FORESTRY FOR THE FISCAL YEAR  
ENDING WITH THE 31ST DECEMBER  
1922

SESSION BEGINS WEDNESDAY SEPTEMBER  
1922

W. B. BRANTON, JR.,  
DIRECTOR

## INTRODUCTORY.

---

Agricultural and Mechanical Colleges in the United States owe their origin to an act of Congress, entitled "An act donating public lands to the several States and Territories which may provide colleges for the benefit of agriculture and the mechanic arts," approved July 2, 1862. The amount of land donated was 30,000 acres for each Representative in the National Congress. Under this allotment Kentucky received 330,000 acres. Several years elapsed before the Commonwealth established an Agricultural and Mechanical College under the act. When established, it was not placed upon an independent basis, but was made one of the Colleges of Kentucky University, to which Institution the annual interest of the proceeds of the Congressional land grant were to be given for the purpose of carrying on its operations. The land scrip had meanwhile been sold for fifty cents per acre, and the amount received—\$165,000—invested in six per cent. Kentucky State bonds, of which the State became the custodian in trust for the College.

The connection with Kentucky University continued till 1878, when the act of 1865, making it one of the Colleges of said University, was repealed, and a Commission was appointed to recommend to the Legislature of 1879-'80 a plan of organization for an Agricultural and Mechanical College such as the necessities of the Commonwealth require. The city of Lexington offered to the Commission (which was also authorized to recommend to the General Assembly the place, which, all things considered, offered the best and greatest inducements for the future and permanent location of the College) the City Park, containing fifty-two acres of land, within the limits of the city, and thirty

thousand dollars in city bonds, for the erection of buildings. This offer the county of Fayette supplemented by twenty thousand dollars in county bonds, to be used either for the erection of buildings or for the purchase of land. The offers of the city of Lexington and of the county of Fayette were accepted by the General Assembly.

By the act of incorporation, and the amendments thereto, constituting the charter of the Agricultural and Mechanical College of Kentucky, liberal provision is made for educating, free of tuition, the energetic young men of the Commonwealth whose means are limited. The Normal Department, for which provision is also made, is intended to aid in building up the Common School system by furnishing properly qualified teachers. This College, with the associated departments which will, from time to time, be opened as the means placed at the disposal of the Trustees will allow, will, it is hoped, in the no distant future, do a great work in advancing the educational interest of Kentucky. Being entirely undenominational in its character, it will appeal with confidence to people of all creeds and of no creed, and will endeavor, in strict conformity with the requirements of its organic law, to afford equal advantages to all, exclusive advantages to none. The liberality of the Commonwealth in supplementing the inadequate annual income arising from the proceeds of the land scrip invested in State bonds will, it is believed, enable the Trustees to begin and carry on, upon a scale commensurate with the wants of our people, the operations of the institution whose management and oversight have been committed to them by the General Assembly of Kentucky.

BOARD OF TRUSTEES OF THE AGRICULTURAL  
AND MECHANICAL COLLEGE OF KENTUCKY.

CHAIRMAN EX OFFICIO,  
HIS EXCELLENCY, GOVERNOR L. P. BLACKBURN.

SECRETARY,  
JUDGE B. F. BUCKNER.

TRUSTEES WHOSE TERM OF OFFICE EXPIRES JANUARY 10, 1884.

GEN. JAMES F. ROBINSON, JR. . . . . Lexington.  
HON. JOHN G. SIMRALL. . . . . Louisville.  
GEN. DON CARLOS BUELL. . . . . Muhlenburg county.  
JUDGE B. F. BUCKNER. . . . . Lexington.

TRUSTEES WHOSE TERM OF OFFICE EXPIRES JANUARY 10, 1886.

MAJ. ROBERT S. BULLOCK . . . . . Lexington.  
COL. L. J. BRADFORD . . . . . Covington.  
HON. A. R. BOONE . . . . . Mayfield.  
HON. P. P. JOHNSTON . . . . . Fayette county.

TRUSTEES WHOSE TERM OF OFFICE EXPIRES JANUARY 10, 1888.

JUDGE WM. B. KINKEAD. . . . . Lexington.  
EX-CHIEF JUSTICE B. J. PETERS. . . . . Montgomery county.  
JUDGE ALBERT G. RHEA. . . . . Logan county.  
HON. W. H. WADSWORTH. . . . . Mason county.

EXECUTIVE COMMITTEE.

JUDGE W. B. KINKEAD, *Chairman.*  
JUDGE B. F. BUCKNER, *Secretary.*  
MAJ. ROBERT S. BULLOCK, *Treasurer.*  
HON. P. P. JOHNSTON.  
GEN. JAMES F. ROBINSON.

## FACULTY.

---

JAMES K. PATTERSON, Ph. D. F. R. H. S., F. S. A.,  
President, Professor of Metaphysics, Civil History, and Political Economy.

ROBERT PETER, M. D.,  
Professor of Chemistry and Experimental Physics.

JOHN SHACKLEFORD A. M.,  
Professor of the English Language and Literature.

JAMES G. WHITE,  
Professor of Mathematics, Physics, and Astronomy.

A. R. CRANDALL,  
Professor of Natural History and Director of the Mechanical Department.

MAURICE KIRBY, A. M.,  
Professor of Theory and Practice of Teaching and Principal of the Normal School.

W. C. MCFARLAND, Second Lieutenant U. S. A.,  
Professor of Civil, Mechanical, and Mining Engineering, Drawing, and Military Science.

F. M. HELVETI,  
Professor of the French and German Languages and Literature.

JOHN H. NEVILLE, A. M.,  
Professor of the Latin and Greek Languages and Literature.

T. C. H. VANCE,  
Associate Professor in the Normal School and Principal of the Commercial Department.

WALTER K. PATTERSON,  
Principal of the Preparatory Department.

DAVID A. KING,  
Instructor in Practical Mechanics.

W. A. KELLERMAN, Ph. D.,  
Professor of Economic Botany, Horticulture and Agriculture.

G. D. BUCKNER, M. D.,  
Medical Examiner.

M. L. PENCE,  
Assistant in Preparatory Department.

JOHN L. PATTERSON,  
JAMES W. TAYLOR,  
Tutors in Latin.

The collegiate year of 1881-'82 closes with a larger matriculation than any year which has preceded. The increase over the matriculation list of the year 1880-'81 is no less than thirty-six per cent. Since the severance of the connection with Kentucky University, which took place four years ago, the growth of the College in patronage and public confidence has been uninterrupted, as the following figures will show :

Total number of matriculates 1877-'8 (last year of connection with Kentucky University) . . . . .	78
Total number of matriculates 1878-'9 . . . . .	118
Total number of matriculates 1879-'80 . . . . .	137
Total number of matriculates 1880-'1 . . . . .	234
Total number of matriculates 1881-'2 . . . . .	321

The effect of the unprovoked assault made last winter upon the State College before the Legislature by the various denominational colleges of the State was to increase, rather than to diminish its attendance. The plea which the aggrieved colleges made, that education was made too cheap, too many advantages offered, and too wide a range of instruction provided, failed to convince the Legislature that State aid should be withdrawn from an institution to which, by accepting the trust from the General Government, the Commonwealth had pledged her support. Should the State College be let alone and allowed to devote itself to its own work and to operate on its own lines, work which in no proper sense interferes with that of the denominational colleges, and in no proper sense traverses the lines on which they are laid down, five years will not elapse until it has six hundred students within its walls. Then we may hope that the reproach which has hitherto attached to Kentucky, that she had no institution worthy of her, may in some degree be removed.

1881-2

## DEPARTMENTS OF STUDY.

The Departments of Study comprise the following :

Mathematics.  
Physics and Astronomy.  
Chemistry, Elementary and Applied.  
Mental and Moral Philosophy.  
Civil History and Political Economy.  
Agriculture and Horticulture.  
English Language and Literature.  
Latin Language and Literature.  
Greek Language and Literature.  
French Language and Literature.  
German Language and Literature.  
Civil, Mechanical, and Mining Engineering and Drawing.  
Natural History—Botany, Comp. Anatomy, Geology, &c.  
Veterinary Science.  
Practical Mechanics.  
Theory and Practice of Teaching.  
Book-keeping and Penmanship.  
Commercial Law.  
Military Art and Science.  
Architectural and Landscape Gardening.  
Phonography.

### Scientific Course.

Mathematics.  
Physics and Astronomy.  
Chemistry, Elementary and Applied.  
Agriculture and Horticulture.  
Veterinary Science.  
Civil History and Political Economy.  
Mental and Moral Philosophy.  
Natural History — Botany, Zoölogy, Comp. Anatomy, Geology, Mineralogy, &c.  
Latin, Partial Course.  
French or German.  
Practical Mechanics.  
English Language and Literature.  
Civil, Mechanical, and Mining Engineering and Drawing.  
Landscape Gardening.  
Military Art and Science.

---

**Classical Course.**

Mathematics.  
 Physics and Astronomy.  
 Chemistry.  
 Mental and Moral Philosophy.  
 Latin and Greek Languages and Literature.  
 English Language and Literature.  
 French and German Languages and Literature.  
 Civil History and Political Economy.  
 Natural History—Botany, Comp. Anatomy, Zoölogy, Geology, &c.

**Course of Study Required for Diploma in Normal School.**

Elementary English Branches.  
 Mathematics, including Geometry and Trigonometry.  
 Experimental Physics.  
 Descriptive Astronomy.  
 Natural History—Botany, Physical Geography, Physiology.  
 Penmanship and Book-keeping, Drawing.  
 Rhetoric, Elements of Criticism, Composition, Logic.  
 History and Political Economy.  
 Theory and Practice of Teaching.  
 French and German.  
 Latin Language and Literature, partial course.  
 Mental and Moral Philosophy.

All other departments of study in the College are open, without extra fees, to students in the Normal course. To those who do not take the course required for a diploma, certificates of qualification to teach are issued for those branches in which the required degree of proficiency is attained.

**The Course of Study Required for a Diploma in the Commercial Course is as Follows :**

Penmanship, Book-keeping, general and special.  
 English Grammar, Geography—Descriptive, Political, and Physical.  
 Rhetoric, Composition.  
 Higher Arithmetic, Algebra, Geometry.  
 Political Economy, Moral Philosophy.  
 French and German.  
 Commercial Law.  
 Phonography.

All other departments are open, without extra fees, to students in the Commercial Course. To those who do not take the entire course of study, but confine themselves mainly to book-keeping, certificates are given when the required degree of proficiency is attained.

## COURSE OF INSTRUCTION.

### I. Course in Civil History. PROFESSOR PATTERSON.

#### Junior Class.

*First Term*—Freeman's General Sketch of European History.  
*Second Term*—Sime's History of Germany; Doyle's United States.

#### Senior Class.

*First Term*—The Student's Hume; English Constitution.  
*Second Term*—Constitution of the United States; Political Economy.

### II. Course in English. PROFESSOR SHACKLEFORD.

#### Freshman Class.

*First Term*—Fowler's Grammar, with Exercises in Composition.  
*Second Term*—March's Philological Study of the English Language, with Exercises in Composition.

#### Sophomore Class.

*First Term*—Kames' Elements of Criticism, with Exercises in Composition.  
*Second Term*—English Lessons, with Exercises in Composition.

#### Junior Class.

*First Term*—Sir William Hamilton's Lectures on Logic.  
*Second Term*—Whately's Rhetoric, with Exercises.

#### Senior Class.

*First Term*—Shaw's Literature, Anglo-Saxon.  
*Second Term*—Chambers' English Literature, Anglo-Saxon.

### III. Course in Mental and Moral Philosophy. PROFESSOR PATTERSON.

*First Term*—Metaphysics, Hamilton's Lectures.  
*Second Term*—Moral Philosophy, Calderwood.

### IV. Course in Latin. PROFESSOR NEVILLE.

#### Preparatory.

*First Term*—The Grammar; a daily exercise in writing on the blackboard; a Latin Reader begun; Classical Geography.  
*Second Term*—The Grammar; Exercise and Reader continued; Cæsar; Nepos.

**Freshman Class**

*First Term*—Selections from Virgil and Ovid; Exercises in writing Latin prose; Liddell's History of Rome (private study).

*Second Term*—Sallust's Catiline; Select Orations of Cicero; Latin Composition.

**Sophomore Class.**

*First Term*—Livy (Books I, II, XXI, XXII); Latin Composition.

*Second Term*—Cicero (on Old Age, on Friendship, Scipio's Dream); Horace (Odes and Epodes).

**Junior Class.**

*First Term*—Horace (Select Satires and Epistles); Juvenal I, III, VIII, X; Plautus (The Captives) or Terence (The Andrian); Translations of Latin retranslated.

*Second Term*—Tacitus (Germania, Agricola, Selections from the Annals); Composition.

**Senior Class.**

*First Term*—Select Letters of Cicero and of Pliny; Selections from Lucan.

*Second Term*—Selections from Varro, Seneca, Quintilian, Suetonius, and Lucretius; Original Essays in Latin.

**V. Course in Greek.****PROFESSOR NEVILLE.****Preparatory.**

*First Term*—Hadley's Elementary Grammar, with White's First Lessons (revised); a daily exercise in writing Greek on the Blackboard, with the accents; a Greek Reader.

*Second Term*—The Grammar; Exercise and Reader continued.

**Freshman Class.**

*First Term*—Xenophon's Anabasis; Select Dialogues of Lucian; Greek Composition.

*Second Term*—Selections from Herodotus; Smith's History of Greece.

**Sophomore Class.**

*First Term*—Selections from The Iliad or the Odyssey; Exercises in writing Greek.

*Second Term*—Xenophon's Memorabilia; Plato's Apology and Crito; Composition.

**Junior Class.**

*First Term*—Thucydides (Parts of Books I, II, III, VI, VII); Prose Composition.

*Second Term*—Lysias and Demosthenes; Lyric Poets; Theocritus.

**Senior Class.**

*First Term*—A Drama of Euripides and one of Sophocles.

*Second Term*—A Drama of Æschylus and one of Aristophanes.

**VI. Course in Mathematics.**

PROFESSOR WHITE.

**Freshman Class.***First Term*—Peck's Manual of Algebra to Chapter XI.*Second Term*—Algebra completed; Peck's Manual of Geometry to Book VI.**Sophomore Class.***First Term*—Peck's Manual of Geometry, Books VI, VII, VIII, IX; Peck's Conic Sections; Plain Trigonometry.*Second Term*—Analytical and Spherical Trigonometry; Loomis' Surveying and Navigation.**Junior Class.***First Term*—Peck's Analytical Geometry.*Second Term*—Peck's Calculus.**Senior Class.***First Term*—Snell's Olmsted's Mechanics.*Second Term*—Snell's Olmsted's Astronomy.**VII. Course in Chemistry and Physics.**

PROFESSOR PETER.

**Junior Class.***First Term*—Lecture or Recitation daily; Elementary General Physics and Chemical Physics, with Experimental Illustrations and Applications.*Second Term*—Same, continued into Elementary Chemistry.**Senior Class.***Both Terms*—Lecture or Recitation daily; General Chemistry, with its application to Agriculture, Medicine, and the Mechanic Arts, fully illustrated by Experiments.**Practical Chemistry.**

Preparations are made for full instruction in Practical Chemistry under the Professor of Chemistry and Physics. Each student will be charged with the apparatus he may break, and a small additional fee for the course.

**VIII. Course in Natural History.**

PROFESSOR CRANDALL.

To enter the Sophomore Class of this school students must have attended at least one course of lectures upon Organic and Inorganic Chemistry, and must present a certificate of having sustained a thorough and satisfactory examination therein. Those wishing to enter any advanced class must sustain an examination upon the studies of the previous classes, or present proof of having done so elsewhere.

**Freshman Class.**

*First Term*—Physical Geography.

*Second Term*—Elementary Anatomy and Physiology, alternating with Elementary Botany, Economic Botany.

**Sophomore Class.**

*First Term*—Human Physiology, or the structure and laws of the human body, and the preservation of health, both physical and mental.

*Second Term*—Botany, Structural and Systematic; the Laws of Growth, Cultivation, and Propagation; Relation of Forests to Agriculture.

**Junior Class.**

*First Term*—Zoölogy, Comparative Zoölogy, Microscopy, the use of the microscope.

*Second Term*—Zoölogy, Classification and Distribution of Animals, Relation of Insects to Vegetation.

**Senior Class.**

*First Term*—Geology, the Principles of Geology, Economic Geology.

*Second Term*—Geology and Paleontology; the study and classification of forms of life as preserved in the rock formations; discussion of some of the leading questions, economic and scientific, that grow out of this study; Relation of Geology to Soils.

**IX. Course in Modern Languages.****PROFESSOR HELVETI.****Senior Class.****FIRST SESSION.**

*French*—Ahn-Henn's French Course, first part; First Reader.

*German*—German Course, first part.

**SECOND SESSION.**

*French*—Ahn-Henn's French Course, Second and Third Book; Second Reader and Dialogues.

*German*—German Course, Second and Third Book; Second Reader.

**Senior Class.****FIRST SESSION.**

*French*—Ahn-Henn's French Course, last part; E. Borel's Grammaire Francaise; LeConscrit de 1813.

*German*—Ahn-Henn's German Course, 4th Book; Schiller's Dramas.

**SECOND SESSION.**

*French*—E. Borel; Scribe; Moliere; Racine.

*German*—Schiller; Goethe; Lessing.

## X. Military Art and Science.

PROFESSOR MCFARLAND.

Practical and Theoretical Instruction in the Tactics of different Arms; in Military Discipline, including the duties of the Guards, Sentinels, etc., in accordance with the Tactics and Regulations prescribed for the United States Army; Civil, Mechanical, and Mining Engineering; Military Engineering; Drawing.

All students, except those who matriculate in the Normal School\* Department, are required to wear the prescribed uniform dress (the cost of which is about \$20); and every student not physically disabled (a certificate of actual physical disability from a physician designated by the Faculty, issued to the applicant therefor upon actual examination will be required to excuse from the prescribed drill and discipline) is required to attend the prescribed drills and other military training and discipline, to which three hours of each week are devoted.

In addition to the importance of military science and training, considered in themselves, the habits of exactness and promptitude developed thereby, and the ease, grace, and dignity resulting therefrom, cannot be overestimated.

## XI. Commercial Department.

COURSE OF INSTRUCTION.

PROFESSOR VANCE, PRINCIPAL.

### First Year.

English Grammar, Composition.  
Geography—Descriptive, Political, and Physical.  
Arithmetic, Elementary Algebra.  
Book-keeping—Elements, Penmanship.  
Phonography (optional).

### Second Year.

Rhetoric, Composition.  
Higher Arithmetic, Algebra.  
French, German.  
Political Economy, Book-keeping continued.

### Third Year.

Moral Philosophy, Commercial Law.  
Geometry, Book-keeping continued.  
French and German.

\*All students resident in the dormitory, including Normal School students, will be held subject to military discipline.

**XII. Botany, Agriculture, and Horticulture.**

COURSE OF INSTRUCTION.

PROFESSOR KELLERMAN.

Instruction by lectures and recitations accompanied by demonstrations and experiments. In Botany, special attention given to its application to Horticulture and Agriculture. Grasses and other plants of agricultural interest studied as exhaustively as the time may permit. Each student selects some special experiment in Horticulture or Agriculture to be carried on simultaneously with his general work.

**First Year.**

*Second Term*—Structural and Systematic Botany, with Laboratory practice.

**Second Year.**

*First Term*—Vegetable Physiology and Histology, with Laboratory practice.

*Second Term*—Forestry; Medicinal and Commercial Plants.

**Third Year.**

*First Term*—Agricultural Chemistry; Soils and Crops.

*Second Term*—Planting, Budding, Grafting, &c.; Diseases of Plants.

**Fourth Year.**

*First Term*—Stock-breeding; Veterinary Science.

*Second Term*—Landscape Gardening.

**XIII. Normal Department.**

COURSE OF INSTRUCTION.

PROFESSOR KIRBY, PRINCIPAL.

**First Year.**

English Grammar and Composition.

Geography—Descriptive and Political.

Chemistry, Elementary; Drawing, Experimental Physics.

Arithmetic, Elementary Algebra.

Latin Grammar and Reader.

History, Outlines of.

Theory and Practice of Teaching.

French and German.

---

Second Year.

Rhetoric and Composition.  
Physical Geography, Botany, Drawing.  
Higher Arithmetic, Higher Algebra.  
History United States, Political Economy.  
Latin—Cæsar, Cicero.  
Theory and Practice of Teaching.  
French and German.

Third Year.

Elements of Criticism, Logic, Mental Philosophy.  
Anatomy, Physiology and Hygiene, Drawing.  
Geometry and Trigonometry; Latin—Cicero, Virgil.  
Theory and Practice of Teaching.  
French and German.

**XIV. Practical Mechanics.**

PROFESSOR KING.

Instruction in Practical Mechanics includes such elementary practice in the workshop as will enable the student to apply the principles of experimental physics taught in the class room, and familiarize him with the use of tools, machinery, and mechanical processes. The course of instruction is based on what is known as the Russian System, now generally adopted in the Agricultural and Mechanical Colleges of this country. It embraces mechanical drawing, the study and care of tools, work in wood and metals at the bench, the lathe, and the forge. This department is under the care of one of the most skillful of practical mechanics.

## CONDITIONS OF ADMISSION.

---

Applicants for admission into the Freshman Class of the Scientific Course must be prepared to stand an examination upon the following or their equivalents: English Grammar and Composition, Geography, Ray's Arithmetic, Part III, Ray's Algebra, Part I, Outlines of History.

New students must present themselves for examination and matriculation on the Monday preceding the beginning of the fall term. No one is admitted to tuition until *all his fees are paid*.

Applicants for admission into the Normal School or Commercial Department must be prepared to stand an examination in English Grammar, Arithmetic, and Geography. Normal students who receive free tuition will be required on entering to sign an obligation to teach within the limits of Kentucky for a period as long as that during which they receive free tuition.

### Degrees.

The degrees conferred are Bachelor of Science (B. S.), Bachelor of Arts (B. A.), Master of Science (M. S.), Master of Arts (M. A.)

For the degrees of B. S. and B. A. an actual membership of at least one year in this College is required, and a satisfactory examination on the *entire course* of scientific or classical study.

For the degrees of M. S. and M. A. a satisfactory examination is required on a course of post-graduate studies prescribed by the Faculty, and covering a period of two years.

To those who do not complete the entire Scientific or Classical Course, but only certain parts thereof, certificates

of proficiency may be given for those departments of study completed.

No degrees are conferred upon graduates in the Normal School or Commercial Department; but diplomas are given to those who complete the course of study embraced therein.

#### Fees.

Tuition for the year . . . . .	\$15 00
Matriculation . . . . .	5 00
	<hr/>
Total fees . . . . .	\$20 00
	<hr/> <hr/>

Those who occupy rooms in the dormitory pay \$5 each (yearly) for the use of an unfurnished room. A standing deposit of \$5 is required from each student, which deposit is refunded when his connection with the College is terminated, less the amount which may be assessed against him for damages done to the buildings, furniture, or premises. All damages, injuries, defacements, &c., which rooms in the dormitory sustain during occupancy, will be charged to the occupants thereof. All injuries, damages, defacements, &c., which the halls and dining-room sustain, will, unless specifically traced, be charged to the occupants of the respective sections collectively.

#### Location.

The Agricultural and Mechanical College of Kentucky is established on the City Park grounds of the city of Lexington, given to the Commonwealth for this purpose. The site is elevated, and commands a good view of the city and surrounding country. A new college building has been erected, containing commodious chapel, society rooms, lecture and recitation rooms sufficient for the accommodation of 500 students. A large and well-ventilated dormitory has also been built, with rooms for ninety students, for the use of the appointees sent by the Legislative Representative Districts of the State to the *scientific* or *classical* departments of the College, and containing suitable dining-room, kitchen,

matron's and servants' rooms. The natural conformation of the ground, and an abundant supply of water from the old Maxwell spring, render the construction of an artificial lake, with boating course a quarter of a mile in length, comparatively easy, thus providing for a beautiful sheet of water to add to the attractions of the landscape.

Lexington is now the most important railroad center in Kentucky, being in immediate communication with Louisville, Cincinnati, Maysville, Chattanooga, and with more than seventy counties in the Commonwealth. The long established reputation of the city for refinement and culture renders it attractive as a seat of learning, and the large body of fertile country adjacent, known as the "Blue-Grass Region," with its splendid stock farms, affords unsurpassed advantages to the student of agriculture who desires to make himself familiar with the best breeds of horses, cattle, sheep, and swine in America.

#### Boarding.

For the accommodation of students sent by the Board of Examiners appointed by the Court of Claims, as beneficiaries of the Legislative Representative Districts of the State, rooms for ninety students are provided in the dormitory. To these good substantial board is furnished at \$2 per week, payable in advance. Students lodging in the dormitory furnish their own rooms. Good boarding, with fuel, lights, and furnished room can be obtained in private families at rates varying from \$3.50 to \$5 per week. In all cases where students can at all afford it, boarding and lodging in private families are recommended.

#### Expenses.

The necessary expenses of a student while at College need not exceed the following estimates. As a rule, the less pocket money allowed by parents or guardians the better it is for the pupil. When supplies are kept short, the opportunity for contracting vicious habits is correspondingly diminished. Students should be allowed by their parents to create no debts.

For appointees occupying a room in the dormitory, and boarding in the common mess, the necessary expenses are as follows:

Tuition . . . . .	\$0 00
Room fee . . . . .	5 00
Matriculation . . . . .	5 00
Cost of furnishing room, about. . . . .	12 00
Fuel. . . . .	6 00
Washing. . . . .	10 00
Board, 40 weeks, at \$2 per week . . . . .	80 00
Books, about. . . . .	10 00
Total . . . . .	<u>\$128 00</u>

Each room must be provided by the occupants thereof with neat and comfortable bed and bedding, table, washstand, looking-glass, chairs, bowl and pitcher, water and slop buckets.

The furniture bought at the outset can be sold at the end of the collegiate year or retained for further use, at the option of the owner.

For students who are not supplied with appointments from the Legislative Representative Districts of the Commonwealth, and who board in private families, the necessary expenses will be as follows:

Tuition fee. . . . .	\$15 00
Matriculation fee. . . . .	5 00
Board and lodging, 40 weeks, at \$3 to \$5 per week, . . . . .	120 00 to \$200 00
Washing. . . . .	10 00
Books and stationery . . . . .	10 00
Total . . . . .	<u>\$160 00 to \$240 00</u>

**Beneficiaries.**

Each Legislative Representative District is allowed to send, on competitive examination, *one properly prepared student* each year, between the ages of twelve and twenty-five, to this College, free of tuition charge. Said students shall be selected as follows: 1st. The trustees and teacher of each common school taught within said Representative District shall select and send before an Examining Board appointed by the Court of Claims *one* pupil in the school

managed and taught by them. 2d. Any other person resident within the Representative District, and within the required limits as to age, may present himself to the examining board appointed by the Court of Claims as a candidate for selection, and from these persons so appearing, viz: from the pupils sent before the said Examining Board by the trustees and teachers of common schools, and from such persons within the specified age as present themselves, the Examining Board appointed by the Court of Claims shall select one student, and properly certify to his selection, who shall be entitled to remain at the College four years, or until the course of study for which he matriculates shall have been completed. Preference in such selection and appointment shall be given to energetic, moral young men, whose means are not large, to aid whom in obtaining a good education this provision is specially intended. Properly prepared students, under the meaning of the acts of the Legislature, of which the foregoing is a summary, are those who can pass a satisfactory examination in Spelling, Reading, Writing, Arithmetic as far as decimal fractions, Geography, and English Grammar.

All teachers, or persons preparing to teach, male or female, are admitted free of tuition charge for one year, at the rate of not more than four, at the discretion of the Board of Trustees, for each Legislative Representative District. All the classes in the College are open, without extra fees, to students who matriculate in the Normal Department.

#### Compensated and Uncompensated Labor.

The work necessary for carrying on the Agricultural and Horticultural operations of the College is done by the students in those departments, and is paid for at rates varying from five to eight cents per hour. Its design is two-fold: to put in practice the instruction received in the class-room, and to assist indigent students. The experience of this College is that of Agricultural Colleges generally — that compensated labor is not remunerative to the College.

---

*The College holds itself under no obligation to furnish compensated labor to any students except those who enter as county appointees.*

Students are paid monthly for the service rendered, and apply the money as they see proper.

*No student, however, should come to this College expecting to maintain himself exclusively by compensated labor. At least seventy-five dollars per annum, exclusive of his earnings while here, should be at the command of every student who wishes to avail himself of the advantages of the compensated labor system.*

No compensation is given to students in the Department of Practical Mechanics, inasmuch as no pecuniary returns are possible to the College from this Department as at present organized.

All students are liable to be called upon for occasional work upon the grounds belonging to the College, and to such work no compensation is attached.

#### Preparatory Department.

For the benefit of those who are inadequately prepared to enter the regular College classes, a Preparatory Department has been organized, under the charge of a principal, assisted by a competent staff of assistants, which will provide the necessary elementary instruction. The conditions of admission into the Preparatory Department are, a good knowledge of Arithmetic as far as fractions, English Grammar, and Geography.

#### Certificates of Character.

All applicants for admission into any class in the College, or Preparatory Department, must bring satisfactory testimonials of good moral character.

#### Deportment and Discipline.

As no one is admitted into the College whose good moral character is not satisfactorily attested, no one will be allowed to remain whose behavior, deportment, and habits are not those of a gentleman.

The following rules have been adopted by the Faculty and approved by the Board for the government and discipline of students, any material infringement of which will dissolve their connection with the Institution:

Students upon arrival shall report themselves immediately to the President of the College for assignment to duty.

No student after matriculation can sever his connection (honorably) with the College without the consent of the Faculty.

No student after assignment to duty is allowed, without the consent of the Faculty previously obtained, to increase, diminish, or alter his course of study.

Absence from duty without consent previously obtained, except in case of sickness or unavoidable necessity, is not allowed.

The possession and use of fire-arms or other deadly weapons are forbidden.

No honorable dismissions will be granted, except in cases of emergency, within six weeks of the close of the collegiate year.

All rules and regulations issued by the Commandant shall be scrupulously respected.

Each student is expected to deport himself properly in the presence of the Professors and Instructors of the College, whether in or out of the class-rooms.

It is expected and required that each student, when not engaged in recitation or in needful recreation on the grounds, confine himself quietly to his own quarters, and refrain from annoying his companions by obtrusive and unseasonable visitations.

The occupants of each room on the grounds shall keep their bedding, quarters, and surroundings neat and clean. Offenders in these matters will be subjected to the discipline of the Faculty.

Every student is expected to attend service in one of the churches of the city, at least once on Sunday, unless pre-

vented by ill-health, excused absence, or excused by his parent or guardian.

The use of all intoxicating liquors is prohibited, whether on or off the grounds.

The use of tobacco in the College building, dormitories, and dining-rooms is forbidden.

No student shall visit billiard-rooms, saloons, or any place of immoral practices or tendency.

Profanity, obscenity, boisterous conduct, and late hours, are forbidden.

Defacing or otherwise injuring the College buildings, mutilating the trees or shrubbery on the ground, and wanton or careless injury to the premises, besides subjecting the offender to the discipline of the Faculty, will be punished by assessing proper damages upon the person or persons guilty.

---

## CALENDAR.

---

First term begins Wednesday, September 13, 1882.

Thanksgiving, Thursday, November 30, 1882.

Christmas holidays begin Friday, December 22, 1882.

Christmas holidays close Monday, January 1, 1883.

Intermediate examinations January 17-26, 1883.

First term ends Friday, January 26, 1883.

Second term begins January 29, 1883.

Washington's Birthday Thursday, February 22, 1883.

Final examinations May 24 to June 5, 1883.

Board of Trustees meet Tuesday, June 5, 1883.

Commencement day Wednesday, June 6, 1883.
