ABOUT THE LIBRARIES

Professional Vacancy - Cataloging Department

Mary Owings will be leaving the Library System for South Carolina in mid-November. If you are interested in applying for a professional position in the Cataloging Department, please contact Faith Harders or Paul Willis by October 20.

New Approval Plan

The Library has selected Ballen Books of Commack, N.Y., for its major approval vendor. We have been running a trial plan with Ballen for over 18 months. The delivery time has been excellent and the material has satisfied the profile requirements. The new plan will basically be a publisher plan, with approximately 120 trade publishers and University Presses. The new service will not be totally in effect for 4-6 more weeks. At the same time we must phase out the Baker & Taylor Approval Plan for all subjects except Education and a special American Fiction plan.

SOLINET-Reclassification Units

The three new OCLC CRT 105 terminals have been installed in the SOLINET-Reclassification units. Full operation for the new terminals will not begin for another two weeks. New schedule times for the machines will be prepared when they are fully operational. This will certainly release the pressure placed on the many users of the terminals. Two of the new CRT's will be dedicated to the reclassification project.
