# WORLD WAR HERO PRAISES INDO-VIN, THE NEW MIXTURE OF NATURE'S OWN MEDICINES

After Being Given Up By The Doctors, Lt. Sam Goldberg, Found Speedy Relief In This Great Formula Of Nature's Plant Juices, Which Drove The Poisons From His System And Helped Him To Regain His Lost Health. Stomach Trouble And Kidney Weakness, Which Caused Him Months Of Misery, Are Now Things Of The Past, And This Popular Hero Is The Picture Of Health.

Lt. Sam Goldberg, of 345 Kilmore Ct., Lexington, served his country valiantly in the World War, has held every office in the "Man o' War" Post of the Lexington American Legion, and is Past Vice Commander of the Legion for Kentucky. He has thousands of friends throughout this state and is well respected by everyone. His unsolicited statement follows:

"During my long service in the World War, I was exposed to all sorts of conditions and food, irregular meals and rest. This continued for so long a time that it gradually undermined my health. My digestion was bad, and food soured in my stomach and formed gas that would press on my heart and put me in such pain that I could hardly stand it. My food didn't seem to do me any good either and I got terribly weak and rundown. My color was bad and I looked thin and unhealthy. My kidneys, too, became weak and ailing and caused me to have pains and misery across my back, and I had to get up several times every night to relieve my kidneys, which broke up my sleep and rest. I got so bad that I had to spend nearly a year in the hospital. Finally the doctors told me that I didn't have long to live, so you can see that I was completely discouraged.

"I heard about the wonderful work that Indo-Vin was doing for sick and ailing people here in Lexington, and decided to try it myself. It proved to be just what I

LT. SAM GOLDBERG

needed and it started right in to drive the poisons out of my system. My stomach improved almost from the first dose and I soon got rid of that awful sourness and distress after meals. My food never forms gas any more and I don't have pains in my chest and that pressure on my heart. My kidneys, too, got stronger and the pains across my back stopped. I never have to get up at night any more and sleep as sound as a schoolboy. My meals are doing me so much good that I have gained back all the strength and energy I lost. In fact, this great medicine has improved my whole system. I am glad to publicly endorse it, because I feel that Indo-Vin is performing a greater service for humanity than heroism in time of war."

The Indo-Vin Man is now at Dunn's Drug Store, Main & Broadway, here in Lexington, daily meeting the public and introducing and explaining this new mixture of Nature's Medicines. Also being sold in all the nearby towns by every good druggist throughout this whole section.—(Adv.)

*Your cousin Sam!*

Friday 1890

Dear Dad

The camera is being used  
took some pictures of the dogs  
and my self. I will send  
you one as as I can take the  
film in and I will some more  
made. Tuesday Mary and my  
self went with some friends  
to the Pendergast for lunch  
and afterward went to Bardonia  
to the Old Kentucky Home  
it is a beautiful place and  
it is 136 years old they  
have got a piece of furniture  
there 300 years old and is as  
good as new and they have  
the most furniture in  
the United States  
Mother has been in New York

for almost four weeks now,  
well I guess I'll have to pipe  
down for a while.

with love - Jossy

Wednesday June 24<sup>th</sup> 1931

rite of ↗

Dear Dad

How are you coming along after your operation I hope you are fully well now and as jakey as ever. Do you remember the time we were going to London and the train made a bump and you said it was a cigar ash I thought I would laugh my head off. To night I went to the swimming pool and watched the people swim tomorrow I am going in at the country club pool with two first cousins Uncle Leonard's children he has two as I said a boy and a girl but they are much younger than I am. This year I am going to have a birthday party of about seventeen children most of them boys daddy is going to give me a twenty two rifle and I am ever so jiced about it

all, I wish you were going to  
be here and see this strange  
ceremony it is going to be a  
out door picnic so just set  
down and think I know that  
you will not find me a  
Story teller. I have decided that  
I want a little steam engine  
you know the kind that you  
hook it up to track and every  
thing like that know but  
sure that you get a real  
steam engine because you can  
get electric ones and they  
would not be any good for  
a sand pile or box. Well  
I guess time to go to bed  
so so long until next  
time.

Worlds full of love from

P.S. P.J. K. Brown

January 5, 1931

Dear Dad

How have you been getting along while these very long days of 1931 have been passing, but I hope that the rest of the year will be O K. But I don't want to be getting off the track, I sure want to thank you for the money for the moving picture machine I don't guess I can thank you enough for it. But I just had a letter from Grand father Foster saying the he and Uncle Heart spent X mas day at Aunt Dunster's house and said that they hoped

to be living in their own house next year, well  
did you have a nice X mas I know I did  
Mother had some of her friends out for X mas  
diner so it was very nice for me not only  
me but for all of us. I went to a basket  
ball game yesterday with some boys I know  
and our side won but it was a hard  
fought game. I started back to school  
today and it went of alright. There  
was a automobile burned upright in front  
of our house this morning but the fire- Department  
came and got it out before it got to the gas  
tank

With a heart full of love from
