

The image shows the entrance to the Margaret L. King Library North. The entrance is framed by a large glass and dark metal structure. The text "MARGARET L. KING LIBRARY NORTH" is visible on the glass above the double doors. The building is constructed of red brick, and the ceiling above the entrance is a white grid pattern. The ground in front is a light-colored concrete walkway with a tactile paving strip leading to the steps.

MARGARET L. KING
LIBRARY NORTH
