We have been twice to see May Clarke
She has just been moving so that
we found her in great confusion this
morning. She expects Anna Poyntz
and Mrs Coons this week. Gen Scott
arrived this morning, Tom Ghambl
is expected this week, as also the
long expected Penny Lind; so that
the city is all excitement and com-
motion. I did not hear till this
morning of the death of Mrs Kemper.
It must have been quite a shock to
Mrs Grundy. Mr Grundy preached
in College Hall. I was not aware of it
or should have gone to hear him. I suppose
you are enjoying your visit very much. Tell
Richard this is for him to read. Mr DP has
been round to see us three times, but we were ^{twice} away.
