Public Higher Education the following renovation and construction projects: (1) Phase II of the Conversion of the Electrical System from 4 KV to 12 KV (estimated cost - \$860,000), and (2) correction of safety deficiencies, equipment installation and renovation in the University Hospital (estimated cost - \$736,598).

Background: Renovation and construction projects in excess of \$100,000 must be submitted to the Council on Public Higher Education for approval before their submission to the Executive Department for Finance and Administration. Projects must be approved by the Board of Trustees prior to their submission to the Council on Public Higher Education. The detailed proposals to be presented to the Council on Public Higher Education are attached. Funds for the conversion of the Electrical System will come from the Housing and Dining System for those buildings in the Housing and Dining System, the Athletic Association for the Sports Center, and the University Plant Funds for the other buildings. Funds for the University Hospital projects will come from revenue generated by the Hospital.

EXTENSION OF EXISTING ELECTRICAL SYSTEM

INTRODUCTION

The first phase of this project, as well as planning for the project was approved by the Council on Public Higher Education in April 1973 pursuant to the proposal which was before them at that time.

In light of additional information obtained from the consultants appointed after original council approval the University must modify its original submission in order to bid the project in April or May 1975.

I. PROJECT PURPOSE

Complete design of the electrical conversion from 4,160 volts to 12,470 volt electrical system and authorize the construction of Phase II, which consist of the remaining buildings in the housing and dining system, Memorial Coliseum, Centrifuge Building, Wenner Gren Laboratory, McVey Hall and the Sports Center.

II. NEED

In order for the Kentucky Utilities Company to meet the University's expanding needs for electrical energy resulting from new buildings, renovation and addition of systems requiring increased electrical energy an agreement was executed in 1966, under which the University would convert its electrical system from 4KV to 12KV. On the basis of that agreement the Commonwealth constructed two (2) new 12KV electrical substations, and executed capital construction projects to convert a major portion of the University's building on the central campus. That agreement with Kentucky Utilities Company provided that this conversion would be completed by December 31, 1973, at which time the 4KV substations would be removed, or that if they were necessary to remain the University would be required to pay rent on the transformers.

Design of the total system will expedite completion and assure the best overall design. Construction will be undertaken as funds become available.

III. PROJECT SCOPE

This proposal includes the authorization to design and convert the following buildings; Cooperstown Apartments, Shawneetown Apartments, Holmes Hall, Student Center, Food Storage Building, Haggin Hall, Memorial Coliseum, McVey Hall, Wenner Gren Aero Lab and centrifuge buildings, and the Sports Center - \$860,000.

III. A third and final phase of this conversion project will need to be presented to council at later date when funds are available. Current estimated cost of this phase is \$533,000.

IV. PROJECT COST

The estimated project cost in this proposal is \$860,000.

V. PROJECT FUNDING

Funds for this project will come from University of Kentucky Housing and Dining system for those buildings in the Housing and Dining System, Athletic Association for the Sports Center. University of Kentucky Plant Funds for the other buildings.

I. PROJECT PURPOSE

The purposes of this project are as follows:

- a. To comply with the Life Safety Code, by correcting safety deficiencies.
- b. To upgrade existing facilities and equipment in the hospital which are either obsolete or simply worn out.

II. NEED

The Department of Health, Education and Welfare surveyed the University Hospital in June, 1974, for compliance with Medicare Standards. The deficiencies found relate to safety and must be corrected if we serve Medicare patients. Our income from Medicare amounted to \$2,322,000 in 1973-74.

Equipment to be replaced is simply worn out by time and excessive use. Departments to be renovated are inadequate and inefficient by today's standards.

III. PROJECT SCOPE

This proposal includes the authorization to commit \$736,598 to meet safety standards, replacement of equipment, and renovation of various departments in the hospital.
(Attachments - List of Projects: Proposed Procedure)

IV. PROJECT COST

Total cost of this project is estimated at \$736,598.

V. PROJECT FUNDING

Funds for this project will be provided by Patient Care income generated by the University of Kentucky Hospital.

LIST OF PROJECTS

1. Pharmacy Central Supply Conveyor \$100,000
This conveyor is currently inoperable. Efforts are being made to repair it by reducing its capacity by one-half and using parts removed to repair the remaining capacity. This is our only vertical conveyor for movement of medical/surgical supplies.
2. Ambulatory Radiology \$ 67,000
The radiology department cannot handle current patient volume. Patients are subject to extensive waiting and cancellation of procedures. This problem will be compounded as patient volume increases. This project involves renovation to accommodate the addition of two X-ray machines.
3. Emergency Generator Connections \$ 10,600
With the enlarged emergency generator in the new addition, capacity is available to handle an existing X-ray unit (none are currently on emergency power) and all existing intensive care units.
4. Automatic Swinging Doors - Operating Room \$ 1,998
This installation has been recommended by the Infectious Disease Committee as part of total effort to reduce hospital acquired infections.
5. Moving Cobalt Machine \$ 10,000
In order to move this machine, it must be dismantled and reassembled. Due to radiation hazard, this must be done by a firm familiar with radiation therapy equipment.
6. Coronary Care Unit Renovation \$ 10,000
Renovation to provide 3 additional Kidney Dialysis beds to accommodate a 100% increase in end-stage renal disease patients.
7. Food Service Conveyor \$ 75,000
This conveyor, similar to the Pharmacy conveyor, is worn-out after almost 13 years of use. It is kept operational through continuous repair and must be replaced.

8. Emergency Room Renovation \$ 50,000
- The existing emergency room will not now allow efficient handling of patients. This renovation will provide a third operating room and additional examining rooms.
9. Renovation 3-north \$ 65,000
- This renovation will provide a model patient unit to accomodate "private" patients and serve as a demonstration project for team patient care. The cost covers installation of suction, oxygen and air outlets, a nurse call system and nursing station.
10. Elevator Renovations \$ 75,000
- Increased efficiency of elevator service will be the main concern for this project. Estimate could conceivably be much lower when examined with respect to elevator service contract now in effect.
11. Surgery Clinic Expansion \$ 24,000
- This is the highest volume clinic within the hospital and renovation will provide addition examining rooms.
12. Kitchen Dishwasher Overhaul \$ 6,000
- This dishwasher has been in use over 12 years and is simply worn out.

Safety Deficiencies

1. Wire glass installed in wall openings and doors around gift shop. \$ 20,000
2. Patch all fire walls throughout the entire Medical Center. \$ 80,200
3. Install magnetic hold open devices on all corridor doors in hospital. \$ 48,000
4. Install sign "Fire Exit - Keep Closed" on approach side of approximately 90 - 100 doors. \$ 1,000
5. Install automatic sprinkler system in gift shop. \$ 3,500
6. Linen Storage - Remove wood stud wall and door, install five rated doors and frames, plaster ceilings and masonry wall to next floor slab - 18 areas. \$ 30,000

7. Wall and door obstruction to be removed - 10 areas -
repair walls, floors and ceilings. \$ 4,200
 8. Fire Doors - Remove present doors, replace with fire
rated doors, magnetic hold open devices - 9 double door
openings. \$ 11,000
 9. Replace all non-approved trash containers. \$ 35,100
- TOTAL \$736,598

WILLIAM B. STURGILL AWARD ESTABLISHED

Recommendation: that the Executive Committee of the Board of Trustees approve the establishment of the William B. Sturgill Award for Outstanding Contributions to Graduate Education, to be awarded annually; and that appreciation be expressed to Mr. Sturgill for making this award possible.

Background: In 1966, the Board of Trustees established the Philip D. and Elsie O. Sang Award for Outstanding Contributions to Graduate Education. Mr. Sang agreed to underwrite this award for a period of five years and continued his support for two years past the specified five year period. He has, however, indicated that he no longer wishes to support this award.

Because of the value of the award to the graduate program of the University of Kentucky, Mr. William B. Sturgill, Chairman of the Board of Trustees, has agreed to provide support for a similar award to be given at the end of the spring semester 1975 and annually thereafter for an unspecified period of time. The procedures and criteria used in the selection of the award recipient will be those which applied to the Sang Award.

DOCTORAL PROGRAM IN HEALTH, PHYSICAL EDUCATION
AND RECREATION

Recommendation: that the Board authorize the submission to the Council on Public Higher Education of a Ph. D. program in Health, Physical Education and Recreation.

Background: A proposal for a Ph. D. program in Health, Physical Education and Recreation has been approved by the Graduate Faculty and by the University Senate Council. The proposal requires the approval of the Council on Public Higher Education pursuant to its statutory authority to approve all new graduate and professional programs. The Board of Trustees is being asked to authorize the submission of the program to the Council on Public Higher Education, with final action by the Board of Trustees to follow a favorable response by the Council on Public Higher Education.
