

We received a short note from Lizzie
this morning she seems to be enjoying
herself so much that she does not think
of coming home, Lucy intends staying
to hear Fanny Lind, Amanda is sick
in bed and the Doctor attending on her
I suppose the girls are keeping house for
her. Tell Sue I finished the bonnets
yesterday and sent them home and was
not sorry for it was rather a tedious piece
of work. Give my love to Ella Garrison and
Sue Coburn, Write and let us know how
you are enjoying yourself, I would write more
but I want to write to Phoebe Mills to
night therefore I shall bring my long
letter to a close

I remain yours
Fanny

Phoebe sends her love to you

Don't let any one see this not even Richard
