

Anna to see Mrs Wilson but she excused herself on
the grounds that her baby was crying, so I took her to
see Mrs Davis. Mally took her up stairs, and showed her
playthings to her. Mrs Davis is going to send ^{her} to Nazeville under
our care. I received such a good letter from cousin Margaret
on Saturday. It would be well if we all manifested the same
spirit as she does. Annie wants to live with her Aunt Amanda
I think you had better take compassion on her she wants some
one to put ^{so badly}. I hope to see you all Thursday evening, although have
many inducements for staying longer. My love to all

Your affectionate sister

Lizzie

You need not expect another letter, as I expect to be too busy.
