

That the Board of Trustees supports the need to coordinate the educational programs of the two dental schools, to preserve the specialized patient care services for the state, and to eliminate nonessential program duplications; and

That the Board of Trustees urges the Council on Higher Education to accept the alternative proposed by the presidents of the University of Kentucky and the University of Louisville in lieu of Recommendation #14 of the Professional School Study by MGT of America.

The foregoing resolution was approved
on October 18, 1983.

George W. Griffin, Secretary
