Pittsburgh, Pa., Sept. 17th 1895

To the Citizens Executive Committee
Louisville Ky.

Gentlemen
The Comrades of this Post who had the pleasure of being in your city during the National Encampment, were so highly gratified with your generous hospitality, and the elegant manner in which they were entertained, that in making their report last evening at our regular meeting, they could scarce find words adequate to the occasion, there was no eulogium of praise, and their only regret appears to be, they could not remain longer.
The Commandant and Adjutant were instructed, to write and through you extend the heartfelt thanks of Gen'l. Alex. Hays Post No. 3 Dept. of Penn'a. of Pittsburgh to the elegant Ladies and gentlemen of your city for the generous and kind treatment extended our representatives while in your city. Enough praise cannot be bestowed on your Committee and the Citizens generally for handling the great undertaking in such a successful manner, but the satisfaction of knowing that more real good has been accomplished, and a more prejudice between the two factions eradicated than on any former occasion, is a lasting memory, to be well proud of.

In order that the above may reach as many as possible of those who so generously aided in making this great gathering such a success, we would kindly ask you to have this published in your paper.

We have a Lady friend in Ohio that will intercept us on the way if possible but, if not will want to join us at your City. Now we all being strangers we dont know how to designate a convenient and suitable place to meet at. We will go on the P.A. Road via Indianapolis our Ohio friends via Mt Vernon and Columbus. Now whether we arrive at the same depot we dont know Now will you kindly name some suitable and convenient place. Where we can inform our friends to meet us. Our whole party will want a stopping place But not being acquainted perhaps we had best rest it to make a selection of location after we get there If some one will kindly give the desired information it will be appreciated Yours in 7 C S L

BILL OF LADING No. _____

Louisville Ky Depn
Citizens Committee 189

Received from _____

The property described below, in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said BALTIMORE & OHIO SOUTHWESTERN RAILWAY CO. agrees to carry to the said destination, if on its Road, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, in consideration of the rate of freight hereinafter named, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the conditions, whether printed or written, herein contained, and which are hereby agreed to by the shipper and by him accepted for himself and his assigns as just and reasonable.

CONDITIONS:

1. No carrier or party in possession of all or any of the property herein described shall be liable for any loss thereof or damage thereto, by causes beyond its control, or by floods or by fire from any cause or whatsoever occurring; or by riots, strikes, or stoppage of labor, or by leakage, breakage, chipping, loss in weight, changes in weather, heat, frost, wet, or decay, or from any cause if it be necessary or is usual to carry such property upon open cars.
2. No carrier is bound to carry said property by any particular train or vessel or in time for any particular market, or otherwise than with as reasonable dispatch as its general business will permit. Every carrier shall have the right, in case of necessity, to forward said property by any railroad or route between the point of shipment and the point to which the rate is given.
3. No carrier shall be liable for loss or damage not occurring on its own road or its portion of the through route, nor after said property is ready for delivery to the next carrier or to consignee. The amount of any loss or damage, for which any carrier becomes liable, shall be computed at the value of the property, at the place and time of shipment under this bill of lading, unless a lower value has been agreed upon or is determined by the classification upon which the rate is based, in either of which events such lower value shall be the maximum price to govern such computation. Claims for loss or damage must be made in writing to the agent at point of delivery promptly after arrival of the property, and if delayed for more than thirty days after the delivery of the property or after due time for the delivery thereof, no carrier hereunder shall be liable in any event.
4. All property shall be subject to necessary coopers and balling by owner's cost. Each carrier over whose route cotton is to be carried hereunder, shall have the privilege, at its own cost, of compressing the same for greater convenience in handling and forwarding, and shall not be held responsible for unavoidable damage or loss of property by such compression. Grain in bulk consigned to a point where there is an elevator may be so compressed, unless expressly noted herein, and then if it is not promptly unloaded be there delivered, and placed with other grain of same kind, without respect to ownership, and if so delivered shall be subject to a lien for elevator charges, including all other charges hereunder. No carrier shall be liable for difference in weight or for breakage of any grain or seed carried in bulk.
5. Property not removed by the owner or consignee, is entitled to receipt within twenty-four hours after its arrival at destination, to be kept in the car, depot, or place of delivery of the carrier, at the sole risk of the owner of said property, or may be, at the option of the carrier, removed and stored at the owner's risk and cost, and there held subject to lien for all freight and other charges. The delivering carrier may make a reasonable charge per day for the detention of any car and for use of track after the car has been held forty-eight hours for unloading, and may add such charge to all other charges hereunder, and hold said property subject to a lien therefor. Property destined to or taken from a station at which there is no regularly appointed agent, shall be entirely at risk of owner when unloaded from cars, or until loaded into cars; and when received from or delivered on private sidings, shall be at owner's risk until the cars are attached to, and after they are detached from, trains.
6. No carrier hereunder will carry, or liable in any way for, any documents, specie, or for any article of extraordinary value, unless specially rated in the published classifications unless a special agreement to that effect, and stipulated value of the articles are indorsed hereon.
7. Every party, whether principal or agent, shipping inflammable, explosive, or dangerous goods, with full disclosure to the carrier of their nature, shall be liable for a loss or damage caused thereby, and such goods may be warehoused at owner's risk and expense or destroyed without compensation.
8. Any alteration, addition or erasure in this bill of lading which shall be made without the special permission in person of the agent of the carrier issuing this bill of lading, shall be void.
9. The warehouse or place to which hereon immediately before or after the name of the party to whose order the property is consigned, without any condition or limitation other than the name of a party to be notified of the arrival of the property, the surrender of this bill of lading, properly endorsed, shall be required before the delivery of the property at destination. If any other than the aforesaid form of consignment is used herein, the said property may, at the option of the carrier, be delivered without receipt, or the indication or surrender of this bill of lading.
10. Owner or consignee shall pay freight at the rate below stated, and all other charges accruing on said property, before delivery, and according to weights as ascertained by any carrier hereunder, and if upon inspection it is ascertained that the articles shipped are not those described in this bill of lading, the freight charges must be paid upon the articles actually shipped, and at the rates and under the rules provided for by published classifications.
11. If all or any part of said property is carried by water over any part of said route, such water carriage shall be performed subject to the conditions, whether printed or written, contained in this bill of lading, including the condition that no carrier or party shall be liable for any loss or damage resulting from the perils of the lakes, sea or other waters; or from explosion, bursting of boilers, breakage of shafts, or any latent defect in hull, machinery or appurtenances; or from collision, stranding or other accidents of navigation, or from the prolongation of the voyage. And any vessel carrying any or all of the property herein described shall have liberty to call at intermediate ports to tow and be towed, and to assist vessels in distress and to deviate for the purpose of saving life or property. And any carrier by water liable on account of loss of or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property.

COPY
This bill of lading is a copy and shall be regarded as such unless otherwise indicated on a bill of lading or a contract and when any circumstances require acknowledgment that a copy has been made for said property.

CONDITIONS.

1. No carrier or party in possession of all or any of the property herein described shall be liable for any loss thereof or damage thereto, by causes beyond its control, or by floods or by fire from any cause or wheresoever occurring; or by riots, strikes, or stoppage of labor, or by leakage, breakage, chafing, loss in weight, changes in weather, heat, frost, wet, or decay, or from any cause if it be necessary or is usual to carry such property upon open cars.

2. No carrier is bound to carry said property by any particular train or vessel or in time for any particular market, or otherwise than with as reasonable dispatch as its general business will permit. Every carrier shall have the right, in case of necessity, to forward said property by any railroad or route between the point of shipment and the point to which the rate is given.

3. No carrier shall be liable for loss or damage not occurring on its own road or its portion of the through route, nor after said property is ready for delivery to the next carrier or to consignee. The amount of any loss or damage, for which any carrier becomes liable, shall be computed at the value of the property, at the place and time of shipment under this bill of lading, unless a lower value has been agreed upon or is determined by the classification upon which the rate is based, in either of which events such lower value shall be the maximum price to govern such computation. Claims for loss or damage must be made in writing to the agent at point of delivery promptly after arrival of the property, and if delayed for more than thirty days after the delivery of the property or after due time for the delivery thereof, no carrier hereunder shall be liable in any event.

4. All property shall be subject to necessary cooperage and bailing at owner's cost. Each carrier over whose route cotton is to be carried hereunder, shall have the privilege, at its own cost, of compressing the same for greater convenience in handling and forwarding, and shall not be held responsible for unavoidable delays in procuring such compression. Grain in bulk consigned to a point where there is an elevator may unless otherwise expressly noted herein, and then if it is not promptly unloaded be there delivered, and placed with other grain of same kind, without respect to ownership, and if so delivered shall be subject to a lien for elevator charges in addition to all other charges hereunder. No carrier shall be liable for differences in weights or for shrinkage of any grain or seed carried in bulk.

5. Property not removed by the person or party entitled to receive it within twenty-four hours after its arrival at destination, may be kept in the car, depot, or place of delivery of the carrier, at the sole risk of the owner of said property, or may be, at the option of the carrier, removed and otherwise stored at the owner's risk and cost, and there held subject to lien for all freight and other charges. The delivering carrier may make a reasonable charge per day for the detention of any car and for use of track after the car has been held forty-eight hours for unloading, and may add such charge to all other charges hereunder, and hold said property subject to a lien therefor. Property destined to or taken from a station at which there is no regularly appointed agent,

shall be entirely at risk of owner when unloaded from cars, or until loaded into cars, and when received from or delivered on private or other sidings, shall be at owner's risk until the cars are attached to, and after they are detached from, trains.

6. No carrier hereunder will carry, or be liable in any way for, any documents, specie, or for any article of extraordinary value not specifically rated in the published classifications unless a special agreement to do so, and a stipulated value of the articles are indorsed hereon.

7. Every party, whether principal or agent, shipping inflammable, explosive, or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for all loss or damage caused thereby, and such goods may be warehoused at owner's risk and expense or destroyed without compensation.

8. Any alteration, addition or erasure in this bill of lading which shall be made without the special notation hereon of the agent of the carrier issuing this bill of lading, shall be void.

9. If the word "order" is written hereon immediately before or after the name of the party to whose order the property is consigned, without any condition or limitation other than the name of a party to be notified of the arrival of the property, the surrender of this bill of lading, properly endorsed, shall be required before the delivery of the property at destination. If any other than the aforesaid form of consignee is used herein, the said property may, at the option of the carrier, be delivered without requiring the production or surrender of this bill of lading.

10. Owner or consignee shall pay freight at the rate below stated, and all other charges accruing on said property, before delivery, and according to weights as ascertained by any carrier hereunder, and if upon inspection it is ascertained that the articles shipped are not those described in this bill of lading, the freight charges must be paid upon the articles actually shipped, and at the rates and under the rules provided for by published classifications.

11. If all or any part of said property is carried by water over any part of said route, such water carriage shall be performed subject to the conditions, whether printed or written, contained in this bill of lading, including the condition that no carrier or party shall be liable for any loss or damage resulting from the perils of the lakes, sea or other waters; or from explosion, bursting of boilers, breakage of shafts, or any latent defect in hull, machinery or appurtenances; or from collision, stranding or other accidents of navigation, or from the prolongation of the voyage. And any vessel carrying any or all of the property herein described shall have liberty to call at intermediate ports, to tow and be towed, and to assist vessels in distress, and to deviate for the purpose of saving life or property. And any carrier by water liable on account of loss of or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property.

My Dear Sir:--

I have yours of the 2nd, inst., in which you stated that you would have made up a box of the printed matter and forms used by your committees and forward same to me. As our committees have been appointed and desires to have turned over to them such information as these forms and printed matter will afford, I have been inquiring at the various stations for the box and write to know whether it has been sent, if so by what line. If not please send by the Adams Express at your earliest convenience. I would not be thus urgent, but you understand the situation and I need not make any apologies to you. Will you enclose with them also, say about half a dozen of the little pamphlets giving the duties of the various committees, and oblige,

Dear Sir:-

Referring to our conversation this A.M. regarding tents returned to Quarter Master, U.S.A. St. Louis. This shipment was returned at one half regular tariff rate, amounting to \$31.38, Louisville to E. St. Louis, and same ^{having been} ~~was~~ billed to collect, in the absence of any information to the contrary.

We have a telegram from our Agent at E. St. Louis that the consignment is refused by the Government, by reason of the freight charges. If you so desire, you can have this amount paid to our cashier at 15th & Main, with instructions to have our billing corrected, making same read prepaid, or send check to Quarter Master U.S.A., St. Louis, direct.

Kindly advise and we will be governed accordingly. There may be some additional charge for transfer from E. St. Louis to Quarter Master's Dept. at St. Louis, but of this I am not advised.

Gentlemen:- As many of the visitors of the city, probably a majority of them, have never seen a rack warehouse full of whisky, we will be willing to throw open our large rack warehouse adjoining the Galt House on Main St., now containing 22000 barrels of whisky, for an inspection.

If you think favorably of this please set a time and we will make the necessary arrangements.

Yours truly,

W. G. Dewey

President.

P.S.-- This house please understand will be quite a novelty as it is ten stories high and yet has no floors.

Among the flags decorating the city we will next week hoist what will be rather a novel flag in Louisville, i.e., a United States Revenue flag. This flag has the stripes running perpendicular with a circle of ~~white~~ stars and a ~~white~~ eagle on a blue background. This is the only business house in Louisville that will be allowed under Government laws to hoist a flag of this kind, being the United States Appraisers Store and Bonded Customs Warehouse.

Our Business is the

Making of Flags

And we are one of the oldest firms in the business. We can supply flags of any dimension or any material at prices absolutely THE LOWEST in the country. Our position in the trade is evidenced by the fact that we have been awarded the Government contracts for flags for the past thirty years. From the Treasury of the United States to the most isolated Indian Agency, and from the customs buildings of Maine to the military posts of Texas, there is not a Government building over which flags of our making will not be found floating.

We Make all the Flags we Sell.

The advantage of dealing direct with the manufacturer is obvious. You pay no middleman's profit. "One price, and that the very lowest," is our maxim.

ABOUT SENDING FLAGS,

Up to certain sizes, flags can be sent by mail cheaper than by express, and just as safe. On the opposite page we designate the best method of having them shipped, charges, &c., when sent either by mail or express. We give our patrons the privilege of returning the goods if not satisfactory, cheerfully and promptly returning money if so desired.

U. S. FLAGS.

Always add postage to price of Flag.

Dear Sir:

We have on hand nearly all the Corps Flags made of silk, that we could sell to you for a very reasonable figure, and which would make an excellent decoration for your banquet hall. We would be pleased to hear from you in regard to the purchase of them. If this does not come under your charge kindly refer it to the proper person. We would be pleased to send them subject to the approval of the committee.

Yours, very respectfully,

My Dear Sir:

This will introduce to you my esteemed friend, Col. Jas. C. DeFester who is a member of the G. A. R. He with many more of his comrades of G. A. R. will visit Louisville to attend the meeting of this noble cause of the G. A. R. It gives me great pleasure to state that I have known Col. DeFester most favorably and pleasantly for the past two years. As we work on the same floor, and we know each other very well, and I ask as a special favor of you dear Mr. Cornwall that you give my friend DeFester and any of his comrades, that he

may present to you all the kind
attention you saw while in your
lovely city. This will be the first
time my young friend DeJester has
ever had the pleasure of treading
on dear old Ky soil and knows but
little of real grandure ^{and} of its million
of acres of Blue Grass, and last but not
least, Col DeJester has allways been
so very modest ^{and} timid, he has never
gathered up the courage to ask some
fair woman to become his wife, but
confidently tells me, he would
like to meet some of old Ky's fair
good women while in Louisville
and promise me he will do all he
can to induce one of Ky's fair young
women to soon become Mrs. Jas. DeJester
with kind regards for you & your dear family I

Comrades:

A goodly number of the Ohio, Pennsylvania and Indiana comrades have expressed a preference for me for Commander-in-Chief, and in the event of a second ballot my name will be presented by a New York comrade of wide prominence, as this line is simply to ask you - and I know I shall not appeal in vain, to the gallant and magnanimous Kentucky comrades, to let the fact be known to the Comradeship there, for whatever it may be worth.

I certainly do not forget for one moment that we are A?? 7th men guests, and that no one has any right much less any inclination to solicit or expect any "electioneering" on his behalf - since for will stand neutral in the fraternal contest for Grand Army honors, while within your gates.

It is only to ask a fair show, an open field and a fair fight - a chance for my able ally - that I write at all!

Dear Mr Shuley -

I am not at all
disappointed in the settlement
for my quartette - and had not
intended saying any thing
about it to you - But Mr
Puff has always received
\$15.00 a concert, and himself
undertook to have the terms
which I told him were agreed
upon - Mr Chilton told me
the other quartets were to
be paid \$75.00 - But I
afterwards wrote him that
the St Andrews Quartette
would charge \$50.00 a night

and he did not write or
tell me but that it would
be paid - So it was merely
that both they and I expected
it - The other members knew
nothing of Mr Webb's effort
to get the remaining \$25.00 -
I have not the slightest
recollection of any talk between
Mr Chilton you and myself
regarding the terms for the
Quarter. As I recollect it,
our conversation was entirely
regarding the concert -
If you and Mr Chilton both
remember its having taken
place, I must of course
believe you, and conclude
that my memory is at fault -

I wrote Comdr in Chief Lawler of the National L.A.R. in regard to get free transportation to Louisville for 40 to 60 Indians that served in the late War they desire to go with me if such arrangements could be had. Big Jim Chief of Absentee Shawnee and a grand son of Tecumseh. White Turkey Chief of Shawnee and a grand son of Tecumseh "To-He-Wa-then-see" grand son of Kestrel & Black Hawk. Arrangement could be made and a Car chartered from your City of the L.A.R. at a nominal figure I would in the meantime bring enough to give a War Dance some afternoon as the Committee may agree upon.

An early reply is solicited to give me time to communicate with them as they are badly scattered.

They would certainly give your city a large crowd of ~~and~~ draw as no other entertainment would

Dear Sir

Please pardon me,

But I was a delegate to the National
Republican League held in Ardmore
this summer. And they gave
to each delegate only with their
other matters 10 street car tickets
they were honored by all roads, &
I occurred to me as a good thing
perhaps only a part of them used
any way. I only used 2 of my 10
tickets & I was used no cash.

I have no fish to fry I am not a delegate
this year. but I occurred to me you
might like such for delegates only. I have
them been down I would be a star departure
I don't come expect to go this year H. J. Hopkins

referred yours of 9th inst, to me, however,
we are just completing organization
of our G. A. R. Committee and at this time
are unable to say ^{definitely} about the Cots.

Have tried to get Hotels to take the Cots,
by they seem to have a prejudice against
"Caucas Cots". Have you the ticks
or mattresses still on hand? I wrote

Mr. Sherley about them, but recd no
reply. I will ^{bring} the "Cot" matter to
the attention of our Committee as soon
as possible, but dont let it prevent
any sale you may have under way. The
price you state - 27 1/2 cents is very cheap
it seems to me. Yours

Dear Sir:-

Your letter of the 29th of July received and noted. Your suggestion about the desirability of distributing a limited number of Street car tickets to our visitors comes rather a little too late for us to act upon, as we have already obtained subscriptions from the Street Car lines, and it seems to the writer that it would be asking too much now to ask them to supply a small number of these tickets to the thousands who will attend our meeting.
