

how to invest the money safely.
Tell Lizzie she must make her
arrangements about visiting to suit
mine. Phoebe will be down next
Thursday two weeks to be with
you and Mother a week or 10
days when I will come to go
with her to the "Cure" four weeks
from today, directly I return I
will go to Mother's for a while,
that ~~long~~ ^{depend upon} long as I can be spared
from home I hope you will be
with me a part of the time
at Mother's, the latter part of
my visit will be to you.

Phoebe wishes to have her music
brand while she is with you as she
does not like to take it loose with
her for fear she might lose it, she
will have to get her trunk also
as she cannot suit herself here.
Mary has her teeth in but her
gums are so sore she can hardly

eat. I could write about many
more things but am too busy
to take the time so you must
not expect many letters from
me before seeing you Love
to all I am your affectionate
