My Aunt when it is incredible that I should

Last night your Father left with your
Grandmother for Chicago - the train via the R.R.
of the Cincinnati & Indy. This evening at 8:00

feeling better from the treatment given us by
Dr. Weston & all things combined - I wish to find
Mother had their photographs taken yesterday

shall be glad to get a jetty reproduction
this time - If your Father has sent you the
Green's pictures. By all means have them

Simply framed & hung on the walls of your
rooms - do make your rooms look
comfortable & cozy instead of bare tenants
quarters - The curtains have been sent by
the time this reaches you they are doubt-
less will be hanging - I hope you like them
I do - the pictures are to protect your
blessed bones - Since other things
shall send later - Also the note paper that
is lovely - I like the "Address Book" paper
better than the Academy - the design of
this year entitles you to the honor of
I presume - The Schollers have asked us
to see Ethel Barrymore Monday night - in
a top & supper table here after - We shall
go - Next week is full of engagements I
am sorry to say - I have affairs of course to
make & later must go to Mudania for a
week, thence to Sivas to take birthday
dinner with Maria - She will be 70 years
of age November 19 - Don't fail to remember
it by letter & since nice remembrance -

Ellen Ramsey's wedding was July 5th
She looked well & radiant. Wed was a
place & Hillis also. We were also at the
apartment after & saw Mr. Vernon Mayfield
deign the magnet & the old script
Cut the cake to receive the trouble - that
did you get as a present - I was sorry you
did not take my advice regarding it - I
chose a Sheffield dish gave me under the
shape, which she can use for chops or small
steak or even ice cream - for two - her
initials L. C. R. in monogram made it very
attractive. Sam found a letter from
Miss Harriet Estman was there. She is hot
up to the mark in Kansas. I expect to say
the letter is being at present to hold

her in November an afternoon tea - Miss
has not come yet. I do not expect a great
deal from your these system falls but there
are some points in etiquette we must
know to be able to receive a lady to a
respectable circle of society. We are
obliged to have some social laws
as well as civic national & municipal
a little for a long way. But we must
have that sense. Yesterday afternoon
Mrs Chapin appeared to remain on night -
I shall take her to Tildes for lunch & the
Orpheum later. She has so little in this
life I feel anything out of the usual line.
She will enjoy it. I hope you have secured
a Rays lamp with green shade for study
be sure to let me know. Put your mind on
your work & be more careful in your letter
writing. If you say would not recognize
the fact that every letter means that much
in the line of progress just as the daily
mental allitude stamps us physically
& spiritually. I am sure you would consent to

Thompson was very much in trouble
The Scherer party to Mr. East, &

with her at Middlebury Vermont

only had twenty a whole year
I turned to the same way - of which
to me her much interest and of
general see was not her word. John

Dear Madam -
You or I seem to belong
to the hardworking class,
my conscience is silenced only
by a long day's spittle. I do
not take my pen in hand
otherwise I could not be
detained to the intervals
between my letters. You
apparently have little time
to give to letters for which
I am sorry as the art of
writing is the test of skill.

The essentials of our language.

Alfred called yesterday & looking
well & seems radiantly happy. In
fact is more happy than I have
I know. He said you had sent
him a postal & he hoped soon
to receive a letter. William sent
me an acknowledgment of my
wedding present to her, from Kettle
Creek Michigan, just by Kettle
Creek? Is a happy man. I don't know

The Times Press keeps you in touch
with all about Paul although since
Miss Tinsley has withdrawn from
the editorial staff he seems not
to hear as much of the Representative
people. He is succeeded by a
Miss King who is an apt to my
mind. We are frequently surprised
by her. The fact that was a full
to Armstrong me for us, as many
as I could meet I did. That

The day - Rem. this in mind -
I shall see the General & take
time to receive permission for you
to call & say you are in of course
to Mrs. - Mrs. Clark is rather un-
decided about going to Boston
in fact she is much interested
in mind & looks to the location of
a dinner - but she is abundant
difficulties & impediments have
affected her I think - You will be

supper at Stephen's. Tom's
I have seen of delightfully
Miss Mary was very
& natural she sent Addison
a note in Etanda in Minnesota
& he was sad that as she
not only recognized him
but played to him, after
the great he & his boy
passed went behind the
clouds & was presented
of course he sent a bunch
of violets & his stock is pay-
able per (P) Mr - The

Debutantes are as "thick as thieves" &
many good Mamma's are putting
up questions - the men young &
old are planning themselves for the
melaught - Hazel Thompson as you
no doubt observed took the bit
in her teeth & ran away with
Charlie - Mrs. - just a year to
the day since she was so brilliantly
launched - she did no doubt lose
some of her spirit when the stern

realities of married life are brought
face to face - Running away,
eloping, is a poor beginning -
Mrs. Grandmother reached England
after a satisfactory journey & will
be good spirits - King's County will
be there for a few days of October
& I shall need some of the days
to celebrate her birthday don't forget
to write or Mrs. Capitulalida & if
possible send something to Mrs. ...

In your next letter - As we all
will - at the very least
you are expected to have
them - I think you will
- I think - a good price for

Mr. Will Rice - Margaret

 dozen others, I think or
I know can come if you
aid when the time comes if
you plan in advance -
be sure to let me know -
No doubt you are thinking of
Thanksgiving - if you go to the city

me at their invitation you will enjoy
yourself & if you arrange to go to
Ketchikan you may have a good time
in spite of it. Are there any games
at Thanksgiving. Mr. Hare's high
interest in you. Ma. took her enjoyment
much to my joy & she is getting out
silver & all sorts of things for a
to be ready for you some time
at Christmas time. I shall write you
Ma. & Mabel in time & you will
no doubt bring me one home with
you & we shall give them as
well as yourself a high old
time. Get as much as possible
out of study hours we interrupted
work & concentration & then play to
your heart's content. I am glad you
lifted the curtains & later I got a
a nice scarf for the passage & a
table mat in linen. Hope you have
them by this time. Have you a Ray's

Dear (Sister) thank you for a
lovely day in your beautiful
Mr. & Mrs. Perkins' house in the
town. She is justly proud
to call Sunday's Director
took her a bunch of violets.
We did not send a wedding
present. I'm glad you lived
on the Davis St. They are all
most enthusiastic about you &
never fail to say some thing nice
& complimentary of you. I expect
to return to High School about Monday
sixteenth. This is rolling by & the
holidays are not far off. Elizabeth
Magoffin has just come & I must
go good by without her having
written anything. With love & blessing
written

Planet Wm Sunday

I have written three letters
already while Director sleeps
& cannot be contacted until
some message goes to you.
Sunday night - Director & I
start for Kentucky, leaving
Tuesday morning as I do not
wish a hurried trip & would
prefer to sleep one night
in Cincinnati than rush
on with Director on the late
train. There is a chance of
Directors being in Chicago & if so
she may like to attend to have Monday
in Chicago, leaving in the evening if
so I can change my plans for the

day trip - Addison is making room on
Schedule time - is making admirably
under it. He is full of the idea of going
to Hatchers next winter & I think it
is the proper course - The weather is
right - fair (Vile & fair) & snappy & very
expedient & it is a pity - the prospect

Elizabeth Skinner makes her grand
entrance in to Saul - Paul & I today
I shall drop in about half past five
to pay my respects - Gertrude & I
will get back & the others many of whom
I do not know by their letters next week

I have read Joseph Medice's address in his
Letter to the Rich - it has no literary
merit but even is a commentary on the
the rapid money people the talking
I think I'll send it to you to read it shows
many phases of life & the rottenness
of things - I think it is plainly & boldly
drawn - not a book for young men &
women to discuss - to those who have
eyes to see & ears to hear, they read as
they see or rather see as they read -
While in Kentucky shall get permission
for you to call on Mrs. & I will try to get
some - you should visit - Mrs. Orley or

Dear Mom -
 Addium has put
me in writing a copy
of the first piece of the
D. P. A. paper now & then
He intended sending it to
you, just to make you
know how some like
I suppose - He has at
times again after the
the work in old letters
Grandmother had in

a very good state of health
- Give Miss Mather the
greeting she has received
received - Give her
different members of the family
called to pay their respects
she remarked she would like
a party every week - We are
counting the days until you
return, let me know just what
day you will be here - Mrs
Caldwell is in Milton & now in
New York with her mother, I am
wondering if she is in a fair
way to be well - I shall write
Mrs Caldwell for what you time
you wish to put in for - When
you think she can have the great

also let me know if you care to say

Myself I am on the Street Sunday
the whole week - and my mind
is busy some to care - I hope so
for it is extremely lonely in
my wayward - in all kinds of

standards. My kind of these
Melburnians' busy out - I have been
apologizing to myself for asking them
to drive to spend the night - but you - it
is a bad street off - I hope not so - am out in

It simply reflects the mental
& physical status of those
engaged in the
Mental or a very low moral
state when a man cheats
at horse racing, he is ruled
off all tracks - when in

back the mere wiping of

necessary - I am certainly
not impressed with the
game or its results - I
am open to criticism
in all directions, but would
open salutes to me in this -

The matter is most striking like 5th
Assembly - plenty of heat & dirt
John Keane chief among them
he has been detained on account
of illness in his family - his mother
whom he perfectly adored - had been
was to have gone Thursday with sister
to Virginia - May I wish to hear you
Melle Raet speaks of New Orleans

go anywhere - at any rate we seldom

been begun in youth - Melle Raet
is doing well considering the obstacles
has to do a great amount of
publishing to keep things down -
We would like to see you in
to the Assembly December 15th
We would love to have you go with
us - just say the word - Howard

I do hope you will enjoy
Thanksgiving with
the ~~participation~~ ^{participation} of the

theatre - take all the
legitimate pleasures
to which you are
entitled - may your

happy - & when the day is
done ask your bed for

Discomfort - We shall
enjoy our Christmas & you
must put noise aside &
kick up your hind legs -
With a beautiful of love
