

THE KENTUCKY KERNEL

UNIVERSITY OF KENTUCKY

VOL. X.

LEXINGTON, KY., FEB. 20, 1920

No. 18

U. K. APPROPRIATION FIXED BY LEGISLATURE

University To Receive \$110,000 Less Than Amount Requested

WILL RECEIVE \$587,916

The University of Kentucky will receive \$587,916 in the years of 1920 and 1921 if the bill submitted passes the Legislature. This falls below the amount asked for by \$110,000. Out of this, only \$75,000 a year will be granted for dormitories, while the University requested \$130,000 a year for the two years.

The appropriation for dormitories, which was considered the most important, by the University authorities, was the only one that fell below the required amount and gives no relief to the serious dormitory situation existing at the University.

The amounts to be received for various departments of work in the years of 1920 and 1921 are:

Dormitories	\$150,000
Experiment Station	100,000
Extension Work	217,000
Engineering Equipment	60,000
Agricultural Extension	60,000

The federal government will appropriate \$277,916, an amount equal to that supplied by the legislature for extension work in the University of Kentucky.

SOCIOLOGICAL WRITER TO BE HEARD SATURDAY

Students Urged To Attend Lecture of Dr. Devine

Citizens of Lexington, faculty members and students of the University have a rare opportunity in hearing at Curry Hall Saturday night, Dr. Edward Devine, perhaps the greatest authority in sociological research of today. Dr. Devine was a student at Harrow, in Germany, and was later secretary of the Charity Organization Society of New York. He was also president of the National Conference of Social Workers and was for awhile professor of Economics and Sociology in Columbia University. He is undoubtedly the best authority in the country on "Poverty," and his great books, "Misery and its Causes," and "Social Forces" are epoch-making works.

Dr. Devine was for sometime editor of the Survey, the great magazine for discussing social and labor problems. At the time of the San Francisco disaster, he was sent by the Red Cross to take complete charge of reorganization. During the war, Dr. Devine was sent to France as general representative of the Red Cross. At the present time, he is making a tour of the country giving lectures. He is still one of the editors of the Survey, and his readers always welcome his

(Continued on Page 7)

FRATERNITY TO GIVE BENEFIT SILVER TEA

The Alpha Gamma Delta fraternity will entertain with a silver tea in the Recreation Room of Patterson Hall, Saturday, February 21, from 3 to 6. Each guest is expected to bring a piece of silver to donate to the fund for the fresh air school for poor children that the National Alpha Gamma Delta fraternity is maintaining. There will be dancing throughout the afternoon.

CAST IS SELECTED FOR STROLLER PRODUCTION

Work Begins In Earnest on "The Climbers," as Parts Are Assigned

Rehearsals for the Strollers' annual show, "The Climbers," are going forward every night and each member of the cast is showing marked dramatic ability.

Emery Frazier, who has had the male lead in several former Stroller productions, including "Father and The Boys," "Lion and the Mouse," and "Under Cover," has been chosen to play the part of Richard Sterling. Milton Revill, a star of "Mice and Men," will give Frazier a close run for honors, in the part of Ned Warden. This part requires acting of the most difficult kind, and Revill is handling the lines with a great deal of ability.

Mary Elizabeth Downing as Mrs. Blanch Sterling, has a chance for some very dramatic acting. She is the wife of Richard Sterling, and her husband's underhand business dealings are the source of much anxiety to her. Martha Buckman, of renowned Stroller fame for her successful appearance in one of the stellar roles of "Lion and the Mouse," is handling the part of Ruth Hunter with unusual skill. The scenes in which she renounces her brother's frivolous wife as being unworthy of his affections, are most heartrendering and call forth some superior action.

There are a number of parts in "The Climbers" which do not have a great many lines, but all of which give opportunity for excellent acting in character portrayal. The Strollers were fortunate in having about sixty persons try out for parts in this year's play, and from this number it was possible to select actors for these parts who are temporarily suited for the parts. Carlisle Chenault and Louise Connell as Jessica and Clara, the two darlings of the Hunter household, are showing themselves capable actresses. Claribel Kay in the part of Mrs. Hunter, the social aspirant, is doing excellent work in the portrayal of this frivolous society woman.

Grover Creech, as Mr. Trotter, "Oh, I Say," and Margaret Smith and Elizabeth Marshall, as Miss Sillerton and Miss Godesby, will bear the brunt of

(Continued on Page 7)

SENIOR CLASS ELECTS BLAND TO PRESIDENCY

Ag. Student Takes Dabney's Place as Leader of 1920

COMMITTEES CHOSEN

Clyde Bland, of Cynthiana, senior in the College of Agriculture, was elected president of the senior class at a called meeting held recently in chapel. Owing to the graduation of Ed. Dabney, who was elected senior president last fall and his leaving school to take a position in Louisiana, which left the position of president vacant, a meeting was called and Clyde Bland was selected to fill out the unexpired term as president.

Bland, in his University career has made an enviable record, having made only "A's" and "B's", with "A's" in the majority. He also was a star player on the champion senior football team which won the championship in the inter-class series last fall. He is a member of the Alpha Zeta fraternity, the National Honorary Agricultural fraternity in the University.

Bland made public Tuesday the personnel of the staff of committees which he has appointed and it is desired that these committees commence at once on the work assigned to them so that a favorable report can be made in the very near future.

PORTER IS ELECTED ORATOR BY SENIORS

Has Shown Marked Ability In Debating in University.

Gobel Porter, of Dixon, Ky., a senior in the College of Agriculture, was elected class orator at a meeting of the senior class Tuesday afternoon.

Porter has shown his ability on the campus, having been a member of the Varsity Debating Team and debated against Transylvania in 1919. He was also a member of the debating team of The Union Literary Society which defeated the Patterson Literary Society in a debate for the Barker Trophy, winning it for the third consecutive time, making it permanent property of the Union Society.

Other business matters were taken up after the election of an orator and after reports were heard from several committees on senior ball arrangements and Caps and Gowns and Ring designs, the meeting adjourned.

PLEDGES OVERDUE.

The pledges made during the financial drive of the Young Women's Christian Association of the University were due Monday, February 9. Those whose pledges have not yet been paid are requested to communicate with Lucille Dean at once.

MILITARY BALL TO BE NOTABLE EVENT

Preference in Securing Tickets Given To Former Service Men.

The Military Ball, which is one of the big annual affairs in the University, will be given Friday evening, February 20 from 8:30 to 1 o'clock in the armory. Members of the battalion and former service men will be given preference in securing tickets. Uniforms are required.

GIRLS ORGANIZE NEW HONORARY FRATERNITY

Phi Sigma, Journalistic Local, Formed With Aim To Petition National

The girls in the Department of Journalism have organized a Women's Honorary Journalism Fraternity known as Phi Sigma. This local was organized with the aim in view of petitioning Theta Sigma Phi, a national Women's Honorary Fraternity. The requirements for admission are very rigid. The student must be in her junior year at the University, have a standing of L:9 in the point system; and she must be active in college activities and have no conditions or failures.

Theta Sigma Phi ranks very high nationally, having chapters in the leading universities of the country, including Missouri, Wisconsin, Michigan and California. The men in the Department of Journalism have had a chapter of Alpha Delta Sigma, the men's honorary national journalism fraternity, which was established in the University in 1915. The purpose of the organization of these fraternities is to further an interest in journalism as a life work, to promote literature and education and to gratify social interests.

The girls who are petitioning Theta Sigma Phi are Martha Buckman, Louise Will, Adele Slade, Elizabeth Card, Elizabeth Marshall, Mary Archer Bell, Margaret McClure, Margaret McLaughlin.

DEPARTMENTAL CLUB WILL BE ORGANIZED

Psychology Students To Meet Next Wednesday.

A Psychology Club will be organized at 7:30 o'clock Wednesday night, February 25, in the lecture room of the Psychology Department in Neville Hall. All students who have completed one semester's work in Psychology are eligible, and are urged to be present.

NOTICE!

Dr. Wilson announces that inoculations of the serum for influenza will be given to students free of charge at the University dispensary.

VOCATIONAL SPEAKER ADDRESSES STUDENTS

Miss Bennett Gives Valuable Advice To Women on Choosing Vocations

LEAGUE ORGANIZED

"What are you going to do? How and why have you picked out your vocation?" asked Miss Helen Bennett, of the Bureau of Occupations in a mass meeting of University women in chapel Monday.

The meeting was called for the purpose of initiating the organization of a Woman's League, to be composed of all the women students of the University. Its aim is to unify the body of women students by bringing them together frequently, and to promote the general welfare of all. Included in the work of the League will be the procuring of noted vocational speakers who will talk to and advise the women students in the selection of and the preparation for vocations.

A committee was appointed to draw up a tentative constitution which will be presented at the next meeting of the League, when officers will be elected, and complete organization will take place. Mary Van Meter was appointed to act as chairman of this

(Continued on Page Two)

GLEE CLUBS MAKE NEW PLANS FOR SEMESTER

Men To Give Series of Concerts; Girls Work on Operetta

The work of the Glee Clubs of the University is to be commended for the progress and interest that is being shown. Under the direction of Professor Carl Lampert, head of the Department of Music, many ambitious plans have been made for this semester and the clubs are hard at work to bring about a realization of these plans.

The Men's Glee Club consists of about twelve university representative singers, who are now training to appear in a series of concerts covering a period of two weeks, that will be given over a part of Southern Kentucky, including Paducah. Later on the northern part of the State, including Covington, may also be made by the club.

The Girls' Glee Club is now working on a Chinese operetta, "The Feast of the Little Lanterns," which will be given March 15, in the Little Theater. This opera is a tuneful work built on Chinese lore, introducing quaint Chinese instruments and fairy stories.

The principals were selected at the last meeting. Sara Metcalf Piper, Carlisle Chenault, Margaret Smith and Josephine Evans will appear in the leading roles.

committee, with Louise Will, and a third member to be selected by these two.

Miss Bennett, in her talk stressed the value of following the vocation for which one is best fitted, and the importance of correlating one's studies so that a general as well as a specific preparation may be obtained.

"Among the employments open for women," she said, "the foremost is teaching. Never was teaching more attractive than it is today, and never was there a greater scarcity of teachers. Then, there is the call for women in the social service field; in the settlements, charitable organizations, vocational advisers for boys and girls, and visiting teachers. The call for women in the secretarial field is also great.

"There are not many new occupations since the war. One of these new vocations is the work of employment management. Employment is a profession and should be worked out scientifically. The advertising business is also a new field open to women. More people are investing money in advertising today than ever before, and the advertising agency wants bright, clever women, who have a good knowledge of English, Economics and the psychology of advertising.

In concluding, Miss Bennett said: "It is up to the women of the country, and to the college women in particular, to solve the solution to the economic unrest, which is necessitated by the increase in production, and the great shortage of trained women all over the country. One should choose the thing he is qualified to do, then go out and do it. Good health is absolutely essential to be successful in any occupation, and it is all a matter of social service."

The Henry Clay Law Society met last Thursday, February 12 at 7:30 in Science Hall. After the invocation by B. B. Baxter, the following program was given: "Financial Stability," L. C. Lyles; debate, Resolved: "That capital punishment should be abolished in Kentucky." Affirmative, Ilderton and Abraham; negative, White and Morgan. The negative was victorious. "The Recent Bar Examination," talks by H. G. Bryan and Blakey, completed the program.

**Y. TO SEND THIRTY
 MEN TO DANVILLE**

U. K. To Be Well Represented at Conference.

Thirty students from the University of Kentucky are expected to attend the annual State Student Y. M. C. A. Conference to be held at Centre College, Danville, February 27, 28 and 29. The object of the conference is to bring together representative college men that they may learn something of college Y. M. C. A. work; and to discuss moral and religious problems in the college and consider the claims of the Christian life.

The only cost that the University students will be under who attend the conference will be \$1.00 for registration fee, and \$2.24 round trip railroad fare to Danville, making the total necessary cost \$3.24. Entertainment of the delegates will be provided by Centre College and the citizens of Danville.

R. W. Owens, secretary of the University of Kentucky Y. M. C. A., is anxious for us to send our full number of delegates to the conference, and has asked that every student who can possibly go communicate with him at once.

Among the noted men who will address the conference are: Hon. J. Stitt Wilson, Berkeley, California; Dr. W. D. Weatherford, President of the Southern Y. M. C. A. College, Nashville, Tennessee; Harry F. Comer, State Student Secretary, Tennessee; Dr. Benjamin J. Bush, Lexington, Kentucky, and George D. Hasley, expert in Vocational Guidance, Cincinnati Milling Machines Company, Cincinnati, Ohio.

- February 5—Tennessee, 29; Kentucky, 24.
- February 7—Tennessee, 27; Kentucky, 26.
- February 14—Centre, 44; Kentucky, 15.

**ENGINEERS TO BEGIN
 WORKING ON THESES**

Seniors Plan Improvement For Mechanical College.

Immediately upon their return from the annual Chicago inspection trip, the seniors in the College of Mechanical and Electrical Engineering will take up their theses work. In accordance with past custom the class will be organized on a drafting-room basis and their problem this year will be the design of new machine tools and mechanical laboratories for the University of Kentucky. The design will be thorough in every respect and will represent a definite part of the proposed extension of the College of Mechanical and Electrical Engineering as contemplated in the "greater University" plans.

Among the most interesting of past theses have been the design of a great central power station for supplying the whole middle Kentucky section and the design of other plants for the University and for different industries. Aside from the joint problem this year there will be two special theses. C. A. Gordon, H. Weinsbank and U. V. Garred will experiment with "Direct-Indirect Heating" and J. Bromagen and N. T. Puckett will continue previous research on "The Tensile Strength of Cast Iron at Various High Temperatures."

TWO HUNDRED ATTEND BERKSHIRE CONGRESS

Meetings Held in Stock-Judging Pavilion on Experiment Station Farm

THREE-DAY SESSION

The American Berkshire Congress, whose purpose is the promotion, good fellowship and booster organization of fifteen thousand Berkshire swine breeders of the United States, opened in the Stock-Judging Pavilion on the Experiment Station Farm, Monday, for a three-day session. More than twenty states were represented and the registration was expected to exceed two hundred. Lexington was selected for this session, for the first time that this city has been honored by the Berkshire Congress, in recognition of the fine work being done by the Experiment Station and the College of Agriculture to advance the swine-breeding industry in this state. The session was opened Monday night at 7:30 with an address of welcome by Dean Thomas Cooper of the College of Agriculture and a response by the president, Mr. R. D. Jenkins of Orleans, Ind. This meeting was well attended and the addresses were interesting and instructive.

Dean C. F. Curtiss, president of the International Livestock Exposition, Dean of the Iowa College of Agriculture, Ames, Iowa, and one of the leading authorities in this country on livestock, delivered an address Tuesday afternoon on "The Outlook For the Swine Industry."

Daily sessions were held throughout the three days of the meeting which terminated with a sale Wednesday afternoon of pure-bred Berkshires shipped here from all parts of the country and from some of the largest breeding farms, and a banquet at the Phoenix Hotel Wednesday night.

Some of the features of the session were: An on-foot-carass-judging of Berkshire barrows, similar to the judging of livestock and slaughtered beves held during the Kentucky Farm and Home Convention here two weeks ago; a weight-guessing contest of the barrows open to everyone in attendance and the winners were awarded prizes, a lecture on soft and hard pork, by Prof. E. J. Wilford of the College of Agriculture, illustrated by carcasses and discussion of the measures necessary to convert soft pork to firm meat; an address by E. Z. Russel, swine expert of the Department of Agriculture, Bureau of Animal Husbandry, Washington, who is lecturing in the interest of raising the standards in the swine industry; his subject was, "Establishing a Pure-Bred Herd."

Correct preparation of swine for fairs, shows and sales so that they will make the best appearance and bring the highest prices, was demonstrated by N. D. Browning, of Jackson, Missouri, before the seniors in the class in Beef, Mutton and Pork Production Monday afternoon and he lectured also at the session Tuesday afternoon.

Swine from Georgia, New Jersey, Indiana, Tennessee, Iowa, Missouri, Ohio, Illinois, Pennsylvania, Massachusetts, South Carolina and from several counties in this State were shipped here and were on exhibition prior to the sale at the close of the session Wednesday afternoon when Col. George A. Bain, of Lexington, presided at the sale and good prices were received for the pure-bred sows.

PARE SOMEWHERE ELSE.

When the present generation dies, who follow? When the leaders of today have served their turn of usefulness, who take their places at the head of government? Tomorrow, who will form the nerves and brains of the body politic? The bone, the muscles will be here, but what will move them?

Who indeed shall these be but the youth of the land, trained in the highest and best its educational system has to offer? These alone must safely guide the State in its future course, and on the completeness and thoroughness of their training depends the decision of the Fates as to the future Commonwealth. If they fail, if they are lacking when the hour comes for them to take their posts, spectres of Decay and Ruin will snatch opportunity, drag Law and Progress from their seats and enthrone themselves in high places. Leaders, young men and women with visions of greater things, must be ready to replace the work-weary fathers of today.

The tentative budget that has been formed for the action of the Legislature is inadequate in its recommendations for appropriations to the University. The Kernel has no word of adverse criticism upon the budget committee. No doubt that body is doing the right thing as it sees it. But the unalterable fact is that if the present recommendation is accepted the University of Kentucky will be gravely handicapped in its efforts to train the future citizen of the State for the manifold duties of the home.

The current year is a critical one, for the moral and intellectual tides of the times are at low ebb. Serious thought and unwavering devotion to high principle, sacrifice of self for future generations, and prayerful wisdom—these must be the motives that move men to their duties. Temporary makeshifts, and patches in the fabric of society may be fatal to the future. We must build for tomorrow; build on the solid foundation of worth and training as men build who love their children more than they do themselves.

Half-baked Bolsheviks, and pork-grabbing "favorite son" politicians must give place to true and patriotic citizens who have been thoroughly prepared to govern according to the will of the people for their best interests. The best training school for those who will fight future's battles is the University, where they can absorb the ideals of the best of the past, acquire knowledge necessary for sound judgment, and fit themselves for posts of responsibility in this greater Kentucky of ours that is to be.

If the taxable resources of the State will not yield enough revenue to support all departments of its Government in affluence, and it is necessary to pare in places in order that others may remain intact, then for the future's sake, **PARE AND HOLD NOT YOUR HAND!** But do not rob the young men and women of the State of their just dues by crippling the University in its most vital functions by a parsimony now that means begging in the future.

THE TWENTY-SECOND OF FEBRUARY.

"The basis of our political systems is the right of the people to make and to alter their constitutions of government. But the constitution which at anytime exists, till changed by an explicit and authentic act of the whole people, is sacredly obligatory upon all. The very idea of the power and the right of the people to establish Government presupposes the duty of every individual to obey the established Government."

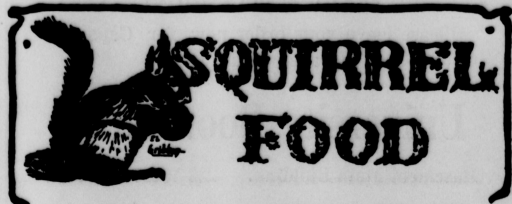

These words were spoken by George Washington, a little more than a century ago, in his farewell address to his people, but the force of the truth expressed in them is felt today. Had Washington had the foresight of a prophet, he could not have given more needed and lasting advice. But no gift of prophecy was needed, for what is true for one generation is generally true for the next. Thus when Washington reminded the young nation of the basic principle of democracy, that a republican form of government cannot exist unless the people uphold to the last letter the laws made by their own representation, he was pleading for the loyalty of the America of today and the America of tomorrow.

Washington had the support of the republic which he had set on its feet among a world of monarchies, but the title, "Father of His Country," was given to him by his successors, not by his contemporaries. Abraham Lincoln, who ranks with Washington in service to America, was reviled and misunderstood by many of the men of his time, but has gone down in history as a martyr to the well being of his people. Will the judgment of the future link the name of Woodrow Wilson with those of Washington and Lincoln?

In the crises of the world today, there are those who are wondering

if Washington or Lincoln would have been able to combat successfully such problems as Bolshevism, post war conditions and international unrest. However, we believe that this is the crest of the wave which is already breaking and that the backwash will sweep us to the simpler piety and loyalty of the times of Washington, whose memory we shall honor on the occasion of the recurring anniversary of his birth next Sunday. How better may we honor it than to seek, in some measure at least, to incorporate into our own lives something of the unselfish consecration of his life to serve his fellows; something of his patriotism that has made him at once the loftiest inspiration and the tenderest recollection of this memorial hour?

It was with sincere regret that the editors of the Kernel made the announcement last Saturday that there would be no issue of the paper last week. The cause of the paper not appearing lay not with the staff, as the copy was prepared as usual, and placed in the hands of the printer. Owing to the fact, however, that at this season there is an increased demand for printing, the office of the printer was overflowed with work which made impossible an issue of the University paper last week. The editors are sincerely hopeful, and they have the assurance of the printer that such an unfortunate occurrence will not be repeated in the history of the Kernel's work.

Agawan.

"Ethel, may I kiss you?"
"Certainly not!"
"I'm not going to leave until I do."
"Leave the house this minute!"
—Lexington Leader.

Professor: "Miss Kelley, are you related to our famous football player?"
Miss Kelley: "No, but I wish I was."

Professor: "Well, I'll see what I can do about it."

Mademoiselle On Dit says: "Kiss is an active verb sometimes used as a conjunction. It is not very singular as it is always used in the plural. It agrees with me."

Professor Grehan: "Miss Marsh, is that also correct?"

Frances: "What also? I don't see any."

"A magazine editor must lead a somewhat gloomy life," declared Bill Soward, as he opened some returned manuscript.

"Why so?" asked Bob Raible.
"All he seems to do is express his regrets."

M-u-m-p-s.

"TRUTH" SUBJECT OF TALK IN CHAPEL

Representative of Inter-Church Movement Addresses Students

Dr. Albert W. McCartney, of Chicago, who is in Lexington representing the Inter-Church Movement, spoke upon the "Emancipating Power of Truth" in chapel Tuesday.

"Truth," said Dr. McCartney, "is the greatest thing in the world. It recognizes the universal instinct of the human heart but like all instincts and gifts of God, it is abused. Freedom is misinterpreted, man doing as he de-

sires to do regardless of the consequences.
"We can twist this around to imply and apply to America today, America, the breath of freedom to the whole world. Life is challenging the present generation and the question is, 'Are we really free?' Force has not and will not succeed in freeing the world nor will legislation nor education. The great emancipating power is not religion, the Church nor Christianity but is embodied in the personality of Jesus. It is truth, which has held for all ages and which still holds today. 'Ye shall know the truth and the truth shall make you free.'"

He Should Know.

Gertrude: "Why do they put cornmeal on the dance floor?"
Cecil: "To make the chickens feel at home."

Counsel: "Was the prisoner sober?"
Witness: "No, sir; he was as drunk as a judge."

Judge: "You mean as drunk as a lord!"
Witness: "Yes, my lord!"
—London Tit-Bits.

Examination Returns.

Celibacy is a state of insanity of the mind.

Ubiquitous is derived from the Latin-uxor, wife, and means loving one's wife.

An octopus is an insect with a mouth and seven legs.

Canaille means dog-faced and is used in regard to the French peasants. Pilgrims Progress was the progress of the Pilgrims in America.

The Knight of the Lexington Drug says: "Have you noticed the latest electric sign? It says, 'Don't kill your wife with hard work. Let our washing machine do the dirty work.'"

Flu has pounced on us today— Lonely mumps do not hold sway. Useless it is to sigh—let's pray. (Signed),

STARTLING FACTS IN MISSIONARY POSTERS

Humiliation of Oriental Womanhood Revealed in Pictures

"Widowhood in India spells humiliation, drudgery and despair. There are 27,000,000 widows in India, 2,700,000 reasons why we should help."

This is only a small fraction of the startling facts which are brought out most effectively by the missionary posters displayed at Patterson Hall last week. The thirty posters were sent out from national headquarters of the Y. W. C. A. They are lent for a few days and are to be passed on to other colleges and universities all over the country.

"Fifty million outcasts in India! Christian educators, missionaries, doctors, nurses, scientists and agriculturists are unsettling the human pyramid, are helping to lift the curse of caste from India," this a poster proclaims.

Another says, "It is No Man's Land in Central Africa. Will it be Moslem or Christian? The destiny of 80,000,000 pagan Africans hangs in the balance."

LEADERSHIP SUBJECT AT JOINT Y. SERVICE

Dr. Best Talks on Qualities, Needs and Purposes at Meeting

"Leadership" was the subject of the talk made by Dr. Henry Best at the joint meeting of the Y. W. and Y. M. C. A. Sunday night in the recreation hall of Patterson Hall.

The speaker set forth the requisite qualities, needs and purposes of leadership. "To be a good leader," said he, "one must have something more than mere personal magnetism. One must be endowed with a true and earnest purpose, a capacity for hard work and an understanding of human nature."

Dr. Best was scheduled to talk on his experience in settlement work in the East Side tenement district of New York. This treat remains as something to anticipate for a future meeting.

Martha Buckman was the leader last Sunday and Louise Will sang a solo. The usual social hour followed the regular exercises and refreshments of hot chocolate and sandwiches were served.

SIGMA XI TO HEAR NOTABLE SPEAKER

Public Invited to Meeting Friday Evening.

The University of Kentucky Association of Sigma Xi members will hold an open meeting in the Campus Theater, White Hall, at 7:30 o'clock Friday evening, February 20. Professor T. R. Leigh of Georgetown College, will speak concerning "Smoke Screens," a matter to which he gave considerable attention with success during the war. The public is cordially invited to be present.

KERNEL STAFF, NOTE!

There will be an important meeting of the Kernel staff next Monday, February 23, at 3:30 o'clock in the Journalistic room. Every staff member is requested to be present.

**ORCHESTRA HAS SECOND
OF SUNDAY CONCERTS**

Increased Interest Shown
In Musical Programs;
Soloist Feature

The second of the Sunday afternoon concerts was given in chapel by the University orchestra Sunday afternoon at 3 o'clock, under the direction of Professor Carl Lampert, head of the Department of Music.

The program, at the request of the patrons, was longer than usual and included three noted solo numbers and three orchestral selections. For the first time Lexingtonians were given the pleasure of hearing the composition that first won recognition for Verdi, the composer of Rigoletto and Il Travatore. Other orchestral numbers included a Russian waltz by Gounod and a selection from Faust.

These Sunday afternoon concerts will continue throughout the spring as there has been increasing interest manifested in the splendid and finished work of the orchestra, which at the present time is composed of eighteen pieces.

Following is the program which was rendered:

- Overture, Verdi.
- Waltz, "Sleeping Beauty," Tschalkowsky.
- Aria from "Saint Paul," Mendelssohn.
- An Indian Song, Llewrance, Mrs. Fletcher Mann.
- Selection from Faust-Gounod.

**U. K. TO CELEBRATE
HOLIDAY WITH LEGION**

Heroes To Be Honored at Service on
Washington's Birthday

The University of Kentucky will join with the Lexington post of the American Legion in the celebration of George Washington's birthday to be held Sunday afternoon at Christ Church. At this meeting the French Legion of Honor will make recognition of the sacrifice made by the American soldiers who died in the service, by presenting a token of esteem to the next of kin of these men who died. Dr. McVey will speak at the service and Professor Carl Lampert will have charge of the music. The students of the University are urged to attend.

**KAPPA ZETA RHO IS
ORGANIZED AT U. K.**

A new fraternity, Kappa Zeta Rho, has recently been organized at the University, by the approval of both the Council and the Senate.

The members are: E. E. Allison, A. J. Bradshaw, F. W. Luker, O. V. Elder, C. O. Burton, J. M. Dorr, D. S. Smith, E. T. Cross, E. G. Godbey, C. J. Lemon, M. J. McWhorter, J. F. Casner.

DANCE POSTPONED.

On account of the recent condition of martial law in the city and the present occupation of the armory by the militia, the dance which was to have been given last Saturday night by Beta Chi Chapter of Kappa Kappa Gamma, was postponed until a later date, which will be announced.

CATS TAKE SECOND GAME FROM TIGERS

Georgetown Defeated By Score of 28 to 16

The Wildcat aggregation took another basketball game from the Georgetown Tigers Tuesday night on the Georgetown floor, by a score of 28 to 16. Although the Kentucky team, as a whole, were not unusually "hot" in the Georgetown game, yet they were always able to keep a safe lead on the Tigers. Hayden, Kentucky's forward, piled up eight field goals, making half the total number of points for Kentucky. The Georgetown scoring was about evenly divided among all their players.

The line-up and scoring was as follows:

Kentucky.	Georgetown.
Blakey (4)	Adams, (Capt.) (6)
Forward.	
Hayden (14)	Porter (2)
Forward.	
Everett (Capt.) (2)	Jones (4)
Center.	
Ridgeway (2)	Black
Guard.	
Burnham (2)	Leonard (4)
Guard.	

Substitutions: Kentucky, Lavin for Blakey, Blakey for Everett; Georgetown, Symson for Adams, Porter for Black.

Referee—James Park, of Transylvania.

LEAGUE FINALS TO BE PLAYED SATURDAY

Freshmen and Sophomores To Contest For Saturday

The Freshman and the Sophomore basketball teams will meet on the gymnasium floor Saturday afternoon at 2 o'clock to play for the championship of the Campus League series. The Campus League schedule has been only about half completed, but in view of the fact that many games have been postponed causing a congestion of games for the next few days, together with the fact that the other teams in the series have lost more games than the Sophomores and Freshmen, all the other teams have agreed to forfeit their remaining games to the Freshmen and Sophomores, in order that the championship may be played off immediately.

The game Saturday afternoon will end one of the most interesting series of games ever played at the University. The schedule was arranged to cover a period of about six weeks, and to include more than a score of games. Not only is the championship of basketball on the campus at stake, but there is the added incentive of eight bronze basketball watch fobs to be given to the seven members of the winning squad and to the manager. A large crowd of students is expected to be present to witness the championship game.

"DADDY" SOLES ILL.

S. A. (Daddy) Boles, athletic director at the University, and general dispenser of good cheer, did not grace the campus with his usual smile and pleasant countenance last week. The reason was that "Daddy" was confined at his home with a severe case of influenza. But after a week's absence he is back at his job again.

DOUBLE HEADER TO BE SATURDAY NIGHT

Boys' and Girls' Teams Meet Here Saturday Night

Basketball fans will have the privilege of witnessing a double-header Saturday night when the boys' and girls' Varsityes of Kentucky Wesleyan and the University of Kentucky meet on the Kentucky floor, beginning at 7:30 o'clock.

This will be the first game that the Kentucky quintette has played with the Wesleyan aggregation this season. The game between the two institutions which was to have been played a few weeks ago was cancelled because of absence of lighting facilities. It is reported that the Wesleyan Varsityes—both boys' and girls'—are unusually strong and fast, so spectators Saturday night are promised a rare treat.

SOPHS SNATCH GAME FROM ENGINEERS; 21-10

The Sophomore basketball team climbed another notch on the Campus League basketball championship pole Monday afternoon, February 9, when they defeated the Engineer's team by a score of 21 to 10. Morris, guard, and Brown, forward, on the Sophomore quintette, played stellar games.

Below is the line-up and score of the game:

Sophomore.	Engineers.
Brown (8)	Duvall (2)
Forward.	
Kenney	Bean (2)
Forward.	
Lewis (4)	McCormick (4)
Center.	
Morris (9)	Welch (2)
Guard.	
Truett	Mauki
Guard.	

BATTERIES PRACTICE; SCHEDULE IS NEARLY COMPLETE.

The preliminary practice for baseball is gradually getting under way. Batteries have reported during the afternoons of the last two weeks, and their work-outs have been very successful. This indoor practice will continue until the weather permits outdoor practice.

Coach Gill reports that a heavy baseball schedule is now being arranged and that the complete schedule will be ready for publication in the next issue of the Kernel.

KY. IS OUTCLASSED BY CENTRE OUTFIT

McMillan, Bell, Hayden and Blakey Play Best

The Centre Colonels snatched away the largest part of Kentucky's hope for the State championship in basketball when the Centre quintette defeated the Wildcats Saturday night at Danville, by the score of 44 to 15.

McMillan was the star of the game, as he usually is in an athletic contest, and was ably supported by big Matty Bell. For Kentucky, Blakey, Hayden and Lavin succeeded in gathering up 15 points. At no time during the game did the Wildcats gain a lead, but at the end of the first half the score was only 15 to 10.

Ridgeway replaced Smith in the regular line-up that met the Colonels Saturday night, and Lavin, Wilhelm and Smith were substituted for Blakey, Everett, Ridgeway during the last half.

The line-up was as follows:

Kentucky.	Centre.
Blakey (5)	McMillan (15)
Forward.	
Hayden (7)	Walden (6)
Forward.	
Everett	Roberts (4)
Center.	
Burnham	Armstrong
Guard.	
Ridgeway	Bell (14)
Guard.	

Substitutes—Centre, Diddle (3) for Walden, Snoddy for Roberts; Kentucky, Lavin (3) for Blakey, Wilhelm for Everett, Smith for Ridgeway. Referee—Adams, of Georgetown.

TRACK MEN TO REPORT SATURDAY

All men interested in track work report to Coach Buchheit Saturday afternoon at 3 o'clock. Report in track uniforms on the gymnasium floor.

Those interested in sprinting, long distance, hurdles, high jump, and shot put are especially urged to be present. Indoor work will begin Saturday and will continue until the weather permits outdoor practice.

A heavy schedule has been arranged and the Coach is anxious that all men expecting a try for the track squad to report at this first meeting.

In Selecting a University

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

The Government needs trained men and women; college training will bring the result.

KITTENS ATTEMPT TO SHAKE OFF THAT JINX

Team Suffers Second Defeat at Cincinnati; Put Up Game Fight

The jinx seems to be following the Kittens this season, for in spite of the fact that they have a splendid team, and have played excellent games, the scores lack several points of making the Kittens victors.

Friday night, February 6, Whitley County was the scene of a regular old-fashioned Kentucky feud when the feminine tossers of the Blue and White were overpowered by a score of 19-16 by the Williamsburg five in a hard-fought game at Cumberland College.

The Maryville rooters were most demonstrative in their rooting and onions and unkind words were hurled at the Kittens, but this did not prevent Lily Cromwell's throwing goals from the other end of the floor. The other girls were conspicuous for their spectacular playing and all handled themselves well, although it was their first game and played on their opponent's floor.

Following is the line-up:
Harbison (2), forward.
Young (6), forward.
Cromwell (8), center.
Henry, guard.
Dean, guard.

"Friendly Enemies" would have been most apropos the following Saturday night when the Kittens moved on to Union College, Barbourville, where they broke even with their opponents with a score of 13-13. This was the second game of the series played in the southeastern part of the State, and although Kentucky State's defenders were "worse for the wear" of the evening before, they played like real basket ball heroes, holding the Union five down to a tie score.

The Kittens were handicapped by the fact that they were compelled to play with lines, a ruling to which they were unaccustomed, and which kept them from playing the fast game of which they are capable.

Bernice Young, forward, heaped her glories to the score, which swelled the record nine points, Margaret Harbison showed her excellent qualities as a basketball player by her tenacious playing, and her signal work. She was forced to quit before the finish of the game, because of injuries and Mildred Porter was substituted in her place. The latter made two goals in her short stay in the game. Probably the stellar players of the evening were the two guards, Katie Henry and Lucy Dean. Lucy Dean held her forward, who averaged twenty points to her game, down to eight points to her game, and Katie Henry guarded her opponents with an eagle eye.

Following is the line-up:
Harbison, forward.
Young (9), forward.
Cromwell, center.
Henry, guard.
Dean, guard.
Porter, substitute.

In the Cincinnati game Saturday, February 14 the Kittens played under difficulty. Despite the fact that some of the members of the squad were compelled to stay at home because of the flu, the team fought a good game until the final whistle was blown when the score stood 26-14 in favor of the Cincinnati five. Each of the girls played a good game. Especially noticeable was the playing of Katie Henry,

who guarded her forward closely, and of Bernice Young whose goal-throwing added ten points to the score. Lucy Holt also played a creditable game.

Following is the line-up:
Sullivan, forward.
Young (10), forward.
Harbison (4), center.
Henry, guard.
Dean, guard.
Substitutes—Heller for Dean, Holt for Harbison, McBurney for Sullivan.

CAST IS SELECTED FOR STROLLER PRODUCTION

Why Not Trade Here? —BECAUSE—

The selection of suitable drug store goods is better here than usual for the very simple reason that not only do we stock practically anything and everything that any drug store anywhere could offer you, but we arrange and display them in such a way as to make selection easy, rapid and satisfactory. The quality of everything we sell is high-grade. True, there are medium priced and low-priced goods, but value for value, price for price, there are better offerings here than elsewhere. When the question of drugs is considered there is but one quality and that is the highest that science can produce.

PHOENIX BLOCK

ABOUT THE CAMPUS

Professor D. V. Terrell, Civil Engineering, attended the good roads meeting held in Louisville last week.

George Jackson, Mechanical and Electrical, class of '18, who has since his graduation from the University and until this year been an instructor, but who is now doing consulting work in the oil fields of Eastern Kentucky, visited the campus last week.

Miss Sweeney, of the Department of Home Economics, was in Louisville last Tuesday and Wednesday attending conferences relating to Extension Work. She was also in conference with Miss Baylor of Washington, who is engaged in Vocational Education work of the Federal Government.

Jesse Tapp, senior, College of Agriculture and editor of this year's Annual, has become a member of the force connected with Professor Nichol's department, Farm Management, in the capacity of Agricultural Agent.

Robert M. Heath has turned in some very convincing figures which show the value of feeding experiments which Professor Hooper's office recommends. This also shows the value of keeping records which is not done in many dairies with the consequence that the number of "boarders" are not known. The figures show that during the month of December in one instance, a profit of \$111.60 was made on seventeen cows, while during the month of January a profit of \$375.46 was made with fifteen cows.

Dr. C. B. Cornell was elected chairman of the board of directors of the Community Service League of Fayette county at a meeting of the board at the Phoenix Hotel Saturday. The final organization of the league, which is a combination of the Community Service Club and the Civic League, was effected at this meeting with the election of Dr. Cornell and with the adoption of by-laws.

Professor Hooper will leave Monday for Louisville to act as judge of the cattle which will go on sale Tuesday in the Kentucky Round-up sale of Holsteins at the Bourbon Stock Yards. Cups and ribbons will be awarded to the winners in the contest and there are sixty-two lots to be sold at the sale.

Students and faculty members are congratulating Professor Hendrickson on the arrival of a son, born Wednesday morning, February 18.

The meeting of the creamery men which was to be held on next Tuesday, 24th, has been postponed on account of the inability of Miss Vance, director of the Pure Food Division of the State Board of Health, to attend.

Edward Kremers, University of Wisconsin, addressed the branch of the American Chemical Society in the Physics Building Thursday night on Volatile Oils, Their Preparation and Chemistry. Doctor Kremers is a chemist of note and aside from being the Head of Department of Pharmaceutical Chemistry of that institution, he is the author of several books upon chemistry.

President McVey leaves Sunday to attend the National Educational Association which will meet in Cleveland February 23-24. Homer H. Seerley, Cedar Falls, Iowa, is president of the association and President McVey is a member of the Committee on Military Instruction and the work of the Educational Institutions, of which John R. Kirk, Kirksville, Missouri, president of the State Teachers' College, is chairman.

George R. Eastwood, class of '10, Agriculture, paid the Experiment Station a visit this week. He has charge of the county agents in Southwestern Ohio. Charles Mahan, B. S., class '07, and receiving his Master's degree in 1908, Agriculture, has charge of the agents in the northwestern part of the same state.

LITERARY SOCIETIES

At the meeting of the Philosophian Literary Society last Wednesday evening at 6:45 o'clock in the Recreation Hall of Patterson Hall the play which is to be given by the society was discussed. Since it was found that the "Chinese Lanterns" could not be presented successfully in the Little Theatre, it was voted that Thackeray's play, "The Wolves and the Lamb," be substituted.

Catherine Herring and Lucille Moore told the story and pointed out some of the interesting features of Thackeray's play.

The Horace Mann Literary Society held its regular weekly meeting in Professor Noe's room in the Education Building last Thursday evening at 7:30 o'clock. Professor Noe made a speech on "Duty."

DEPARTMENTAL CLUBS

The Rafinesque Club met last Wednesday evening at 7:30 o'clock in White Hall and elected officers for the second semester. Lora Robertson was re-elected president with W. A. Anderson as vice president; Orena McMahon, secretary, and Martha Randall, treasurer. After the election Lora Robertson made a talk on "Sugar."

The Agricultural Society met with the American Berkshire Congress at the Stock-Judging Pavilion on the Experiment Farm Monday evening instead of having its regular meeting.

The Shaler Geological Society was addressed last Monday night by Professor C. E. Perry, assistant professor of geology, on the subject, "The Ore Deposits of Northeast Oklahoma." Professor Perry recently came to the University of Kentucky to accept a position in the Geology Department. Previous to this he was employed on the Oklahoma Geological Survey.

IMPORTANT NOTICE.

Orders for senior class rings will be taken Tuesday afternoon, February 24, from 1:40 to 5 o'clock, in The Kentuckian room in the basement of the Main Building. Cost will vary according to weight as follows: Five pennyweight, \$8, plus 5 per cent war tax; six pennyweight, \$9, plus five per cent war tax; six and one-half pennyweight, \$10, plus five per cent war tax. Orders must be accompanied by full amount at time order is taken. If anyone cannot put in order at above time be sure to see either Clyde Bland or Mary Van Meter, chairmen, at once.

R. S. Thomas, a graduate of the class of '16, of the College of Agriculture, is connected with the Extension Department of Purdue as specialist in crops and soils.
